SKEPTIC (skep•tik)

noun 1. a person inclined to *question* or doubt *accepted opinions*.

Skeptics are **curious** by nature. We *questioned* why spirits couldn't be made **fresher, cleaner** and with flavors *closer* to their **original forms**, like cold pressed orange juice or cold brewed coffee. **Breaking with** tradition, we set out to create something *different*...something **better**...something...*curious?*

COLD DISTILLED

Our **passion** for preserving the **FRESHNESS** of our ingredients *inspired* us to develop a **new** way to distill spirits. Our hand built **COLD** vacuum **STILL** removes *impurities* and *harsh flavors*, resulting in **ultra smooth**, **FRESH** tasting VODKA and GIN. *Still Skeptical?*

STANDING. APART.

Awards? Yeah we've **won** a few...

SKEPTIC GIN TASTING NOTES

Infused with **9** hand-picked botanicals, fruits and *spices*, Skeptic **GIN** is **citrusy, floral** and **balanced**. The juniper up front quickly morphs into layers of **fresh mango, grapefruit, citrus** and **spice**, with a *soft floral* and orange peel finish.

SKEPTIC VODKA TASTING NOTES

Skeptic **VODKA** is round and *silky* with a delicate sweetness of corn and hints of **vanilla** and *cloves* in the finish. Both Skeptic Gin and Vodka are ideal to be enjoyed *any way* you prefer them.
