Michael Nashick

My education and professional background could best be described as well-rounded. While my most recent career experience has been in the realm of accounting and finance, I also have experience as a Real Estate agent where I became well versed in sales, marketing, and contract negotiations. I also manage a small portfolio of rental properties in my spare time. I enjoy business, in all its forms, and am always looking forward to the next challenge and opportunity to grow as a professional.
