### Our product, MAIA, is a breast milk storage container. It's designed to be used in the office, at home, or on the go. It's designed to be used in the office, at home, or on the go.

We also need to reach our customers at the beginning of their nursing/pumping experience; moms generally get all of their pumping products at baby showers or otherwise early in the experience, and they tend not to shake things up too much throughout.

**What do you need the most help with? ▾**

Making sure that every mom who needs our product knows that it's available.

**What would you do with the money you raise? ▾**

Manufacturing costs; Paying to build an E-commerce platform; Legal/Patent fees
