NOTE 1 – NATURE OF OPERATIONS

Video Scout LLC was formed on October 7, 2013 (“Inception”) in the State of Connecticut. The financial statements of Video Scout LLC (which may be referred to as the "Company", "we," "us," or "our") are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company’s headquarters are located in Rocky Hill, Connecticut. Video Scout LLC is an Evaluation and Recruiting Service Company built to serve High School Student-Athletes and the College Scouts who evaluate and recruit them.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amount of expenses during the reporting periods. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable

inputs are inputs that reflect the Company’s assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value: Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 - Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2016 and 2015. The respective carrying value of certain on balance sheet financial instruments approximated their fair values.

Cash and Cash Equivalents

For purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

The Company will recognize revenues from the sale of products and services through its digital social platform specifically when (a) the service has been performed; (b) the prices are fixed and determinable and not subject to refund or adjustment; and (d) collection of the amounts due is reasonably assured.

Income Taxes

The Company is taxed as a Limited Liability Company (LLC). Under these provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, the shareholders are liable for individual federal and state income taxes on their respective shares of the Company's taxable income. The Company will pay state income taxes at reduced rates. The Company has not yet filed a tax return and therefore is not yet subject to tax examination by the Internal Revenue Service or state regulatory agencies.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

NOTE 3 – COMMITMENTS AND CONTINGENCIES

We are currently not involved with or know of any pending or threatening litigation against the Company or any of its officers

- Short-term and long-term contractual obligations with the suppliers for future purchases
- Capital expenditure commitment contracted but not yet incurred
- Non-cancelable operating leases,
- long term leases (>1 year) of property, land, facilities or equipment,
- Unused letters of credit or obligations to reduce debt]

NOTE 4 – MEMBERS' EQUITY

CAPITAL CONTRIBUTIONS, ADDITIONAL MEMBERS, CAPITAL ACCOUNTS AND LIMITED LIABILITY

Initial Capital Contributions. The names of all Members and each of their respective addresses, initial Capital Contributions, and Ownership Interests must be set forth on Exhibit A. Each Member has made or agrees to make the initial Capital Contribution set forth next to such Member's name on

Exhibit A to become a Member of the Company.

Subsequent Capital Contributions. Members are not obligated to make additional Capital Contributions unless unanimously agreed by all the Members. If subsequent Capital Contributions are unanimously agreed by all the Members in a consent in writing, the Members may make such additional Capital Contributions on a pro rata basis in accordance with each Member's respective Percentage Interest or as otherwise unanimously agreed by the Members.

Additional Members.

A. With the exception of a transfer of interest (1) governed by Article 7 of the Operating Agreement Agreement or (2) otherwise expressly authorized by this Agreement, additional Persons may become Members of the Company and be issued additional Ownership Interests only if approved by and on terms determined by a unanimous written agreement signed by all of the existing Members.

B. Before a Person may be admitted as a Member of the Company, that Person must sign and deliver to the Company the documents and instruments, in the form and containing the information required by the Company, that the Members deem necessary or desirable. Membership Interests of new Members will be allocated according to the terms of this Agreement.

2.4 Capital Accounts. Individual Capital Accounts must be maintained for each Member, unless (a) there is only one Member of the Company and (b) the Company is exempt according to applicable tax laws. Capital Accounts must be maintained in accordance with all applicable tax laws.

2.5 Interest. No interest will be paid by the Company or otherwise on Capital Contributions or on the balance of a Member's Capital Account.

2.6 Limited Liability; No Authority. A Member will not be bound by, or be personally liable for, the expenses, liabilities, debts, contracts, or obligations of the Company, except as otherwise provided in this Agreement or as required by the Michigan Limited Liability Company Act. Unless expressly provided in this Agreement, no Member, acting alone, has any authority to undertake or assume any obligation, debt, or responsibility, or otherwise act on behalf of, the Company or any other Member.
