

VANTEM GLOBAL

Innovative Building Solutions

The Problem

- **\$10 trillion** global housing deficit
- **1 billion new homes** needed by 2025 to solve housing crisis
- Countries with housing shortages build with **expensive, labor intensive, cement and brick**

The Solution

Vantem Building System:

light structural panel, with specifically formulated, proprietary, cement face

- Affordable
- Environmentally friendly
- Scalable

Competitive Advantages

- 25% less expensive on average
- Reduces construction time by up to 80%
- 5x more energy efficient
- Fire, termite, and mold resistant
- Superior structural properties
- Versatile design

Built strong pipeline of more than **100 homes**, **23 schools**, **a university campus**, and **other commercial buildings**

Received code approvals in **4 countries**, with **2 more pending**, after extensive international laboratory testing

Constructed over **500 buildings** in **South America** and **Caribbean**

Proven our system's effectiveness with installations in a wide variety of climatic conditions

Business Model

- Sell kits directly to construction companies or through 50/50 joint ventures with strong local industry partners
- Produce our proprietary cement skin in China through an exclusive production arrangement
- Complete final assembly in local markets, or China, depending on cost

Market Opportunity

- **\$10.8 trillion** global construction market
- Expected to grow **3.6%** per year through 2022 to reach **\$12.9 trillion**

Source: Global Data

Competitive Landscape

- Compete with brick and cement, which are labor intensive, slow, expensive, and not energy efficient
- Competition in alternative construction systems is highly fragmented
- Competitive systems face difficult hurdles achieving code approvals, which we meet with proprietary cement formulation

Use of Proceeds

- Install panel production line in Uruguay
- Fund inventory and receivables

Chris Anderson | CEO

- Co-founder Vantem Global
- Former CEO of Intelitec LLC

Roger Berry | Board

- Founder of Liberty Global Partners
- Former Head of Fund Strategies at Climate Change Capital

Shad Azimi | Board

- Managing Partner and Founder of Vanterra Capital LLC
- Former Principal at NYL Capital

John Preston | Board

- Former Director of Technology Development and Licensing at MIT
- Oversaw creation of hundreds of new technology-based companies
