The Company and its Business

Company Overview

A lifestyle wellness brand selling dietary supplements direct to consumer through online sales along with wholesale to retail businesses both directly and through distributors. The company is predominately focused on selling high quality oil extract from industrial hemp grown and produced organically in the United States. All products are derived from licensed hemp farms meeting the federal guidelines of industrial hemp and all final products contain 0.00% THC. Products are available in various delivery methods such as tincture oils, gel capsules, skin creams intended for both human and animal consumption. Our launch products consists of tincture oils in varying concentrations of CBD and flavors, gel capsules, and pet treats.

Competitors and Industry

While there are some related competitors out there (Charlotte's Web Botanicals, Hemp Meds and Bluebird Botanicals) who also focus on selling CBD products derived from industrial hemp, intended for sale a health supplement Spero sets itself apart in a big way.. Because CBD sales is a new industry, the landscape has a few large market leaders, meaning it is ripe for disruption. The industry has seen over 700% growth and is predicted to continue strong growth over the next 5 years according to many analysts and industry experts.

Spero plans on out-competing the market through several key methods as listed below:

Superior and quality consistent product.

Education and content creation

Innovation of new product lines

Utilizing pre-existing relationships in the cannabis and pet markets

Data driven marketing

Customer Experience for both end-user and B2B

Spero's giving back model

Current Stage and Roadmap

Company is currently pre-revenue with corporate structure in place and controlled by a board of directors with officers elected. Project is fully developed with entire supply chain secured including first sample orders from suppliers delivered. Company branding developed along with educational site currently live and retail sales website in development with a 60 day time frame. Retail sales scheduled to begin in 2019 following crowdfunding capital raise and receipt of inventory.

Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

Uncertain Risk

An investment in the Company (also referred to as “we”, “us”, “our”, or “Company”) involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any of the Convertible Notes should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should consider all of the information provided to such potential investor regarding the Company as well as the following risk factors, in addition to the other information listed in the Company’s Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial and other risks inherent in the investment in the Company.

Our business projections are only projections

There can be no assurance that the Company will meet our projections. There can be no assurance that the Company will be able to find sufficient demand for our product, that people think it’s a better option than a competing product, or that we will be able to provide the service at a level that allows the Company to make a profit and still attract business.

Any valuation at this stage is difficult to assess

The valuation for the offering was established by the Company. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess and you may risk overpaying for your investment.

The transferability of the Securities you are buying is limited

Any Convertible Note purchased through this crowdfunding campaign is subject to SEC limitations of transfer. This means that the stock/note that you purchase cannot be resold for a period of one year. The exception to this rule is if you are transferring the stock back to the Company, to an “accredited investor,” as part of an offering

registered with the Commission, to a member of your family, trust created for the benefit of your family, or in connection with your death or divorce.

Your investment could be illiquid for a long time

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment there will be restrictions on how you can resell the securities you receive. More importantly, there is no established market for these securities and there may never be one. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the educational software development industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

If the Company cannot raise sufficient funds it will not succeed

The Company, is offering Convertible Notes in the amount of up to \$1,070,000.00 in this offering, and may close on any investments that are made. Even if the maximum amount is raised, the Company is likely to need additional funds in the future in order to grow, and if it cannot raise those funds for whatever reason, including reasons relating to the Company itself or the broader economy, it may not survive. If the Company manages to raise only the minimum amount of funds, sought, it will have to find other sources of funding for some of the plans outlined in "Use of Proceeds."

We may not have enough capital as needed and may be required to raise more capital.

We anticipate needing access to credit in order to support our working capital requirements as we grow. Although interest rates are low, it is still a difficult environment for obtaining credit on favorable terms. If we cannot obtain credit when we need it, we could be forced to raise additional equity capital, modify our growth plans, or take some other action. Issuing more equity may require bringing on additional investors. Securing these additional investors could require pricing our equity below its current price. If so, your investment could lose value as a result of this additional dilution. In addition, even if the equity is not priced lower, your ownership percentage would be decreased with the addition of more investors. If we are unable to find additional investors willing to provide capital, then it is possible that we will choose to cease our sales activity. In that case, the only asset remaining to generate a return on your investment could be our intellectual property. Even if we are not forced to cease our sales activity, the unavailability of credit could result in the Company performing below expectations, which could adversely impact the value of your investment.

Terms of subsequent financings may adversely impact your investment

We will likely need to engage in common equity, debt, or preferred stock financings in the future, which may reduce the value of your investment in the Common Stock. Interest on debt securities could increase costs and negatively impact operating results. Preferred stock could be issued in series from time to time with such designation, rights, preferences, and limitations as needed to raise capital. The terms of preferred stock could be more advantageous to those investors than to the holders of Common Stock. In addition, if we need to raise more equity capital from the sale of

Common Stock, institutional or other investors may negotiate terms that are likely to be more favorable than the terms of your investment, and possibly a lower purchase price per share.

Management Discretion as to Use of Proceeds

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this Offering. The use of proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

Projections: Forward Looking Information

Any projections or forward looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and will not have been reviewed by our independent accountants. These projections will be based on assumptions which management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

We are reliant on one main type of service

All of our current services are variants on one type of service, providing a platform for online capital formation. Our revenues are therefore dependent upon the market for online capital formation.

Some of our products are still in prototype phase and might never be operational products

It is possible that there may never be an operational product or that the product may never be used to engage in transactions. It is possible that the failure to release the product is the result of a change in business model upon the Company's making a determination that the business model, or some other factor, will not be in the best interest of the Company and its stockholders.

Developing new products and technologies entails significant risks and uncertainties

We are currently in the research and development stage and have only manufactured a prototype for our vanadium flow battery. Delays or cost overruns in the development of our vanadium flow batteries and failure of the product to meet our performance estimates may be caused by, among other things, unanticipated technological hurdles, difficulties in manufacturing, changes to design and regulatory hurdles. Any of these events could materially and adversely affect our operating performance and results of operations.

Minority Holder; Securities with Voting Rights

The Convertible Note that an investor is buying has voting rights attached to them. However, you will be part of the minority shareholders of the Company and therefore will have a limited ability to influence management's decisions on how to run the

business. You are trusting in management discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our company, you will only be paid out if there is any cash remaining after all of the creditors of our company have been paid out.

Minority Holder; Securities with No Voting Rights

The convertible note that an investor is buying has no voting rights attached to them. This means that you will have no rights in dictating on how the Company will be run. You are trusting in management discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our company, you will only be paid out if there is any cash remaining after all of the creditors of our company have been paid out.

You are trusting that management will make the best decision for the company

You are trusting in management discretion. You are buying non-voting membership interest as a minority holder, and therefore must trust the management of the Company to make good business decisions that grow your investment.

Insufficient Funds

The company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it will cease operating and you will get nothing. Even if we sell all the common stock we are offering now, the Company will (possibly) need to raise more funds in the future, and if it can't get them, we will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the company being worth less, because later investors might get better terms.

The Convertible Promissory Notes have no rights to vote until the date of maturity

The Convertible Promissory Notes have no voting rights. This means you are trusting in management discretion. You will also hold these non-voting securities as a minority holder. Therefore, you will have no say in the day-to-day operation of the Company and must trust the management of the Company to make good business decisions that grow your investment. Holders of our outstanding Preferred Stock have liquidation preferences over holders of Common Stock, including the Common Stock being offered in this offering. This liquidation preference is paid if the amount a holder of Preferred Stock would receive under the liquidation preference is greater than the amount such holder would have received if such holder's shares of Preferred Stock had been converted to Common Stock immediately prior to the liquidation event. If a liquidation event, including a sale of our company, were to occur then first all creditors and Preferred Stockholder of the Company will be paid out. If there is any cash remaining, then the Common stockholders will be paid.

Our new product could fail to achieve the sales projections we expected

Our growth projections are based on an assumption that with an increased advertising and marketing budget our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to

achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

We face significant market competition

We will compete with larger, established companies who currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

We are competing against other recreational activities

Although we are a unique company that caters to a select market, we do compete against other recreational activities. Our business growth depends on the market interest in the Company over other activities.

We are an early stage company and have not yet generated any profits

Noble Naturals was formed on April 26, 2018. Accordingly, the Company has a limited history upon which an evaluation of its performance and future prospects can be made. Our current and proposed operations are subject to all business risks associated with new enterprises. These include likely fluctuations in operating results as the Company reacts to developments in its market, managing its growth and the entry of competitors into the market. We will only be able to pay dividends on any shares once our directors determine that we are financially able to do so. Noble Naturals has incurred a net loss and has had limited revenues generated since inception. There is no assurance that we will be profitable in the next 3 years or generate sufficient revenues to pay dividends to the holders of the shares.

We are an early stage company and have limited revenue and operating history

The Company has a short history, few customers, and effectively no revenue. If you are investing in this company, it's because you think that Spero CBD is a good idea, that the team will be able to successfully market, and sell the product or service, that we can price them right and sell them to enough peoples so that the Company will succeed. Further, we have never turned a profit and there is no assurance that we will ever be profitable.

Our trademarks, copyrights and other intellectual property could be unenforceable or ineffective

Intellectual property is a complex field of law in which few things are certain. It is possible that competitors will be able to design around our intellectual property, find prior art to invalidate it, or render the patents unenforceable through some other mechanism. If competitors are able to bypass our trademark and copyright protection without obtaining a sublicense, it is likely that the Company's value will be materially and adversely impacted. This could also impair the Company's ability to compete in the marketplace. Moreover, if our trademarks and copyrights are deemed

unenforceable, the Company will almost certainly lose any potential revenue it might be able to raise by entering into sublicenses. This would cut off a significant potential revenue stream for the Company.

The cost of enforcing our trademarks and copyrights could prevent us from enforcing them

Trademark and copyright litigation has become extremely expensive. Even if we believe that a competitor is infringing on one or more of our trademarks or copyrights, we might choose not to file suit because we lack the cash to successfully prosecute a multi-year litigation with an uncertain outcome; or because we believe that the cost of enforcing our trademark(s) or copyright(s) outweighs the value of winning the suit in light of the risks and consequences of losing it; or for some other reason. Choosing not to enforce our trademark(s) or copyright(s) could have adverse consequences for the Company, including undermining the credibility of our intellectual property, reducing our ability to enter into sublicenses, and weakening our attempts to prevent competitors from entering the market. As a result, if we are unable to enforce our trademark(s) or copyright(s) because of the cost of enforcement, your investment in the Company could be significantly and adversely affected.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business

To be successful, the Company requires capable people to run its day to day operations. As the Company grows, it will need to attract and hire additional employees in sales, marketing, design, development, operations, finance, legal, human resources and other areas. Depending on the economic environment and the Company's performance, we may not be able to locate or attract qualified individuals for such positions when we need them. We may also make hiring mistakes, which can be costly in terms of resources spent in recruiting, hiring and investing in the incorrect individual and in the time delay in locating the right employee fit. If we are unable to attract, hire and retain the right talent or make too many hiring mistakes, it is likely our business will suffer from not having the right employees in the right positions at the right time. This would likely adversely impact the value of your investment.

Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time

Our ability to sell product is dependent on the outside government regulation such as the FDA (Food and Drug Administration), FTC (Federal Trade Commission) and other relevant government laws and regulations. The laws and regulations concerning the selling of product may be subject to change and if they do then the selling of product may no longer be in the best interest of the Company. At such point the Company may no longer want to sell product and therefore your investment in the Company may be affected.

We rely on third parties to provide services essential to the success of our business

We rely on third parties to provide a variety of essential business functions for us, including manufacturing, shipping, accounting, legal work, public relations,

advertising, retailing, and distribution. It is possible that some of these third parties will fail to perform their services or will perform them in an unacceptable manner. It is possible that we will experience delays, defects, errors, or other problems with their work that will materially impact our operations and we may have little or no recourse to recover damages for these losses. A disruption in these key or other suppliers' operations could materially and adversely affect our business. As a result, your investment could be adversely impacted by our reliance on third parties and their performance.

The laws could change in the industry where CBD becomes highly regulated and our products are at risk of failing new restrictions.

This industry is new and laws change daily. Fortunately we have assembled a team of professionals to stay ahead of the law. We want to be a leader in the industry so we set our standards very high when it comes to the quality of our products so that when stricter testing becomes mandatory, our products will already be compliant.

Banking regulations.

Now that Hemp is federally legalize banking restrictions will lighten and more card processor will become available. We have done the research and only work with merchant services and banking industries that keep our money in the USA and are compliant with our industry regulations and stay ahead of the curve legally.

This offering involves "rolling closings," which may mean that earlier investors may not have the benefit of information that later investors have.

Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our noteholders. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies' businesses, plans or prospects, sometimes on short notice. When such changes happen during the course of an offering, we must file an amended to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our noteholders and will have no such right.

Material Rights

In addition to the shareholder rights for common stock designated by the articles of incorporation, certain shareholders are party to a Common Stock Purchase Agreement with additional rights, preferences, privileges, and restrictions.

Parties to the Common Stock Purchase Agreement are subject to the following summarized terms:

Limitations on Transfer:

Transfer Restrictions; Right of First Refusal. Before any Shares held by Purchaser or any transferee of Purchaser (either being sometimes referred to herein as the "Holder") may be sold or otherwise transferred (including transfer by gift or operation of law), the Company shall first have the right to approve such sale or transfer, in full or in part, and shall then have the right to purchase, or allow other shareholders to purchase, all or any part of the Shares proposed to be sold or transferred, in each case, in its sole and absolute discretion (the "Right of First Refusal").

Drag Along. Notwithstanding anything to the contrary in this Section 3, if one or more shareholders who collectively hold 50% or more of the Company's issued and outstanding shares propose to consummate, in one transaction or a series of related transactions, a sale or transfer of all of their shares of the Company (a "Drag-Along

Sale”), those shareholders (the “Dragging Shareholders”) may deliver a notice (the “Drag-Along Notice”) which notice will contain all of the terms thereof including, without limitation, the name and address of the prospective purchaser(s), the terms and conditions of payment, the date on or about which such disposition is to be consummated, and the purchase price that the Dragging Shareholders will receive pursuant to such transaction to each other shareholder (each, a “Drag-Along Shareholder”) to require that each Drag-Along Shareholder participate in the transfer on substantially the same terms and conditions as the Dragging Shareholders, as set forth in the Drag-Along Notice, whereupon each Drag-Along Shareholder must cooperate and take all such actions as may be reasonably necessary to consummate the sale transaction described in the Drag-Along Notice, including executing and delivering such documents as are required to consummate it.

Tag-Along. If the Shareholders holding 50% or more of the Company's issued and outstanding shares (collectively, the “Selling Shareholder”) receives a bona fide written offer from an unrelated third party (the “Offeror”) to purchase 50% or more of the outstanding shares in the Company from the Selling Shareholder (the “Offered Shares”), and the Selling Shareholder desires to accept such offer, the Selling Shareholder may not accept such offer except in accordance with the requirements of this Section 3(g).

Conversion Trigger: 24 months or \$2,000,000.00

Material Rights

Subordination. The indebtedness evidenced by this Note is hereby expressly subordinated, to the extent and in the manner hereinafter set forth, in right of payment to the prior payment in full of all of Company's Senior Indebtedness.

(a) **Insolvency Proceedings.** If there shall occur any receivership, insolvency, assignment for the benefit of creditors, bankruptcy, reorganization, or arrangements with creditors (whether or not pursuant to bankruptcy or other insolvency laws), sale of all or substantially all of the assets, dissolution, liquidation, or any other marshaling of the assets and liabilities of Company, (i) no amount shall be paid by Company in respect of the principal of, interest on or other amounts due with respect to this Note at the time outstanding, unless and until the principal of and interest on the Senior Indebtedness then outstanding shall be paid in full, and (ii) no claim or proof of claim shall be filed with Company by or on behalf of Holder which shall assert

any right to receive any payments in respect of the principal of and interest on this Note except subject to the payment in full of the principal of and interest on all of the Senior Indebtedness then outstanding.

(b) Default on Senior Indebtedness. If there shall occur an event of default which has been declared in writing with respect to any Senior Indebtedness, as defined therein, or in the instrument under which it is outstanding, permitting the holder to accelerate the maturity thereof and Holder shall have received written notice thereof from the holder of such Senior Indebtedness, then, unless and until such event of default shall have been cured or waived or shall have ceased to exist, or all Senior Indebtedness shall have been paid in full, no payment shall be made in respect of the principal of or interest on this Note, unless within one hundred eighty (180) days after the happening of such event of default, the maturity of such Senior Indebtedness shall not have been accelerated. Not more than one notice may be given to Holder pursuant to the terms of this Section 4(b) during any 360 day period.

(c) Further Assurances. By acceptance of this Note, Holder agrees to execute and deliver customary forms of subordination agreement requested from time to time by holders of Senior Indebtedness, and as a condition to Holder's rights hereunder, Company may require that Holder execute such forms of subordination agreement; provided that such forms shall not impose on Holder terms less favorable than those provided herein.

(d) Other Indebtedness. No indebtedness which does not constitute Senior Indebtedness shall be senior in any respect to the indebtedness represented by this Note.

(e) Subrogation. Subject to the payment in full of all Senior Indebtedness, Holder shall be subrogated to the rights of the holder(s) of such Senior Indebtedness (to the extent of the payments or distributions made to the holder(s) of such Senior Indebtedness pursuant to the provisions of this Section 4) to receive payments and distributions of assets of Company applicable to the Senior Indebtedness. No such payments or distributions applicable to the Senior Indebtedness shall, as between Company and its creditors, other than the holders of Senior Indebtedness and Holder, be deemed to be a payment by Company to or on account of this Note; and for purposes of such subrogation, no payments or distributions to the holders of Senior Indebtedness to which Holder would be entitled except for the provisions of this Section 4 shall, as between Company and its creditors, other than the holders of Senior Indebtedness and Holder, be deemed to be a payment by Company to or on account of the Senior Indebtedness.

(f) No Impairment. Subject to the rights, if any, of the holders of Senior Indebtedness under this Section 4 to receive cash, securities or other properties otherwise payable or deliverable to Holder, nothing contained in this Section 4 shall impair, as between Company and Holder, the obligation of Company, subject to the terms and conditions hereof, to pay to Holder the principal hereof and interest hereon as and when the same become due and payable, or shall prevent Holder, upon default hereunder, from

exercising all rights, powers and remedies otherwise provided herein or by applicable law.

(g) **Lien Subordination.** Any lien, security interest or encumbrance (a “Lien”) of Holder, whether now or hereafter existing in connection with the amounts due under this Note, on any assets or property of Company or any proceeds or revenues therefrom which Holder may have at any time as security for any amounts due and obligations under this Note shall be subordinate to all Liens now or hereafter granted to a holder of Senior Indebtedness by Company or by law, notwithstanding the date, order or method of attachment or perfection of any such Lien or the provisions of any applicable law.

(h) **Reliance of Holders of Senior Indebtedness.** Holder, by its acceptance hereof, shall be deemed to acknowledge and agree that the foregoing subordination provisions are, and are intended to be, an inducement to and a consideration of each holder of Senior Indebtedness, whether such Senior Indebtedness was created or acquired before or after the creation of the indebtedness evidenced by this Note, and each such holder of Senior Indebtedness shall be deemed conclusively to have relied on such subordination provisions in acquiring and holding, or in continuing to hold, such Senior Indebtedness.

Events of Default. The occurrence of any of the following shall constitute an “Event of Default” under this Note and the other Transaction Documents:

(a) **Failure to Pay.** Subject to the mandatory conversion provisions set forth in Section 7, the Company shall fail to pay (i) when due any principal or interest payment on the due date hereunder or (ii) any other payment required under the terms of this Note on the date due, and such payment shall not have been made within fifteen (15) days of the Company’s receipt of Holder’s written notice to the Company of such failure to pay; or

(b) **Voluntary Bankruptcy or Insolvency Proceedings.** The Company shall (i) apply for or consent to the appointment of a receiver, trustee, liquidator or custodian of itself or of all or a substantial part of its property, (ii) be unable, or admit in writing its inability, to pay its debts generally as they mature, (iii) make a general assignment for the benefit of its or any of its creditors, (iv) be dissolved or liquidated, (v) commence a voluntary case or other proceeding seeking liquidation, reorganization or other relief with respect to itself or its debts under any bankruptcy, insolvency or other similar law now or hereafter in effect or consent to any such relief or to the appointment of or taking possession of its property by any official in an involuntary case or other proceeding commenced against it, or (vi) take any action for the purpose of effecting any of the foregoing; or

(c) **Involuntary Bankruptcy or Insolvency Proceedings.** Proceedings for the appointment of a receiver, trustee, liquidator or custodian of the Company or of all or a substantial part of the property thereof, or an involuntary case or other proceedings seeking liquidation, reorganization or other relief with respect to the Company or the debts thereof under any bankruptcy, insolvency or other similar law now or hereafter

in effect shall be commenced and an order for relief entered or such proceeding shall not be dismissed or discharged within 60 days of commencement.

Rights of Holder upon Default. Upon the occurrence or existence of any Event of Default (other than an Event of Default described in Sections 5(b) or 5(c)) and at any time thereafter during the continuance of such Event of Default, subject to the mandatory conversion provisions set forth in Section 7, Holder may, by written notice to the Company, declare all outstanding Obligations payable by the Company hereunder to be due and payable without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived. Upon the occurrence or existence of any Event of Default described in Sections 5(b) and 5(c), immediately and without notice, all outstanding Obligations payable by the Company hereunder shall automatically become due and payable, without presentment, demand, protest or any other notice of any kind, all of which are hereby expressly waived.

Conversion. Holder shall be entitled to convert the principal and any and all accrued interest under this Note pursuant to the terms of any of the following

(a) Automatic Conversion. In the event the Company consummates, prior to the Maturity Date an equity financing, in one transaction or a series of related transactions, pursuant to which it sells shares of its Equity Securities with an aggregate sales price of not less than Two Million \$(2,000,000), not including amounts under any convertible bridge notes which are converted into Equity Securities (including without limitation this Note), and with the principal purpose of raising capital (a “Qualified Financing”), then the entire outstanding principal amount of this Note any and all accrued but unpaid interest thereon, shall automatically and without requiring the Holder’s prior consent or approval, be converted into that number of shares of Equity Securities sold by the Company in the Qualified Financing as determined by dividing the outstanding principal amount of, plus any accrued but unpaid interest on, this Note by the lesser of (i) 80% of the lowest per share price paid by cash investors for the Equity Securities sold in the Qualified Financing or (ii) the quotient obtained by dividing (A) Target Valuation by the Fully Diluted Capitalization. Except as otherwise expressly stated in this Note, the Equity Securities issuable upon the conversion of this Note shall be of the same class and type, with the same rights and privileges as those issues in the Qualified Financing.

(i) Upon such conversion of this Note, the Holder hereby agrees to execute and deliver to the Company all transaction documents related to the Qualified Financing, including a purchase agreement and other ancillary agreements, with customary representations and warranties and transfer restrictions (including a 180-day lock-up agreement in connection with an initial public offering), and having the same terms as those agreements entered into by the other purchasers of the Equity Securities. In addition, before this Note shall convert into Equity Securities under this Section 7(a), Holder shall surrender this Note, duly endorsed, at the office of the Company and shall state therein the amount of the unpaid principal amount of this Note to be converted and the name or names in which the certificate or certificates for Equity Securities are to be issued; provided, however, that Holder hereby agrees that the

Company in its sole discretion may waive the requirement for Holder's execution of the purchase agreement or related documents, or delivery of this Note, and automatically convert indebtedness hereunder into Equity Securities, and this Note shall be deemed converted and of no further force and effect, whether or not it is delivered for cancellation as set forth in this sentence. The Company shall, as soon as practicable thereafter, issue and deliver at such office to Holder a certificate or certificates for the number of shares of Equity Securities to which Holder shall be entitled upon conversion (bearing such legends as are required by the preferred stock purchase agreement and applicable state and federal securities laws in the opinion of counsel to the Company), together with any other securities and property to which Holder is entitled upon such conversion under the terms of this Note, including a check payable to Holder for any cash amounts payable as described in Section 7(b). The conversion shall be deemed to have been made immediately prior to the close of business on the date of the surrender of this Note and execution of the financing documents relating to the sale and issuance of the Equity Securities (or the date of the Company's written notice to Holder of its waiver of such requirements), and the Person or Persons entitled to receive the Equity Securities upon such conversion shall be treated for all purposes as the record holder or holders of such Equity Securities as of such date.

(b) Fractional Shares; Interest; Effect of Conversion. No fractional shares shall be issued upon conversion of this Note. In lieu of the Company issuing any fractional shares to Holder upon the conversion of this Note, the Company shall pay to Holder an amount equal to the product obtained by multiplying the conversion price by the fraction of a share not issued pursuant to the previous sentence. In addition, to the extent not converted into shares of capital stock, the Company shall pay to Holder any interest accrued on the amount converted and on the amount to be paid to Company pursuant to the previous sentence. Upon conversion of this Note in full and the payment of any amounts specified in this Section 7(b), this Note shall be cancelled and void without further action of the Company or Holder, and the Company shall be forever released from all its obligations and liabilities under this Note.

Conversion Upon the Maturity Date. If no Qualified Financing or Change of Control takes place prior the Maturity Date, Holder and the Company hereby agree that the unpaid principal amount of this Note plus all accrued interest shall automatically convert into shares of the Company's Common Stock ("Maturity Date Conversion"), at a price per share based on the amount of this Note plus all accrued interest up to and through the Maturity Date, and the lower of: (a) then-current valuation of the Company immediately prior to the closing date of the Maturity Date Conversion, as determined in good faith by the Company Board of Directors or (b) the Target Valuation. Upon such conversion of this Note, the Holder hereby agrees to execute and deliver to the Company all transaction documents related to the Maturity Date Conversion, including a purchase agreement and other ancillary agreements, with customary representations and warranties and transfer restrictions (including a 180-day lock-up agreement in connection with an initial public offering). In addition, before this Note shall convert into shares of Common Stock under this Section 8, Holder shall surrender this Note, duly endorsed, at the office of the Company and

shall state therein the amount of the unpaid principal amount of this Note to be converted and the name or names in which the certificate or certificates for shares of Common Stock are to be issued; provided, however, that Holder hereby agrees that the Company in its sole discretion may waive the requirement for Holder's execution of the purchase agreement or related documents, or delivery of this Note, and automatically convert indebtedness hereunder into shares of Common Stock, and this Note shall be deemed converted and of no further force and effect, whether or not it is delivered for cancellation as set forth in this sentence.

Change of Control. Upon the occurrence of a Change of Control prior to the Maturity Date, the entire principal amount of this Note, and any and all interest accrued thereon through the closing date of a Change of Control transaction shall be converted, at the Company's option, effective as of immediately prior to the closing of such transaction, into the shares of Common Stock at the per share price equal to the lesser of (i) 80% of the per share price paid in such Change of Control transaction or (ii) the per share price based on the Target Valuation.. This Note shall be canceled in conjunction with the conversion or pay out as contemplated in this Section 9, whether or not the Note is delivered for cancellation.

Successors and Assigns. Subject to the restrictions on transfer described in Sections 12 and 13 below, the rights and obligations of the Company and Holder shall be binding upon and benefit the successors, assigns, heirs, administrators and transferees of the parties.

Waiver and Amendment. Any provision of this Note may be amended, waived or modified upon the written consent of the Company and the holders of a Majority in Interest. Any amendment, termination, or waiver effected in accordance with this Section 11 shall be binding on the Holder, regardless of whether any such party has consented thereto.

Transfer of this Note or Securities Issuable on Conversion Hereof. With respect to any offer, sale or other disposition of this Note or securities into which such Note may be converted, Holder will give written notice to the Company prior thereto, describing briefly the manner thereof, together with a written opinion of Holder's counsel, or other evidence if reasonably satisfactory to the Company, to the effect that such offer, sale or other distribution may be effected without registration or qualification (under any federal or state law then in effect). Upon receiving such written notice and reasonably satisfactory opinion, if so requested, or other evidence, the Company, as promptly as practicable, shall notify Holder that Holder may sell or otherwise dispose of this Note or such securities, all in accordance with the terms of the notice delivered to the Company. If a determination has been made pursuant to this Section 12 that the opinion of counsel for Holder, or other evidence, is not reasonably satisfactory to the Company, the Company shall so notify Holder promptly after such determination has been made. Each Note thus transferred and each certificate representing the securities thus transferred shall bear a legend as to the applicable restrictions on transferability in order to ensure compliance with the Securities Act, unless in the opinion of counsel for the Company such legend is not required in order to ensure

compliance with the Securities Act. The Company may issue stop transfer instructions to its transfer agent in connection with such restrictions. Subject to the foregoing, transfers of this Note shall be registered upon registration books maintained for such purpose by or on behalf of the Company. Prior to presentation of this Note for registration of transfer, the Company shall treat the registered holder hereof as the owner and holder of this Note for the purpose of receiving all payments of principal and interest hereon and for all other purposes whatsoever, whether or not this Note shall be overdue and the Company shall not be affected by notice to the contrary.

Assignment by the Company. Neither this Note nor any of the rights, interests or obligations hereunder may be assigned, by operation of law or otherwise, in whole or in part, by the Company without the prior written consent of the holders of a Majority in Interest.

Convertible Promissory Note Series 2019 - CF

The security will convert into Common stock and the terms of the Convertible Promissory Note Series 2019 - CF are outlined below:

Amount outstanding: \$0.00

Maturity Date: May 01, 2021

Interest Rate: 8.0%

Discount Rate: 20.0%

Valuation Cap: \$6,000,000.00

Conversion Trigger: \$2,000,000

Material Rights

Conversion; Repayment Premium Upon Sale of the Company.

(a) In the event that the Company issues and sells units of its stock to investors (the "Equity Investors") on or before the date of the repayment in full of this Note in a transaction or series of transactions pursuant to which the Company issues and sells its stock resulting in gross proceeds to the Company of at least \$2,000,000 (excluding the conversion of the Notes and any other debt) (a "Qualified Financing"), then it converts into common stock at conversion price equal to the lesser of (i) 80% of the per share price paid by the Investors or (ii) the price equal to the quotient of \$6,000,000 divided by the aggregate number of outstanding stock of the Company as of immediately prior to the initial closing of the Qualified Financing (assuming full conversion or exercise of all convertible and exercisable securities then outstanding other than the Notes.)

(b) If the conversion of the Note would result in the issuance of a fractional share, the Company shall, in lieu of issuance of any fractional share, pay the Investor otherwise entitled to such fraction a sum in cash equal to the product resulting from multiplying the then current fair market value of one share of the class and series of common stocks into which this Note has converted by such fraction.

(c) Notwithstanding any provision of this Note to the contrary, if the Company consummates a Sale of the Company (as defined below) prior to the conversion or repayment in full of this Note, then (i) the Company will give the Investor at least 15 days prior written notice of the anticipated closing date of such Sale of the Company and (ii) at the closing of such Sale of the Company, in full satisfaction of the Company's obligations under this Note, the Company will pay to the Investor an aggregate amount equal to the greater of (a) the aggregate amount of the principal and all unaccrued and unpaid interest under this Note or (b) the amount the Investor would have been entitled to receive in connection with such Sale of the Company if the aggregate amount of principal and interest then outstanding under this Note had been converted into units of common stock of the Company pursuant to Section 3(a) immediately prior to the closing of such Sale of the Company.

(d) For the purposes of this Note: "Sale of the Company" shall mean (i) any consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, other than any such consolidation, merger or reorganization in which the members of the Company immediately prior to such consolidation, merger or reorganization, continue to hold at least a majority of the voting power of the surviving entity in substantially the same proportions (or, if the surviving entity is a wholly owned subsidiary, its parent) immediately after such consolidation, merger or reorganization; (ii) any transaction or series of related transactions to which the Company is a party in which in excess of 50% of the Company's voting power is transferred; provided, however, that a Sale of the Company shall not include any transaction or series of transactions principally for bona fide equity financing purposes in which cash is received by the Company or any successor or indebtedness of the Company is cancelled or converted or a combination thereof; or (iii) a sale, lease, exclusive license or other disposition of all or substantially all of the assets of the Company.

Maturity.

Unless the Note has been previously converted in accordance with the terms of the Note prior to the Maturity Date, the entire outstanding principal balance and all unpaid accrued interest shall automatically be converted into common stock at a price per security equal to the quotient of \$6,000,000 divided by the aggregate number of outstanding common shares of the Company as of immediately prior to the conversion of these Notes (assuming full conversion or exercise of all convertible and exercisable securities then outstanding other than the Notes.) as soon as a reasonably practicable following the Maturity Date.

What it means to be a minority holder

As a holder of a Convertible Notes, you will have no voting rights. Even upon conversion, you will become a minority holder of the company. As a minority holder of the company, you will have limited rights in regards to the corporate actions of the company, including additional issuances of securities, company repurchases of securities, a sale of the company or its significant assets, or company transactions

with related parties. Further, investors in this offering may have rights less than those of other investors, and will have limited influence on the corporate actions of the company.

Dilution

Investors should understand the potential for dilution. The investor's stake in a company could be diluted due to the company issuing additional shares. In other words, when the company issues more shares, the percentage of the company that you own will go down, even though the value of the company may go up. You will own a smaller piece of a larger company. This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round, angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock.

If the company decides to issue more Common Stock, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share (though this typically occurs only if the company offers dividends, and most early stage companies are unlikely to offer dividends, preferring to invest any earnings into the company).

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

Financial Condition and Results of Operations

Financial Condition

You should read the following discussion and analysis of our financial condition and results of our operations together with our financial statements and related notes appearing at the end of this Offering Memorandum. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled "Risk Factors" and elsewhere in this Offering Memorandum.

Results of Operations

How long can the business operate without revenue:

The company is pre-revenue but with plans of receiving revenue in the 2nd half of 2019. Our strategy is to keep costs down and take on new expenses as revenue growth supports it. By putting together a strong founding team with equity stakes in the company we are able to manage most of the launch requirements internally with our founding team of which the majority will not receive any salary until company revenue can support it.

Once the Start-Engine capital raise is complete our CEO will submit a budget to the board of directors for approval. The budget will need to maintain a minimum of 12 months operation without revenue generation. Deviations from the approved budget will need approval from the board of directors.

Foreseeable major expenses based on projections:

Our initial startup costs will depend greatly on the amount of capital raised through the crowdfunding campaign. Depending on this value the company will need to strategize on how to best use the capital to maximize revenue. A formal budget will

submitted to the board of directors for approval after the capital raise which the company will adhere to with any major changes needing prior board approval.

These expenses include but are not limited to the following with estimates based on the ideal max raise scenario. All of these expenses can be adjusted dependent on the campaign raise amount.

1. Initial product inventory purchase

\$175,000 for 6,000 units. This estimate includes all costs to have final product in hand. Raw product, containers, bottling (3rd party), labels, and packaging. A smaller inventory purchase can be purchased depending on raise amount but this estimate would allow to Spero to take advantage of volume pricing for each of the previously listed items and help safeguard against possible inventory shortages. Each inventory purchase will need 60-90 days for delivery.

2. Content creation for marketing & website development

\$5,000-\$50,000 This is an amount highly dependent on the amount of capital raised and can be kept at the minimum if needed. We believe that creating quality and interesting content is a way Spero CBD can set itself apart in the market and will pay dividends over the long-term. We will create educational videos, user story videos, product promotion videos, etc.

3. Marketing budget

\$10,000-15,000 per month. This would be our ideal initial marketing budget based off a max capital raise scenario. We have already identified marketing partners and believe this monthly budget will drive sufficient traffic to hit estimated sales targets. This budget will grow only once revenue is able to support it with us estimating spending 10-15% of revenue on marketing. We will be constantly measuring ROI for all marketing campaigns and performing A/B testing on small test runs of \$100-\$200 before investing heavily in any campaign. As a startup we believe in focused target marketing with trackable and measurable results for calculating ROI.

4. Hiring of employees & salaries

\$15,000-\$30,000 per month. Employees will be added as needed and revenue can support. We will need to hire customer service and sales representatives but we will work to keep the team as lean as possible while still providing outstanding customer service. Our founding team is focused on maximize the value of their founding shares and will take reduced salaries until revenue can support market rates.

5. Common office & administration expenses

\$2,500-\$4,000 per month. We will utilize WeWork in Oakland, CA for our office space to keep costs down and avoid the need to sign a long-term lease. This also allows us to avoid the need to purchase office equipment the costly buildout costs associated with traditional office leasing.

\$10,000-\$15,000 possible start up costs for computer equipment for new employees. Our founding team will utilize their personal computers and cell phones and will not require any new equipment.

6. Professional services & software licensing

\$3,000-\$6,000 per month. This number will vary depending on the services needed in the particular month. These costs include outside attorney and CPA fees.

Future operational challenges:

We have done an enormous amount of research and preparation to design an efficient operation model including selecting and negotiating with all of our vendors through our entire supply chain all the way through delivery of product to end client. This prep work will be invaluable in minimizing operational risks. We have worked diligently to have the project as turnkey as possible once proper funding is acquired. We are confident in our team and know everything comes down to execution.

There are 5 key areas we have identified for success which all support the most critical item: **Customer Experience**

These 5 key areas are **Branding, Customer Service, Marketing, PR, Education**

Our team has experience in all of these key areas and are confident in our ability to execute each successfully.

Future operational challenges will arise as Spero grows but most can be mitigated through the use of partners able to meet not only our immediate needs but also those as we grow.

The largest operational challenges will arise once Spero begins to vertically integrate production. This will undoubtedly bring a whole new set of challenges with regards to plant production, processing, logistics and more. However, our team is fully focused on phase 1 of our project at the moment and we will prepare to meet these future challenges when the time is strategic to do so.

Future challenges related to capital resources:

We will continually evaluate our need to raise more capital and this will mostly be dependent on analysis of ROI for growth initiatives. Our team believes in using data and metrics to constantly measure all of our important KPI's. The challenge to raise new capital will be dependent on our ability to show investors our growth potential based on our current performance. To increase growth we will need to increase our team size along with our sales and marketing budget. If our team believes there is an opportunity for growth with a strong ROI then we will approach the market to raise the needed capital to execute.

Future milestones and events:

The biggest financial milestones will be a successful Series A and IPO. In order to achieve both of these we will need to show consistent growth in revenue through both online sales and wholesale to retailers. We have laid out sales targets and KPI's based on industry benchmarks which our team feels confident we can achieve and reaching these revenue milestones will make Spero attractive to new investors.

Some targeted milestones to achieve would be the following.

Online Sale Goals

Year 1

of monthly site visits: 10,000 with 1.5% conversion rate

Year 2

of monthly site visits: 35,000 with 2.6% conversion rate

Year 3

of monthly site visits: 100,000 with 3.2% conversion rate

Target number of retail establishments carrying Spero:

Year 1

of establishments: 24 with avg. monthly sales of 25 products

Year 2

of establishments: 76 with avg. monthly sales of 36 products

Year 3

of establishments: 167 with avg. monthly sales of 42 products

Liquidity and Capital Resources

What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...)

Noble Naturals currently has \$5,875.00 cash on hand as of April 15th, 2019.

The only outstanding debt the company has is \$43,550 in 4 convertible notes due Feb 1, 2021.

How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)

The funds from this campaign would be critical for our current strategy of utilizing this campaign to capitalize the company in order to go to market. If the company is unable to raise sufficient funds to accomplish this goal then the company would change strategy to focus on raising money from fewer investors at higher investment amounts.

Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)

We set up the company with the intention of funding its first round through crowdfunding and budgeted the initial costs for accomplishing this goal. We plan that all working capital after the campaign would have come from the campaign. The capital from this campaign would be critical to the viability of the company under its current capital raising strategy. If enough funds are not raised from this campaign then a new capital raising strategy would need to be enacted in order for the project to be viable.

How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?

If the company only raised the minimum capital value then the company would have less than 2 months of expenses and would need to immediately secure more capital in order for the project to continue viable.

How long will you be able to operate the company if you raise your maximum funding goal?

If the maximum value is raised then a budget will be presented to the board for approval to support a minimum of 12 months operating costs.

Continued estimated operating expenses would include

1. Employees & salaries

\$15,000-\$30,000 per month. Employees will be added as needed and revenue can support. We will need to hire customer service and sales representatives but we will work to keep the team as lean as possible while still providing outstanding customer service. Our founding team is focused on maximize the value of their founding shares and will take reduced salaries until revenue can support market rates.

2. Common office & administration expenses

\$2,500-\$4,000 per month. We will utilize WeWork in Oakland, CA for our office space to keep costs down and avoid the need to sign a long-term lease. This also allows us to avoid the need to purchase office equipment the costly buildout costs associated with

traditional office leasing.

3. Professional services & software licensing

\$3,000-\$6,000 per month. This number will vary depending on the services needed in the particular month. These costs include outside attorney and CPA fees.

4. Marketing budget

\$10,000-15,000 per month. This would be our ideal initial marketing budget based off a max capital raise scenario. We have already identified marketing partners and believe this monthly budget will drive sufficient traffic to hit estimated sales targets. This budget will grow only once revenue is able to support it with us estimating spending 10-15% of revenue on marketing. We will be constantly measuring ROI for all marketing campaigns and performing A/B testing on small test runs of \$100-\$200 before investing heavily in any campaign. As a startup we believe in focused target marketing with trackable and measurable results for calculating ROI.

Are there any additional future sources of capital available to your company?
(Required capital contributions, lines of credit, contemplated future capital raises, etc...)

Our strategy is to fund the initial phase through the crowdfunding campaign in order to go to market with our product line and gain traction in the market to the point the board of directors feels the company would be able to raise capital at favorable terms through a Series A offering. The capital from the Series A round would be to expand growth and prepare for an IPO.

Valuation

Valuation Cap: \$6,000,000.00

Valuation Cap Details: Several factors have gone into valuation cap value. First considering what would cause the trigger event for conversion. With a \$2,000,000 trigger value our board would not accept a valuation of less than \$6,000,000 for a \$2,000,000 valuation. Considering a max crowdfunding raise and a future capital raise of \$2,000,000+ a valuation of more than \$6,000,000 would need to be negotiated to be attractive for Spero. If the notes convert after 2 years without a triggering event through a capital raise than applying a 3x multiplier over potential revenue targets by end of year 2 would also justify a \$6,000,000 valuation. We feel this valuation cap incentives initial investors and helps protect against dilution in the case of a high valuation upon a triggering event capital round.

Use of Proceeds

If we raise the Target Offering Amount of \$10,000.00 we plan to use these proceeds as follows:

- *StartEngine Platform Fees*
6.0%

- *Inventory*
35.0%
Our largest initial expense is for inventory. We have already purchased and received our test product run for all our products and we are ready to place our initial stock order. Funds will all go to 3rd parties for raw product, packaging materials, and bottling fulfillment.

- *Marketing*
15.0%
Initially paid per click advertising will be ran across multiple platforms with pre-selected partners. Targeted e-mail marketing campaigns will also be conducted utilizing paid data lists matched to our specific criteria. All marketing campaigns will be data driven and benchmarked to maximize ROI. Long-term we will be focusing on content-marketing using paid per click only as a launch vehicle while our content creation campaign builds momentum and SEO ranking.

- *Operations*
25.0%
Operating budget will be mostly used for website development. Our goal is to keep operating costs low and only taking on new expenses as cash flow from sales increases.

- *Content Generation*

19.0%

Content marketing is the best online marketing strategy to increase traffic generation and maintaining high profit margins. Paid per click advertising will have decreased ROI over time as the market becomes more saturated and companies depending only on this will not remain profitable. Through the creation of high quality content we will simultaneously increase organic traffic and cement Spero as a trusted brand, which will pay dividends for years to come.

If we raise the over allotment amount of \$1,070,000.00, we plan to use these proceeds as follows:

- *StartEngine Platform Fees*

6.0%

- *Marketing*

15.0%

Initially paid per click advertising will be ran across multiple platforms with pre-selected partners. Targeted e-mail marketing campaigns will also be conducted utilizing paid data lists matched to our specific criteria. All marketing campaigns will be data driven and benchmarked to maximize ROI. Long-term we will focus on content marketing using paid per click only as a launch vehicle while our content creation campaign builds momentum and SEO ranking.

- *Inventory*

25.0%

One of the principle reasons for the crowd funding is to place our initial product inventory order throughout our supply chain including raw product, packaging materials, and bottling costs.

- *Working Capital*

20.0%

A healthy working capital reserve is important for the company to meet its financial obligations and we will reserve a large portion of our campaign raise as working capital.

- *Company Employment*

20.0%

Our company will operate with a lean team in the initial phase to keep monthly costs as low as possible until revenue generation can support additional team members.

- *Operations*

14.0%

Operating costs will be kept to a minimum until sales revenue can support additional costs. We plan on utilizing WeWork space to keep office expenses low and without the need to spend capital on an office buildout. Software costs can be signed up for on a monthly basis to keep the initial cash outlay low.

The Company may change the intended use of proceeds if our officers believe it is in the best interests of the company.

Regulatory Information

Disqualification

No disqualifying event has been recorded in respect to the company or its officers or directors.

Compliance Failure

The company has not previously failed to comply with the requirements of Regulation Crowdfunding.

Ongoing Reporting

The Company will file a report electronically with the SEC annually and post the report on its website no later than April 29 (120 days after Fiscal Year End). Once posted, the annual report may be found on the Company's website at www.sperocbd.com (www.sperocbd.com/investors).

The Company must continue to comply with the ongoing reporting requirements until:

- (1) it is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;
- (2) it has filed at least one (1) annual report pursuant to Regulation Crowdfunding and has fewer than three hundred (300) holders of record and has total assets that do not exceed \$10,000,000;
- (3) it has filed at least three (3) annual reports pursuant to Regulation Crowdfunding;
- (4) it or another party repurchases all of the securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or
- (5) it liquidates or dissolves its business in accordance with state law.

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

We have reviewed the accompanying financial statements of Noble Naturals, Inc (the "Company,"), which comprise the balance sheets as of December 31, 2018, and the related statement of operations, statement of shareholders' equity (deficit), and cash flows for the years ending December 31, 2018 and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the combined financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Combined Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of combined financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in Note 1, certain conditions indicate that the Company may be unable to continue as a going concern. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

NOTE 1 – NATURE OF OPERATIONS

Noble Naturals, Inc was formed on April 26, 2018 ("Inception") in the State of California. The financial statements of Noble Naturals, Inc (which may be referred to as the "Company", "we," "us," or "our") are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Company's headquarters are located in Oakland, California.

Noble Naturals is a lifestyle brand of organically produced, THC-free, whole-plant products for people and pets. Thanks to new opportunities in industrial hemp and a revolutionary extraction process, Noble Naturals products can be sold in all 50 states, making it among the first CBD supplements with the potential to become mainstream.

Going Concern and Management's Plans

The Company lacks significant working capital and has only recently commenced operations. We will incur significant additional costs before significant revenue is achieved. These matters raise substantial doubt about the Company's ability to continue as a going concern. During the next 12 months, the Company intends to fund its operations with funding from our proposed Regulation Crowdfunding campaign, and additional debt and/or equity financing as determined to be necessary. There are no assurances that management will be able to raise capital on terms acceptable to the Company. If we are unable to obtain sufficient amounts of additional capital, we may be required to reduce the scope of our planned development, which could harm our business, financial condition and operating results. The balance sheet and related financial statements do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amount of expenses during the reporting periods. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value:

- Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

See accompanying Independent Accountant's Review Report

Level 2 - Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 - Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2018. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values.

Cash and Cash Equivalents

For purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

The Company will recognize revenues primarily from sales to consumer via online for both human and domestic pets, from wholesale directly to retail establishments utilizing in house sales team, and from wholesale through distributors utilizing in place relationships when (a) persuasive evidence that an agreement exists; (b) the service has been performed; (c) the prices are fixed and determinable and not subject to refund or adjustment; and (d) collection of the amounts due is reasonably assured.

Income Taxes

The Company applies ASC 740 Income Taxes ("ASC 740"). Deferred income taxes are recognized for the tax consequences in future years of differences between the tax bases of assets and liabilities and their financial statement reported amounts at each period end, based on enacted tax laws and statutory tax rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce deferred tax assets to the amount expected to be realized. The provision for income taxes represents the tax expense for the period, if any and the change during the period in deferred tax assets and liabilities.

ASC 740 also provides criteria for the recognition, measurement, presentation and disclosure of uncertain tax positions. A tax benefit from an uncertain position is recognized only if it is "more likely than not" that the position is sustainable upon examination by the relevant taxing authority based on its technical merit.

The Company is subject to tax in the United States ("U.S.") and files tax returns in the U.S. Federal jurisdiction and California state jurisdiction. The Company is subject to U.S. Federal, state and local income tax examinations by tax authorities for all periods since Inception. The Company currently is not under examination by any tax authority.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

THE MARKET

Appealing to a varied demographic

CBD is one of the fastest growing products in the estimated nearly **\$200 billion global health supplement industry by 2025**. In the US, the 2018 Farm Bill removed hemp-produced CBD from the controlled substances list creating opportunity for a whole generation of new health products, creating an opportunity for Spero CBD.

Google Search Trend Data on Dietary Supplements 2014-2018

According to Forbes, New York-based investment bank Cowen & Co. estimates that annual sales of CBD can reach up to **\$16 billion by 2025.**

CBD is for everyone – it can improve health and wellness in a variety of ways. CBD is a natural supplement to the endocannabinoid system found in all humans and vertebrate animals. Importantly, Spero CBD is 100% THC free, meaning it does not contain any psychoactive properties (no “high” feeling).

Initial marketing will target men and women aged 25-55 with interests in health and wellness, dietary supplements, environmental issues, and organics. Marketing will expand quickly to connect with a more diverse range of consumer interests.

Working at the highest quality

We ensure that our product is the highest quality product on the market today. Our CBD products are produced by industry pioneering scientists in one of the world's most sophisticated CBD laboratories delivering a consistent, premium product.

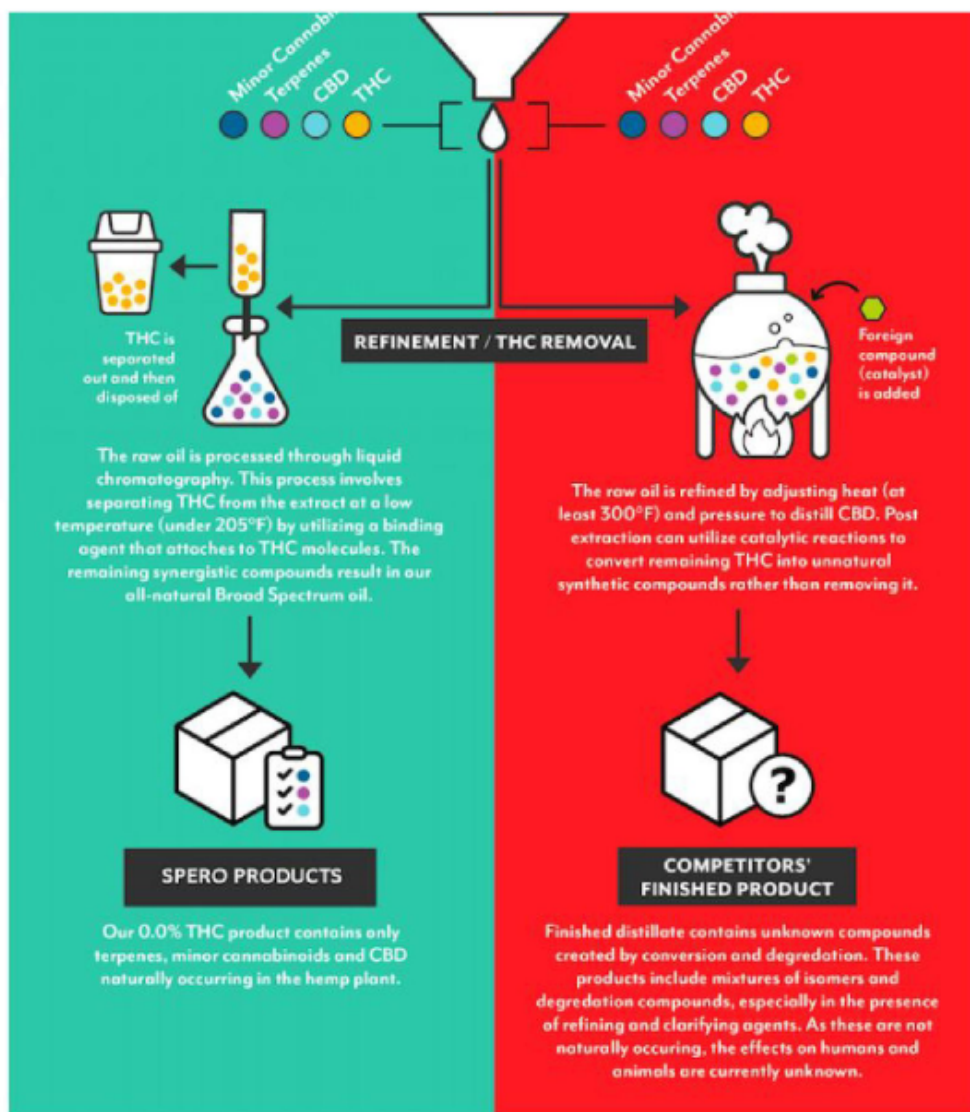

We ensure full compliance with each new regulation. Additionally, we [will] employ third party testing for quality and concentration levels. The products are all **100% THC free, full spectrum, and organically produced.**

Our initial product line consists of great tasting medium chain triglycerides (MCT) oil-based tinctures of varying CBD concentrations and flavors, gel caps, and a line of pet products. Spero will soon add topical skin products, pre-loaded vape cartridges, and flavor free CBD water for pets.

What makes Spero CBD products superior in the market?

Liquid Chromatography Vs. Distillation

When it comes to CBD, chemistry is everything. Many CBD products on the market are produced from distillate, the powdered form of CBD created through a distillation process. This is then marketed as pure and THC free CBD. However, it is not pure, there are unintended isomers and degradation compounds created during the distillation process, and worse yet, residual solvents from the clarifying agents used to wash the finished distillate salt.

While producing a cheap and easy to ship product, the affects of these unnatural byproducts of the distillation process on humans and animals are currently unknown and the amount of residual toxins from chemical clarifying agents is untested and varies from batch to batch.

All Spero CBD products are processed through liquid chromatography. A process of binding to and removing THC which leaves an intact liquid extract full of only CBD, terpenes, and minor cannabinoids. We believe this produces a superior and safer extract full of everything you want and nothing you don't.

A Closer Look at our Products

Tinctures

Tincture oils are one of the most efficient delivery mechanism for taking CBD. They allow the ability to adjust the dose of CBD exactly to your specific liking and the CBD is absorbed faster than other methods by placing the drops directly under your tongue.

Combinations include:

Pure Flavor 250mg,
500mg, 1500mg
Peppermint Flavor
250mg, 500mg, 1500mg

Gel Capsules

Our CBD Gel Capsules are an easy and convenient way to take CBD orally and allow for the ability to combine other widely used natural supplements into a single capsule. Our Gel Capsule combinations include:

- 25mg CBD + Melatonin
- 25mg CBD + Turmeric
- 25mg Pure CBD

Pet Treatments and Tinctures

Vertebrate animals have an endocannabinoid system very similar to humans and **CBD is proven to be as safe and beneficial for animal consumption as it is for human consumption.**

Therefore, SperoCBD has extended its product line to pets, providing treats and tinctures to help customers improve the health and well-being of their animal companions.

THE BUSINESS MODEL

A multi-pronged approach

We plan to utilize three sales channels to drive steady growth.

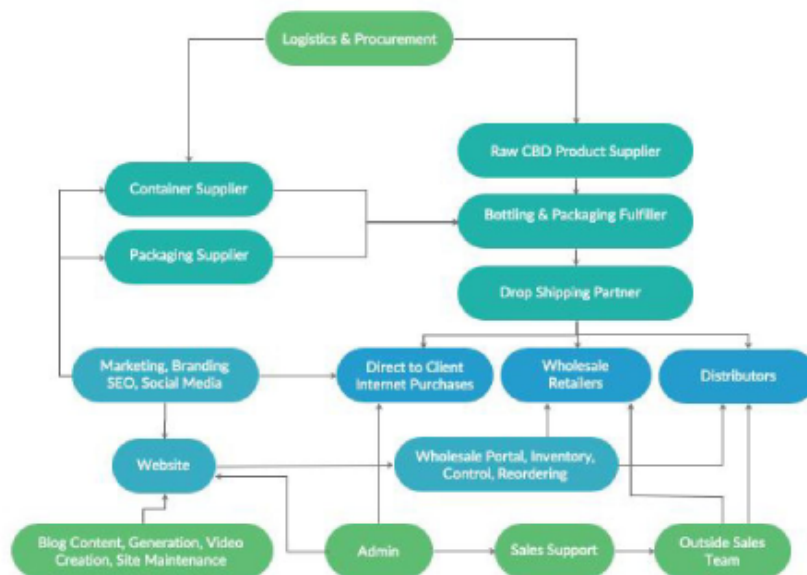

- **Direct to consumer retail** via online sales. This will include a discounted monthly subscription plan. Currently, online sales makeup over 60% of all CBD sales according to [Hemp Business Journal's 2018 market report](#).

- **Wholesale direct to retail establishments** through our internal sales team.

- **Distribution network.** We will utilize pre-existing relationships with established

distributors to include Spero products in their offerings to their network of retail clients .

Our various approaches are proven and will help us accrue the revenue needed to continue to expand and reach increasingly larger corners of the market.

THE VISION

Emerging as a leader in the field

In three years, Spero aims be a leading brand in the CBD market. Our

commitment to transparency, reliability, and education will help Spero CBD become the most trusted brand in America.

It is important to us to educate people as well as market to them about the effects and best practices of CBD. We want the name Spero to be synonymous with trust and quality. Spero will have a reputation of integrity and transparency and known for being discerning in the products we choose to put out.

We plan on raising additional capital through a Series A in order to expand into new domestic and international markets.

Our milestones revolve around organic brand driven growth, and include:

1. Successful crowdfunding campaign.
2. Receipt of inventory.
3. Activate SperoCbd.com live sales.
4. Retail placement.
5. Execute partnerships with distributors.
6. Expand product line.
7. Increase month to month revenue to attract additional investment.
8. Target Series A funding round.

Our impressive team is Spero's greatest asset. At the helm, we have a group of professionals with a proven track record to ensure success.

SperoCBD started when our CEO and Founder, David Allred, searched for something to help a friend's old dog suffering from seizures.

something to help a friend's old dog suffering from seizures.

A seasoned entrepreneur with a background in biochemistry, David discovered the benefits of CBD for both animals and humans. Soon after, he attracted a unique group of leaders to help execute his vision for a high-quality CBD brand and product line. Thanks to the amazing team of founders and co-founders Justin Jarin (Bloom & The Green Door); Tim Hadley (LatAm Autos); Christine Gutleben (Formerly with The Humane Society of the United States); Ashley Rocha and Lyndsey Jordan (Rumble Agency); Aline Garcia (Acquaflora & Ruclear) and Mike Van Der Heijden (Portal Ventures) SperoCBD took shape as an appealing lifestyle supplement for people and pets.[1]

Along with David, the executive team is composed of, Justin Jarin, who is an owner and operator of the 2nd oldest dispensary in the country. Christine Gutleben, who served 11 years as the Senior Director for The Humane Society of the United States (HSUS) in Washington DC. She built an extensive network of influencers to support animal welfare and helped passed federal and state policies for the protection of animals. Tim Handley an experienced M&A investment banker who launched LatAm Autos, led it to a successful IPO and serves as its board's executive chairman. **With decades of experience and passion between those in charge, SperoCBD will conquer this nascent industry.**

OUR TRACTION

On track for success

Spero has already raised over \$50K from the founders. Additionally, through our skilled team, we have established networks in the cannabis and pet space. With Justin's 15 years working with key product distributors and Christine's network of influencers in animal welfare, Spero will have a leg up over competitors for getting product into the market quickly.

HOW WE ARE DIFFERENT

Superior quality, education, and innovation

While there are competitors (Charlotte's Web Botanicals, Hemp Meds and Bluebird Botanicals) that sell CBD products derived from industrial hemp, Spero sets itself apart in a big way.

Spero's competitive advantages will leverage the following strategies:

- Highest quality product
- 3rd party testing of products to guarantee consistency
- Education and content creation
- Innovative new products
- Utilizing pre-existing relationships in the cannabis and pet markets
- Data driven marketing
- Customer Experience for both end-user and B2B
- Spero's giving back model and community engagement

A closer look at how Spero will lead the way

Highest quality product: As previously discussed, Spero's products are all 100% whole plant, THC free, and organically produced. Additionally, the THC is removed through liquid chromatography which results in a product which contains only CBD, terpenes, and minor cannabinoids. This process produces a THC free product but still allows the additional cannabinoids to remain and work synergistically together for a more effective result. The effectiveness of the multiple cannabinoids working together has been named the Entourage Effect by researches and is well documented.

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC6334252/>

3rd party testing of products to guarantee consistency and quality: We believe mislabeling and toxic residual solvents are the elephants in the room

when looking at the CBD industry. This recent expose article titled [“A California company tested 20 popular CBD products and found ‘insanely high levels’ of dangerous chemicals and misleading labels”](#) published in April 2019 by Business Insider clearly shows how prevalent these two issues are.

In this study only 15% of the products tested matched their labels for concentration of CBD and the the testing laboratory CannaSafe’s CEO states “some of the products also contained dangerously high levels of solvents”.

Addressing these two major problems provides an opportunity for Spero to shine by 3rd party testing all of our products before sale and publishing the results on our site. This level of transparency will set Spero apart and build brand loyalty and trust.

Education and content creation: Spero will set itself apart through educational marketing by creating original quality content currently lacking in the market. This content will establish Spero CBD as a trusted consumer brand along with increasing SEO rankings and organic traffic to our site. We believe good content marketing is the best long term strategy and produces the highest ROI over time.

Innovative new products. We believe a company which does not innovate will be a company which does not last. As the CBD market matures, people will be looking for new and innovative products to try and use. Proprietary lines of products will separate Spero from its competitors and build brand loyalty by offering products unavailable anywhere else. Spero will work to develop proprietary product lines starting with skin creams and pet products.

Giving back model: We plan on helping people in need and pets in shelters by donating 3% of gross sales in the form of Spero CBD products. This will connect Spero CBD with communities and build brand loyalty. We will start by focusing on children with epilepsy, Alzheimer’s patients, opiate addicts in recovery, and animals in shelters.

WHY INVEST

We are bringing CBD to the crowd

At Spero, we believe the democratization of investing through crowdfunding will benefit our company and its growth. Crowdfunding provides an unprecedented opportunity to invest in CBD at the ground floor without a high investment threshold. It will also create a varied investor group of brand ambassadors around the globe.

In addition to owning a stake in Spero's success all of our crowd funding investors will receive lifetime discounts on all of Spero CBD products. This is a great way to secure the highest quality CBD products for at a discount for yourself and loved ones. The only condition is that they are purchased directly by the investor and shipped directly to the investors home or business address.

Even more exciting is the opportunity for investors of \$1,000.00 or more to then purchase Spero CBD products at wholesale pricing for single orders of \$3,000.00 or more. This is intended to let early investors become resellers of Spero CBD products without the high purchase requirements for normal businesses to receive wholesale pricing. We hope many of our investors build their own businesses on selling Spero CBD products.

The money raised will go towards inventory, increasing marketing offensives, creating educational and marketing content, hiring additional team members, and supplementary product development.

Cannabidiol also known as CBD is about to take the world by storm CBD's popularity has risen with the recent explosion of media coverage, new legislation, and products. It may seem like this has happened overnight, however CBD's history goes back thousand of years and its emergence into the mainstream has slowly been building over decades.

Let's take a step back. What is CBD and why is everybody so excited.? CBD is a phytocannabinoid found in the cannabis plant, CBD is non-psychoactive meaning it does not cause a high and can be used as a natural supplement to the body's endocannabinoid system. Your EC system is one of your defenses to the outside world. It not only reacts to physical stimuli but also perceived stimuli like stress. How can CBD help with all of this?

1:00 - 1:56

Hi, my name is Dave Allred and I am one of the founders here at Spero CBD. We chose to film here today in the beautiful Muir Woods of San Francisco because I feel it helps represent what CBD does for me. CBD helps me feel like I am here, even when I'm in the hustle and bustle of the city by relieving unnecessary anxiety and stress.

CBD is one of the world's oldest medicines and humans have been using it for thousands of years. However until recently CBD remained illegal because of the long-standing prohibition on all cannabis, but on December 20th, 2018 the new Farm Bill remove CBD from the controlled substances list. The Spero team has been preparing for this moment for a long time. Our proven team of professionals include award-winning branding experts, business executives, technology and social media specialists, a senior leader in animal welfare, and a pioneer in the cannabis industry. We are the ideal team to ensure Market success.

1:57 - 2:28

Hello, my name is Justin Jarin, I have been in the cannabis industry for over 15 years as owner/operator of the second oldest dispensary in the country, and one of the most common questions I get asked is about CBD.

Hi, I'm Lyndsey Jordan, a co-founder and brand director at Spero CBD. There is a lot of confusion about CBD in general and products are being imported from other countries, and there's not a lot of quality control. We take all of that concern and worry out of shopping for CBD and deliver a premium quality product that's giving you all the benefits of the plant.

2:29 - 3:03

Hi, I'm Tim Handley, Board Advisor and founder of Spero CBD. I'm super excited to be part of one of the first crowdfunded CBD oil brands in the industry. The biggest challenge for consumers is going to be finding a highest quality products and the Spero team has done this by bringing to market a product that is whole plant, 100% THC free, and organically produced.

Hi I'm Ashley Rocha, a co-founder and a creative director at Spero CBD, and the key is to create a brand that is informative, distinct on shelf, and reflects the quality of the product that's inside and Spero CD does just that.

3:04 - 3:32

One of the most exciting things about our brand is our giving back model. We will be donating 3% of our sales in the form of Spero product to those in need of CBD, but don't have the resources or access to acquire it. One way we will implement this is through a partnership with the Brazilian Association of Epilepsy to help children suffering from seizures. Additionally we plan to work with Alzheimer's patients, people in recovery from opiate addiction, and a furry loved ones at animal shelters.

3:33-3:50

I'm so excited to be a part of this industry and the growth is going to be explosive and I just can't wait to be part of it.

Hopefully we peaked your interest is time to invest in CBD is now in Sparrow is your perfect chance. I'm looking forward to begin this journey and invite you all to take part in Spero's success.

STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 6-8% (six to eight percent) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of a closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions and rights as the securities being offered and sold by the issuer on StartEngine Capital's website.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.
- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be cancelled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50% and 100% of the funding goal. If the issuer hits its goal early, and the minimum offering period of 21 days has been met, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before new deadline.
- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach \$1.07M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer.
- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.
- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its

target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

Minimum and Maximum Investment Amounts

- In order to invest, to commit to an investment or to communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non-personal information including information related to income, net worth, and other investments.
- Investor Limitations: Investors are limited in how much they can invest on all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than \$107,000, then during any 12-month period, they can invest up to the greater of either \$2,200 or 5% of the lesser of their annual income or net worth. If both their annual income and net worth are equal to or more than \$107,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is less, but their investments cannot exceed \$107,000.

Ladies and Gentlemen:

1. Note Subscription.

(a) The undersigned ("Subscriber") hereby subscribes for and agrees to purchase a Convertible Note (the "Securities"), of %%NAME_OF_ISSUER%%, a %%STATE_INCORPORATED%%, %%COMPANY_TYPE%% (the "Company"), upon the terms and conditions set forth herein.

The rights of the Securities are as set forth in the Convertible Note and any description of the Securities that appears in the Offering Materials is qualified in its entirety by such document.

(b) By executing this Subscription Agreement, Subscriber acknowledges that Subscriber has received this Subscription Agreement, a copy of the Offering Statement of the Company filed with the SEC and any other information required by the Subscriber to make an investment decision.

(c) This Subscription may be accepted or rejected in whole or in part, at any time prior to a Closing Date (as hereinafter defined), by the Company at its sole discretion. In addition, the Company, at its sole discretion, may allocate to Subscriber only a portion of the number of Securities Subscriber has subscribed for. The Company will notify Subscriber whether this subscription is accepted (whether in whole or in part) or rejected. If Subscriber's subscription is rejected, Subscriber's payment (or portion thereof if partially rejected) will be returned to Subscriber without interest and all of Subscriber's obligations hereunder shall terminate.

(d) The aggregate value of Securities sold shall not exceed \$%%MAX_FUNDING_AMOUNT%% (the "Oversubscription Offering"). Providing that subscriptions for \$%%MIN_FUNDING_AMOUNT%% Securities are received (the "Minimum Offering"), the Company may elect at any time to close all or any portion of this offering, on various dates at or prior to the Termination Date (each a "Closing Date").

(e) In the event of rejection of this subscription in its entirety, or in the event the sale of the Securities (or any portion thereof) is not consummated for any reason, this Subscription Agreement shall have no force or effect.

2. Purchase Procedure.

(a) Payment. The purchase price for the Securities shall be paid simultaneously with the execution and delivery to the Company of the signature page of this Subscription Agreement, which signature and delivery may take place through digital online means. Subscriber shall deliver a signed copy of this Subscription Agreement, along with payment for the aggregate purchase price of the Securities in accordance with the online payment process established by the Intermediary.

(b) Escrow arrangements. Payment for the Securities shall be received by Prime Trust, LLC (the "Escrow Agent") from the undersigned by transfer of immediately available funds or other means approved by the Company prior to the applicable Closing, in the amount as set forth in on the signature page attached hereto below and otherwise in accordance with Intermediary's payment processing instructions. Upon such Closing, the Escrow Agent shall release such funds to the Company. The undersigned shall receive notice and evidence of the digital entry of the number of the Securities owned by undersigned reflected on the books and records of the Company as recorded by CrowdManage (a "Cap Table Management service operated by StartEngine Crowdfunding, Inc."), which books and records shall bear a notation that the Securities were sold in reliance upon Regulation CF.

(c) **Special provisions for cryptocurrency payments.** Notwithstanding Section 2(b), cryptocurrency payments will be received by the Escrow Agent from the undersigned and converted to U.S. dollars once per day. Once converted to U.S. dollars, the undersigned will be subscribed for the number of Securities he is eligible to receive based upon the investment value in U.S. dollars (the "Final Investment Amount"). Subscriber understands that the Final Investment Amount will be determined following the exchange of the cryptocurrency to U.S.

dollars at the current exchange rate, minus the Digital Asset Handling Fee of the Escrow Agent. Subscriber has read and understands the terms, conditions, and fees of the Escrow Agent for payments made in cryptocurrency available here, http://primetrust.com/assets/downloads/Digital_Asset_Disclosures.pdf. Cryptocurrency payments received at any time other than business hours in New York City (9:00am to 4:00pm Eastern Time, Monday through Friday) will be converted to U.S. dollars on the next business day. Subscriber further understands and affirms that Subscriber will be subscribed for the Securities equalling one-hundred percent (100%) of the Final Investment Amount. In the event that the Final Investment Amount exceeds the annual limit for the Subscriber, or that the Final Investment Amount exceeds the number of Securities available to the Subscriber, Subscriber will be refunded the amount not applied to his subscription. Any refunds, including those for cancelled investments, will be made only in the same cryptocurrency used for the initial payment and will be refunded to the same digital wallet address from which the initial payment was made.

3. Representations and Warranties of the Company.

The Company represents and warrants to Subscriber that the following representations and warranties are true and complete in all material respects as of the date of each Closing Date, except as otherwise indicated. For purposes of this Agreement, an individual shall be deemed to have "knowledge" of a particular fact or other matter if such individual is actually aware of such fact. The Company will be deemed to have "knowledge" of a particular fact or other matter if one of the Company's current officers has, or at any time had, actual knowledge of such fact or other matter.

(a) Organization and Standing. The Company is a %%COMPANY_TYPE%% duly formed, validly existing and in good standing under the laws of the State of %%STATE_INCORPORATED%%. The Company has all requisite power and authority to own and operate its properties and assets, to execute and deliver this Subscription Agreement, and any other agreements or instruments required hereunder. The Company is duly qualified and is authorized to do business and is in good standing as a foreign corporation in all jurisdictions in which the nature of its activities and of its properties (both owned and leased) makes such qualification necessary, except for those jurisdictions in which failure to do so would not have a material adverse effect on the Company or its business.

(b) Eligibility of the Company to Make an Offering under Section 4(a)(6). The Company is eligible to make an offering under Section 4(a)(6) of the Securities Act and the rules promulgated thereunder by the SEC.

(c) Issuance of the Securities. The issuance, sale and delivery of the Securities in accordance with this Subscription Agreement has been duly authorized by all necessary corporate action on the part of the Company. The Securities, when so issued, sold and delivered against payment therefor in accordance with the provisions of this Subscription Agreement, will be duly and validly issued and outstanding and will constitute valid and legally binding obligations of the Company enforceable against the Company in accordance with their terms. The company will take measures necessary so the conversion of shares will be authorized and issued when required.

(d) Authority for Agreement. The execution and delivery by the Company of this Subscription

Agreement and the consummation of the transactions contemplated hereby (including the issuance, sale and delivery of the Securities) are within the Company's powers and have been duly authorized by all necessary corporate action on the part of the Company. Upon full execution hereof, this Subscription Agreement shall constitute a valid and binding agreement of the Company, enforceable against the Company in accordance with its terms, except (i) as limited by applicable bankruptcy, insolvency, reorganization, moratorium, and other laws of general application affecting enforcement of creditors' rights generally, (ii) as limited by laws relating to the availability of specific performance, injunctive relief, or other equitable remedies and (iii) with respect to provisions relating to indemnification and contribution, as limited by considerations of public policy and by federal or state securities laws.

(e) No filings. Assuming the accuracy of the Subscriber's representations and warranties set forth in Section 4 hereof, no order, license, consent, authorization or approval of, or exemption by, or action by or in respect of, or notice to, or filing or registration with, any governmental body, agency or official is required by or with respect to the Company in connection with the execution, delivery and performance by the Company of this Subscription Agreement except (i) for such filings as may be required under Section 4(a)(6) of the Securities Act or the rules promulgated thereunder or under any applicable state securities laws, (ii) for such other filings and approvals as have been made or obtained, or (iii) where the failure to obtain any such order, license, consent, authorization, approval or exemption or give any such notice or make any filing or registration would not have a material adverse effect on the ability of the Company to perform its obligations hereunder.

(f) Financial statements. Complete copies of the Company's financial statements consisting of the statement of financial position of the Company as at December 31, 2018 and the related consolidated statements of income and cash flows for the two-year period then ended or since inception (the "Financial Statements") have been made available to the Subscriber and appear in the Offering Statement and on the site of the Intermediary. The Financial Statements are based on the books and records of the Company and fairly present the financial condition of the Company as of the respective dates they were prepared and the results of the operations and cash flows of the Company for the periods indicated. SetApart Financial Services, which has audited or reviewed the Financial Statements, is an independent accounting firm within the rules and regulations adopted by the SEC. The Financial Statements comply with the requirements of Rule 201 of Regulation Crowdfunding, as promulgated by the SEC.

(g) Proceeds. The Company shall use the proceeds from the issuance and sale of the Securities as set forth in the Offering Materials.

(h) Litigation. There is no pending action, suit, proceeding, arbitration, mediation, complaint, claim, charge or investigation before any court, arbitrator, mediator or governmental body, or to the Company's knowledge, currently threatened in writing (a) against the Company or (b) against any consultant, officer, manager, director or key employee of the Company arising out of his or her consulting, employment or board relationship with the Company or that could otherwise materially impact the Company.

4. Representations and Warranties of Subscriber. By executing this Subscription Agreement, Subscriber (and, if Subscriber is purchasing the Securities subscribed for hereby in a fiduciary capacity, the person or persons for whom Subscriber is so purchasing) represents and warrants, which

representations and warranties are true and complete in all material respects as of the date of the Subscriber's Closing Date(s):

(a) Requisite Power and Authority. Such Subscriber has all necessary power and authority under all applicable provisions of law to execute and deliver this Subscription Agreement, the Operating Agreement and other agreements required hereunder and to carry out their provisions. All action on Subscriber's part required for the lawful execution and delivery of this Subscription Agreement and other agreements required hereunder have been or will be effectively taken prior to the Closing. Upon their execution and delivery, this Subscription Agreement and other agreements required hereunder will be valid and binding obligations of Subscriber, enforceable in accordance with their terms, except (a) as limited by applicable bankruptcy, insolvency, reorganization, moratorium or other laws of general application affecting enforcement of creditors' rights and (b) as limited by general principles of equity that restrict the availability of equitable remedies.

(b) Investment Representations. Subscriber understands that the Securities have not been registered under the Securities Act. Subscriber also understands that the Securities are being offered and sold pursuant to an exemption from registration contained in the Act based in part upon Subscriber's representations contained in this Subscription Agreement.

(c) Illiquidity and Continued Economic Risk. Subscriber acknowledges and agrees that there is no ready public market for the Securities and that there is no guarantee that a market for their resale will ever exist. Subscriber must bear the economic risk of this investment indefinitely and the Company has no obligation to list the Securities on any market or take any steps (including registration under the Securities Act or the Securities Exchange Act of 1934, as amended) with respect to facilitating trading or resale of the Securities. Subscriber acknowledges that Subscriber is able to bear the economic risk of losing Subscriber's entire investment in the Securities. Subscriber also understands that an investment in the Company involves significant risks and has taken full cognizance of and understands all of the risk factors relating to the purchase of Securities.

(d) Resales. Subscriber agrees that during the one-year period beginning on the date on which it acquired Securities pursuant to this Subscription Agreement, it shall not transfer such Securities except:

(i) To the Company;

(ii) To an "accredited investor" within the meaning of Rule 501 of Regulation D under the Securities Act;

(iii) As part of an offering registered under the Securities Act with the SEC; or

(iv) To a member of the Subscriber's family or the equivalent, to a trust controlled by the Subscriber, to a trust created for the benefit of a member of the family of the Subscriber or equivalent, or in connection with the death or divorce of the Subscriber or other similar circumstance.

(e) Investment Limits. Subscriber represents that either:

(i) Either of Subscriber's net worth or annual income is less than \$107,000, and that the

amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is either less than (A) 5% of the lower of its annual income or net worth, or (B) \$2,200; or

(ii) Both of Subscriber's net worth and annual income are more than \$107,000, and that the amount it is investing pursuant to this Subscription Agreement, together with all other amounts invested in offerings under Section 4(a)(6) of the Securities Act within the previous 12 months, is less than 10% of the lower of its annual income or net worth, and does not exceed \$107,000.

(f) Subscriber information. Within five days after receipt of a request from the Company, the Subscriber hereby agrees to provide such information with respect to its status as a shareholder (or potential shareholder) and to execute and deliver such documents as may reasonably be necessary to comply with any and all laws and regulations to which the Company is or may become subject. **Subscriber further agrees that in the event it transfers any Securities, it will require the transferee of such Securities to agree to provide such information to the Company as a condition of such transfer.**

(g) Company Information. Subscriber has read the Offering Statement. Subscriber understands that the Company is subject to all the risks that apply to early-stage companies, whether or not those risks are explicitly set out in the Offering Materials. Subscriber has had an opportunity to discuss the Company's business, management and financial affairs with managers, officers and management of the Company and has had the opportunity to review the Company's operations and facilities. Subscriber has also had the opportunity to ask questions of and receive answers from the Company and its management regarding the terms and conditions of this investment. Subscriber acknowledges that except as set forth herein, no representations or warranties have been made to Subscriber, or to Subscriber's advisors or representative, by the Company or others with respect to the business or prospects of the Company or its financial condition.

(h) Valuation. The Subscriber acknowledges that the price of the Securities was set by the Company on the basis of the Company's internal valuation and no warranties are made as to value. The Subscriber further acknowledges that future offerings of Securities may be made at lower valuations, with the result that the Subscriber's investment will bear a lower valuation.

(i) Domicile. Subscriber maintains Subscriber's domicile (and is not a transient or temporary resident) at the address shown on the signature page.

(j) Foreign Investors. If Subscriber is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), Subscriber hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Securities or any use of this Subscription Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Securities, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Securities.

Subscriber's subscription and payment for and continued beneficial ownership of the Securities will not violate any applicable securities or other laws of the Subscriber's jurisdiction.

5. Revisions to Manner of Holding.

In the event that statutory or regulatory changes are adopted such that it becomes possible for companies whose purpose is limited to acquiring, holding and disposing of securities issued by a single company ("Crowdfunding SPVs") to make offerings under Section 4(a)(6) of the Securities Act, Subscriber agrees to exchange the Securities for securities issued by a Crowdfunding SPV in a transaction complying with the requirements of Section 3(a)(9) of the Securities Act. Subscriber agrees that in the event the Subscriber does not provide information sufficient to effect such exchange in a timely manner, the Company may repurchase the Securities at a price to be determined by the Board of Directors. Subscriber further agrees to transfer its holdings of securities issued under Section 4(a)(6) of the Securities Act into "street name" in a brokerage account in Subscriber's name, provided that the Company pay all costs of such transfer. Subscriber agrees that in the event the Subscriber does not provide information sufficient to effect such transfer in a timely manner, the Company may repurchase the Securities at a price to be determined by the Board of Directors.

6. Indemnity.

The representations, warranties and covenants made by the Subscriber herein shall survive the closing of this Agreement. The Subscriber agrees to indemnify and hold harmless the Company and its respective officers, directors and affiliates, and each other person, if any, who controls the Company within the meaning of Section 15 of the Securities Act against any and all loss, liability, claim, damage and expense whatsoever (including, but not limited to, any and all reasonable attorneys' fees, including attorneys' fees on appeal) and expenses reasonably incurred in investigating, preparing or defending against any false representation or warranty or breach of failure by the Subscriber to comply with any covenant or agreement made by the Subscriber herein or in any other document furnished by the Subscriber to any of the foregoing in connection with this transaction.

7. Governing Law: Jurisdiction. This Subscription Agreement shall be governed and construed in accordance with the laws of the State of %%STATE_INCORPORATED%%.

EACH OF THE SUBSCRIBERS AND THE COMPANY CONSENTS TO THE JURISDICTION OF ANY STATE OR FEDERAL COURT OF COMPETENT JURISDICTION LOCATED WITHIN THE STATE OF %%STATE_INCORPORATED%%, AND NO OTHER PLACE AND IRREVOCABLY AGREES THAT ALL ACTIONS OR PROCEEDINGS RELATING TO THIS SUBSCRIPTION AGREEMENT MAY BE LITIGATED IN SUCH COURTS. EACH OF SUBSCRIBERS AND THE COMPANY ACCEPTS FOR ITSELF AND HIMSELF AND IN CONNECTION WITH ITS AND HIS RESPECTIVE PROPERTIES, GENERALLY AND UNCONDITIONALLY, THE EXCLUSIVE JURISDICTION OF THE AFORESAID COURTS AND WAIVES ANY DEFENSE OF FORUM NON CONVENIENS, AND IRREVOCABLY AGREES TO BE BOUND BY ANY JUDGMENT RENDERED THEREBY IN CONNECTION WITH THIS SUBSCRIPTION AGREEMENT. EACH OF SUBSCRIBERS AND THE COMPANY FURTHER IRREVOCABLY CONSENTS TO THE SERVICE OF PROCESS OUT OF ANY OF THE AFOREMENTIONED COURTS IN THE MANNER AND IN THE ADDRESS SPECIFIED IN SECTION 9 AND THE SIGNATURE PAGE OF THIS SUBSCRIPTION AGREEMENT.

EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ALL RIGHT TO TRIAL BY JURY IN ANY ACTION, PROCEEDING OR COUNTERCLAIM (WHETHER BASED IN CONTRACT, TORT OR OTHERWISE) ARISING OUT OF OR RELATING TO THIS

(e) In the event any part of this Subscription Agreement is found to be void or unenforceable,

the remaining provisions are intended to be separable and binding with the same effect as if the void or unenforceable part were never the subject of agreement.

(f) The invalidity, illegality or unenforceability of one or more of the provisions of this Subscription Agreement in any jurisdiction shall not affect the validity, legality or enforceability of the remainder of this Subscription Agreement in such jurisdiction or the validity, legality or enforceability of this Subscription Agreement, including any such provision, in any other jurisdiction, it being intended that all rights and obligations of the parties hereunder shall be enforceable to the fullest extent permitted by law.

(g) This Subscription Agreement supersedes all prior discussions and agreements between the parties with respect to the subject matter hereof and contains the sole and entire agreement between the parties hereto with respect to the subject matter hereof.

(h) The terms and provisions of this Subscription Agreement are intended solely for the benefit of each party hereto and their respective successors and assigns, and it is not the intention of the parties to confer, and no provision hereof shall confer, third-party beneficiary rights upon any other person.

(i) The headings used in this Subscription Agreement have been inserted for convenience of reference only and do not define or limit the provisions hereof.

(j) This Subscription Agreement may be executed in any number of counterparts, each of which will be deemed an original, but all of which together will constitute one and the same instrument.

(k) If any recapitalization or other transaction affecting the stock of the Company is affected, then any new, substituted or additional securities or other property which is distributed with respect to the Securities shall be immediately subject to this Subscription Agreement, to the same extent that the Securities, immediately prior thereto, shall have been covered by this Subscription Agreement.

(l) No failure or delay by any party in exercising any right, power or privilege under this Subscription Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by law.

THIS INSTRUMENT AND THE SECURITIES ISSUABLE UPON THE CONVERSION HEREOF HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "ACT"). THEY MAY NOT BE SOLD, OFFERED FOR SALE, PLEDGED, HYPOTHECATED, OR OTHERWISE TRANSFERRED EXCEPT IN COMPLIANCE WITH THE ACT. FOR ONE YEAR FROM THE DATE OF THIS INSTRUMENT, SECURITIES SOLD IN RELIANCE ON REGULATION CROWDFUNDING UNDER THE ACT MAY ONLY BE TRANSFERRED TO THE COMPANY, TO AN "ACCREDITED INVESTOR" WITHIN THE MEANING OF RULE 501 OF REGULATION D UNDER THE ACT, AS PART OF AN OFFERING REGISTERED UNDER THE SECURITIES ACT WITH THE SECURITIES AND EXCHANGE COMMISSION (THE "SEC"), OR TO A MEMBER OF INVESTOR'S FAMILY OR THE EQUIVALENT, TO A TRUST CONTROLLED BY THE INVESTOR, TO A TRUST CREATED FOR THE BENEFIT OF A MEMBER OF THE FAMILY OF THE INVESTOR OR EQUIVALENT, OR IN CONNECTION WITH THE DEATH OR DIVORCE OF THE INVESTOR OR OTHER SIMILAR CIRCUMSTANCE. THE SECURITIES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE SEC, ANY STATE SECURITIES COMMISSION OR OTHER REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON THE MERITS OF THIS OFFERING OR THE ADEQUACY OR ACCURACY OF THE SUBSCRIPTION AGREEMENT OR ANY

OTHER MATERIALS OR INFORMATION MADE AVAILABLE TO INVESTOR IN CONNECTION WITH THIS OFFERING. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL.

**CONVERTIBLE PROMISSORY NOTE
SERIES 2019 - CF**

\$\$\$VESTING_AMOUNT\$\$\$ \$\$\$TODAY\$\$\$

For value received %NAME_OF_ISSUER%, a %STATE_INCORPORATED% corporation (the "Company"), promises to pay to %VESTING_AS%, the investor party hereto ("Investor") who is recorded in the books and records of the Company as having subscribed to this convertible promissory note (the "Note") the principal amount set forth above and on the signature page of his/her subscription agreement (the "Subscription Agreement"), together with accrued and unpaid interest thereon, each due and payable on the date and in the manner set forth below. This Note is issued as part of a series of similar convertible promissory notes issued by the Company pursuant to Regulation Crowdfunding (collectively, the "Crowdfunding Notes") to qualified purchasers on the funding portal StartEngine Capital LLC (collectively, the "Investors").

1. Repayment. All payments of interest and principal shall be in lawful money of the United States of America and shall be made pro rata among all Investors. All payments shall be applied first to accrued interest, and thereafter to principal. The outstanding principal amount of the Note shall be due and payable on May 1, 2021 (the "Maturity Date").

2. Interest Rate. The Company promises to pay simple interest on the outstanding principal amount hereof from the date hereof until payment in full, which interest shall be payable at the rate of %INTEREST_RATE% % per annum or the maximum rate permissible by law, whichever is less. Interest shall be due and payable on the Maturity Date and shall be calculated on the basis of a 365-day year for the actual number of days elapsed.

3. Conversion; Repayment Premium Upon Sale of the Company.

(a) In the event that the Company issues and sells shares of its stock to investors (the "**Equity Investors**") on or before the date of the repayment in full of this Note in a transaction or series of transactions pursuant to which the Company issues and sells shares of its stock resulting in gross proceeds to the Company of at least \$2,000,000.00 (excluding the conversion of the Notes and any other debt) (a "**Qualified Financing**"), then it converts into Common Stock at conversion price equal to the lesser of (i) 80% of the per share price paid by the Investors or (ii) the price equal to the quotient of \$6,000,000.00 divided by the aggregate number of outstanding common shares of the Company as of immediately prior to the initial closing of the Qualified Financing (assuming full conversion or exercise of all convertible and exercisable securities then outstanding other than the Notes.)

(b) If the conversion of the Note would result in the issuance of a fractional share, the Company shall, in lieu of issuance of any fractional share, pay the Investor otherwise entitled to such fraction a sum in cash equal to the product resulting from multiplying the then current fair market value of one share of the class and series of capital stock into which this Note has converted by such fraction.

(c) Notwithstanding any provision of this Note to the contrary, if the Company consummates a Sale of the Company (as defined below) prior to the conversion or repayment in full of this Note, then (i) the Company will give the Investor at least 15 days prior written notice of the anticipated closing date of such Sale of the Company and (ii) at the closing of such Sale of the Company, in full satisfaction of the Company's obligations under this Note, the Company will pay to the Investor an aggregate amount equal to the greater of (a) the aggregate amount of the principal and all unaccrued and unpaid interest under this Note or (b) the amount the Investor would have been entitled to receive in connection with such Sale of the Company if the aggregate amount of principal and interest then outstanding under this Note had been converted into shares of Common Stock of the Company pursuant to Section 3(a) immediately prior to the closing of such Sale of the Company.

(d) For the purposes of this Note: "**Sale of the Company**" shall mean (i) any consolidation or merger of the Company with or into any other corporation or other entity or person, or any other corporate reorganization, other than any such consolidation, merger or reorganization in which the stockholders of the Company immediately prior to such consolidation, merger or reorganization, continue to hold at least a majority of the voting power of the surviving entity in substantially the same proportions (or, if the surviving entity is a wholly owned subsidiary, its parent) immediately after such consolidation, merger or reorganization; (ii) any transaction or series of related transactions to which the Company is a party in which in excess of 50% of the Company's voting power is transferred; *provided, however*, that a Sale of the Company shall not include any transaction or series of transactions principally for bona fide equity financing purposes in which cash is received by the Company or any successor or indebtedness of the Company is cancelled or converted or a combination thereof; or (iii) a sale, lease, exclusive license or other disposition of all or substantially all of the assets of the Company.

4. Maturity. Unless this Note has been previously converted in accordance with the terms of this Note, the entire outstanding principal balance and all unpaid accrued interest shall automatically be converted into Common Stock at a price per security equal to the quotient of \$6,000,000.00 divided by the aggregate number of outstanding common shares of the Company as of immediately prior to the conversion of these Notes (assuming full conversion or exercise of all convertible and exercisable securities then outstanding other than the Notes.) as soon as reasonably practicable following the Maturity Date.

5. Expenses. In the event of any default hereunder, the Company shall pay all reasonable attorneys' fees and court costs incurred by Investor in enforcing and collecting this Note.

6. Prepayment. The Company may not prepay this Note prior to the Maturity Date without the written consent of 51% in interest of the Investors.

7. Default. In the event of any "**Event of Default**" hereunder, the Convertible Notes shall accelerate and all principal and unpaid accrued interest shall become due and payable. Each of the following shall constitute an "**Event of Default**", provided, however that the 51% of the interest of Investors may waive any Event of Default as set forth:

- a) The Company's failure to pay when due any amount payable by it hereunder and such failure continues uncured for 10 business days.
- b) The Company's failure to comply with any of its reporting obligations under Regulation Crowdfunding and such failure continues uncured for 10 business days.
- c) Voluntary commencement by the Company of any proceedings to have itself adjudicated as bankrupt.
- d) The entry of an order or decree under any bankruptcy law that adjudicates the Company as bankrupt, where the order or decree remains unstayed and in effect for 90 days after such entry.
- e) The entry of any final judgment against the Company for an amount in excess of \$100,000, if undischarged, unbonded, undismissed or not appealed within 30 days after such entry.
- f) The issuance or entry of any attachment or the receipt of actual notice of any lien against any of the property of the Company, each for an amount in excess of \$100,000, if undischarged, unbonded, undismissed or not being diligently contested in good faith in appropriate proceedings within 30 days after such issuance, entry or receipt.
- g) Any representation or warranty made by the Company under the Convertible Note Subscription Agreement shall prove to have been false or misleading in any material respect when made or deemed to have been made; provided that no Event of Default will occur under this clause if the underlying issue is capable of being remedied and is remedied within 30 days of the earlier of the Company becoming aware of the issue.

8. Waiver. The Company hereby waives demand, notice, presentment, protest and notice of dishonor.

9. Governing Law. This Note shall be governed by and construed under the laws of the state of %%STATE_INCORPORATED%%, as applied to agreements among %%STATE_INCORPORATED%% residents, made and to be performed entirely within the state of %%STATE_INCORPORATED%%, without giving effect to conflicts of laws principles.

10. Parity with Other Notes. The Company's repayment obligation to the Investor under this Note shall be on parity with the Company's obligation to repay all Notes issued pursuant to the Agreement. In the event that the Company is obligated to repay the Notes and does not have sufficient funds to repay the Notes in full, payment shall be made to Investors of the Notes on a pro rata basis. The preceding sentence shall not, however, relieve the Company of its obligations to the Investor hereunder.

11. Modification; Waiver. Any term of this Note may be amended or waived with the written consent of the Company and 51% in interest of investors.

12. Assignment. Subject to compliance with applicable federal and state securities laws (including the

restrictions described in the legends to this Note), this Note and all rights hereunder are transferable in whole or in part by the Investor to any person or entity upon written notice to the Company. Thereupon, this Note shall be registered in the Company's books and records in the name of, the transferee. Interest and principal shall be paid solely to the registered holder of this Note. Such payment shall constitute full discharge of the Company's obligation to pay such interest and principal.

13. Electronic Signature. The Company has signed this Note electronically and agrees that its electronic signature is the legal equivalent of its manual signature on this Note.
