## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

### THE COMPANY

1. Name of issuer:

Humphry Slocombe Group, LLC

### COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

### DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Hanson Li	Investment	Salt Partners	2014
Jina Osumi	Ice Cream	Humphry Slocombe Group	2015
Tiffany Yam	Investment	Salt Partners Group, LLC	2015

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

### OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Hanson Li	CFO	2014
Hanson Li	Secretary	2014
Aaron French	Head of Operations	2018
Jina Osumi	CEO	2015
Jina Osumi	President	2015

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Salt Partners HS LLC	85000.0 Common Units	54.22

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)  
INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

We are opening 2 new retail shops in in the Bay Area and there is no guarantee that they will be as successful as our existing stores.

This is a seasonal business - we typically experience negative cash flow during the winter and positive cash flow during the summer.

Wholesale growth depends on getting key accounts during their reset period, which happens once a year. If we don't get into an account, we have to wait until the next year to reapply.

Food safety risk - mitigated by using co-packers for some flavors, testing product, regulation inspections.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The market for ultra premium ice cream is still relatively new. Customers are not necessarily ready to pay more for ice cream.

Hanson Li is a part-time officer. As such, it is likely that the company will not make the same progress as it would if that were not the case.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$100,031**

Use of Proceeds: 

50% towards opening new retail (including construction and build out of new retail space, furniture, fixtures and equipment for new space, firing and training of new staff for new location)

30% towards Wholesale expansion

13% towards optimizing existing stores

7% towards Wefunder fees

If we raise: **\$1,069,998**

Use of Proceeds: 25% towards opening new retail (including construction and build out of new retail space, furniture, fixtures and equipment for new space, firing and training of new staff for new location)

40% towards Wholesale expansion

15% towards optimizing existing stores

13% towards hiring

7% towards Wefunder fees

*INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.*

#### DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an investor's transaction and deliver securities to the investor.

1. **Investor Commitment.** The investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the investor will also execute an investment contract with the Company ("Investment Agreement"), using the investor's electronic signature.
2. **Acceptance of the Investment.** If the Investor Agreement is complete, the investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be counter-signed by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. **Investor Transfer of Funds.** Upon receiving confirmation that an investment has been accepted, the investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. **Progress of the Offering.** The investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. **Closing: Original Deadline.** Unless we meet the target offering amount early, investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. **Early Closings.** If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.
7. **Book Entry.** Investments may be in book entry form. This means that the investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each investors' "My Investments" screen. The investor will also be emailed the investment Agreement again. The investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

12. How can an investor cancel an investment commitment?

**NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.**

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

**An investor's right to cancel.** An investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the investor about the offering and/or the Company, the investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the investor will receive,

and refund the Investor's funds.

**The Company's right to cancel.** The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

In addition, we may cap at 450 the total number of investors who will be allowed to invest through the offering that are not "accredited investors," as defined in Rule 501(a) of Regulation D under the Securities Act of 1933. In the event that more than 450 non-accredited investors are initially accepted into an offering in step (2) described in Question 11, the Company may cancel investments based on the order in which payments by Investors were received, or other criteria at the discretion of the Company, before the offering deadline.

## Ownership and Capital Structure

### THE OFFERING

13. Describe the terms of the securities being offered.

\$14,411,870.80 pre-money valuation  
See exact security attached as [Appendix B, Investor Contracts](#).

Humphry Slocombe Group, LLC is selling up to 11,638 units of Series Seed Preferred Units, at a unit price of \$91.94.

The campaign maximum is \$1,069,997.72. The campaign minimum is \$100,030.72.

**Liquidation preference:** Series Seed Preferred units have liquidation preference over the Class A and Class B Common units.

**Non-Voting Units; Grant of Proxy.** The undersigned acknowledges that the Units being acquired have limited voting rights and that major limited liability company actions may be taken without the vote of the holders of the Units. The undersigned member, and any successors or assigns of the undersigned (the "Grantor") (to the fullest extent permitted by applicable law) appoints the managers of the Company (such person, the "Proxy"), or any other designee of Proxy, as the sole and exclusive attorney and proxy of Grantor, with full power of substitution and resubstitution, to vote and exercise all voting and related rights (to the fullest extent that Grantor is entitled to do so), if any, with respect to all of the Units of the Company that now are or hereafter may be beneficially owned by Grantor, and any and all other Units or securities of the Company issued or issuable in respect thereof on or after the date hereof (collectively, the "Proxy Units") in accordance with the terms of this Section 9. The Proxy Units beneficially owned by Grantor as of the date hereof constitute the Units being acquired under this Agreement. Upon Grantor's execution of this Agreement, any and all prior proxies (other than the proxy granted in this Section 9) given by Grantor with respect to the Proxy Units are hereby revoked and Grantor agrees not to grant any subsequent proxies with respect to the Proxy Units or enter into any agreement or understanding with any person to vote or give instructions with respect to such subject matter in any manner inconsistent with the terms of this Agreement as long as the Proxy Units are outstanding. The proxy granted under this Section 9 is irrevocable (to the fullest extent permitted by applicable law), is coupled with an interest sufficient in law to support an irrevocable proxy, is granted pursuant to this Agreement. The attorney and proxy named above is hereby authorized and empowered by Proxy, at any time, to act as Grantor's attorney and proxy to vote the Proxy Units, and to exercise all voting and other rights of Grantor with respect to the Proxy Units (including, without limitation, the power to execute and deliver written consents and the right to consent to any actions constituting protective provisions or other veto rights in the Company's Operating Agreement or elsewhere), at every annual, special or adjourned meeting of the members of the Company and in every written consent in lieu of such meeting. All authority herein conferred shall survive the death or incapacity of Grantor and any obligation of Grantor hereunder shall be binding upon the heirs, personal representatives, successors and assigns of Grantor. The proxy granted in this Section 9 is coupled with an interest as aforesaid and is irrevocable. This irrevocable proxy may not be amended or otherwise modified without the prior written consent of the member and the Proxy.

**SPV Reorganization.** The undersigned hereby agrees to take any and all actions determined by the Company's managers in good faith to be advisable to reorganize this instrument and any Units issued pursuant to the terms of this instrument into a special-purpose vehicle or other Entity designed to aggregate the interests of holders of the Units.

**Repurchase.** If the Company determines, in its sole discretion, that it is likely that within six months the securities of the Company will be held of record by a number of persons that would require the Company to register a class of its equity securities under the Securities Exchange Act of 1934, as amended, as required by Section 12(g) thereof, the Company shall have the option to repurchase the Units from the undersigned for the greater of (i) the Purchase Price and (ii) the fair market value of the Units, as determined by an independent appraiser of securities chosen by the Company (such repurchase, the "Repurchase," and such greater value, the "Repurchase Value"); provided, however, that, in the event an Equity Financing (as defined in the Subscription Agreement) occurs within three months after the Repurchase and the Repurchase Value is less than the Aggregate Value (as defined below) of the Units the undersigned would have received had the Repurchase not occurred (where such value is determined by multiplying the number of Units by the Financing Price (as defined in the Subscription Agreement) and is referred to as the "Aggregate Value"), the Company shall pay to the undersigned an amount equal to the difference between the Aggregate Value and the Repurchase Value promptly following the consummation of the Equity Financing. Such independent appraiser shall be regularly engaged in the valuation of securities. The foregoing repurchase option terminates upon a Change of Control or Dissolution Event (each, as defined in the Subscription Agreement).

14. Do the securities offered have voting rights?

☐ Yes  
☒ No

15. Are there any limitations on any voting or other rights identified above?

☒ Yes: No Voting Rights  
☐ No

16. How may the terms of the securities being offered be modified?

This Agreement constitutes the entire agreement between the parties hereto with respect to the subject matter hereof and may be amended only by a writing executed by all parties.

#### RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

#### DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common Units	140,136	131,278	Yes 
Series Seed Preferred	25,475	25,475	Yes 

#### Class of Security Securities Reserved for Issuance upon Exercise or Conversion

Warrants:

Options:

Describe any other rights:

Class A and Class B (the Common) units receive voting rights equal to one vote per unit within its respective class.

Series Seed Preferred units receive voting rights equal to one vote per unit within its respective class as well as liquidation preference over the Class A and Class B units. However, investors in the Wefunder campaign will not receive voting rights; rather, their voting rights will be proxied to the managers of Humphrey Slocombe.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering or sale).

These changes could result in further limitations on the voting rights the Investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents.

To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an Investor's interest will typically also be diluted.

Based on the risk that an Investor's rights could be limited, diluted or otherwise qualified, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the **unitholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the **unitholders** may change the terms of the articles of incorporation for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The **unitholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The **unitholders** have the right to redeem their securities at any time. **Unitholders** could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company.

Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

Based on the risks described above, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby. In the future, we will perform valuations of our common units that take into account factors such as the following:

- unrelated third party valuations of our common units;
- the price at which we sell other securities, such as convertible debt or preferred units, in light of the rights, preferences and privileges of our those securities relative to those of our common units;
- our results of operations, financial position and capital resources;
- current business conditions and projections;
- the lack of marketability of our common units;
- the hiring of key personnel and the experience of our management;
- the introduction of new products;
- the risk inherent in the development and expansion of our products;
- our stage of development and material risks related to our business;
- the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the prevailing market conditions and the nature and history of our business;
- industry trends and competitive environment;
- trends in consumer spending, including consumer confidence;
- overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
- the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Management, and the Investor will have no independent right to name or remove an officer or member of the Management of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the investor in the Company. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an

opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

**Additional issuances of securities.** Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

**Issuer repurchases of securities.** The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

**A sale of the issuer or of assets of the issuer.** As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

**Transactions with related parties.** The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

☒ Yes  
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

We're a 10-year-old artisan ice cream company based in San Francisco. What started with one scoop shop has now become five, plus 568+ wholesale accounts and eCommerce. While most brands cater to children, we make ice cream for adults, by adults: our signature flavor is bourbon ice cream with cornflakes! We source the best ingredients possible and make all of our ice cream locally in Northern California. Now, we're raising money to expand our wholesale business across the country.

#### Milestones

Humphry Slocombe Group LLC was organized in the State of Delaware in December 2008. The company is currently organized as an LLC but plans to convert to a C-corp at some point in the future.

Our business is broken into 2 main channels – Retail (our own shops) at 73% of revenue and Wholesale at 23%. The rest is generated mostly by Events.

Revenue is generated primarily through ice cream sales in our stores and pint sales to grocery retailers. Although our stores generate the majority of our revenue today, we are focused on growing our Wholesale business to flip the ratio of percentages. Through Wholesale, we can grow our business much more quickly than through Retail, which requires much more capital, human resources, and time investment. Wholesale requires a smaller team to obtain new grocery accounts and drive distribution.

Jake Godby (pastry chef) and Sean Vahey (F&B Manager) started Humphry Slocombe Ice Cream with a scoop shop in the Mission District of San Francisco 10 years ago. They wanted to make ice cream that they liked to eat and quickly established themselves as pioneers of the artisanal ice cream movement. The outcome was flavors like Secret Breakfast (bourbon and cornflakes), Peanut Butter Curry, and Elvis the Fat Years (Roasted banana ice cream with bacon peanut brittle). Fast forward to today and we have 5 scoops shops, a growing Wholesale business along the West Coast, and eCommerce through Amazon and Goldbelly.com. Big milestones are listed below:

2008 – Opens first scoop shop in Mission District of San Francisco  
2010 – NY Time Magazine writes feature story about Jake, "I'll Take a Scoop of Prosciutto, Please"  
2012 – Humphry Slocombe Ice Cream publishes book  
2014 – Ferry Building scoop shop opens  
2015 – Launches Wholesale business in NorCal with Whole Foods Market + other premium markets  
2015 – Launches eCommerce with Goldbelly.com  
2017 – Launches on Amazon.com  
2017 – Oakland scoop shop opens  
2018 – Humphry Slocombe expands Wholesale to SoPac, Rocky Mtns, Pac NW, and TX  
2018 – LA scoop shop opens  
2019 – Berkeley scoop shop opens  
2019 – Whole Foods Market Cupertino truck pop up open'

#### Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2018, the Company had revenues of \$4,008,176 compared to the year ended December 31, 2017, when the Company had revenues of \$3,721,092. Our gross margin was 55.1% in fiscal year 2018, compared to 49.43% in 2017.

- *Assets.* As of December 31, 2018, the Company had total assets of \$1,390,109, including \$25,290 in cash. As of December 31, 2017, the Company had \$1,712,818 in total assets, including \$814,286 in cash.

- *Net Loss.* The Company has had net losses of \$712,951 and net losses of \$627,551 for the fiscal years ended December 31, 2018 and December 31, 2017, respectively.

- *Liabilities.* The Company's liabilities totaled \$661,301 for the fiscal year ended December 31, 2018 and \$271,059 for the fiscal year ended December 31, 2017.

#### Liquidity & Capital Resources

To-date, the company has been financed with \$985,000 in equity and \$865,034 in convertibles.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

#### Runway & Short/Mid Term Expenses

Humphrey Slocombe Group cash in hand is \$131,630, as of July 2019. Over the last three months, revenues have averaged \$487,124/month, cost of goods sold has averaged \$244,001/month, and operational expenses have averaged \$270,556/month, for an average burn rate of \$27,433 per month. Our intent is to be profitable in 18 months.

We brought in new Wholesale business (Raley's, Nugget Markets, Whole Foods Pac NW) and opened a new store in Berkeley in March 2019.

We expect Wholesale and Retail to continue to grow as we increase velocities within our new accounts.

With our growth in Wholesale and Retail, we have had to expand our production capacity significantly. With the launch of Wholesale, we started co-packing pints as we did not have the equipment in-house and our volume did not justify the cost to build out a facility. At the same time, we added new scoop shops and increased same store sales, which required additional ice cream production in-house.

Our total revenue grew 8% to \$4.0 million during the year ended 12/31/18, up from \$3.7 million during the previous year.

We expect to further grow our Wholesale business by expanding to Northeast with accounts such as Whole Foods Market, Fairway, and Kings/Balducci's. At the same time, we will increase distribution in current markets such as Pac NW, Rocky Mtns, and TX. Since our scoop shops help drive awareness and marketing, as well as revenue, we will open an additional shop in the Peninsula.

Our cash held as of 6/30/2019 was 87% less than cash held as of the same date in prior years. This decrease resulted primarily from an increase in grocery entries and initial build out of new store locations.

Net cash provided by operating activities was -\$564,196 for the year ended 12/31/2018, which was driven by inventory investment and growth.

Capital Resources. We have financed our operations through private loans, short-term notes payables, and internally generated positive cash flow.

Private Loans: We have private loans from partners for which we have a total balance of \$250,000 outstanding. We primarily use these loans for operations. Often, we are required to pay for inventory and grocery entries faster than we collect those amounts from customers. As a result, during periods of increasing transaction volume, our cash used in the operations from those solutions exceeds our cash flows from those operations.

The loans expire January 2020. Interest on borrowings accrue from 8% to 15% per annum.

Asset-based short-term notes payable. We have a revolving loan facility with Celtic Bank Corporation, Square Capital, LLC, which we refer to herein as our credit facility, under which we are permitted to borrow up to \$100,000. We primarily use this note for operations. Often, we are required to pay for inventory and grocery entries faster than we collect those amounts from customers. As a result, during periods of increasing transaction volume, our cash used in the operations from those solutions exceeds our cash flows from those operations.

The loan expires January 19, 2021. Interest on borrowings under the credit facility accrues at 15.25% per annum.

The credit facility contains customary conditions to borrowing, events of default and covenants, including covenants that restrict our ability to dispose of assets, merge with or acquire other entities, incur indebtedness, grant liens, make distributions to holders of our equity interests or make investments. We were in compliance with such covenants as of 07/26/2019.

Our obligations under the senior credit facility are secured by the company's Square account, receivables, and general intangibles.

Our overall direct costs of revenue [(excluding depreciation and amortization)] decreased by \$0.08 million from the prior year to \$1.8 million in the year ended 12/31/2018. This was largely driven by lower per unit costs due to increased volume production and cost reduction initiatives.

We expect our revenue to grow at increasing rates in the current and coming few fiscal years, due to our growth in wholesale and retail. We expect to further grow our Wholesale business by expanding to Northeast with accounts such as Whole Foods Market, Fairway, and Kings/Balducci's. At the same time, we will increase distribution in current markets such as Pac NW, Rocky Mtns, and TX. Since our scoop shops help drive awareness and marketing, as well as revenue, we will open an additional shop in the Peninsula.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

☐ Yes ☒ No

**If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 16, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.**

*INSTRUCTIONS TO QUESTION 30: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(6) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.*

*No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.*

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

**All information presented to investors hosted on Wefunder.com is available in [Appendix A: Business Description & Plan](#).**

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include: (a) a description of the material content of such information; (b) a description of the format in which such disclosure is presented; and*

(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

**120 days after the end of each fiscal year covered by the report.**

33. Once posted, the annual report may be found on the issuer's website at:

<http://www.humphryslocombe.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
