(D) The Company's Business and Business Plan

Our Mission

Commongrounds is a real estate cooperative in Traverse City, with a goal to develop real estate that meets community needs and increases quality of life in the region.

☛Commongrounds has two classes of ownership: our commercial real estate tenant-owners (businesses and nonprofits), and members of our community. All investors must purchase a \$50 lifetime (non-refundable) share to become a community owner in Commongrounds. This allows you to be an owner of the cooperative and have the opportunity to invest in the project and receive regular updates. You may also choose to pay an annual membership fee to be an active member who can participate in governance and membership benefits. To purchase a \$50 ownership share, please go to www.commongrounds.coop/join.

☛More than a building project, Commongrounds will be a backbone support for space and activities integrating wellness, arts, family, and food to help people and organizations be healthy, connected, creative, and inclusive.

Together, we will provide shared value and triple bottom line returns on investment to tenants, partner organizations, and people working, living, learning, and playing in the region.

The Building

Our pilot project is 414 E. Eighth Street, a 4-story mixed-use building opening to the public in early 2023.

☞ Located on the Boardman/Ottoway River and in the heart of the North Boardman Lake District in downtown Traverse City, Michigan -- the building offers stunning views of the

river and easy access to nearby trails and multi-modal transportation.

- ☞The building is designed to meet community needs, offering workforce housing co-located with expanded locations for local nonprofit and business organizations focused on food, family, arts, and wellness.
- ☞Its development adds timely momentum to the redevelopment of 8th Street as a vibrant bike-and pedestrian-friendly neighborhood corridor.
- ☞The green design uses low impact design principles and features a green roof, energy and water efficient construction, low-emitting materials, and stormwater managed onsite.

Inside the Space

Inside 414 E. Eighth Street you will find integrated community spaces, featuring tenant partners focused on food, family arts, and wellness--and workforce housing rental units.

- ☞The first floor is home to an early childhood education center along with a restaurant and cafe that mentors food entrepreneurs, lowering barriers to success and integrating them with the local food network.
- ☞The second floor contains a 150-seat performing arts and event venue, a teaching kitchen, and coworking and meeting space for nonprofits and small businesses.
- ☞The third and fourth floors provide workforce housing, which are a mix of studio and 1- and 2-bedroom apartments. Rents vary based on income and are set to be affordable for people earning 60% of area median income up to market rate units.

Use of Funds: Making this House a Home!

In Phase I and Phase II of our financing, we raised the money we needed to build a building--but your investment in Phase III will help us launch the project and open its doors, making the building even better and ensuring long-term sustainability for this place our community can all call home.

- ☞Final hard construction costs, such as: solar infrastructure, teaching kitchen completion, and a marquee; community amenities focused on food, families, arts, and wellness; and other build-out items to improve common areas and support our tenant-owners
- ☞Operating capital, such as: additional staffing for next 16 months, design, food/arts/family incubation, licensing, technology, communications, financing costs, reserve
- ☞Replacement of other financing with community investment

(L) Price of the Securities

The Company is offering "securities" in the form of equity investment certificates, which we refer to as "Investment Certificates." The Investment Certificates are being offered at a value of \$1 per Investment Certificate.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of equity investment certificates, which we refer to as “Investment Certificates.” The Terms of the Investment Certificates are set forth in the C-2 Investment Certificate Agreement attached as Appendix A. Copies of the Investment Certificate are attached to this Form C.

Summary of Terms

All investors must join as an owner of the Cooperative (www.commongrounds.coop/join). The Investment Certificates provide owner-investors with an opportunity to earn an equity-like dividend return, beginning the year after building completion, which will be disbursed annually from there forward until the the investor withdraws and is repaid their original investment amount. The rate of return issued to each investor will be dependent on whether they select the regular return rate or our social impact return option. The regular rate will be 6% annually on the amount invested, while the social impact rate will be 3% annually, with an additional 3% being directed by the cooperative board to areas of social impact in the community and the building. The investor will annually have the option to choose to withdraw their capital after Year 5, contingent upon the Cooperative obtaining replacement capital. Investors will also receive perks as outlined below. Details are available in the investor agreement.

Obligation to Contribute Capital

Once you pay for your Investment Certificate, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company..

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- ☐The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company’s consent.
- ☐If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- ☐Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- ☐By law, for a period of one year you won’t be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an “accredited” investor, (iii) to a family or trust, or (iii) in a public offering of the Company’s shares

Modification of Terms of Notes

The terms of the Investment Certificates may be modified or amended with the consent of Investors holding 50% of the Investment Certificates, measured by the total amount outstanding under each Investment Certificate.

(S) The Company's Financial Condition

Please see our 2021 audit for detailed information on our financials as of December 31, 2021. We are still finalizing review of our 2022 financial statements (as of January 17, 2023), but here is a good faith summary as of December 31, 2022.

As of December 31, 2020 the Company had assets of \$11,982,136.58, which was comprised primarily of property, including construction in progress (\$10,429,248), capitalized soft costs (\$485,631); as well as a deferred tax asset of \$85,913, and other assets of cash, investment, and interests reserves held by our lenders (together totaling \$930,926 with \$40,416 in cash and \$310,356 in cash interest reserves).

Commongrounds Cooperative is the majority (60%) owner of Commongrounds, LLC, which has leased the land at 414 E. 8th Street to Commongrounds Cooperative for 99 years for construction of a building. Commongrounds LLC is co-owned by investors (none of whom own more than 10%), who collectively invested \$550,000 into the land purchase. Commongrounds Cooperative is planning to purchase the LLC co-ownership interests no later than 2028.

The company has had no major cash events since the 2022 financial sheets other than regular monthly operational expenses. The company did experience the following major cash event in 2021-22:

- ☛Received a \$1.5mm grant from the Michigan Strategic Fund in February 2021 for the construction of a new commercial and residential development.

- ☛Entered into an agreement with a bank on February 26, 2021, for a construction loan not to exceed \$8mm. This loan is collateralized by all assets of the cooperative. Almost \$8mm has been drawn as of December 31, 2022 in order to complete construction on the building.

- ☛Entered into an agreement on February 26, 2021 with HASI OBS OP A LLC for a loan in the amount of \$1,850,000. This loan is collateralized by real estate and is a PACE Special Assessment that stays with the property rather than the cooperative.

- ☛Entered into an agreement on February 26, 2021 with IFF, which is a non-profit Community Development Financial Institution (CDFI), for a loan of up to \$1,500,000. This loan is collateralized by real estate. About \$1m has been drawn as of December 31, 2022 in order to

complete construction on the building.

☞Received approximately \$660,000 for the issuance of Class T-1 certificates for community owner investors supporting specific commercial tenant-owners. These investors will earn a preferred dividend for their investment and be repaid by the tenant-owners.

☞Received approximately \$430,000 in a Mainvest investment crowdfunding campaign as Community Owner investment certificates.

☞Received bridge loans totally \$375,000 from community owners while we pursue and increase in loan funds from IFF (anticipated by March 2023).

☞Received a temporary certificate of occupancy for the entire building excepting commercial tenants who are not yet operational but are planning to be by spring 2023.

As of December 31, 2022, the Company just started generating revenue through rental of residential units and it rented at 85% of capacity. The commercial portions of the building are fully leased to our commercial tenant-owners but are not yet fully operational and open to the public. Commongrounds expects to start earning revenue from commercial tenants and from community membership events and rentals in Q1 of 2023. Accordingly, there are limited financial statements and information for investors to review. When evaluating this investment opportunity, investors should consider factors outlined in the risk section as well.

In terms of expenses, in 2022 the Company had total expenses of approximately \$1,236,365, which included: construction loan interest payments (\$310,356), taxes (\$102,854), and various operations, staff, and contractor fees related to construction and operations.

Financial liquidity

Commongrounds Cooperative has a low liquidity position due to its low cash reserves as compared to debt and other liabilities. Commongrounds Cooperative expects its liquidity position to grow as it generates revenue this year and also decline upon raising capital on Mainvest and deploying the capital to grow the business.
