Finalis Securities LLC
Notes to Statement of Financial Condition
For the Year Ended December 31, 2022

1. Organization and Summary of Significant Accounting Policies

Description of Business

Finalis Securities LLC (the "Company") was formed as a Limited Liability Company on September 10, 2019 in the State of Delaware. The Company is registered with the Securities and Exchange Commission ("SEC") as a fully disclosed securities broker/dealer pursuant to Section 15 (b) of the Securities Exchange Act of 1934. In April 2020, the Company became a member of the Financial Industry Regulatory Authority, Inc. ("FINRA"). The Company is subject to various governmental rules and regulations, including the Net Capital Rule set forth in Rule 15c3-1 of the Securities Exchange Act of 1934. The Company is a wholly-owned subsidiary of Finalis, Inc. (the "Parent"). The Company's primary business consists of offering intermediary marketing and placement services as agent, as well as private placements of securities.

Cash

Cash consists of cash in deposit accounts that the Company maintains at one institution, which at times may exceed federally insured limits. Accounts at the institution are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. The Company has not experienced any losses in such accounts. At December 31, 2022, the Company's cash balance exceeded the FDIC insured limit by \$1,586,170.

Basis of Presentation

The financial statements of the company have been prepared using accounting principles generally accepted in the United States of America ("U.S. GAAP").

Revenue Recognition

The Company receives two types of revenue under an advisory contract: non-refundable monthly retainer fees and a transaction success fee. For each contract, the Company assesses whether non-refundable monthly retainer fees are a separate deliverable based on the performance obligations or part of a single deliverable that results in a transaction success fee being earned. In order to make this determination, the Company assesses the services being provided upon engagement as specified in the contract, the ability for the client to consume and benefit from the services prior to a transaction and whether the monthly retainer fees are insignificant in relation to the overall fee the Company would receive upon a completed transaction, among other considerations. If the Company determines that the non-refundable monthly retainer fees are a separate deliverable, the revenue is recognized monthly as services are provided and deferred when the earnings process is not yet completed, per the terms of the contract. If the Company determines that the non-refundable monthly retainer fees and

transaction success fee are a single deliverable, the Company defers the revenue until the fee is earned or the contract is otherwise complete. Transaction fees stemming from a qualified transaction are considered variable consideration and accordingly are recognized when related transaction is complete, the amount of the fee is known and collection is reasonably assured. There were no open contracts for the year ended December 31, 2022. During the year ended December 31, 2022, the company's retainer fees totaled \$5,858,828 and success fees totaled \$72,762,790.

The Company provides services to its registered representatives under contractual agreements. The Company records services based on the services performed under the contract, subject to minimum amounts as indicated in the contract.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Accordingly, actual amounts may differ from estimated amounts.

Income Taxes

The Company, with the consent of its Member, has elected to be a California Limited Liability Company. For Federal tax purposes, the Company is treated as a disregarded entity. Therefore, in lieu of business income taxes imposed on the Company, its Member is taxed on the Company's taxable income. Accordingly, no provision or liability for Federal income taxes is included in these financial statements.

Lease Standards

The Company does not have any leases that require applying ASC 842.

2. Related Party Transactions

The Company is party to an expense sharing agreement with the Parent under which the Company is responsible for a portion of indirect costs incurred in the provision of support services. For the year ending December 31, 2022 there were no costs allocated for support services.

3. Indemnification

The Company enters into contracts that contain a variety of indemnifications for which the maximum exposure is unknown. The Company has no current claims or losses pursuant such contracts.

Notes to Statement of Financial Condition
For the Year Ended December 31, 2022

4. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2022, the Company had net capital of \$1,469,964, which was \$1,445,359 in excess of its required net capital of \$24,605. The Company's net capital ratio was .2511 to 1.

5. Litigation

In the normal course of business, the Company may be a party to litigation and regulatory matters. As of December 31, 2022, the Company was not involved in any litigation.

6. Income Taxes

As discussed in the Summary of Significant Accounting Policies (Note 1), the Company operates as a limited liability company treated as a disregarded entity for tax purposes. As such, the Company is not subject to any business income tax but a limited liability company gross receipts tax, with a minimum franchise tax of \$800. The Company files its tax returns using the accrual method of accounting.

7. Subsequent Events

The Company has performed an evaluation of subsequent events through the date the financial statements were issued. The evaluation did not result in any subsequent events that required disclosures and/or adjustments.

8. Recently Issued Accounting Pronouncements

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepting accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASU's").

For the year ending December 31, 2022, various ASU's issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended.

Notes to Statement of Financial Condition
For the Year Ended December 31, 2022

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.
