PicMii does not make investment recommendations and no communication through this website or in any other medium should be construed as a recommendation for any security offered on or off this investment platform. Equity crowdfunding investments in private placements, Regulation A, D and CF offerings, and start-up investments in particular are speculative and involve a high degree of risk and those investors who cannot afford to lose their entire investment should not invest in start-ups. Companies seeking startup investments through equity crowdfunding tend to be in earlier stages of development and their business model, products and services may not yet be fully developed, operational or tested in the public marketplace. There is no guarantee that the stated valuation and other terms are accurate or in agreement with the market or industry valuations. Additionally, investors may receive illiquid and/or restricted stock that may be subject to holding period requirements and/or liquidity concerns. In the most sensible investment strategy for start-up investing, start-ups should only be part of your overall investment portfolio. Further, the start-up portion of your portfolio may include a balanced portfolio of different start-ups. Investments in startups

are highly illiquid and those investors who cannot hold an investment for the long term (at least 5-7 years) should not invest.

The following year, he was an instrumental piece that helped the New England Patriots win a Super Bowl, catching 6 touchdowns from legendary Tom Brady during that season. Understanding the platform, he achieved becoming a Champion and the knowledge he acquired about the business of professional sports, he felt this was an opportunity to develop business ventures for his life after the game. Wright is a visionary and strategic thinker who is in touch with the world’s social shifts and trends and how they relate to a product/company such as Dome Audio. His background and experience give him the instinctive ability to suggest strategies that will maximize its impact on Dome's consumer base.

Business and Anticipated Business Plan

6. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

Dome Audio Inc. was founded in 2017 under the original name of “Dome Beats, LLC”. The company's goal is to offer premium audio headphones to consumers worldwide. Dome Audio is the producer of a Surround Sound Bone Conduction Headphone, which provides both open and closed ear listening. Closed ear listening is achieved by attaching Dome's noise cancellation covers. Dome Audio holds three patents for its headphone design. Dome Audio plans to sell its products through its website, strategic boutique partnerships and eventually its own boutique stores, positioned strategically around the world. In parallel to establishing a presence in the market, Dome plans to collaborate with other brands, celebrities, ambassadors, and social media influencers to scale its business. Dome Audio currently has 2 employees.

Risk Factors

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

7. Material factors that make an investment in Dome Audio Inc. Speculative or Risky:

1. If the company is unable to raise additional capital on acceptable terms, it may be unable to complete planned prototypes, testing, production, etc., or otherwise commercialize its products.
2. Because the company expects to generate operating losses for the foreseeable future, it may not achieve profitability for some time, if at all. The company is in an early stage of development and, therefore, has a limited history of operations.
3. Because the company is focused on product development, the company has not generated any product revenues to date. The company has incurred losses each year of its operations and expects to continue to incur losses for the foreseeable future.
4. There can be no assurance that the company will ever generate sufficient commercial sales or achieve profitability. Should this be the case, investors could lose their entire investment.
5. The company will require substantial future capital in order to continue to conduct the development and production activities necessary to bring the product to market. There can be no assurance that additional funding will be available on acceptable terms. Failure to satisfy our capital requirements will adversely affect the company's business, financial condition and results of operations because the company would be left without the capital required to complete product development, or establish sales, marketing and manufacturing capabilities.
6. The company is faced with all of the risks associated with a company in the early stage of development. In addition, the company's business is subject to numerous risks associated with a new company engaged in production of consumer electronics. Such risks include, among other things, competition from well-established and well-capitalized companies, and unanticipated production difficulties such product redesigns, failure to acquire quality components and parts on favorable prices, problems with product quality control, and product recalls.
7. The U.S. Securities and Exchange Commission does not pass upon the merits of any Securities offered or the terms of the Offering, nor does it pass upon the

accuracy or completeness of any offering document or literature. You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering.

8. Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company. The securities being offered have not been registered under the Securities Act of 1933 (the "Securities Act"), in reliance on exemptive provisions of the Securities Act. Similar reliance has been placed on apparently available exemptions from securities registration or qualification requirements under applicable state securities laws. No assurance can be given that any offering currently qualifies or will continue to qualify under one or more of such exemptive provisions due to, among other things, the adequacy of disclosure and the manner of distribution, the existence of similar offerings in the past or in the future, or a change of any securities law or regulation that has retroactive effect. If, and to the extent that, claims or suits for rescission are brought and successfully concluded for failure to register any offering or other offerings or for acts or omissions constituting offenses under the Securities Act, the Securities Exchange Act of 1934, or applicable state securities laws, the Company could be materially adversely affected, jeopardizing the Company's ability to operate successfully. Furthermore, the human and capital resources of the Company could be adversely affected by the need to defend actions under these laws, even if the Company is ultimately successful in its defense.
9. The Company has the right to extend the Offering Deadline, conduct multiple closings, or end the Offering early. The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Minimum Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment up to 48 hours before an Offering Deadline, if you choose to not cancel your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Minimum Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Minimum Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. If the Company reaches the target offering amount prior to the Offering Deadline, they may conduct the first of multiple closings of the Offering prior to the Offering Deadline, provided that the Company gives notice to the investors of the closing at least five business days prior to the closing (absent a material change that would require an extension of the Offering and

reconfirmation of the investment commitment). Thereafter, the Company may conduct additional closings until the Offering Deadline. The Company may also end the Offering early; if the Offering reaches its target offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

10. The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering. Despite that the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the allocation of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.
11. The Securities issued by the Company will not be freely tradable until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney. You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Securities. Because the Securities offered in this Offering have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the shares of Securities may also adversely affect the price that you might be able to obtain for the shares of Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Investors in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.
12. Investors will not be entitled to any inspection or information rights other than those required by Regulation CF. Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory, or

otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders.

13. There is no present market for the Securities, and we have arbitrarily set the price. The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.
14. Current trends indicate that the economic recovery process will begin soon. However, it is likely to be a slow process, and it will probably take several years to complete recovery, and full growth is achieved. We assess the risk of major depression to be low.
15. There is a high risk that new competitors will arrive in the relevant marketplace. Dome's continuous management improvement strategy and cost control methods will help us to stay on top of customer preference. The headphone customer buying patterns are not likely to significantly change over the next five years. Besides, the population growth predicted in the area will increase the chances to maintain and boost sales.
16. According to expert estimates, the inflation rate is likely to remain under control over the next five years. We have accounted for a 2 percent annual inflation rate. All of Dome's operations are in U.S. dollars, and both equipment and materials are manufactured in the United States and Taiwan. No currency risk is accounted for at the time of this writing.
17. U.S. taxation and economic policy changes: These changes are likely to occur, and it is not clear how they might influence Dome's financial performance. That is another reason why Dome estimates are conservative. This risk is high.
18. In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.
19. THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PERSON CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER

FACTORS SET FORTH IN THIS OFFERING STATEMENT AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

10. How will the issuer complete the transaction and deliver securities to the investors?

(a paper certificate will not be printed) or that the Company is capable of maintaining investment records on their own. In Dome Audio's case, they will be managing their records on their own unless they decide to do otherwise in the future.

Stock ownership is recorded in Dome Audio's electronic books and records, which may be kept online if directed by the Board, with issuance and transfers of stock made electronically.

11. How can an investor cancel an investment commitment?

You may cancel an investment commitment for any reason until 48 hours prior to the deadline identified in the offering. PicMii will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). PicMii Crowdfunding will notify investors when the target offering amount has been met. If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment. If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

Thereafter, we may conduct additional closings until the offering deadline. We will issue Securities in connection with each closing. Oversubscriptions will be allocated on a first come, first served basis. 16. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Amount Authorized	Amount Outstanding	Voting Rights	Other Rights
Common stock	52,762,500	50,000,000	Yes	N/A

Options, Warrants and Other Rights

17. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of securities?

The company previously issued convertible debt to early seed investors in the aggregate principal amount of \$180,500 ("Convertible Debt"). If converted, the Convertible Debt will dilute your ownership. Other than the Convertible Debt the company has no other outstanding convertible securities, such as options or warrants. The conversion price of the Convertible Debt is not a specific price or formula but is implied to be at market value. We are unable to calculate or advise you how many shares of our common stock will be issued when the debt is converted and therefore, we cannot project the extent of dilution. Some of the Convertible Debt is

technically in default because the maturity date has passed. If some of the debt holders demand payment in cash it may deplete the Company's cash resources and decrease the value of your holdings.

18. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer? No.

19. How could the exercise of rights held by the principal owners identified in Question 5 above affect the purchasers of Securities being offered?

The holder of a majority of the voting rights in the company may make decisions with which you disagree, or that negatively affect the value of your investment in the company, and you will have no recourse to change those decisions. Your interests may conflict with the interests of other investors, and there is no guarantee that the company will develop in a way that is advantageous to you. For example, the majority shareholder may decide to issue additional shares to new investors, sell convertible debt instruments with beneficial conversion features, or make decisions that affect the tax treatment of the company in ways that may be unfavorable to you. Based on the risks described above, you may lose all or part of your investment in the securities that you purchase, and you may never see positive returns.

20. How are the securities being offered valued?

The securities being offered are valued at the issuer's discretion. An early-stage company typically sells its shares (or grants options over its shares) to its founders and early employees at a very low cash cost, because they are, in effect, putting their "sweat equity" into the company. When the company seeks cash investments from outside investors, like you, the new investors typically pay a much larger sum for their shares than the founders or earlier investors, which means that the cash value of your stake is immediately diluted because each share of the same type is worth the same amount, and you paid more for your shares than earlier investors did for theirs.

There are several ways to value a company, and none of them is perfect and all of them involve a certain degree of guesswork. Any of these methods, plus others, may be used to determine valuation in the future:

Liquidation Value — The amount for which the assets of the company can be sold, minus the liabilities owed, e.g., the assets of a bakery include the cake mixers, ingredients, baking tins, etc. The liabilities of a bakery include the cost of rent or mortgage on the bakery. However, this value does not reflect the potential value of a business, e.g., the value of the secret recipe. The value for most startups lies in their potential, as many early stage companies do not have many assets.

Book Value — This is based on analysis of the company's financial statements, usually looking at the company's balance sheet as prepared by its accountants. However, the balance sheet only looks at costs (i.e., what was paid for the asset), and does not consider whether the asset has increased in value over time. In addition, some intangible assets, such as patents, trademarks or trade names, are very valuable but are not usually represented at their market value on the balance sheet.

Earnings Approach — This is based on what the investor will pay (the present value) for what the investor expects to obtain in the future (the future return), taking into account inflation, the lost opportunity to participate in other investments, the risk of not receiving the return. However, predictions of the future are uncertain and valuation of future returns is a best guess.

Different methods of valuation produce a different answer as to what your investment is worth. Typically, liquidation value and book value will produce a lower valuation than the earnings approach. However, the earnings approach is also most likely to be risky as it is based on many assumptions about the future, while liquidation value and book value are much more conservative.

Future investors (including people seeking to acquire the company) may value the company differently. They may use a different valuation method, or different assumptions about the company's business and its market. Different valuations may mean that the value assigned to your investment changes. It frequently happens that when a large institutional investor such as a venture capitalist makes an investment in a company, it values the company at a lower price than the initial investors did. If this happens, the value of the investment would go down.

21. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

The company's Certificate of Incorporation or Bylaws can be amended by the holders of a majority of the issued and outstanding shares of the Company. As minority owners, the crowdfunding investors are subject to the decisions made by the majority owners. The issued and outstanding shares of common stock give management voting control of the company. As a minority owner, you may be outvoted on issues that impact your investment, such as, among other things: (a) the liquidation, dissolution or winding up of the company, or effecting any merger or consolidation; (b) amendment of any provision of the Certificate of Incorporation or Bylaws; (c) creation and issuance of other securities having rights, preferences or privileges

senior to the common stock sold to the crowdfunding investors, or increasing the authorized number of shares of stock of the company; or (d) creation of any debt security.

22. What are the risks to purchasers associated with corporate actions including?

- 1. Additional issuances of securities**
- 2. Issuer repurchases of securities.**
- 3. A sale of the issuer or of assets of the issuer**
- 4. Transactions with related parties**

The authorization and issuance of additional shares of the company's common stock will dilute the ownership of the crowdfunding investors. As a result, if the company achieves profitable operations in the future, its net income per share will be reduced because of dilution, and the market price of the company's common stock, if there is a market price, could decline as a result of the additional issuances of securities. If the company repurchases securities, so that the above risk is mitigated, and there are fewer shares of common stock outstanding, the company may not have enough cash available for marketing expenses, growth, or operating expenses to reach our goals. If we do not have enough cash to operate and grow, we anticipate the market price of our securities would decline. A sale of the company or of all of the assets of the company may result in an entire loss of your investment. We cannot predict the market value of the company or its assets, and the proceeds of a sale may not be cash, but instead, unmarketable securities, or an assumption of liabilities. It is unlikely that in the near term, a sale would result in a premium that is significant enough over book value to generate a return to our investors. We may need to negotiate with a related party for additional capital. No assurance can be given that such funds will be available or, if available, will be on commercially reasonable terms satisfactory to us. Even if such financing is available, it may be on terms that are materially adverse to your interests with respect to dilution of book value, dividend preferences, liquidation preferences, or other terms.

23. Describe the material terms of any indebtedness of the issuer:

Creditor(s)	Amount Outstanding	Interest Rate	Maturity Date
Private Investor (s)	\$407,907	7%	December 25, 2025

*All notes can convert to equity at the discretion of the holder.

A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in Note 3, certain conditions indicate that the Company may be unable to continue as a going concern. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

As of December 31, 2018 and 2017 and for the year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017

NOTE 1: NATURE OF OPERATIONS

Dome Audio, LLC (the “Company”), is a limited liability company organized April 3, 2017 under the laws of Delaware. The Company produces original headphone designs, one of them being the Dome speakers.

As of December 31, 2018, the Company has not commenced planned principal operations nor generated revenue. The Company’s activities have consisted of formation activities, research and development, and capital raising. Once the Company commences its planned principal operations, it will incur significant additional expenses. The Company is dependent upon additional capital resources for the commencement of its planned principal operations and is subject to significant risks and uncertainties; including failing to secure funding to operationalize the Company’s planned operations or failing to profitably operate the business.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America (GAAP). The Company has adopted the calendar year as its basis of reporting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash Equivalents

The Company considers all highly liquid securities with an original maturity of less than three months to be cash equivalents. The Company’s cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits. As of December 31, 2018, and 2017, the Company’s cash balances did not exceed federally insured limits.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are carried at their estimated collectible amounts. Accounts receivable are periodically evaluated for collectability based on past credit history with clients and other factors. Provisions for losses on accounts receivable are determined on the basis of loss experience, known and inherent risk in the account balance, and current economic conditions. As of December 31, 2018 and 2017, the Company had no receivables.

Property and Equipment and Intangible Assets

The Company has a policy to capitalize expenditures with useful lives in excess of one year and costs exceeding \$1,000 as property and equipment and depreciates such assets on a straight-line basis over estimated useful lives, which is currently estimated at 5 years for the Company’s equipment.

DOME AUDIO, LLC

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

As of December 31, 2018 and 2017 and for the year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017

Management periodically evaluates assets for impairment and writes off capitalized costs as necessary. As of December 31, 2018 and 2017, no property and equipment has been impaired.

As of December 31, 2018 and 2017, property and equipment consisted of the following:

	<u>2018</u>	<u>2017</u>
Office equipment	\$ 9,598	\$ 2,900
Less: Accumulated depreciation	(2,070)	(150)
Property and equipment, net	<u>\$ 7,528</u>	<u>\$ 2,750</u>

Depreciation totaled \$1,920 and \$150 periods ended December 31, 2018 and 2017, respectively.

Fair Value of Financial Instruments

Financial Accounting Standards Board (“FASB”) guidance specifies a hierarchy of valuation techniques based on whether the inputs to those valuation techniques are observable or unobservable. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect market assumptions. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are as follows:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 1 primarily consists of financial instruments whose value is based on quoted market prices such as exchange-traded instruments and listed equities.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly (e.g., quoted prices of similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active).

Level 3 - Unobservable inputs for the asset or liability. Financial instruments are considered Level 3 when their fair values are determined using pricing models, discounted cash flows or similar techniques and at least one significant model assumption or input is unobservable.

The carrying amounts reported in the balance sheets approximate their fair value.

Concentrations of Credit Risk

The Company’s financial instruments that are exposed to concentrations of credit risk consist of its cash. The Company will place its cash and cash equivalents with financial institutions of high credit-worthiness and has a policy to not carry a balance in excess of FDIC insurance limits. The Company’s management plans to assess the financial strength and credit worthiness of any parties to which it extends funds, and as such, it believes that any associated credit risk exposures are limited.

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

As of December 31, 2018 and 2017 and for the year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017

Revenue Recognition

The Company recognizes revenue when: (1) persuasive evidence exists of an arrangement with the customer reflecting the terms and conditions under which products or services will be provided; (2) delivery has occurred or services have been provided; (3) the fee is fixed or determinable; and (4) collection is reasonably assured. No revenues have been earned or recognized as of December 31, 2018 or 2017.

Research and Development

Research and development costs are expensed as incurred. Total expense related to research and development was \$3,174 and \$0 year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017, respectively.

Income Taxes

The Company is a limited liability company treated as a partnership for federal and state income tax purposes with all income tax liabilities and/or benefits of the Company being passed through to the members. As such, no recognition of federal or state income taxes for the Company have been provided for in the accompanying financial statements.

NOTE 3: GOING CONCERN

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company incurred net losses of \$95,078 and \$3,615 for the periods ended December 31, 2018 and 2017, respectively, incurred negative cash flows from operating activities for the periods ended December 31, 2018 and 2017, has a member's deficit of \$148,037 and \$4,348 as of December 31, 2018 and 2017, respectively, has current liabilities exceeding current assets by \$155,565 as of December 31, 2018, has defaulted on outstanding notes payable as of December 31, 2018, and lacks liquid assets to satisfy its obligations as they come due with just \$5,499 of cash held as of December 31, 2018.

The Company's ability to continue as a going concern in the next twelve months following the date the financial statements were available to be issued is dependent upon its ability to produce revenues and/or obtain financing sufficient to meet current and future obligations and deploy such to produce profitable operating results. Management has evaluated these conditions and plans to generate revenues and raise capital as needed to satisfy its capital needs. No assurance can be given that the Company will be successful in these efforts.

These factors, among others, raise substantial doubt about the ability of the Company to continue as a going concern for a reasonable period of time. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

DOMÉ AUDIO, LLC

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

As of December 31, 2018 and 2017 and for the year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017

NOTE 4: NOTES PAYABLE

In 2017, the Company issued several promissory notes to outside investors for \$12,900. The notes bear interest at 7% per annum. The notes are payable in full on December 25, 2018, their maturity date. If not repaid by the maturity date, and the Company exceeded its 4th quarter 2018 revenue projections, the notes were to repay at 10 times the then outstanding principal plus accrued interest. As of December 31, 2018, these notes are past due and in default. The notes are convertible into the Company's equity at the lenders' discretion, though the agreement did not clarify the conversion terms.

In 2018, the Company issued additional promissory notes with various outside investors for \$140,300. The notes bear interest at 7% per annum, except for one note for \$25,000 which instead bears interest at 13% per annum. The notes are all payable in full on December 25, 2019, their maturity date. If not repaid by the maturity date, and the Company exceeds its 4th quarter 2019 revenue projections, the notes are to repay at 2 times the then outstanding accrued interest. If the Company is acquired within 48 months of the issuance of the notes, the notes are repayable at 2 times the then outstanding principal and interest. The notes are convertible into the Company's equity at the lenders' discretion, though the agreement did not clarify the conversion terms.

The outstanding balance of the notes as of December 31, 2018 and 2017 was \$153,200 and \$12,900, respectively. Interest expense on these loans totaled \$7,911 and \$54 for the periods ended December 31, 2018 and 2017, respectively. No interest has been paid in 2017 and 2018. Accrued and unpaid interest was \$7,864 and \$54 as of December 31, 2018 and 2017, respectively.

NOTE 5: MEMBER'S EQUITY/(DEFICIT)

The Company has one member that owns 100% of the membership interests in the Company as of December 31, 2018.

The debts, obligations, and liabilities of the Company, whether arising in contract, tort, or otherwise, are solely the debts, obligations, and liabilities of the Company, and no member of the Company is obligated personally for any such debt, obligation, or liability.

NOTE 6: RECENT ACCOUNTING PRONOUNCEMENTS

In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers* (Topic 606). This ASU supersedes the previous revenue recognition requirements in ASC Topic 605—Revenue

Recognition and most industry-specific guidance throughout the ASC. The core principle within this ASU is to recognize revenues when promised goods or services are transferred to customers in an amount that reflects the consideration expected to be received for those goods or services. In August 2015, the FASB issued ASU 2015-14, *Revenue from Contracts with Customers*, which deferred the effective date for ASU 2014-09 by one year to fiscal years beginning after December 15, 2017, while providing the option to early adopt for fiscal years beginning after December 15, 2016. Transition methods under ASU 2014-09 must be through either (i) retrospective application to each prior reporting period presented, or (ii) retrospective application with a cumulative effect adjustment at the date of initial application. We are continuing to evaluate the impact of this new standard on our financial reporting

DOME AUDIO, LLC

NOTES TO FINANCIAL STATEMENTS (UNAUDITED)

As of December 31, 2018 and 2017 and for the year ended December 31, 2018 and for the period from April 3, 2017 (inception) to December 31, 2017

and disclosures, including but not limited to a review of accounting policies, internal controls and processes. The Company adopted this new standard effective January 1, 2018.

In February 2016, the FASB issued ASU 2016-02, *Leases* (Topic 842). This ASU requires a lessee to recognize a right-of-use asset and a lease liability under most operating leases in its balance sheet. The ASU is effective for annual and interim periods beginning after December 15, 2018, including interim periods within those fiscal years. Early adoption is permitted. We are continuing to evaluate the impact of this new standard on our financial reporting and disclosures.

Management does not believe that any other recently issued, but not yet effective, accounting standards could have a material effect on the accompanying financial statements. As new accounting pronouncements are issued, the Company will adopt those that are applicable under the circumstances.

NOTE 7: COMMITMENTS, CONTINGENCIES, AND CONCENTRATIONS

The Company may be subject to pending legal proceedings and regulatory actions in the ordinary course of business. The results of such proceedings cannot be predicted with certainty, but the Company does not anticipate that the final outcome, if any, arising out of any such matter will have a material adverse effect on its business, financial condition or results of operations.

Problem

Headphones have become a permanent accessory for most people. During workouts, commutes, or even sitting at a desk, many people constantly listen to music, podcasts, Clubhouse, and various other media. Analytics suggest headphones are the fifth most consumed tech product on the market.

Having headphones in all of the time causes two problems:

1. Wearing headphones all the time can be damaging to our ears.
2. Headphones are distracting, leading to dangerous situations, especially when behind the wheel of a car.

Dome headphones' "open-ear" listening capability solves the problem of "closed-ear" headphone listening. On, in, and over-ear headphones (an intrinsic feature in all headphone brands on the market) pose two potential health and injury problems.

Hearing Degradation

Headphones that go over the listener's ears can damage hearing if used at high volumes for long periods. They are not as much of a risk as earbuds: Having the sound source in your ear canal can increase a sound's volume by 6 to 9 decibels — enough to cause some problems.

Headphones can cause damage to your ears the same way other loud noises do, resulting in what audiologists call "noise-induced hearing loss." Over time, the sounds from your headphones cause the hair cells in the cochlea to become stressed and fatigued. If they do not get time to recover, the damage can be permanent. Headphones do not even have to be extremely loud to damage your ears.

Injuries or Death from Distraction

According to recent studies, pedestrians killed or injured while wearing headphones have more than tripled in six years. More than half of the vehicles involved in the accidents were trains. Lichtenstein said that based on the data they collected, it is unclear whether these pedestrians were crossing train tracks. 70 percent of accidents resulted in deaths. Roughly 90 percent occurred in large cities. About a third of the vehicles' drivers reported sounding a horn as a warning before the crash.

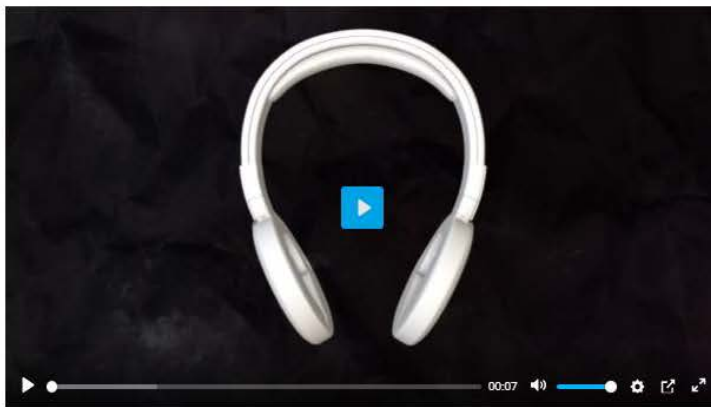

Solution

Dome Audio's multi-patented headphones provide open and closed ear (when suitable) listening options and therefore radically reduces SA (Situational Awareness) deficits and subsequent bodily injuries associated with conventional (closed-ear) headphones, without compromising a full-fidelity audio experience, only found, until now, with conventional headphones. Dome's technology also solves the aesthetic limitations inherent in conventional headphones via its Dome "noise isolation" Covers. Not only can its fashionable look and design be changed instantly, but the option to go private (block out ambient noise), when appropriate, is just a click, click (pop on Covers) away. Dome's four speakers (open ear system) allows audio content, e.g., music, navigation, news, or podcast, to be heard in full fidelity (unlike leading brands in bone conduction headphones having two speakers) while simultaneously hearing important ambient sounds in the environment. Dome headphones provide novel health and environmental safety features.

Business Model

Dome Audio deploys the 3 C's of Scarcity Marketing: Control, Cool, and Collaborations. Control: Dome intends to control its supply with limited product releases, thereby enticing consumer demand while proliferating its brand presence. Cool: Dome hopes to use its "Cool" factor to create a cult-like following to its products. Collaborations: Dome plans to collaborate with fashion brands, pop culture, influencers, ambassadors, athletes, and celebrities to transcend conventional headphones. As a result of the 3 C's, Dome Audio plans to touch a broad spectrum of collaborators across various industries, thereby benefiting from collaborators' social media following and subsequently optimizing Dome's brand equity. Dome Audio generates revenue via direct-to-consumer e-commerce.

Traction & Customers

Recent success for Dome Audio includes new strategic partnerships with 6X Grammy-winning producer and engineer, "Bonzai" Caruso, as well as 5X Grammy-winning producer, Stephen "Di Genius" McGregor, manufacturing partnership with a multi-billion-dollar global firm, VTech, strategic partners in the e-commerce space, brand asset development space, hard of hearing space, 3PL product fulfillment, and celebrity/brand acquisition space.

Market Projection

The basic design and function of headphones had not changed since 1910 when Nathaniel Baldwin invented the first headphones. Over 100 years later, Apple acquired Beat's headphones, i.e., essentially the same design and function as Nathaniel Baldwin's original headphones, for 3.3 Billion dollars, in 2014.

Market Opportunity

Dome Audio created a multi-patented headphone with a unique ergonomic design and features to include quad fidelity, bone conduction speakers, detachable noise isolation covers, Bluetooth communication, and a mobile app.

Dome headphone's initial market entry is the 48% (almost 50%) of the market currently occupied by "others" (no name brands).

Competition

Based on analysis of the "over the head" headphone industry and competitive trends, Beats and Bose are the main relative competitors of Dome headphones. Both Beats and Bose have firmly established brands and will likely continue to maintain their market share. Apple is not nearly as recognized for "over the head" headphones and is not a strong contender in that market segment.

Unique to the Competition

Design Features: Dome headphones' aesthetic design is unlike any headphone on the market. The ergonomic fit that wraps around the ears is an obvious attention-getter.

Fidelity Features: Dome's four-point bone conduction transducers are placed around the ear instead of on, over, or in the ear. It is the first over-the-head, bone conduction headphone with more than two bone conduction speakers.

Versatility Features: Dome is the first headphone with detachable noise isolation covers. This feature allows open or closed mode listening. Dome Covers can easily change its fashionable look, i.e., color, features, and brand logos, on the fly.

Audio-wear Features: Dome Covers are an optimal platform for logo collaborations with notable fashion, auto, sports, and entertainment brands. Dome Audio has cracked the code on co-branding.

Brands and Influencers: Always seeking new ways to be relevant and stand out.

Brands love novel exposure in saturated markets, and influencers, from actors to athletes, always seek products that elevate their value. Headphones, the fifth most sold consumer electronic product, are ubiquitous, and for the most part, Bose, Beats, and Apple are brands garnering the most exposure. Many brands, such as Supreme, would likely engage in high-tech real estate, worn on consumers' heads, to promote their brand equity. Until the emergence of Dome Audio's triple patented technology, there has not been a headphone product that offers brands seamless exposure and endless opportunities.

THE SECURITIES OFFERED BY THIS SUBSCRIPTION AGREEMENT HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") OR ANY STATE SECURITIES LAWS, AND, UNLESS SO REGISTERED, MAY NOT BE OFFERED OR SOLD EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE SECURITIES LAWS.

DOMESTIC AUDIO, INC. COMMON STOCK SUBSCRIPTION AGREEMENT

The undersigned ("**Subscriber**") hereby tenders this subscription ("**Subscription Agreement**") to Dome Audio, Inc., a Delaware corporation (the "**Company**"), on the terms and conditions set forth below:

1. Subscription. Subject to the terms and conditions of this Subscription Agreement, Subscriber hereby: (a) subscribes to purchase from the Company the number of shares of common stock of the Company (the "**Common Stock**") set forth on the signature page of this Subscription Agreement (the "**Shares**"); and (b) agrees to pay to the Company, upon Subscriber's execution of this Subscription Agreement, an amount equal to \$.64 per Share (the "**Purchase Price**"), via check, wire transfer, ACH, Debit/Credit Card, or Bitcoin/Ethereum payable (as the Company shall direct) to the Company.

2. Acceptance. The Company has the right to accept or reject Subscriber's subscription in its sole and absolute discretion. The subscription will be accepted only when the Company countersigns this Subscription Agreement. Subscriber understands and agrees that, if this Subscription Agreement is accepted, it may not be cancelled, revoked or withdrawn by Subscriber. If this offer to buy Shares is rejected by the Company or is withdrawn by Subscriber in writing prior to acceptance by the Company, such portion of the Purchase Price as has been received by the Company in connection with this Subscription Agreement will be returned to Subscriber without interest, and Subscriber will cease to have any interest in, or rights with respect to, the Shares.

3. Representations, Warranties and Agreements. Subscriber makes the following representations, warranties, acknowledgments and agreements in order to induce the Company to accept this subscription:

(a) Authorization. Subscriber has full power and authority to enter into this Subscription Agreement, and when executed and delivered by Subscriber, will constitute valid and legally binding obligations of Subscriber, enforceable in accordance with their terms, except as limited by applicable bankruptcy, insolvency, reorganization, moratorium, fraudulent conveyance and any other laws of general application affecting enforcement of creditors' rights generally, and as limited by laws relating to the availability of specific performance, injunctive relief or other equitable remedies.

(b) Purchase Entirely for Own Account. This Subscription Agreement is made with Subscriber in reliance upon Subscriber's representation to the Company, which by 2 Subscriber's execution of this Subscription Agreement, Subscriber hereby confirms, that the Shares to be acquired by Subscriber will be acquired for investment for Subscriber's own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, and that Subscriber has no present intention of selling, granting any participation in, or otherwise distributing the same in violation of applicable securities laws. By executing this Subscription Agreement,

Subscriber further represents that Subscriber does not presently have any contract, undertaking, agreement or arrangement with any person or entity to sell, transfer or grant participations to such person or entity or to any third person or entity, with respect to any of the Shares. In an entity, Subscriber has not been formed for the specific purpose of acquiring the Shares.

%%PAGE_BREAK%%

(c) Disclosure of Information. Subscriber and his, her or its attorneys and/or advisors have had an opportunity to obtain information concerning the Company and have had an opportunity to ask questions of and receive answers from authorized representatives of the Company concerning the Company, the offering and sale of the Shares and any other relevant matters pertaining to this investment, and in all instances have been afforded the opportunity to obtain such additional information as necessary to verify the accuracy of the information that was otherwise provided.

(d) Restricted Securities. Subscriber understands that the Shares have not been, and will not be, registered under the Securities Act, by reason of a specific exemption from the registration provisions of the Securities Act which depends upon, among other things, the bona fide nature of the investment intent and the accuracy of Subscriber's representations as expressed herein. Subscriber understands that the Shares are "restricted securities" under applicable U.S. federal and state securities laws and that, pursuant to these laws, Subscriber must hold the Shares indefinitely unless they are registered with the Securities and Exchange Commission and qualified by state authorities, or an exemption from such registration and qualification requirements is available. Subscriber acknowledges that the Company has no obligation to register or qualify the Shares for resale. Subscriber further acknowledges that if an exemption from registration or qualification is available, it may be conditioned on various requirements including, but not limited to, the time and manner of sale, the holding period for the Shares, and on requirements relating to the Company which are outside of Subscriber's control, and which the Company is under no obligation and may not be able to satisfy.

(e) Rule 144. Subscriber is aware of the adoption of Rule 144 by the Securities and Exchange Commission under the Securities Act, which permits limited public resales of securities acquired in a non-public offering, subject to the satisfaction of certain conditions, including (without limitation) the availability of certain current public information about the issuer, the resale occurring only after the holding period required by Rule 144 has been satisfied, the sale occurring through an unsolicited "broker's transaction," and the amount of securities being sold during any three-month period not exceeding specified limitations. Subscriber acknowledges and understands that the conditions for resale set forth in Rule 144 have not been satisfied and that the Company has no plans to satisfy these conditions in the foreseeable future.

(f) No Violations. Subscriber will not sell, transfer, or otherwise dispose of the Shares in violation of this Subscription Agreement, the Securities Act, the Securities 3 Exchange Act of 1934, or the rules promulgated thereunder, including Rule 144 under the Securities Act.

%%PAGE_BREAK%%

(g) Securities Law Restrictions. Regardless of whether the offering and sale of Shares under this Subscription Agreement have been registered under the Securities Act or have been registered or qualified under the securities laws of any state, the Company at its discretion may

impose restrictions upon the sale, pledge or other transfer of the Shares (including the placement of appropriate legends on stock certificates, if any, or the imposition of stop-transfer instructions) if, in the judgment of the Company, such restrictions are necessary or desirable in order to achieve compliance with the Securities Act, the securities laws of any state or any other law.

(h) Rights of the Company. The Company shall not be required to (i) transfer on its books any Shares that have been sold or transferred in contravention of this Subscription Agreement or (ii) treat as the owner of Shares, or otherwise to accord voting, dividend or liquidation rights to, any transferee to whom Shares have been transferred in contravention of this Subscription Agreement.

(i) No Public Market. Subscriber understands that no public market now exists for the Shares, and that the Company has made no assurances that a public market will ever exist for the Shares.

(j) Legends. Subscriber understands that the Shares are issued and issuable in uncertificated form, but that the Board of Directors of the Company may authorize the issuance of stock certificates at any time, and if so authorized, such stock certificates representing the Shares will bear such legend as the Board of Directors of the Company then determines appropriate, including the following example legend:

"THE SHARES REPRESENTED BY THIS CERTIFICATE HAVE NOT BEEN REGISTERED UNDER THE SECURITIES ACT OF 1933 AND HAVE BEEN ACQUIRED FOR INVESTMENT AND NOT WITH A VIEW TO, OR IN CONNECTION WITH, THE SALE OR DISTRIBUTION THEREOF. NO SUCH TRANSFER MAY BE EFFECTED WITHOUT AN EFFECTIVE REGISTRATION STATEMENT RELATED THERETO OR AN OPINION OF COUNSEL IN A FORM SATISFACTORY TO THE COMPANY THAT SUCH REGISTRATION IS NOT REQUIRED UNDER THE SECURITIES ACT OF 1933."

(k) Investor Limits. Subscriber is either an accredited investor as defined in Rule 501(a) of Regulation D promulgated under the Securities Act or is investing within their investor limits as defined in 4(a)(6) of Regulation CF.

(l) Speculative Investment. Subscriber is aware that an investment in the Shares is highly speculative and Subscriber could lose his, her or its entire investment and Subscriber's financial condition is such that Subscriber is able to bear the economic risks of investment in the Shares, including the risk of loss of Subscriber's entire investment in the Shares should the Shares become worthless, taking into consideration the limitations on resale of the Shares.

(m) Financial Experience. Subscriber, by reason of his, her or its business or financial experience or by reason of the business or financial experience of his, her or its 4 financial advisor is capable of evaluating the risks and merits of an investment in the Shares and of protecting his, her or its own interests in connection with this investment.

%%PAGE_BREAK%%

(n) No General Solicitation. Neither Subscriber, nor any of its partners, shareholders, members, directors, managers, officers, employees, agents or representatives, as applicable, has either

directly or indirectly, including, through a broker or finder (a) engaged in any general solicitation, or (b) published any advertisement in connection with the offer and sale of the Shares.

(o) Residence. If Subscriber is an individual, then Subscriber resides in the state identified in the address of Subscriber set forth on the signature page of this Subscription Agreement; if Subscriber is a partnership, corporation, limited liability company or other entity, then the office or offices of Subscriber in which its principal place of business is identified in the address or addresses of Subscriber set forth on the signature page of this Subscription Agreement.

(p) Indemnification. Subscriber agrees to indemnify, defend and hold harmless the Company and its shareholders, directors, officers, employees, agents and representatives from and against all damages, losses, costs and expenses (including reasonable attorneys' fees) which they may incur by reason of the failure of Subscriber to fulfill any of the terms or conditions of this Subscription Agreement, or by reason of or attributable to any breach of the representations and warranties made by Subscriber herein, or in any document provided by Subscriber to the Company or the fact that any of such representations and warranties or acknowledgments and understandings set forth herein or therein are untrue or without adequate factual basis to be considered true and not misleading.

(q) Choice of Law. This Subscription Agreement, its construction and the determination of any rights, duties or remedies of the parties arising out of, or relating to, this Subscription Agreement shall be governed by the internal laws of the State of Delaware.

(r) Entire Agreement. The terms of this Subscription Agreement are intended by the parties as the final expression of their agreement with respect to the terms included in this Subscription Agreement and may not be contradicted by evidence of any prior or contemporaneous agreement, arrangement, understanding, representations, warranties, covenants or negotiations (whether oral or written).

(s) No Waiver. No waiver or modification of any of the terms of this Subscription Agreement shall be valid unless in writing. No waiver of a breach of, or default under, any provision of this Subscription Agreement shall be deemed a waiver of such provision or of any subsequent breach or default of the same or similar nature or of any other provision or condition of this Subscription Agreement.

(t) Counterparts. This Subscription Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

(u) Electronic Execution.
