Last Mile Delivery Problem

Large | Oversized item moving or delivery: includes furniture, major appliances, large TVs and others (building materials).

Don't fit into a car and require delivery

High delivery cost and long lead times

The market is “hyper fragmented” with no major industry player

Money left on table due to non visibility & easy accessibility of movers

Can't keep pace with growing online businesses for short move & deliveries

Our Solution

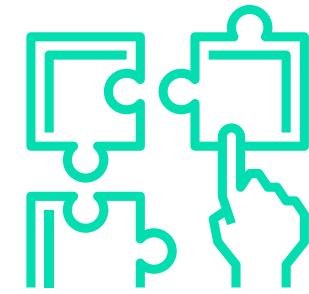

VanMile is a technology platform

Offers On-Demand Delivery and Moving Service capabilities for both home and business users through a Smartphone App.

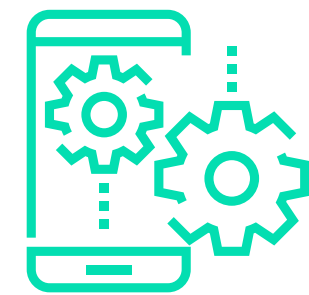

Current offering in 12 markets

Provides consumers with more options with less hassle for moving and buying products that normally require assistance or delivery, gives businesses more ability to reach customers, and greater consumer product access.

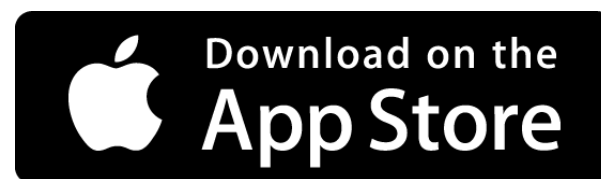

VanMile solves an unmet need

Connects people who need moving and/or delivery help with qualified helpers and their trucks like Uber does for ridesharing.

Available for both Android and iOS
