SIGNIFICANT OPPORTUNITY

Digital media consumption evolves towards **community** and **freemium** model, as is exemplified by *Fortnite* and Free-to-play games

Fortnite Has Nearly 250 Million Registered Players; 10.8 Million Concurrent Players at Its Peak

Pranay Parab, 21 March 2019

Notably, Fortnite, too, has become a place where you don't just go to play — but rather “hang out.” For kids and young adults, the game has replaced the mall or other parts of the city where kids and teens just go to

Free to play games rule the entertainment world with \$88 billion in revenue

Devin Coldewey @techcrunch / 2 months ago

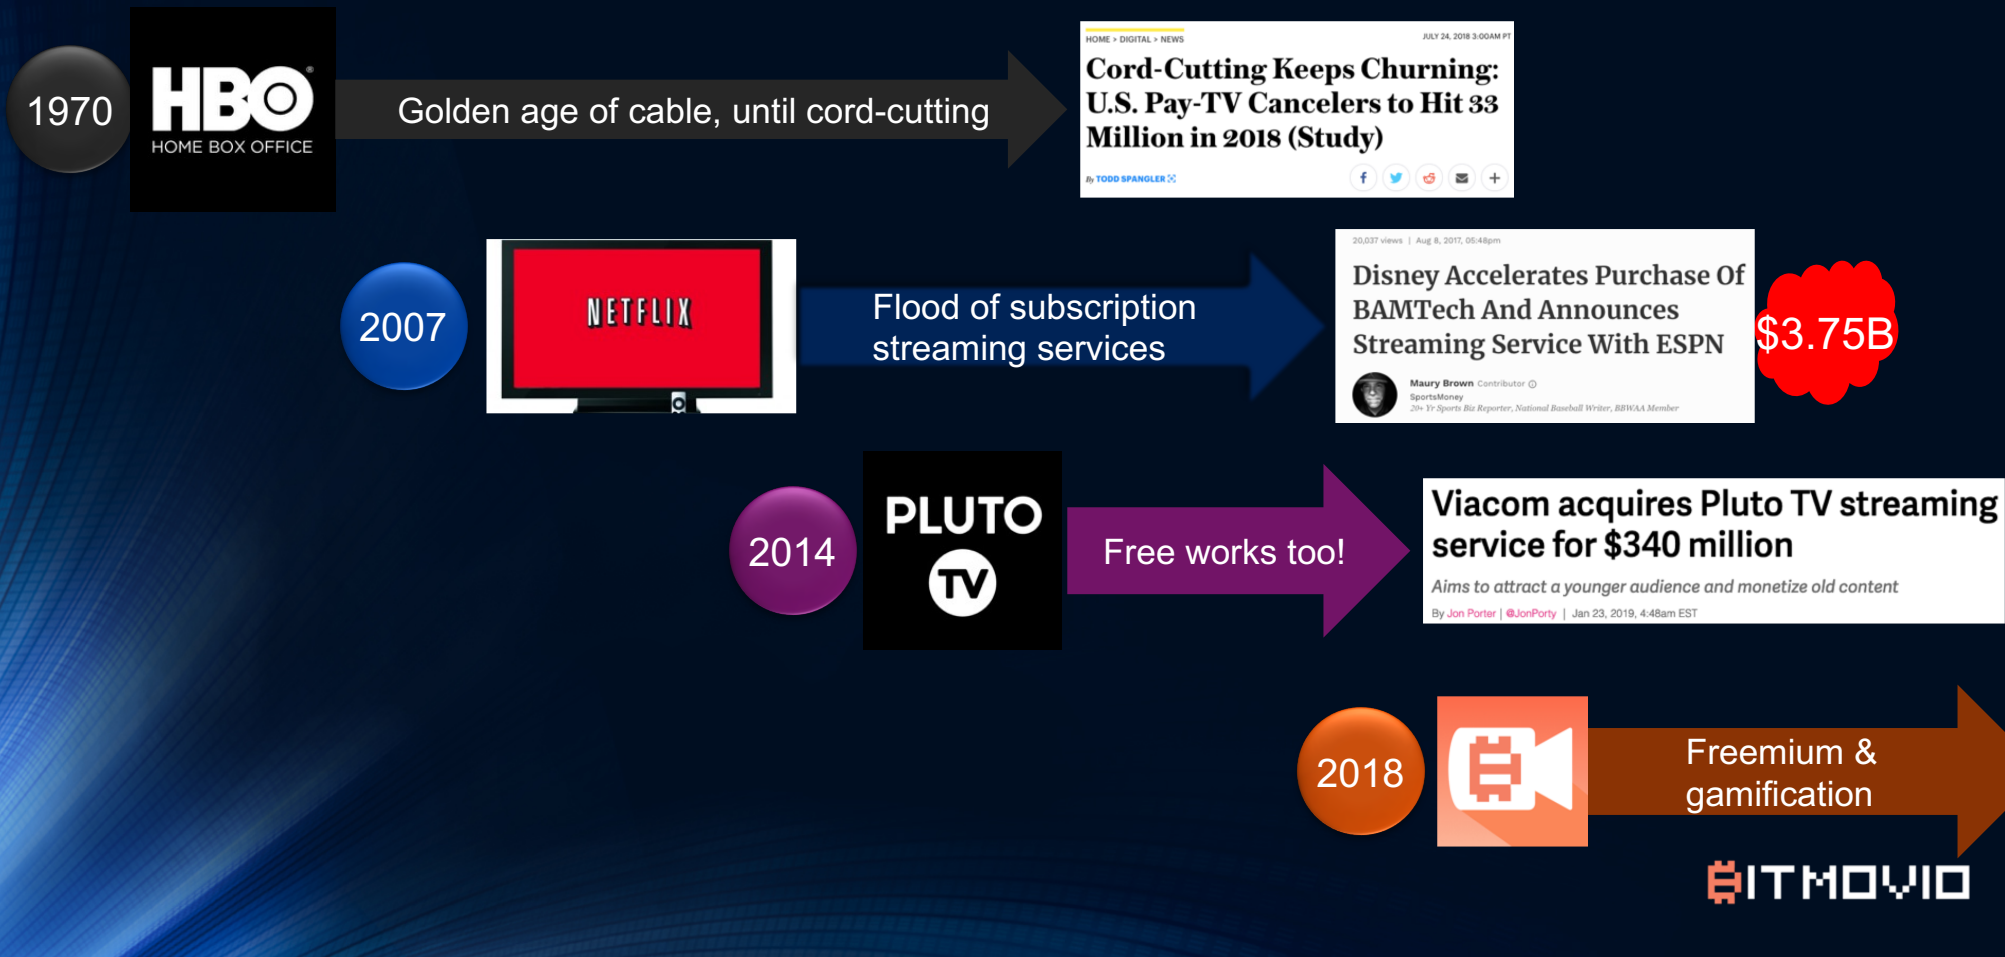

80% of all digital game revenue!

- Virtual goods
- In-app purchase
- Social interaction

Netflix views *Fortnite* as a bigger threat to it than HBO!

DIGITAL VIDEO IS STILL PLAYING CATCH-UP

...but existing digital video platforms are fiercely competing with older subscription or advertising model, creating walled gardens and lacking interactivity/community

PROBLEMS IN DIGITAL VIDEO ECOSYSTEM

Incumbents chasing subscription (Netflix) and advertising (YouTube) model, with limited interactivity & community, lack of monetization & data transparency
