In the news

Plant The Flag. Grow The Game. Shoot For The Crown.

Fan experiences are common. But unless you work in a front office or are incredibly wealthy, the opportunity to get behind the scenes of a professional sports club are rare.

Fan Owned Club changes that, giving all Fan Owners the chance to see and participate in the inner workings of a soccer club, by bringing the community membership model common in Europe and brings it to the United States.

We aim to develop Austria's FC Pinzgau (FCPS) into a truly global Club, giving international players, coaches and executives an entry point and a home in European football (soccer) and in the process making Pinzgau a recognizable name across North America, Europe and beyond.

FC PINZGAU SAALFELDEN

Locally known as "Pinzgau," the Club was born in 2007. Rising from the lower divisions, FC Pinzgau Saalfelden currently competes as one of 62 teams in Austria's third division. A player loan deal with MLS Club, Real Salt Lake in Summer 2019 helped deliver the strongest start in Club history. Prior to the Covid-19 suspension of our season, FCPS was the favorite amongst the six teams from "Regionalliga Salzburg" competing for promotion this Spring.

THE MANAGER

Legendary German footballer Christian Ziege signed a multi-year deal after joining as interim coach in Spring 2019. A former player with Bayern Munich, AC Milan, Liverpool and Tottenham, Ziege was a Euro 96 winner, a World Cup runner-up in 2002 and has 72 caps playing with the German national team. Christian's involvement has helped make Pinzgau a destination for young players to develop their game, including Pablo Ruiz, who recently signed a multiyear MLS contract after spending the fall season with FCPS in 2019.

"Our single biggest recruiting tool, by far, is the sterling reputation of Christian Ziege. He is that DNA, that connective tissue." - Trey Fitz-Gerald

WHY AUSTRIA

Austria is consistently ranked in the top 12 of the 55 UEFA federations, sending five teams each year to the Champions or Europa leagues. The recent success of Red Bull Salzburg and LASK are a testament to the strength of play, yet the costs to compete are a fraction of what would be expected in many other top flight leagues.

FC Pinzgau has untapped potential beyond the men's first side - women's team, men's second side and a well established youth program - and combine this with a bucket list beautiful home facility nestled in the Austrian Alps, and the choice of this club becomes clear.

In June of 2019, Fan Owned Club began jointly managing FCPS before finalizing the purchase of the LLC (GmbH) that operates FC Pinzgau Saalfelden and makes all Club-related decisions in December 2019. Similar to club ownership in Germany, the Austrian Federation requires a non-profit entity (Verein) to hold the actual license to compete. The Verein is controlled by six members, all of whom hold significant ownership within Fan Owned Club.

Investor Q&A

What does your company do? ▾

~ COLLAPSE ALL

Fan Owned Club brings fan ownership to the United States, starting with our first club, FC Pinzgau Saalfelden. In exchange for their support of the team, Fan Owned Club will offer a unique experience to soccer fans, in addition to pride and bragging rights.

Where will your company be in 5 years? ▾

FOC provides international players, coaches and executives an entry point to European soccer, driving our clubs towards recognition across the U.S., North America, Europe and beyond. The FOC U.S. office will sell merchandise, handle North American-based partnerships, serve as the base for scouting North American talent and provide outreach to our global investors. FOC also will develop two-way partnerships amongst U.S. / European companies who endeavor to target International audiences.

Why did you choose this idea? ▾

Fans are the lifeblood of any entertainment business. The FOC endeavor provides unprecedented access to and transparency for Club decision-making and operational experiences for fans/shareholders/owners - with FOC, these descriptors are interchangeable.

Once I buy my shares, what happens? ▾

It is a one time buy-in for the Founding Fan Owner, with no ongoing dues, owning a part of the club forever - or as long as one desires. Future plans include establishing a secondary market for Fan Owned Club shares.

How volatile will my share price be? ▾

We anticipate your share value to be related to the success of the club on the pitch. If the club gets promoted, we anticipate (but cannot guarantee) the value to increase, making this a truly unique experience for every sports fan, giving you a vested rooting interest in each match.

When can I sell my shares for a profit? ▾

Future plans include establishing a secondary market for Fan Owned Club shares.

How much of the team does Fan Owned Club, Inc. own? ▾

In December 2019, Fan Own Club, Inc. entered into an agreement to purchase 49.9% of the FC Pinzgau Saalfelden for \$434,750. Part of the proceeds of this offering will be used to pay for that agreement.

According to Austrian law, 49.9% is the maximum ownership stake that can be held in a club by a for-profit organization. The remaining 50.1% is owned by the FC Pinzgau Saalfelden Verein, a not for profit organization with six members. The six members of the Verein are also the six largest shareholders in Fan Owned Club, effectively making sure that the future directions of the Club are fully aligned with Fan Owned Club's interests.
