

The Premier Video Commerce Platform

Ajay Bam - CEO & Co-Founder
ajay@vyrill.com

Endorsed by

FORRESTER®

Convert consumer video habits and video data into revenue

Vyrill, a video commerce company, helps brands and retailers increase revenue and find new customers by leveraging commerce video such as authentic and branded video reviews, feedback, unboxing, how to videos etc. from social media, web or direct from smartphones for insights, demand-generation and content marketing.

Vyrill is a google for commerce videos and Vyrill can google inside the video to enable video commerce

The Retailer/Brand Problem :

Making massive user generated commerce video content useful

Video content on
35+ platforms / web

Content on
Phones

How can I know **who is talking** about my brand and **what they are saying** (inside the videos)?

How do I find the **best video reviews** for my products?

What about **my competitors**?

I would love to add authentic video **reviews, unboxing** to my product page

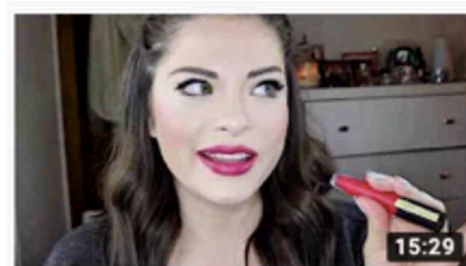

Digging manually through millions of videos on 30+ platforms and 48+ languages consumes time and \$\$, resulting in missed marketing opportunities

Vyrill Core Technology – Google for video

Matching millions of commerce videos to products, categories, brands, & keywords across multiple platforms

Revlon Super
Lustrous Lipstick

Porsche Panamera
2019

Cheez-It
Scrabble Junior

Vyrill's Core Technology – Google inside the video

analyzes video text, audio and images with 8 Video Data Sets

DEMOGRAPHICS & DIVERSITY 🧑🧑🧑

See age, gender, and ethnicity data for any video or collection and fill your gaps diversity wise.

VIDEO STATS DATA 📊

See vitals like the activity of likes, comments and views, and number of followers.

TRENDING CONTENT 📈

Sort by videos and influencers that had an increase in likes, views, shares, and comments.

BRAND SAFETY ⚠️

Detect unsafe language and scenes to ensure only brand safe influencers and videos.

😊 SENTIMENT

Identify positive and negative reviews and comments.

🖼️ SCENE

Identify the scenery in a video such as an object, logo, environment or landmark.

📄 TRANSCRIPTS

Search by keywords or phrases for both relevance and to discover popular words.

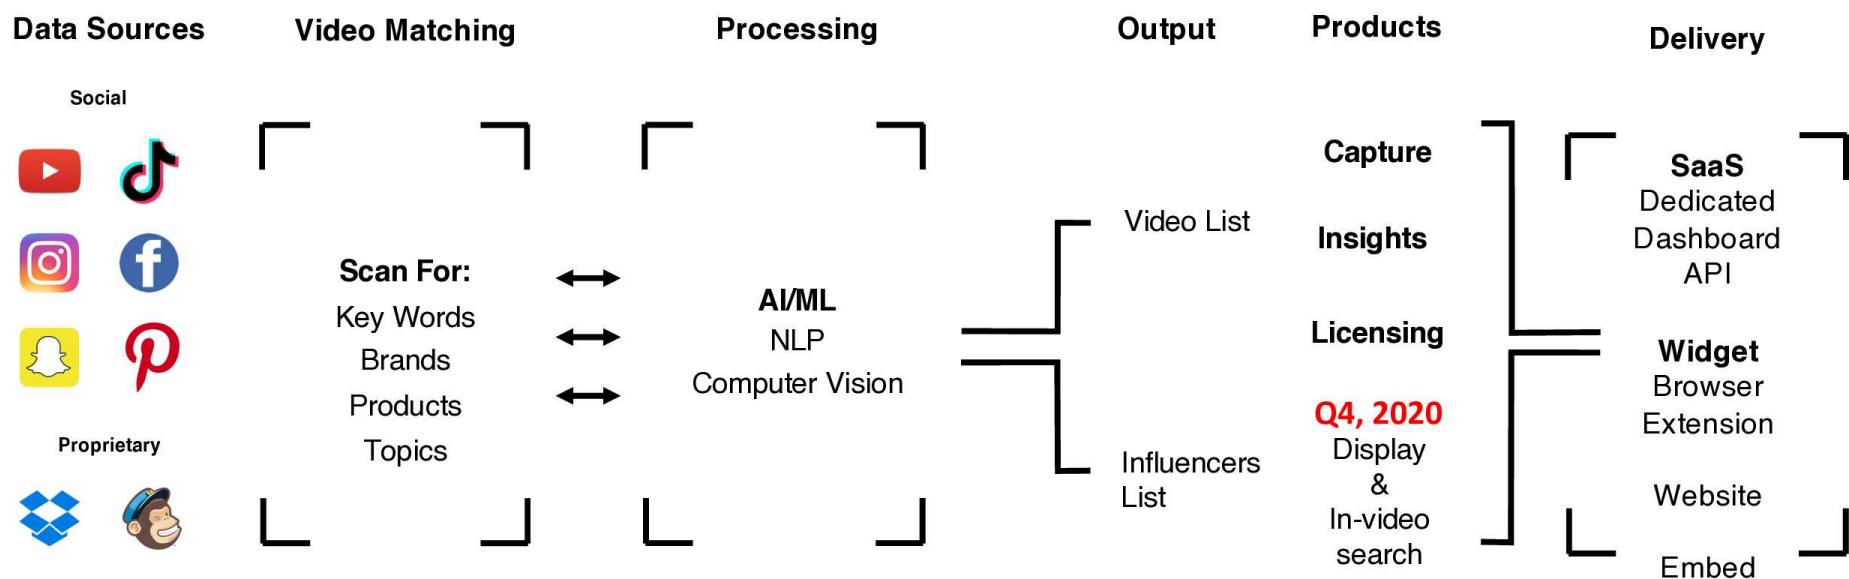

💬 TOPICS

Identify and filter by topics such as tutorials and reviews to easily understand a videos purpose.

Enables the most powerful in-video search in the market

Vyrill Product - unlock the potential of what's inside the video.

Capture, match, analyze and leverage **at massive scale**

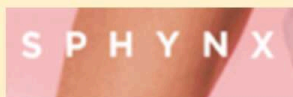

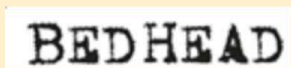

Our customers – Brands/Retailers
