UNPRECEDENTED GROWTH FOR A TWO YEAR OLD BRAND

Ghost Tequila has joined an exclusive group of US Tequila brands in two short years – faster than nearly all brands to reach this milestone.

Only 53 tequila brands sold over 5,000 cases last year.

5,000 cases of Ghost were sold in just our second year of operation.

Ghost has achieved a re-order rate of over 50% versus 10-20% for new brands.

(A re-order rate is the percentage of accounts in the last twelve months that ordered more than once, or beyond initial placement)

WHY TOP INDUSTRY TALENT IS GETTING INVOLVED WITH GHOST TEQUILA

“The spirits world/ business model is simple to understand intellectually, but very difficult to synchronize distributor, customer, gatekeeper and consumer engagement simultaneously...it is why so many brands fail.

Chris and David are very adept at doing this and have assembled a great advisory staff to help augment their expertise.”

-Tim Hassett,
Former President Americas,
Beam Suntory

“I liked the name Ghost and the concept of spiced Tequila to appeal to millennials who are seeking to create their own style in cocktails or straight drinks.

Great brands are created by people who can make it happen, which is why I decided to back Chris Moran, John McDonnell and the team.”

-Dr. James Espey OBE,
Launched Malibu, Johnnie Walker
Blue, Chivas Regal

“I’ve spent my entire career in the alcoholic beverage space, and the brands that are always most successful are those that have created something truly unique and innovative.

That’s exactly what Ghost Tequila has done, in one of the most exciting categories in the industry.”

-Greg Cohen,
Former VP Corporate
Communications, Patron

“On meeting [Ghost co-founder] Chris Moran I was immediately impressed with him, why he started Ghost, and the quality of the product.

Ghost plays straight into a growing consumer opportunity for premium, unique and spicy cocktails.”

-Jon Potter,
Former CMO,
Boston Beer Co. and
Diageo NA

“Ghost Tequila is a perfect brand and spirit to capitalize on today’s drink trends. I’m excited to be part of the spicy side of life!”

-Steve Fechheimer
CEO, New Belgium Brewing

MEET THE TEAM

The team behind Ghost came together to achieve a common goal: to create the next great tequila brand. Respectively, they are a skilled mixologist, a successful entrepreneur in the wine and spirits industry, an ex-global marketer for the world's largest alcohol company and a financial industry veteran with over 40 years experience. Collectively, they are the A-Team of the liquor industry.

CHRIS MORAN

Moran is a talented mixologist with 10+ years of bartending experience in Alaska, Boston, and the Virgin Islands. Not your typical service industry veteran, he holds a bachelors degree from the University of Massachusetts in finance and economics. Before dreaming up the recipe for Ghost, Moran worked as a financial consultant. An entrepreneur himself, he also co-founded his own tech startup.

DAVID GORDON

Hailing from Massachusetts, Gordon comes from a family of entrepreneurs. Most notably, he owns and operates Gordon's Fine Wines and Liquors, a successful, 84 year old, retail chain in the Boston area. David has lead the company to double revenue in the last 9 years as the company develops into complementary businesses. David and his family are also investors and advisors to several companies including Drizly and Kuvee. David has very deep roots both nationally and internationally in the alcohol beverage space.

NICK HASSELBERG

Nick is a brand, marketing and data analytics specialist with extensive experience in the alcohol vertical and a passion for consumer strategy. Nick started his career as a Mergers and Acquisitions analyst for UBS Investment Bank. Following a pivot to marketing, he led the development of AB-InBev's global consumer segmentation and millennial recruitment strategy, having worked closely with the organization's CMO and Global Head of Insights. Nick earned dual bachelors in Psychology and Economics at Harvard and achieved All Ivy Honors as a linebacker for The Crimson.

DAVID MORAN

During a career that spans over 40 years in both commercial and federal government environments, Moran has developed a respected reputation as an accountant, financial executive, and management consultant. His experience has focused on providing value added services that help clients and his previous employers solve difficult problems, improve performance and achieve desired results. Moran has provided financial management consulting services to clients in a variety of industries, including federal government contracting, advertising and entertainment – among others. Under a consulting agreement beginning in January 2009, Moran provided CFO consulting services to Cape Fox Corporation (CFC), a multi-subsiary Alaska Native Corporation with extensive 8(a) government contract operations and annual revenue in excess of \$200 million. Prior to launching his consulting career, Moran held a variety of senior financial management positions. His early experience included nearly 15 years as a financial executive for high-technology manufacturing firms in California's Silicon Valley.

Ghost Tequila

While I'm generally not a fan of flavored spirits in general, this unabashedly spicy example—the name is a reference to the notorious ghost pepper—has become a mainstay in my weekend Bloody Maria arsenal. I've had to dial down the amount of horseradish I use in my home-made bloody mix in order to account for the heat of this tequila, but the results are...well, haunting.

TRACKING OF ALL PROGRAMMING ALLOWS US TO QUANTIFY UPLIFT BY ACCOUNT AND PROGRAM TYPE...

PREMISE TYPE	PROGRAMMING TYPE
On Premise	Programmed (Menu)
On Premise	Programmed (Feature, Seasonal, Other)
On Premise	Not Programmed
On Premise National Account	Programmed (Menu)
On Premise National Account	Not Programmed
Off Premise Chain Account	Not Programmed
Off Premise	Programmed (Tasting, Event, Other)
Off Premise	Not Programmed

BY UNDERSTANDING HOW PROGRAMMING (E.G., MENUS) TRANSLATES TO VOLUME, WE'VE DETERMINED HOW MANY ACCOUNTS NEED TO BE PROGRAMMED. THIS LEADS TO PRECISE GOAL SETTING AND SPEND EFFICIENCIES.

Historical analysis tells us how much volume we can expect from an account in any market depending on the level of programming.

For example, we know 147 permanent menu placements in CA would contribute approximately 25% of that market's target volume.

THE 2019 MARKETING MIX IS DEVELOPED TO HIT THIS GOAL THROUGH DIFFERENT CHANNELS, AND WILL BE OPTIMIZED EACH QUARTER DEPENDING ON PERFORMANCE

The below represents the majority of marketing channels we have and will continue to leverage to promote the brand. Knowing the general cost of each (per 1000 people, or CPM) we can calculate how much investment is needed to hit our goal of making at least 20M people aware of the brand.

FEEDBACK AND ANALYSIS FROM 2018 HAS INFLUENCED A NEW BRAND POSITIONING THAT WILL BE MORE ACCESSIBLE, IMPROVE QUALITY PERCEPTIONS AND ALLEVIATE PRICE PRESSURE

CHALLENGE → CULTURAL INSIGHT → SOLUTION → EXPRESSION

2018 POSITIONING TERRITORY

“A TEQUILA FOR SPICY PEOPLE”

CHALLENGES/ISSUES

- Though everyone has a “spicy side” in some measure, not everyone considers themselves “spicy” all the time
- Too much focus on fun and spice could undermine perceptions of quality, leading to price pressure in the future

THE RIGHT BALANCE OF “WORK HARD, PLAY HARD” IS THE ULTIMATE CURRENCY.

We are living in the age of the hustle; we are more focused on what we do now more than ever before.

But, in an age where everyone is hustling, it can seem like the element of fun has been outshined.

The pop culture icons we love the most (Jennifer Lawrence, Bradley Cooper, Drake) embody the balance of both. We respect both their craft and fiery personalities. They OWN it.

Go-getters need the encouragement to own their fun, offbeat and spicy side, because usually, it makes for the best nights and most memorable stories.

REFRESHED POSITIONING TERRITORY

OWNING YOUR SPICY SIDE

REFRESHED POSITIONING STATEMENT

For go-getters in need of a drink that helps them celebrate their spicy side, Ghost is a high quality tequila that will kickstart your night and your taste buds with its perfected balance of smooth, clean heat and 100% Agave Azul.
