## **REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Member  
Pacenote Capital, LLC

### **Opinion on the Financial Statement**

We have audited the accompanying statement of financial condition of Pacenote Capital, LLC as of March 31, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Pacenote Capital, LLC as of March 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

This financial statement is the responsibility of Pacenote Capital, LLC's management. Our responsibility is to express an opinion on Pacenote Capital, LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to Pacenote Capital, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

CERTIFIED PUBLIC ACCOUNTANTS

We have served as Pacenote Capital, LLC's auditor since 2020.

## **Notes to the Financial Statement**

### **March 31, 2022**

---

#### **1. Nature of operations and summary of significant accounting policies**

##### *Nature of Business*

Pacenote Capital, LLC (the "Company"), a wholly-owned subsidiary of PEBB Holdings, LLC (the "Parent"), is a limited liability company organized under the laws of the state of Delaware on May 14, 2019. The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and a member of the Financial Industry Regulatory Authority ("FINRA") effective March 17, 2020. The Company's operations consist primarily of private placement of securities and, accordingly, the Company does not carry securities accounts for customers or perform custodial services and, accordingly, claims exemption from Rule 15c3-3 of the Securities Exchange Act of 1934.

##### *Basis of Presentation*

The Company's statement of financial condition has been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

##### *Income Taxes*

The Company is a single member Limited Liability Company. As such, the Company is a disregarded entity for tax purposes and is not subject to federal or state income taxes on its income. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the member(s) for federal and state income tax purposes. Accordingly, the Company has not provisioned for federal or state income taxes.

At March 31, 2022, management had determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods since inception.

##### *Revenue Recognition*

The revenue recognition guidance of Accounting Standards Codification ("ASC") Topic 606, Revenue from Contracts with Customers, requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

These standards provide guidance on recognizing revenue, including a five-step method to determine when revenue recognition is appropriate:

Step 1: Identify the contract with the customer

Step 2: Identify the performance obligation in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations

Step 5: Recognize revenue as the Company satisfies a performance obligation.

# **Pacenote Capital, LLC**

## **Notes to the Financial Statement**

### **March 31, 2022**

---

The Company's principal source of revenue is derived from private placements.

Private placement fees are generally recognized at the point in time that performance under the arrangement is completed (the closing date of the transaction) or the contract is canceled. Retainers and other fees received from customers prior to recognizing revenue are reflected as deferred revenues.

Revenue from contracts with customers primarily is comprised of placement fees from the sale of private funds. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied to uncertain future events. The Company enters into arrangements with investment managers to distribute private investment funds managed by such firms. The Company generally receives fees paid over time as percentage of capital raised or of the management fees and carried interest distributed to the investment manager, in all cases with respect to investments sold by the Company. The Company believes that its performance obligation is the subscription by investors into these funds and, as such, its obligation is fulfilled upon acceptance of capital or capital commitments by Private Equity Funds, Hedge Funds or registered funds.

Any fixed amounts, such as placement fees calculated with respect to the value of committed capital, are recognized at the applicable fund's closing. Any variable amounts are recognized to the extent that it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the fund at future investment points in time as well as the length the investor remains in the fund, or, in certain cases, the duration of the fund (all of which are highly susceptible to factors outside the Company's influence), the Company does not believe that it can overcome this constraint until the market value of the fund, the investor's activities and, in certain cases, the duration of the fund are known. Such uncertainties are generally resolved on a quarterly basis for management fees and an annual basis for carried interest all in arrears. Accordingly, in such instances, placement fees are recognized in the current period are related to performance obligations that have been satisfied in prior periods.

The accounts receivable balance at March 31, 2021 and March 31, 2022 was approximately \$2,499,000 and \$ 2,864,000, respectively.

#### *Costs to Obtain or Fulfill a Contract with a Customer*

Commissions for registered representatives who are employed by the Company are charged to expense. Commissions are generally paid on a similar basis to the related placement fees received by the Company. The Company records expense and a liability for the costs to fulfill such contracts on a similar basis as it records the related revenue and asset such that the timing of recording the expense and liability match that of the revenue and asset.

#### *Use of Estimates*

The preparation of the financial statement in conformity with US GAAP requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

# **Pacenote Capital, LLC**

## **Notes to the Financial Statement**

### **March 31, 2022**

---

#### *Allowance for Credit Losses*

ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”) impacts the impairment model for certain financial assets measured at amortized cost by requiring a CECL methodology to estimate expected credit losses over the entire remaining life of the financial asset.

The allowance for credit losses is based on the Company's expectation of the collectability of financial instruments carried at amortized cost, including fees receivable utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. The Company's expectation is that the credit risk associated with cash, cash equivalents, fees and other receivables is not significant and accordingly, the Company has not provided an allowance for credit losses at March 31, 2022.

#### **2. Related-party transactions**

On March 17, 2020, the Company entered into an Administrative Services Agreement (the “Expense Sharing Agreement”) with the Parent. In accordance with the Expense Sharing Agreement, the Company reimburses the Parent, on a monthly basis, for a proportional share of salaries and related expenses of personnel employed by the Parent for the year ended March 31, 2022.

As of March 31, 2022, the Company has approximately \$170,000 payable to Parent.

#### **3. Concentration of credit risk**

From time to time, the Company will maintain cash balances in a financial institution that may exceed the Federal Deposit Insurance Corporation (“FDIC”) coverage of \$250,000. Management regularly monitors the financial condition of these institutions in order to keep the potential risk to a minimum.

#### **4. Net capital requirement**

The Company, as a member of FINRA, is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At March 31, 2022, the Company's net capital was approximately \$462,000, which was approximately \$364,000 in excess of its minimum requirement of approximately \$98,000.

#### **5. Subsequent events**

The Company evaluated subsequent events or transactions that occurred from April 1, 2022 through the date this financial statement was available to be issued. The Company did not have any significant subsequent events that require recognition or disclosure in this financial statement.
