# Omar Partida

Chief Development Officer @ Koios Medical | International Business Development  
Temecula, California, United States

## Summary

As a passionate Healthcare Leader, Mr. Partida has a proven track record in developing global Radiology and Nuclear Medicine initiatives with major healthcare systems, governments, equipment manufacturers, AI software providers, and academic institutions.

With a strategic and visionary approach, Mr. Partida establishes strong partnerships to achieve joint venture goals. He has successfully launched numerous cancer centers and multi-modality imaging facilities across the United States, Latin America, and the Middle East. At RadNet Inc., Mr. Partida's entrepreneurial skills were crucial in driving the success of various projects during his 17-year tenure. He held positions such as PET/CT Specialist, Director of Operations, Vice President of Strategic Development, Vice President of International Development, and Nuclear Medicine PET/CT PET/MRI Research Consultant.

A notable accomplishment includes launching and managing RadNet's largest international partnership with the State of Qatar. This collaboration aimed to deliver a nationwide, population-based breast and bowel cancer screening program. Mr. Partida effectively managed clinical, regulatory, and all operational aspects, including multi-lingual media initiatives. As a result, cancer screening rates increased, aligning with the project's key performance indicators.

Mr. Partida's vast experience, combined with his focus on leveraging AI technology, makes him a forward-thinking leader in the healthcare industry. His ability to forge strong partnerships drives medical advancements and improvements in patient care while embracing the transformative potential of artificial intelligence.
