REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member of
Ohanae Securities, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Ohanae Securities, LLC (the "Company") as of March 31, 2022, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of March 31, 2022, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Notes to Statement of Financial Condition
March 31, 2022

1. Nature of operations

Ohanae Securities LLC (the “Company”) is a limited liability company formed under the laws of the state of New York on June 20, 2018. The Company is a wholly-owned subsidiary of Ohanae, Inc. (the “Parent”). On April 6, 2020, the Company became a broker-dealer and as such is registered with the Securities and Exchange Commission (the “SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”).

The primary business of the Company is to act as a broker-dealer providing financial and strategic advisory services (including mergers and acquisitions), equity and debt capital raising and arranging private placement offerings.

2. Summary of significant accounting policies

Basis of presentation

These financial statements were prepared in conformity with accounting principles generally accepted in the United States of America which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Cash

All cash deposits are held by one financial institution and therefore are subject to the credit risk at that financial institution. The Company has not experienced any losses in such accounts and does not believe there to be any significant credit risk with respect to these deposits.

Income taxes

The Company is a single member limited liability company and is therefore treated as a disregarded entity for income tax reporting purposes. The Internal Revenue Code (“IRC”) provides that any income or loss is passed through to the ultimate beneficial individual member for federal, state and local income taxes. Accordingly, the Company has not provided for federal, state and local income taxes.

At March 31, 2022, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing reevaluation as facts and circumstances may require. Interest and penalties assessed, if any, are recorded as income tax expense.

2. Summary of significant accounting policies (continued)

The allowance for credit losses

ASC Topic 326, Financial Instruments – Credit Losses (“ASC 326”) impacts the impairment model for certain financial assets by requiring a current expected credit loss (“CECL”) methodology to estimate expected credit losses over the entire life of the financial asset. Under ASC 326, the Company could determine there are no expected credit losses in certain circumstances (e.g., based on the credit quality of the client).

The allowance for credit losses is based on the Company's expectation of the collectability of financial instruments, including fees and other receivables utilizing the CECL framework. The Company considers factors such as historical experience, credit quality, age of balances and current and future economic conditions that may affect the Company's expectation of the collectability in determining the allowance for credit losses. Under the standard, the allowance for credit losses must be deducted from the amortized cost of the financial asset to present the net amount expected to be collected.

The statement of operations would reflect the measurement of credit losses for newly recognized financial assets as well as the expected increases or decreases of expected credit losses that might have taken place during the period. The Company has not provided an allowance for credit losses at March 31, 2022.

3. Transactions with related parties

The Company has an expense sharing agreement with an affiliate whereby the affiliate provides accounting, administrative, office space, human resources and other services. The Company does not have any obligation, direct or indirect, to reimburse or otherwise compensate the affiliate for any or all costs that the affiliate has paid on behalf of the Company. These costs have not been recorded on the books of the Company.

All transactions with related parties are settled in the normal course of business. The terms of any of these arrangements may not be the same as those that would otherwise exist or result from agreements and transactions among unrelated parties.

4. Regulatory requirements

The Company is subject to SEC Uniform Net Capital Rule 15c3-1 under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At March 31, 2022, the Company had net capital of \$16,669 which exceeded the required net capital by \$11,669.

The Company does not hold customers' cash or securities and, has no requirements under SEC Rule 15c3-3 and therefore does not claim an exemption under paragraph (k).

5. Going Concern

Accounting Standards Update 2014-15 requires that management evaluate conditions or events that might raise substantial doubt about the Company's ability to continue as a going concern. Management has evaluated the Company's conditions and has determined that unless the Company generates enough revenue or continues to be funded by its parent, there is substantial doubt about the Company's ability to continue as a going concern. Capital is not a significant income producing factor and should the Company have a need for capital, it has been able to rely upon its parent to infuse capital to cover overhead should that become necessary. Management has pledged additional support to the Company to enable it to operate for the next year should that become necessary.

6. Subsequent events

Management of the Company has evaluated events or transactions that may have occurred since March 31, 2022 and determined that there are no material events that would require disclosure in the Company's financial statements.
