THE OFFERING AND THE SECURITIES

The Offering

The Issuer is offering a minimum amount of \$75,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$5,000,000 (the “**Maximum Offering Amount**”) of “**Common Stock**” (the “**Securities**”) on a best efforts basis as described in this Form C (this “**Offering**”). The Minimum Individual Purchase Amount is \$250 and the Maximum Individual Purchase Amount is \$225,000. The Issuer reserves the right to amend the Minimum Individual Purchase Amount and Maximum Individual Purchase Amount in its sole discretion. In particular, the Issuer may elect to participate in one of the Intermediary’s special investment programs and may offer alternative Minimum Individual Purchase Amounts and Maximum Individual Purchase Amounts to Investors participating in such programs without notice. The Issuer must raise an amount equal to or greater than the Target Offering Amount by March, 31 2025 (the “**Offering Deadline**”). Unless the Issuer receives investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be canceled and all committed funds will be returned.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Issuer’s asset value, net worth, revenues or other objective established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities, you must make a commitment to purchase by completing the purchase process hosted by the **Intermediary** (as defined above), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Issuer are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with a qualified third party escrow agent meeting the requirements of Regulation CF (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds. If the Investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the Investor will receive their Securities.**

Investment commitments made in this Offering will be represented by a pro rata beneficial interest (based on the amount invested), Custody Agreement (attached as Exhibit C), and Omnibus Nominee Trust Agreement (attached as Exhibit D). Securities sold in this Offering will be deposited into a custodial account (“**Custodial Account**”) with Bitgo Trust Company, Inc., who will serve as the custodian, nominee, and legal record holder (the “**Custodian**” or “**Nominee**”). In order to receive Securities from this Offering, Investors will be required to establish, or verify that they already have, an account with the Custodian. The legal title to the Securities purchased by the Investor in this Offering will be held in the name of a trust established by and maintained by the Nominee for the purposes of safeguarding the Securities and providing for efficiencies with respect to tax reporting, distributions and estate planning purposes related to the Securities pursuant to the terms and conditions of the Omnibus Nominee Trust Agreement attached hereto as Exhibit D.

The Issuer will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Issuer reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Issuer continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

The Deal Page

A description of our products, services and business plan can be found on the Issuer’s profile page on the Intermediary’s website under <https://republic.com/smartsoda> (the “**Deal Page**”). The Deal Page can be used by

prospective Investors to ask the Issuer questions and for the Issuer to post immaterial updates to this Form C as well as make general announcements. You should view the Deal Page at the time you consider making an investment commitment. Updates on the status of this Offering can also be found on the Deal Page.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Issuer will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor's investment commitment will be canceled and the committed funds will be returned without interest or deductions.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Issuer designates pursuant to Rule 304(b) of Regulation CF, the Issuer may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Issuer conducts an initial closing (the "**Initial Closing**"), the Issuer agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Issuer may only conduct another close (a "**Subsequent Closing**") before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Issuer upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Issuer has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Issuer until they are accepted by the Issuer, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Issuer rejects all or a portion of any investment commitment, the applicable prospective Investor's funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C and the Instrument attached as Exhibit B, in conjunction with the following summary information.

Holders of Common Stock have no conversion, preemptive or other subscription rights, and there are no redemption provisions for the Common Stock. The rights of the holders of Common Stock are subject to any rights that may be fixed for holders of Preferred Stock.

Dividends and/or Distributions

Holders of Common Stock are entitled to share in all dividends that the Board of Directors, in its discretion, declares from legally available funds.

Dissolution

In the event of our liquidation, dissolution or winding up, subject to the preferences of any shares of Preferred Stock which may then be authorized and outstanding, each outstanding share of Common Stock entitles its holder to participate in all assets that remain after payment of liabilities and after providing for each class of stock, if any, having preference over the Common Stock.

Voting

Holders of Common Stock are entitled to one vote for each share on all matters submitted to a vote of shareholders. Holders of Common Stock do not have cumulative voting rights.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Issuer.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Issuer; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. "Member of the family" as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Issuer with an opinion of counsel reasonably satisfactory to the Issuer stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities to any of the Issuer's competitors, as determined by the Issuer in good faith.

Other Material Terms

- The Issuer does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.

COMMISSION AND FEES

Cash Commission

At the conclusion of the Offering, the Issuer shall pay the Intermediary a fee of six percent (6%) of the dollar amount raised in the Offering on proceeds exceeding \$100,000 and a minimum cash commission of \$15,000, with a \$7,500 onboarding fee.

Other Compensation

The Intermediary will also receive compensation in the form of the Securities equal to two percent (2%) of the total number of the Securities sold in the Offering. The total number of Securities outstanding after the Offering is subject to increase in an amount equal to the Intermediary's fee of two percent (2%) of the Securities issued in this Offering.

RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Issuer is subject to the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Issuer's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Issuer is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Issuer may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. Each of these crises could adversely affect the economies and financial markets of many countries, including the United States where we principally operate, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

The amount of capital the Issuer is attempting to raise in this Offering may not be enough to sustain the Issuer's current business plan.

In order to achieve the Issuer's near and long-term goals, the Issuer may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Issuer will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with our Issuer and present and future market conditions. We will require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

We are an early-stage business.

The Company was incorporated in the State of Delaware on February 24, 2019. The Company has a limited history upon which an evaluation of its prospects and future performance can be made, and the Company's proposed operations are subject to all business risks associated with new enterprises. As a result, projections of results and rates of growth may not be a meaningful indicator of our future results of operations. In addition, our planned growth may place a significant strain on our financial, operational and managerial resources. The likelihood of the Company's success must be considered in light of the problems, expenses, difficulties, complications, and delays frequently encountered in connection with the development and expansion of a business. Any inability to successfully manage

our growth, if any, could have a material adverse effect on our business, financial condition and operating results. The Company could sustain losses in the future. There can be no assurances that the Company will ever operate profitably.

We have a limited operating history and have incurred losses.

We have a very limited operating history upon which an evaluation of our prospects and us can be based. Our prospects must be evaluated with a view to the risks encountered by a company in an early stage of development. We have not been profitable and have incurred net operating losses during our recent operating history. We cannot guarantee we will ever be profitable, have a positive cash flow, or be able to continue in business. We have been selling our products on a very limited basis because we have not had the capital to finance our sales and marketing plan or to put in place the staff needed to manage large-scale sales and marketing, production, fulfillment and customer service. As a result we do not have a history of results of operating our sales and marketing plan so there can be no assurance of the results we will achieve from this plan.

We will need additional financing.

This is a “best effort” Offering for maximum gross proceeds of \$5,000,000, less expenses, as indicated in this Memorandum. We believe that the net proceeds of this Offering, assuming the entire Offering amount is sold, should provide us with sufficient capital to continue our sales and marketing plan and reach positive cash flow and reach positive cash flow. However, if less than this amount is sold, or if certain assumptions contained in management’s business plans prove to be incorrect, the Company may have inadequate funds to fully develop its business and achieve positive cash flow and may need additional equity and/or debt financing or other capital investment to fully implement the Company’s business plans. It is also possible that costs associated with the operation of our business will exceed our projections depending on the timing of future operating and capital expenses. We may however require additional capital to cover our operating expenses and for general corporate purposes. We do not know how much additional funding we may require. We may be required to seek other sources of financing in the near future, which sources (assuming we are able to locate such alternative sources of financing) may be on terms less favorable to us than those in the Offering. Any additional equity financing may be dilutive to stockholders, and debt financing, if available, may involve restrictive covenants. If additional funds are raised through the issuance of equity securities, the percentage ownership of the stockholders of the Company will be reduced, stockholders may experience additional dilution in net book value per share, or such equity securities may have rights, preferences or privileges senior to those of the holders of our Common Stock. If adequate funds are not available on acceptable terms, we may be unable to develop or enhance our services and products, take advantage of future opportunities, or respond to competitive pressures, any of which could have a material adverse effect on our business, financial condition and operating results, or we may be forced to cease operations.

The Company is also conducting an offering to raise up to Ten Million Dollars through a convertible note and is conducting an offering through a registered broker-dealer as the managing placement agent and officers and directors of the Company under Section 4(a)(2) and Rule 506(c) of Regulation D promulgated under the Securities Act of 1933, as amended up to 6,451,613 shares of Series C Preferred Stock at a purchase price of \$1.55 per share. This offering is scheduled to terminate December 31, 2024 unless extended by the Company.

To provide for long term growth, the Company is exploring potentially obtaining funding by participating in an EB-5 Program (as more fully described herein). In the event that the Company does in fact participate in this program and successfully raise funds which are then converted into shares of common stock of the Company current shareholders and the investors in this Offering would experience dilution.

Significant additional labeling or warning requirements may inhibit sales of affected products.

Various jurisdictions may seek to adopt significant additional product labeling or warning requirements relating to the content or perceived adverse health consequences of our product(s). If these types of requirements become applicable to our product(s) under current or future environmental or health laws or regulations, they may inhibit sales of such products.

Growth rates higher than planned or the introduction of new products requiring special ingredients could create higher demand for ingredients greater than we can source.

Although we believe that there are alternative sources available for our key ingredients, there can be no assurance that we would be able to acquire such ingredients from substitute sources on a timely or cost-effective basis in the event that current suppliers could not adequately fulfill orders, which would adversely affect our business and results of operations.

The loss of our third-party distributors could impair our operations and substantially reduce our financial results.

We continually seek to expand distribution of our products by entering into distribution arrangements with regional bottlers or other direct store delivery distributors having established sales, marketing and distribution organizations. Many distributors are affiliated with and manufacture and/or distribute other beverage products. In many cases, such products compete directly with our products. The marketing efforts of our distributors are important for our success. If our brands prove to be less attractive to our existing distributors and/or if we fail to attract additional distributors and/or our distributors do not market and promote our products above the products of our competitors, our business, financial condition and results of operations could be adversely affected.

Our business is substantially dependent upon awareness and market acceptance of our products and brands.

Our business depends on acceptance by both our end consumers as well as our independent distributors of our brands as beverage brands that have the potential to provide incremental sales growth rather than reduce distributors' existing beverage sales. We believe that the success of our product name brands will also be substantially dependent upon acceptance of our product name brands. Accordingly, any failure of our brands to maintain or increase acceptance or market penetration would likely have a material adverse effect on our revenues and financial results.

Reductions in sales of our products will have an adverse effect on our profitability and ability to generate cash to fund our business plan.

The following factors, among others, could affect continued market acceptance and profitability of our products:

- the introduction of competitive products;
- changes in consumer preferences among CBD food products;
- changes in consumer eating and snacking habits, including trends away from certain categories, including major allergen-free, gluten-free and non-GMO products;
- changes in awareness of the social effects of farming and food production;
- changes in consumer perception about trendy snack products;
- changes in consumer perception regarding the healthfulness of our products;
- the level and effectiveness of our sales and marketing efforts;
- any unfavorable publicity regarding CBD products or similar products;
- any unfavorable publicity regarding our brand;
- litigation or threats of litigation with respect to our products;
- the price of our products relative to other competing products;
- price increases resulting from rising commodity costs;
- any changes in government policies and practices related to our products, labeling and markets;
- regulatory developments affecting the manufacturing, labeling, marketing or use of our products;
- new science or research that disputes the health benefits of our products

Adverse developments with respect to the sale of our products would significantly reduce our net sales and profitability and have a material adverse effect on our ability to maintain profitability and achieve our business plan.

Our future business, results of operations and financial condition may be adversely affected by reduced availability of our core ingredients.

Our ability to ensure a continuing supply of our core ingredients at competitive prices depends on many factors beyond our control, such as the number and size of farms that grow crops, poor harvests, changes in national and world economic conditions and our ability to forecast our ingredient requirements. The ginger, lavender, mangoes, jalapenos, pomegranates and other ingredients used in our products are vulnerable to adverse weather conditions and natural disasters, such as floods, droughts, frosts, earthquakes, hurricanes and pestilences. Adverse weather conditions and natural disasters can lower crop yields and reduce crop size and quality, which in turn could reduce the available supply of our core ingredients. If supplies of our core ingredients are reduced or there is greater demand for such ingredients, from us and others, we may not be able to obtain sufficient supply on favorable terms, or at all, which could impact our ability to supply products to distributors and retailers.

Failure by our transportation providers to deliver our products on time or at all could result in lost sales.

We currently rely upon third-party transportation providers for a significant portion of our product shipments. Our utilization of delivery services for shipments is subject to risks, including increases in fuel prices, which would increase our shipping costs, and employee strikes and inclement weather, which may impact the ability of providers to provide delivery services that adequately meet our shipping needs. We may, from time to time, change third-party transportation providers, and we could therefore face logistical difficulties that could adversely affect deliveries. We may not be able to obtain terms as favorable as those we receive from the third-party transportation providers that we currently use or may incur additional costs, which in turn would increase our costs and thereby adversely affect our operating results.

Risks related to the EB-5 Program

There are many risks associated with the EB-5 Program described below, including but not limited to: no guarantee that Smart Soda Financing, LLC will successfully raise any funds under the EB-5 Program; Smart Soda Financing, LLC may not be compliant with the rules and regulations set forth under the EB-5 program; and the amount of the Loan, if any, is not known.

As there is no minimum dollar amount that Smart Soda Financing, LLC seeks to raise under the EB Program, the Company does not know the amount of proceeds it will receive from the Loan, and as such there is a chance that the scope and scale of the Project will have to be drastically reduced or that Project will be launched at all.

Our services may infringe the intellectual property rights of others, which may cause us to pay unexpected litigation costs or damages or prevent us from selling our services.

From time to time, third parties may claim that our services infringe or otherwise violate their intellectual property rights. We may be subject to legal proceedings and claims, including claims of alleged infringement by us of the intellectual property rights of third parties. Any dispute or litigation regarding intellectual property could be expensive and time consuming, regardless of the merits of any claim, and could divert our management and key personnel from our business operations.

If we were to discover or be notified that our services potentially infringe or otherwise violate the intellectual property rights of others, we may need to obtain licenses from these parties in order to avoid infringement. We may not be able to obtain the necessary licenses on acceptable terms, or at all, and any such license may substantially restrict our use of the intellectual property. Moreover, if we are sued for infringement and lose the lawsuit, we could be required to pay substantial damages or be enjoined from offering the infringing services. Our intellectual property portfolio may not be useful in asserting a counterclaim, or negotiating a license, in response to a claim of intellectual property infringement. Any of the foregoing could cause us to incur significant costs and prevent us from selling our services.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new

products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide components and services for our products.

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

We rely on various intellectual property rights, including trademarks, in order to operate our business.

The Issuer relies on certain intellectual property rights to operate its business. The Issuer's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Issuer's success depends on the experience and skill of the board of directors, its executive officers and key employees.

We are dependent on our board of directors, executive officers and key employees. These persons may not devote their full time and attention to the matters of the Issuer. The loss of our board of directors, executive officers and key employees could harm the Issuer's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Issuer does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Issuer has not purchased any insurance policies with respect to those individuals in the event of their death or

disability. Therefore, if any of these personnel die or become disabled, the Issuer will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Issuer and our operations. We have no way to guarantee key personnel will stay with the Issuer, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of Individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer

capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Issuer is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Issuer may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) issuer, the Issuer is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Issuer's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Issuer of such compliance could be substantial and could have a material adverse effect on the Issuer's results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

Risks Related to the Offering

State and federal securities laws are complex, and the Issuer could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.

The Issuer has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Issuer may have violated state or federal securities laws, any such violation could result in the Issuer being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Issuer would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Issuer will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Issuer violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Issuer which, among other things, could result in the Issuer having to pay substantial fines and be prohibited from selling securities in the future.

The Issuer could potentially be found to have not complied with securities law in connection with this Offering related to a Reservation Campaign (also known as "Testing the Waters")

Prior to filing this Form C, the Issuer engaged in a Reservation Campaign (also known as "testing the waters") permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications sent to Investors prior to the Offering are attached as Exhibit [E/F]. Some of these communications may not have included proper disclaimers required for a Reservation Campaign.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Issuer's management may have broad discretion in how the Issuer uses the net proceeds of the Offering.

Unless the Issuer has agreed to a specific use of the proceeds from the Offering, the Issuer's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Intermediary Fees paid by the Issuer are subject to change depending on the success of the Offering.

At the conclusion of the Offering, the Issuer shall pay the Intermediary a fee of six percent (6%) of the dollar amount raised in the Offering on proceeds exceeding \$100,000 and a minimum cash commission of \$15,000, with a \$7,500 onboarding fee.

The compensation paid by the Issuer to the Intermediary may impact how the Issuer uses the net proceeds of the Offering.

The Issuer has the right to limit individual Investor commitment amounts based on the Issuer's determination of an Investor's sophistication.

The Issuer may prevent any Investor from committing more than a certain amount in this Offering based on the Issuer's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Issuer's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Issuer's determination.

The Issuer has the right to extend the Offering Deadline.

The Issuer may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Issuer attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Issuer extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Issuer receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Issuer receives the Target Offering Amount, at which time it will be released to the Issuer to be used as set forth herein. Upon or shortly after the release of such funds to the Issuer, the Securities will be issued and distributed to you.

The Issuer may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Issuer can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Issuer may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Issuer has the right to conduct multiple closings during the Offering.

If the Issuer meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Issuer to draw down on seventy percent (70%) of Investor proceeds committed and captured in the Offering during the relevant period. The Issuer may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

The Securities will not be freely tradable under the Securities Act until one year from when the securities are issued. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Issuer. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. Additionally, Investors will only have a beneficial interest in the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the Custodian.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Issuer or to receive financial or other information from the Issuer, other than as required by law. Other security holders of the Issuer may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Issuer can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Issuer such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Securities in “default” and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment.

The Securities may be significantly diluted as a consequence of subsequent equity financings.

The Issuer’s equity securities will be subject to dilution. The Issuer intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor’s control and economic interests in the Issuer.

The amount of additional financing needed by the Issuer will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Issuer with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Issuer’s needs, the Issuer may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Issuer. There can be no assurance that the Issuer will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Issuer has certain equity grants and convertible securities outstanding. Should the Issuer enter into a financing that would trigger any conversion rights, the converting securities would further dilute the equity securities receivable by the holders of the Securities upon a qualifying financing.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the offering price or at any other price.

In the event of the dissolution or bankruptcy of the Issuer, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Issuer, the holders of the Securities will be entitled to distributions as described herein. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred stock, have been paid in full. No holders of any of the Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Issuer.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

RISKS ASSOCIATED WITH OUR MANAGEMENT TEAM

The Company's success depends on the experience and skill of the board of directors, its executive officers and key employees.

In particular, the Company is dependent on Lior Shafir, who are the Chief Executive Officer and Director, and Chairman of the Board, respectively, of the Company. The Company has entered into an employment agreement with Lior Shafir although there can be no assurance that they will continue to be employed by the Company for a particular period of time. The loss of Lior Shafir and could harm the Company's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Company does not have any key man life insurance policies on any such people.

The Company is dependent on certain key personnel in order to conduct its operations and execute its business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and its operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

If we fail to retain and attract skilled management and other key personnel, our business may be harmed. Our success also depends on our ability to attract, retain, and motivate additional skilled management personnel. We plan to continue to expand our work force to continue to enhance our business and operating results. We believe that there is significant competition for qualified personnel with the skills and knowledge that we require. Many of the other companies within the markets we work compete for qualified personnel and have greater financial and other resources than we do. They also may provide more diverse opportunities and better chances for career advancement. Some of these characteristics may be more appealing to high-quality candidates than those which we have to offer. If we are not able to attract and retain the necessary qualified personnel to accomplish our business objectives, we may

experience constraints that will significantly impede the achievement of our business objectives and our ability to pursue our business strategy. New hires require significant training and, in most cases, take significant time before they achieve full productivity. New employees may not become as productive as we expect, and we may be unable to hire or retain sufficient numbers of qualified individuals. If our recruiting, training, and retention efforts are not successful or do not generate a corresponding increase in revenue, our business will be harmed.

The liability of our officers and directors is limited.

The applicable provisions of the Delaware General Corporation Law and our bylaws limit the liability of our officers and directors to us and our stockholders for monetary damages for breaches of their fiduciary duties, with certain exceptions, and for other specified acts or omissions of such persons. In addition, indemnification agreements we expect to enter into with our officers and directors upon completion of the Offering provide for indemnification of such persons under certain circumstances. If we are required to indemnify any of our officers or any other person, our financial strength may be harmed, which may in turn lower our stock price.

MARKET COMPETITION AND OPERATING HISTORY RISKS

Our new product(s) could fail to achieve the sales projections we expected

Our growth projections are based on an assumption that with an increased advertising and marketing budget our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

Failure to develop new products and production technologies or to implement productivity and cost reduction initiatives successfully may harm our competitive position.

We depend significantly on the development of commercially viable new products, product grades and applications, as well as process technologies, free of any legal restrictions. If we are unsuccessful in developing new products, applications and production processes in the future, our competitive position and results of operations may be negatively affected. However, as we invest in new technology, we face the risk of unanticipated operational or commercialization difficulties, including an inability to obtain necessary permits or governmental approvals, the development of competing technologies, failure of facilities or processes to operate in accordance with specifications or expectations, construction delays, cost over-runs, the unavailability of financing, required materials or equipment and various other factors. Likewise, we have undertaken and are continuing to undertake initiatives to improve productivity and performance and to generate cost savings. These initiatives may not be completed or beneficial or the estimated cost savings from such activities may not be realized.

We face significant market competition

We will compete with larger, established companies who currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

Competition

More modest competitors include Bevi, Tractor Soda and others, but they also fail to offer our specialty products (including CBD-infused options) and lack a full-service platform to drive their businesses.

The markets in which our products are sold are highly competitive. Our products compete against similar products of many large and small companies, including well-known global competitors. In many of the markets and industry segments in which we sell our products, we compete against other branded products as well as retailers' private-label brands. Product quality, performance, value and packaging are also important differentiating factors.

Supply Chain

Most of our products are manufactured in the USA by two of the largest companies in the world, Celli (Equipment) and Refresco (syrops). If such manufacturers were no longer available, we believe we could find additional manufacturers at similar costs, but there is no guarantee. Our supply chain network includes some of the world's largest and most well-known groups, such as **Compass Group, Aramark, Sodexo, Guckheimer, Sysco, McLane, US Foods, UNFI, Vistar**, and others.

Customer Base

We have successfully secured a go-to-market strategy and contracted with some of the biggest names as end-users, including Uber, Citi Bank, LinkedIn, DocuSign, Four Seasons, Hilton, Meta, BDO, Shell Energy, Visa, Mars, Eaton, Deloitte, Franklin Templeton, Centene, Pros U.S., NetApp, Eaton, UH (University Hospital), Coty, Pandora Jewelry, and many others.

Valuation

Although the Securities provide certain terms, which may include a valuation cap, the Intermediary has ascribed no pre-Offering valuation to the Issuer; the Securities are priced arbitrarily and the Issuer makes no representations as to

the reasonableness of any specified valuation cap. An investor can imply a pre-Offering valuation of the Company of approximately \$81 Million Dollars. Such valuation is solely derived from multiplying the offering price of this Offering (\$1.55) by the number of shares of Common Stock of the Company on a fully diluted basis (52,387,120) as of the date herein. Such valuation has been determined arbitrarily by the Company based on the Offering price of this Offering. As such Investors are cautioned to rely on such valuation. The Company has not retained an independent valuation firm or any third party to provide a pre-Offering valuation or justify the above implied valuation.

Trends and Uncertainties

After reviewing the above discussion of the steps the Issuer intends to take, potential Investors should consider whether achievement of each step within the estimated time frame will be realistic in their judgment. Potential Investors should also assess the consequences to the Issuer of any delays in taking these steps and whether the Issuer will need additional financing to accomplish them.

To The Board of Director of **SmartSoda Holdings, Inc.**

We have audited the financial statements of SmartSoda Holdings, Inc., which comprise the balance sheet as of December 31, 2023, and December 31, 2022 and the related statements of income, changes in stockholders' equity, and cash flows for the period (1st January'23 to 31st December'23 and 1st Jan 2022 to 31st December'2022) then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Smartsoda Holdings, Inc. as of December 31, 2023, and December 31, 2022, the results of its operations and its cash flows for the Period then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Smartsoda Holdings, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Other Matter Paragraph

The 2021 Financial Statement was not Compiled, Reviewed or Audited by us and the opening balances of Retained Earnings, Inventory and Other balance sheet items for the year 2022 are taken from Unaudited financial statement prepared and provided by the management.

We did not observe the taking of Physical inventory as of December 31, 2023, and as of December 31, 2022, because that date was prior to our engagement as auditor for SmartSoda Holdings, Inc.

We are yet to get 100% Debtor and Creditor balance confirmation for balance as on 31st Dec 2023 and 31st Dec 2022, there we no major difference noted for the confirmation obtained till date.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SmartSoda Holdings, Inc., ability to continue as a going concern for One year after the balance sheet date i.e. December 31, 2023.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Smartsoda Holdings, Inc. internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate that raise substantial doubt about SmartSoda Holdings, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The Investor agrees and covenants that the Investor will maintain accurate and up-to-date contact information (including email and mailing address) on Portal and will promptly update such information in the event it changes or is no longer accurate.

(d) The Investor has received and reviewed a copy of the Form C. With respect to information provided by the Company, the Investor has relied solely on the information contained in the Form C to make the decision to purchase the Securities and has had an opportunity to ask questions and receive answers about the Form C, the Offering and the Investor's investment in the Securities. The Investor acknowledges and agrees to having reviewed the Company's Bylaws and Certificate of Incorporation (as originally filed with the State of Delaware, subsequent amendments available upon written request) attached hereto as Exhibit A, and further acknowledges and agrees that the Bylaws and Certificate of Incorporation may be amended and/or restated from time to time. The Investor acknowledges that neither the Company, the Portal nor any of their respective affiliates have made any representation regarding the proper characterization of the Securities for purposes of determining the Investor's authority or suitability to invest in the Securities.

(f) The Investor is familiar with the business and financial condition and operations of the Company, including all as generally described in the Form C. The Investor has considered the suitability of the Securities as an investment in light of its own circumstances and financial condition and the Investor is able to bear the risks associated with an investment in the Securities and its authority to invest in the Securities.

(m) The Investor is acquiring the Securities solely for the Investor's own beneficial account, for investment purposes, and not with a view to, or for resale in connection with, any distribution of the Securities. The Investor understands that the Securities have not been registered under the Securities Act or any state securities laws by reason of specific exemptions under the provisions thereof which depend in part upon the investment intent of the Investor and of the other representations made by the Investor in this Subscription Agreement. Even if and when the Securities become freely transferable, a secondary market in the Securities may not develop. Consequently, the Investor understands that the Investor must bear the economic risks of the investment in the Securities for an indefinite period of time.

The Investor's subscription and payment for and continued beneficial ownership of the Securities will not violate any applicable securities or other

laws of the Investor's jurisdiction.

1. SERVICES.

1.1. Custodian. Client authorizes, approves, and directs Custodian to establish and maintain one or more custody accounts on its books (each a “Custodial Account”), pursuant to the terms of this Agreement, for the receipt, safekeeping, and maintenance of supported Digital Assets, Fiat Currency, and Securities (“Custodial Services”).

1.2. Wallet Software and Non-Custodial Wallet Service.

- (a) Custodian also provides Client with the option to create non-custodial wallets that support certain Digital Assets via an API and web interface (“Wallet Services”). Wallet Services are provided by BitGo, Inc, an affiliate of Custodian (“BitGo Inc.”). Wallet Services provide access to wallets where BitGo Inc. holds a minority of the keys, and Client is responsible for holding a majority of the keys (“Client Keys”).
- (b) The Wallet Services do not send or receive Fiat Currency or Digital Assets. The Wallet Services enable Client to interface with virtual currency networks to view and transmit information about a public cryptographic key commonly referred to as a blockchain address. As further set forth in Section 3.5, Client assumes all responsibility and liability for securing the Client Keys. Further, Client assumes all responsibility and liability for creation, storage, and maintenance of any backup keys associated with accounts created using the Wallet Services.
- (c) Client’s use of the Wallet Services is subject to the terms and conditions set forth at <https://www.bitgo.com/terms> (the “Wallet Terms”), as they may be amended from time to time. In the event of a conflict between the Wallet Terms and the terms of this Agreement, the terms of this Agreement shall control.

1.3. Fiat Services.

- (a) As part of Custodial Services, Client may use Custodian to safeguard Fiat Currency in a Custodial Account for Client’s benefit (“Fiat Services”). Custodian will custody Fiat Currency in one or more of the following “Customer Omnibus Accounts”, as determined by Custodian: (i) deposit accounts established by Custodian with a Bank (each an “Omnibus Deposit Account”); (ii) money market accounts established by Custodian at a Bank (each, a “Money Market Account”) and/or (iii) such other accounts as may be agreed between Client and Custodian in writing from time to time.
- (b) Each Customer Omnibus Account shall be titled in the name of Custodian or in the name of Custodian for the benefit of its customers, in either case under the control of Custodian. Each Customer Omnibus Account shall be maintained separately and apart from Custodian’s business, operating, and reserve accounts. Each Omnibus Account constitutes a banking relationship between Custodian and the relevant Bank and shall not constitute a custodial relationship between Custodian and Bank.
- (c) Client acknowledges and agrees that Custodian may hold some or any portion of Fiat Currency in accounts that may or may not receive interest or other earnings. Client hereby agrees that the amount of any such interest or earnings attributable to such Fiat Currency in Customer Omnibus Accounts shall be retained by Custodian as additional consideration for its services under this Agreement, and nothing in this Agreement entitles Client to any portion of such interest or earnings. In addition, Custodian may receive earnings or compensation for a Customer Omnibus Account in the form of services provided at a reduced rate or similar compensation. Client agrees that any such compensation shall be retained by Custodian, Client understands and agrees that Client is not entitled to any portion of such compensation, and no portion of any such compensation shall be paid to or for Client. Client further acknowledges that Client’s rights in the Customer Omnibus Accounts is

limited to the specific amount of Fiat Currency Client custodies via the Fiat Services, as may be limited herein and by applicable law.

- (d) Client acknowledges and agrees that it may send Fiat Currency to Custodian or from Custodian to an external account either by wire deposit or Automated Clearing House (“ACH”) transfer. Wire deposits and ACH transfers are subject to differing processes, rules, and timelines. Client agrees to the terms and conditions presented in Appendix 2 of this Agreement (the “ACH Transfer Terms & Conditions”), which will apply to any ACH transfer that Client chooses to initiate to or from Custodian.
- (e) Wire deposits sent before 4 PM ET by domestic or international wire from Client’s account(s) at a depository institution that has been approved by Custodian will typically settle and be credited to Custodian’s Omnibus Account on the same day or next business day. Wire withdrawals initiated before 4 PM ET will typically be processed on the same day or next business day. Wire deposits may not be credited and wire withdrawals may not be processed outside of normal banking hours. Client agrees and understands that wire deposit settlement times and wire withdrawal transfer times are subject to factors outside of Custodian’s control, including, among other things, processes and operations related to the Customer Bank Account and the Custodian’s Bank.

1.4. Securities Services.

- (a) To Custodial Account. Subject to the terms of this Agreement, Client may transfer Securities from itself, an external provider, or other third parties to a Custodial Account. Prior to any transfer of Securities to a Custodial Account, Client will send Instructions to Custodian. The Custodian is not obligated to credit any Securities to the Account before the Custodian actually receives such Securities by final settlement.
 - i. Upon receiving such Instructions and verifying the transferred Securities and that such Instructions comply with Section 2.3, Custodian will provide Client with settlement instructions, including specific account details and delivery instructions. Client will initiate the transfer by instructing their current holding institution or broker to deliver the Securities to the Custodian. The transfer will be executed following established industry practices and relevant regulations.
 - ii. Custodian will reconcile the received Securities with the Client's Account records and confirm the successful transfer to the Account.
- (b) From Custodial Account. Subject to the terms of this Agreement, Client may initiate the transfer of Securities from the Custodial Account by sending Instructions to Custodian.
 - i. Upon receiving the Instructions and verifying the request complies with Section 2.3, Custodian will provide Client with settlement instructions for the requested transfer. Client will follow the provided instructions to initiate the transfer from the Custodial Account.
 - ii. Custodian will provide Client with a confirmation of the pending transfer.
 - iii. If Instructions would result in the transfer of Securities exceeding the available balance in the Account, Custodian may reject such Instructions at its sole discretion.

- iv. If Client separately maintains one or more blockchain-based tokens, including self-custodied blockchain-based tokens, associated with securities entitlements in the Account (“Security Instruction Token(s)” or “SIT(s)”), and Client subsequently sells or otherwise transfers SITs on a third-party securities exchange, alternative trading system, or similar trading venue, Client acknowledges and agrees that Custodian will recognize such transfer as an Instruction by Client to Custodian, and Custodian shall transfer a corresponding amount of securities entitlements from the Client’s Account to the account of the acquirer of such SITs.

1.5. Third-Party Payments. The Custodial Services are not intended to facilitate third-party payments of any kind, which shall include the use of Fiat Currency, Securities, and/or Digital Assets. As such, Custodian has no control over, or liability for, the delivery, quality, safety, legality or any other aspect of any goods or services that Client may purchase or sell to or from a third party (including other users of Custodial Services) involving Assets that Client intends to store, or have stored, in Client’s Custodial Account.

1.6. API Access.

- (a) Most Services are provided through <https://www.bitgo.com/> or any associated websites or application programming interfaces (“APIs”) (collectively, the “Company Site”). Client may elect to utilize the APIs either directly or indirectly within an independently developed application (“Developer Application”).
- (b) All API-based Services are subject to usage limits and the terms and conditions set forth at <https://www.bitgo.com/legal/services-agreement> (the “API Terms”), as they may be amended from time to time. In the event of a conflict between the API Terms and the terms of this Agreement, the terms of this Agreement shall control. If Client exceeds a usage limit, Custodian may provide assistance to seek to reduce Client usage so that it conforms to that limit. If Client is unable or unwilling to abide by the usage limits, Client will order additional quantities of the applicable Services promptly upon request or pay Custodian’s invoices for excess usage.

1.7. Fees. The fees associated with the Services shall be calculated, invoiced and paid in accordance with Schedule A (“Fee Schedule”). Custodian reserves the right to revise its Fee Schedule at any time following the Initial Term, provided that Custodian will provide Client with at least thirty (30) days’ advance notice of any such revision. Within such 30-day period, Client may terminate this Agreement in accordance with Section 5.4 and discontinue the Services hereunder at no additional charge to Client.

1.8. Acknowledgement of Risks.

- (4) SOME VIRTUAL CURRENCY TRANSACTIONS SHALL BE DEEMED TO BE MADE WHEN RECORDED ON A PUBLIC LEDGER, WHICH IS NOT NECESSARILY THE DATE OR TIME THAT THE CUSTOMER INITIATES THE TRANSACTION;
- (5) THE VALUE OF VIRTUAL CURRENCY MAY BE DERIVED FROM THE CONTINUED WILLINGNESS OF MARKET PARTICIPANTS TO EXCHANGE FIAT CURRENCY FOR VIRTUAL CURRENCY, WHICH MAY RESULT IN THE POTENTIAL FOR PERMANENT AND TOTAL LOSS OF VALUE OF A PARTICULAR VIRTUAL CURRENCY SHOULD THE MARKET FOR THAT VIRTUAL CURRENCY DISAPPEAR;
- (6) THERE IS NO ASSURANCE THAT A PERSON WHO ACCEPTS A VIRTUAL CURRENCY AS PAYMENT TODAY WILL CONTINUE TO DO SO IN THE FUTURE;
- (7) THE VOLATILITY AND UNPREDICTABILITY OF THE PRICE OF VIRTUAL CURRENCY RELATIVE TO FIAT CURRENCY MAY RESULT IN SIGNIFICANT LOSS OVER A SHORT PERIOD OF TIME;
- (8) THE NATURE OF VIRTUAL CURRENCY MAY LEAD TO AN INCREASED RISK OF FRAUD OR CYBER ATTACK;
- (9) THE NATURE OF VIRTUAL CURRENCY MEANS THAT ANY TECHNOLOGICAL DIFFICULTIES EXPERIENCED BY THE LICENSEE MAY PREVENT THE ACCESS OR USE OF A CUSTOMER'S VIRTUAL CURRENCY; AND
- (10) ANY BOND OR TRUST ACCOUNT MAINTAINED BY THE LICENSEE FOR THE BENEFIT OF ITS CUSTOMERS MAY NOT BE SUFFICIENT TO COVER ALL LOSSES INCURRED BY CUSTOMERS.

(c) CLIENT ACKNOWLEDGES THAT USING DIGITAL ASSETS AND ANY RELATED NETWORKS AND PROTOCOLS, INVOLVES SERIOUS RISKS. CLIENT AGREES THAT IT HAS READ AND ACCEPTS THE RISKS LISTED IN THIS SECTION 1.6, WHICH IS NON-EXHAUSTIVE AND WHICH MAY NOT CAPTURE ALL RISKS ASSOCIATED WITH CLIENT'S ACTIVITY. IT IS CLIENT'S DUTY TO LEARN ABOUT ALL THE RISKS INVOLVED WITH DIGITAL ASSETS AND ANY RELATED PROTOCOLS AND NETWORKS. CUSTODIAN MAKES NO REPRESENTATIONS OR WARRANTIES REGARDING THE VALUE OF DIGITAL ASSETS OR THE SECURITY OR PERFORMANCE OF ANY RELATED NETWORK OR PROTOCOL.

- (d) **Risks in Relation to Securities Transactions.** SUBJECT TO THE TERMS OF THIS AGREEMENT, THE CLIENT MAY TRANSFER SECURITIES FROM ITSELF, AN EXTERNAL PROVIDER, OR OTHER THIRD PARTIES TO A CUSTODIAL ACCOUNT. THE CUSTODIAN WILL FOLLOW ESTABLISHED INDUSTRY PRACTICES AND RELEVANT REGULATIONS TO FACILITATE THE TIMELY SETTLEMENT OF SECURITIES TRANSACTIONS. HOWEVER, THE CUSTODIAN WILL NOT BE LIABLE FOR ANY DELAYS OR FAILURES IN SETTLEMENT ARISING FROM CIRCUMSTANCES BEYOND ITS REASONABLE CONTROL OR THAT ARE ATTRIBUTABLE TO THE ACTIONS OR OMISSIONS OF THIRD PARTIES INVOLVED IN THE SETTLEMENT PROCESS. THE CLIENT ACKNOWLEDGES THAT THE SETTLEMENT OF SECURITIES MAY INVOLVE INTERMEDIARY ENTITIES, SUCH AS CLEARINGHOUSES, DEPOSITORIES, OR TRANSFER AGENTS, AND THAT THE CUSTODIAN'S ROLE IS LIMITED TO THE CUSTODY, AND TRANSFER, AND PROVISION OF OTHER SERVICES WITH RESPECT TO OF THE SECURITIES AS INSTRUCTED BY THE CLIENT.

2. CUSTODIAL ACCOUNT.

2.1. Registration; Authorized Persons

- (a) To use the Custodial Services, Client must create a Custodial Account by providing Custodian with all information requested. Custodian may, in its sole discretion, refuse to allow Client to establish a Custodial Account, limit the number of Custodial Accounts, and/or decide to subsequently terminate a Custodial Account.
- (b) Client will maintain an updated and current list of Authorized Persons at all times on the Company Site and will immediately notify Custodian of any changes to the list of Authorized Persons by updating the list on the Company Site, including for termination of employment, or otherwise. Client shall make available all necessary documentation and identification information, as reasonably requested by Custodian to confirm: (i) the identity of each Authorized Person; (ii) that each Authorized Person is eligible to be deemed an "Authorized Person" as defined in this Agreement; and (iii) the party(ies) requesting the changes in the list of Authorized Persons have valid authority to request changes on behalf of Client.

- 2.2. General.** The Custodial Services allow Client to deposit supported Assets to Client's Account, and to withdraw supported Assets from Client's Custodial Account to an external location, in each case, pursuant to Instructions Client provides through the Company Site (each such transaction is a "Custody Transaction"). The Assets stored in Client's Custodial Account will not be commingled with other Assets without express action taken by Client and will be held in custody pursuant to the terms of this Agreement. Custodian reserves the right to refuse to process or to cancel any pending Custody Transaction: as required by Applicable Law; to enforce transaction, threshold, and condition limits; or if Custodian reasonably believes that the Custody Transaction may violate or facilitate the violation of any Applicable Law, regulation or rule of a governmental authority or self-regulatory organization. Custodian cannot reverse a Custody Transaction which has been broadcast to a Digital Asset network.

2.3. Instructions.

- (a) Custodian acts upon instructions ("Instructions") given by Authorized Persons that are received and verified by Custodian in accordance with its procedures and this Agreement.
- (b) Instructions will be required for any action requested of the Custodian. Instructions shall continue in full force and effect until canceled (if possible) or executed.
- (c) The Custodian shall be entitled to rely upon any Instructions it receives from an Authorized Person (or from a person reasonably believed by the Custodian to be an Authorized Person) pursuant to this Agreement.
- (d) The Custodian may assume that any Instructions received hereunder are not in any way inconsistent with the provisions of organizational documents of the Client or of any vote, resolution, or proper authorization and that the Client is authorized to take the actions specified in the Instructions.
- (e) Client must verify all transaction information prior to submitting Instructions to the Custodian. The Custodian shall have no duty to inquire into or investigate the validity, accuracy or content of any Instructions.
- (f) If any Instructions are ambiguous, incomplete, or conflicting, Custodian may refuse to execute such Instructions until any ambiguity, incompleteness, or conflict has been resolved. Custodian may refuse to execute Instructions if, in its sole opinion, such Instructions are outside the scope of its duties under this Agreement or are contrary to any Applicable Law.
- (g) Client is responsible for Losses (as defined below) resulting from inaccurate Instructions (e.g., if Client provides the wrong destination address for executing a withdrawal transaction). Custodian does not guarantee the identity of any user, receiver, requestee, or other party to a Custody Transaction. Custodian shall have no liability whatsoever for failure to perform pursuant to such Instructions except in the case of Custodian's gross negligence, fraud, or willful misconduct.
- (h) Unless otherwise directed by Client and confirmed by Custodian in writing, Client expressly acknowledges and agrees that the Platform Provider shall constitute an Authorized Person. Any and all Instructions received by the Custodian, whether electronically or otherwise, from the Platform Provider will be deemed as proper Instructions.

2.4. Digital Asset Deposits and Withdrawals.

- (a) Prior to initiating a deposit of Digital Assets to Custodian, Client must confirm that Custodian offers Custodial Services for that specific Digital Asset. The list of supported Digital Assets is currently available at: <https://www.bitgo.com/resources/coins>. The foregoing list or foregoing URL may be updated or changed from time to time in Custodian's sole discretion. By initiating a deposit of Digital Assets to a Custodial Account, Client attests that Client has confirmed that the Digital Asset being transferred is supported by Custodian.
- (b) Client must initiate any withdrawal request through Client's Custodial Account to a Client wallet address. Custodian will process withdrawal requests for amounts under \$250,000, either in a single transaction or aggregated in a series of transactions, during a rolling 24 hour period without video verification, to a Client-whitelisted address which has been previously used to which Client has made a withdraw to at least once. The time of such a request shall be considered the time of transmission of such notice from Client's Custodial Account. Custodian reserves the right to request video verification for any transaction or series of transactions under the threshold of \$250,000. Custodian will require video verification for withdrawal requests greater than \$250,000 or requests

made to a new address, either in a single transaction or aggregated in a series of transactions, during a rolling 24 hour period; provided, Custodian can require video calls for amounts less than \$250,000 if it deems necessary for security, compliance, or any other purposes in its sole discretion. The initiation of the 24 hour time period to process the withdrawal request shall be considered at the time at which client completes video verification.

- (c) As further set forth in Section 3.5, Client must manage and keep secure any and all information or devices associated with deposit and withdrawal procedures, including YubiKeys and passphrases or other security or confirmation information. Custodian reserves the right to charge or pass through network fees (e.g. miner fees or validator fees) to process a Digital Asset transaction on Client's behalf. Custodian will notify Client of the estimated network fee at or before the time Client authorizes the transaction.

2.5. Access Time.

- (a) Custodian requires up to 24 hours (excluding weekends and US federal holidays) between any request to withdraw Digital Assets or Securities from Client's Custodial Account and submission of Client's withdrawal to the applicable Digital Asset network.
- (b) Custodian reserves the right to take additional time beyond the 24 hour period if such time is required to verify security processes for large or suspicious transactions. Any such processes will be executed reasonably and in accordance with Custodian documented protocols, which may change from time to time at the sole discretion of Custodian.
- (c) Custodian makes no representations or warranties with respect to the availability and/or accessibility of the Digital Assets or Securities. Custodian will make reasonable efforts to ensure that Client initiated deposits are processed in a timely manner, but Custodian makes no representations or warranties regarding the amount of time needed to complete processing of deposits which is dependent upon factors outside of Custodian's control.

- 2.6. Supported Digital Assets.** The Custodial Services are available only in connection with those Digital Assets that Custodian supports (list currently available at <https://www.bitgo.com/resources/coins>). The Digital Assets that Custodian supports may change from time to time in Custodian's discretion. Custodian assumes no obligation or liability whatsoever regarding any unsupported Digital Asset sent or attempted to be sent to it, or regarding any attempt to use the Custodial Services for Digital Assets that Custodian does not support. Custodian may, from time to time, determine types of Digital Assets that will be supported or cease to be supported by the Custodial Services. Custodian will use commercially reasonable efforts to provide Client with thirty (30) days' prior written notice before ceasing to support a Digital Asset, unless Custodian is required to cease such support sooner to comply with Applicable Law or in the event such support creates an urgent security or operational risk in Custodian's reasonable discretion (in which event Custodian will provide as much notice as is practicable under the circumstances). Under no circumstances should Client attempt to use the Custodial Services to deposit or store any Digital Assets that are not supported by Custodian. Depositing or attempting to deposit Digital Assets that are not supported by Custodian will result in such Digital Asset being unretrievable by Client and Custodian.

- 2.7. Advanced Protocols.** Unless specifically announced on the Custodian or Company website, Custodian does not support airdrops, side chains, or other derivative, enhanced, or forked protocols, tokens, or coins which supplement or interact with a Digital Asset supported by Custodian (collectively, "Advanced Protocols"). Client shall not use its Custodial Account to

attempt to receive, request, send, store, or engage in any other type of transaction involving an Advanced Protocol. Custodian assumes absolutely no responsibility whatsoever in respect to Advanced Protocols.

2.8. Operation of Digital Asset Protocols.

- (a) Custodian does not own or control the underlying software protocols which govern the operation of Digital Assets supported on the Custodian platform. By using the Custodial Services, Client acknowledges and agrees that (i) Custodian is not responsible for operation of the underlying protocols and that Custodian makes no guarantee of their functionality, security, or availability; and (ii) the underlying protocols are subject to sudden changes in operating rules (a.k.a. “forks”), and (iii) that such forks may materially affect the value, function, and/or even the name of the Digital Assets that Client stores in Client’s Custodial Account. In the event of a fork, Client agrees that Custodian may temporarily suspend Custodian operations with respect to the affected Digital Assets (with or without advance notice to Client) and that Custodian may, in its sole discretion, decide whether or not to support (or cease supporting) either branch of the forked protocol entirely. Client acknowledges and agrees that Custodian assumes absolutely no liability whatsoever in respect of an unsupported branch of a forked protocol or its determination whether or not to support a forked protocol.
- (b) Client agrees that all “airdrops” (free distributions of certain Digital Assets) and forks will be handled by Custodian pursuant to its fork policy (the “Fork Policy”) (currently available at www.bitgo.com/resources/bitgo-fork-policy). Client acknowledges that Custodian is under no obligation to support any airdrops or forks, or handle them in any manner, except as detailed above and in the Fork Policy. Client further acknowledges that Custodian, at its sole discretion, may update the Fork Policy from time to time and/or the URL at which it is available and Client agrees that Client is responsible for reviewing any such updates. Client is under no obligation to provide notification to Client of any modification to the Fork Policy.

2.9. Account Statements.

- (a) Custodian will provide Client with an electronic account statement every calendar quarter. Each statement will be provided via the Custodian’s website and notice of its posting will be sent via electronic mail.
- (b) The Client will have forty-five (45) days to file any written objections or exceptions with the Custodian after the posting of a Custodial Account statement online. If the Client does not file any objections or exceptions within a forty-five (45) day period, this shall indicate the Client’s approval of the statement and will preclude the Client from making future objections or exceptions regarding the information contained in the statement. Such approval by the Client shall be full acquittal and discharge of Custodian regarding the transactions and information on such statement.
- (c) To value Digital Assets held in the Client’s account, the Custodian will electronically obtain USD equivalent prices from digital asset market data with amounts rounded up to the seventh decimal place to the right. Custodian cannot guarantee the accuracy or timeliness of prices received and the prices are not to be relied upon for any investment decisions for the Client’s account.

- 2.10. Independent Verification.** If Client is subject to Rule 206(4)-2 under the Investment Advisers Act of 1940, Custodian shall, upon written request, provide Client’s authorized independent public accountant confirmation of, or access to, information sufficient to confirm (i) Client’s

Digital Assets as of the date of an examination conducted pursuant to Rule 206(4)-2(a)(4), and (ii) Client's Digital Assets are held either in a separate account under Client's name or in accounts under Client's name as agent or trustee for Client's clients.

- 2.11. Support and Service Level Agreement.** Custodian will use commercially reasonable efforts: (i) to provide reasonable technical support to Client, by email or telephone, during Custodian's normal business hours (9:30 AM to 6 PM ET); (ii) to respond to support requests in a timely manner; (iii) resolve such issues by providing updates and/or workarounds to Client (to the extent reasonably possible and practical), consistent with the severity level of the issues identified in such requests and their impact on Client's business operations; (iv) abide by the terms of the Service Level Agreement currently made available at <https://www.bitgo.com/resources/bitgo-service-level-agreement> (as Service Level Agreement or the URL at which it is made available may be amended from time to time); and (vii) to make Custodial Accounts available via the internet 24 hours a day, 7 days a week.

2.12. Clearing and Settlement Services.

- (a) Custodian may offer clearing and settlement services (the "Settlement Services") that facilitate the settlement of transactions of Digital Assets, Securities, or Fiat Currency between Client and Client's trade counterparty that also has a Custodial Account with Custodian ("Settlement Partner"). Client acknowledges that the Settlement Service is an API product complemented by a Web user interface (UI). Clients may utilize the Settlement Services by way of settlement of one-sided requests with counterparty affirmation or one-sided requests with instant settlement; and two-sided requests with reconciliation. Client understands that the Assets available for use within the Settlement Services may not include all of Client's Assets under custody. For the avoidance of doubt, use of the API product is subject to the terms and conditions set forth in Section 1.4 of this Agreement.
- (b) The Settlement Services allow Client to submit, through the Custodian's settlement platform, a request to settle a purchase or sale of Assets with a Settlement Partner. Client authorizes Custodian to accept Client's cryptographic signature submitted by way of the Settlement Services API. When a cryptographic signature is received by way of the Settlement Services along with the settlement transaction details, Client is authorizing Custodian to act on Client's direction to settle such transaction.
- i. A one-sided request with counterparty affirmation requires Client to submit a request, including its own cryptographic signature on the trade details, via API calls. Custodian will notify the Settlement Partner and lock funds of both parties while waiting for the Settlement Partner to affirm the request. Custodian will settle the trade immediately upon affirmation and the locked funds will be released.
 - ii. A one-sided request with instant settlement requires one side of the trade to submit a request, including cryptographic signatures of both parties to the trade, via API calls. Custodian will settle the trade immediately.
 - iii. A two-sided request with reconciliation requires that both Client and Settlement Partner submit requests via API calls, with each party providing their own cryptographic signatures. Custodian will reconcile the trades and settle immediately upon successful reconciliation.
 - iv. In any one-sided or two sided request, the Settlement Partner must be identified and selected by Client prior to submitting a settlement request.

- v. Client may submit a balance inquiry through the settlement platform, to verify that Settlement Partner has a sufficient balance of the applicable Asset(s) to be transacted before the Parties execute a transaction. This balance inquiry function is to be utilized only for the purpose of executing a trade transaction to ensure the Settlement Partner has sufficient Assets to settle the transaction. Client hereby expressly authorizes and consents to Custodian providing access to such information to Client's Settlement Partner in order to facilitate the settlement.
 - vi. Client and Settlement Partner's Custodial Accounts must have sufficient Assets prior to initiating any settlement request. The full amount of assets required to fulfill a transaction are locked until such order has been completed. All orders are binding on Client and Client's Custodial Account. Custodian does not guarantee that any settlement will be completed by any Settlement Partner. Client may not be able to withdraw an offer (or withdraw its acceptance of an offer) prior to completion of a settlement and Custodian shall not be liable for the completion of any order after a cancellation request has been submitted.
 - vii. Client acknowledges and accepts responsibility for ensuring only an appropriate Authorized Person of its Custodial Account has access to the API key(s).
 - viii. Client further understands and agrees that Client is solely responsible for any decision to enter into a settlement by way of the Settlement Services, including the evaluation of any and all risks related to any such transaction and has not relied on any statement or other representation of Custodian. Client understands that Custodian is a facilitator and not a counterparty to any settlement; and, as a facilitator, Custodian bears no liability with respect to any transaction and does not assume any clearing risk.
 - ix. Any notifications that Client may receive regarding the Settlement Services are Client's responsibility to review in a timely manner.
- (c) Upon execution of the settlement, the Settlement Services shall provide Client, by electronic means, a summary of the terms of the transaction, including: the type of Digital Asset or Securities purchased or sold; the delivery time; and the purchase or sale price. Settlement of a transaction is completed in an omnibus account by way of offsetting ledger transactions.
 - (d) Custodian reserves the right to refuse to settle any transaction, or any portion of any transaction, for any reason, at its sole discretion. Custodian bears no responsibility if any such order was placed or active during any time the Settlement Services system is unavailable or encounters an error; or, if any such order triggers certain regulatory controls.
 - (e) Client understands and agrees that Custodian may charge additional fees for the Settlement Services furnished to Client as indicated in the Fee Schedule attached as Schedule A and any amendments to Schedule A.
 - (f) Clearing and settlement transactions shall be subject to all Applicable Law.

3. USE OF SERVICES.

- 3.1. Company Site and Content.** Custodian hereby grants Client a limited, nonexclusive, non transferable, revocable, royalty-free license, subject to the terms of this Agreement, to access and

use the Company Site and related content, materials, information (collectively, the “Content”) solely for using the Services in accordance with this Agreement. Any other use of the Company Site or Content is expressly prohibited and all other right, title, and interest in the Company Site or Content is exclusively the property of Custodian and its licensors. Client shall not copy, transmit, distribute, sell, license, reverse engineer, modify, publish, or participate in the transfer or sale of, create derivative works from, or in any other way exploit any of the Content, in whole or in part. “www.bitgo.com,” “BitGo,” “BitGo Custody,” and all logos related to the Custodial Services or displayed on the Company Site are either trademarks or registered marks of Custodian or its licensors. Client may not copy, imitate or use them without Custodian’s prior written consent in each instance.

- 3.2. Such termination will not be deemed effective unless and until (1) Client removes all assets from Custodial Accounts and Wallet Services, and (2) BitGo receives such Early Termination Fee, which Client understands and acknowledges will not be deemed a penalty but a figure reasonably calculated to reflect remaining payment due to Custodian in return for Client’s term commitment. Client may not cancel the subscription of Services before the expiration of their current term, except as specified herein.

APPENDIX 2: ACH TRANSFER TERMS & CONDITIONS

1.1 Introduction. These Terms and Conditions (“ACH Transfer Terms”) apply to your use of a designated bank account for any transfers you may make to BitGo Trust Company, Inc. (“BitGo”). These ACH Transfer Terms also apply to any transfers you may request from BitGo’s designated bank account, including those related to the return of U.S. Dollars that result from the sale of your Digital Assets (as defined in the Agreement executed between you and BitGo). Please read and keep these ACH Transfer Terms.

If you choose to use a bank account as your transfer method, you accept and agree to these ACH Transfer Terms on the date of each transfer.

BitGo’s external transfer services allow you to transfer funds to your eligible accounts held at BitGo and from other eligible accounts held by you at other U.S. financial institutions, and to eligible accounts held by a third party at BitGo or other U.S. financial institutions. External transfers may only be requested:

- If the transfer is permitted by your or a third party’s external financial institution, as applicable; and
- If the transfer is permitted by law.

BitGo reserves the right to obtain such additional information as we deem reasonably necessary. You agree to promptly update your records if your email address or other information changes.

1.2 Information. You authorize BitGo to validate the external accounts through the use of a test transaction, in which one or more low value payments will be both credited to and debited from the account. The test credit will always be of the same or less amount, so that the balance in any of your accounts will never be less than the actual balance. BitGo may not use test transactions with respect to its relationship with you.

Once the test transaction is complete, we may ask you to access your account to tell us the amount of the test credit or debit or any additional information reported by your bank. We may also verify your external accounts by requiring you to submit proof of ownership of the account. Other account verification methods may also be employed at the sole discretion of BitGo.

1.3 Accounts. By using BitGo external transfer service, you represent and warrant to BitGo that you have the right to authorize and permit us to process such funds transfers or for any other purpose authorized by this agreement, and you assure us that by disclosing and authorizing us to use such information you are not violating any third-party rights. You warrant and represent that the information you are providing us is true, current, correct and complete. You hereby authorized and permit BitGo to use information submitted by you to accomplish these purposes and to configure the service to be compatible with the accounts.

You understand and agree that at all times your relationship with each account provider is independent of BitGo and your use of this service. BitGo will not be responsible for any acts or omissions by the financial institution or other provider of any account, including without limitation any modification, interruption or discontinuance of any account by such provider.

Not all types of accounts are eligible for this service. Be sure to check with your financial institution for restrictions regarding transfers among your retirement, savings, trusts, custodial, business, corporate and other account types. BitGo is not responsible for any costs or losses incurred from transfers that are not permitted under such restrictions by the provider of your account or those imposed by applicable law.

1.4 Transfer Limitations. You may use the external transfer service to transfer funds to or from an eligible BitGo account and another account held by you or a third party at another U.S. financial institution. Transfers may be scheduled to occur one time, for a future date, or on a specific recurring basis.

We reserve the right to impose and/or change transfer limits on your account from time to time in our sole discretion. We reserve the right to suspend or restrict access to use the external transfer service immediately and without prior written notice to you. You understand and agree that such action is reasonable for us to take in order to protect ourselves from loss.

1.5 Initiating and Scheduling Transfers. The cut off time for same business day transfers is [4:45 pm ET]. Any transfer initiated after the applicable cut off time will be considered as being initiated on the next business day. Any transfer initiated on Saturday, Sunday or on a bank holiday will be considered as being initiated on the next business day.

Transfer can be scheduled on either a one time or recurring basis. Processing of one-time transfers may be initiated immediately or scheduled for initiation on a future date. Recurring transfers may be used when a set amount is transferred at regular intervals.

Your transfer must be payable in U.S. dollars. Transfers that we process using your bank account will be identified as “BitGo Trust Company, Inc.” (or similar identifier) on the statement issued by your bank or other financial institution holding your account.

All questions relating to any transactions made using your bank account by us should be initially directed to us, but may also require involvement of your bank.

1.6 Recurring Transfers. In addition to authorizing one-time transfers, you can request that BitGo facilitate recurring periodic transfers from your designated bank account on a daily, weekly or monthly basis. If you have established a weekly recurring transfer, then your transfer will be scheduled to occur on the same day of each week as the initial transfer in such recurring transfer (for example, every Wednesday). If you have established a monthly recurring transfer, then your transfer will be scheduled to occur on either the first or the fifteenth day of each month, based on your election when you initiate the recurring transfer. Your initial recurring transfer will not occur until you have submitted your recurring ACH transfer request and BitGo has had a reasonable amount of time to act upon it.

Any termination or cancellation of your recurring ACH transfer instructions will be effective as soon as BitGo has received your request and had a reasonable amount of time to act upon it.

BitGo may terminate any future recurring transfer without notice at any time for any reason.

1.7 Processing Time. When setting up a new external transfer account, please allow 3 business days to process validation of the test transaction.

Once the test transaction is completed for an external account, you should allow up to 3 business days for processing a transfer.

Please note the receiving financial institution could place a hold on the funds or delay availability. With respect to withdrawals, contact the receiving financial institution for information on their funds availability policy.

1.8 Errors. You understand that we must rely on the information provided by you and you authorize us to act on any instruction which has been or reasonably appears to have been requested by you, to submit

transfer instructions on your behalf. You understand that financial institutions receiving the transfer instructions may rely on such information. We are not obliged to take any further steps to confirm or authenticate such instructions and will act on them without getting further confirmation. You understand that if you provide us with incorrect information or if there is any error in your instructions we will make all reasonable efforts to reserve or delete such instructions, but you accept full responsibility for losses resulting from any of your errors, duplications, ambiguities or fraud in the information that you provide. You agree not to impersonate any person or use a name that you are not authorized to use. If any information you provide is untrue, inaccurate, not current or incomplete, without limiting other remedies, BitGo reserves the right to recover from you any costs or losses incurred as a direct or indirect result of the inaccurate or incomplete information.

We are not responsible for errors, delays and other problems caused by or resulting from the action or inaction of financial institutions holding the account. Although we will use reasonable efforts to try to assist you in resolving any such problems, you understand that any such errors, delays or other problems are the responsibility of the relevant financial institution. Any rights you may have against a financial institution for such errors, delays or other problems are subject to the terms of the agreements you have with such financial institutions, including any time limits during which complaints must be made.

1.9 Unlawful or Prohibited Use.

You warrant to us that you will not use this service for any purpose that is unlawful or not permitted, expressly or implicitly, by the terms of this agreement or by any applicable law or regulation. You further warrant and represent that you will not use this service in any manner that could damage, disable, overburden or impair the service or interfere with any other party's use of the service.

All transfers are subject to the rules and regulations governing the relevant accounts, whether held at BitGo or elsewhere. You agree not to process any transfer from or to an account that is not allowed, under the rules and regulations applicable to such accounts.

1.10 Rejection of Transfers. We reserve the right to decline any transfer, to submit transfer instructions or to carry out change or cancellation requests for any reason. We may, at any time, decline any transfer that we believe may violate applicable law, or where we believe there are not sufficient funds in your account to process any requested transfer. BitGo, in its sole discretion, may require that any or all Digital Assets purchased with funds from an ACH transfer be held in your BitGo Wallet for a period of up to 60 days.

1.11 Electronic Signature and ACH Authorization. You understand that to process your transfer instruction we utilize the Automated Clearing House (ACH), using applicable ACH Rules, to debit one of your accounts and credit another of your accounts. By choosing your bank account as your transfer method, you agree that: (a) you have read, understand and agree to these ACH Transfer Terms, and that this agreement constitutes a "writing signed by you" under any applicable law or regulation, (b) you consent to the electronic delivery of the disclosures contained in these ACH Transfer Terms, (c) you authorize BitGo (or its agent) to make any inquiries we consider necessary to validate any dispute involving your transfer, which may include ordering a credit report and performing other credit checks or verifying the information you provide against third party databases, (d) you authorize BitGo (or its agent) to initiate one or more ACH debit entries (withdrawals) for specified amount(s) from your bank account, and you authorize the financial institution that holds your bank account to deduct such transferred amounts (including any transfers to be made on a recurring basis, as applicable), (e) you authorize BitGo (or its agent) to initiate one or more ACH credit entries (direct deposits) for specified amount(s) to your bank account, and you authorize the financial institution that holds your bank account to credit such transferred amounts, (f) once a sale is complete and an ACH transfer is initiated, the transaction cannot be cancelled; and (g) funds sent to you via ACH typically take two to four business days to reach your financial institution, and BitGo is not responsible for any delays

in the availability of funds, which may vary based on your financial institution's ACH processing procedures and settlement.

If the debit side fails or is returned for any reason and the credit side has been released and cannot be collected, you authorize us to collect from the account to which the credit side of the funds transfer was sent. We reserve the right to resubmit a debit, or a portion of the debit, in the event of an insufficient or uncollected funds return and if we cannot collect the amount credited. To process this collection, you understand and authorize us to debit the credited account or the debited account in either the same dollar amount as the original funds transfer or a portion of the debt. As discussed in more detail below, there may be a fee associated with such collection imposed by the financial institution holding the account.

In the event that a debit to any of your accounts, or any portion of any such debit, has failed and the credit side of such transaction has been released and cannot be collected, and we are unable to debit either the debited or the credited account as set forth above, we reserve the right, and you hereby authorize us, to debit any of your other accounts to the extent necessary to offset any resulting deficiency. We do not undertake to notify you in such event, other than by posting any such transfer or transfers to the applicable account in accordance with this agreement.

1.12 Fees. Because these are electronic transfers, these funds may be withdrawn from your designated bank account immediately. In the case of an ACH debit transaction that is rejected for insufficient funds, you understand that BitGo may at its discretion attempt to process the debit in the amount of the applicable requested transfer again within 30 days and BitGo may separately impose a fee of up to \$25 for each transaction returned for insufficient funds, as permitted by applicable law. You certify that you are an authorized user of your bank account and you will not dispute these scheduled transactions with such bank so long as the transactions correspond to these ACH Transfer Terms and any other applicable agreement related to your accounts with BitGo and its affiliates or such transfer.

You must notify BitGo in writing if you dispute any portion of any fees paid or payable by you under these ACH Transfer Terms or any related agreement. You must provide that written notice to BitGo within 60 days of the applicable charge, and BitGo will work with you to resolve the applicable dispute promptly. If you do not provide BitGo with this written notice of your fee dispute within this 60-day period, you will not be entitled to dispute any fees paid or payable by you.

All amounts and fees stated or referred to in these ACH Transfer Terms are exclusive of taxes, duties, levies, tariffs, and other governmental charges (collectively, "Taxes"). You shall be responsible for payment of all Taxes and any related interest and/or penalties resulting from any transfers made hereunder, other than any taxes based on BitGo's net income.

1.13 Service Changes and Discontinuation. We may modify or discontinue the Service or your use of some or all accounts within the service, with or without notice, without liability to you, any other user or any third-party. We may from time to time make available additional or new features to the service, including but not limited to, a higher dollar limit service. You will be approved or declined for any such additional service at our sole discretion and additional terms and conditions may apply. We reserve the right, subject to applicable law, to terminate your account within the Service and your right to use the service at any time and for any reason, including without limitation if we, in our sole judgment, believe you have engaged in conduct or activities that violate any of the Terms or the rights of BitGo, or if you provide us with false or misleading information or interfere with other users or the administration of the service. We reserve the right to charge a fee for the use of the service and any additional services or features that we may introduce. You understand and agree that you are responsible for paying all applicable fees associated with the use of our services.

1.14 Returned Transactions. You understand and agree that if any previously-initiated debit entry hereunder is returned for any reason (including because of insufficient funds), BitGo will be entitled to exercise remedies in accordance with the Custodial Services Agreement, including freezing your any assets held in any account held with BitGo or any affiliate thereof and reversing any Digital Asset purchases made and delivered to such account.

1.15 Your Liability for Unauthorized Transactions. Federal law limits your liability for any fraudulent, erroneous unauthorized transaction from your bank account based on how quickly you report it to your financial institution. As general rule, you should report any fraudulent, erroneous or unauthorized transactions to your bank within 60 days after the questionable transaction FIRST appeared on your bank account statement. You should contact your bank for more information about the policies and procedures that apply to your account and any unauthorized transactions, including any limits on your liability.

1.16 Our Liability. If we fail to debit or credit your bank account in accordance with these ACH Transfer Terms, in the correct amount or in the correct amount of time, we may be liable for certain losses directly caused by our failure as the law may impose in such cases. However, there are some exceptions. For instance, we will not be liable where: (1) you do not have enough money in your bank account; (2) your bank account is closed or deposits or withdrawals restricted; (3) any terminal or system was not working properly and you were advised of that before you initiated the transfer; (4) the failure was related to circumstances beyond our control (such as flood, fire, power outages, mechanical or system failures); (5) your financial institution refuses to honor an ACH debit or credit; (6) your instructions are lost or delayed in transmission to us; (7) a reasonable security concern, such as unauthorized use, causes us not to honor your instructions; (8) this transfer option has been discontinued or suspended; (9) we advise you that your request will not be processed; (10) you submit a cancellation request with respect to recurring ACH transfer instructions and BitGo is unable to process it prior to your next scheduled transfer and (11) other exceptions are allowed by law.

Except as otherwise required by law, BitGo shall in no event be liable for any other losses and/or damages other than those arising from gross negligence or willful misconduct on our part, and in such case will be limited to actual damages.

You agree that we shall not be liable for any costs, fees, losses or damages of any kind incurred as a result of any charges imposed by any provider of accounts of fund transfers or any funds transfer limitations set by the financial institutions or other providers of the accounts.

1.17 Limitation of Warranty and Liability. You understand and agree that the service is provided “as-is.” Except as otherwise provided in this agreement or as required by law, we assume no responsibility for the timeliness, deletion, mis-delivery or failure to store any user communications. You understand and expressly agree that use of the service is at your sole risk, that any materials and/or data downloaded or otherwise obtained through the use of the service is downloaded or obtained at your own discretion and risk and that you will be solely responsible for any damages, including without limitation damage to your computer system or loss of data that results from the download or the obtaining of such material and/or data. Except as expressly set forth on the BitGo website or in this agreement, we disclaim all warranties of any kind, express or implied, including without limitation any warranty of merchantability, fitness for a particular purpose or non-infringement of intellectual property or third party rights, and we make no warranty or representation regarding the results that may be obtained from the use of the service, the accuracy or reliability of any information obtained through the service, the accuracy of any information retrieved by us from the accounts or that the service will meet any user’s requirements, be uninterrupted, timely, secure or error free. We will not be liable for any direct, indirect, incidental, special, consequential or punitive damages of any kind resulting from the use or the inability to use the service, any inaccuracy of any information or amount retrieved by us from the accounts, any breach of security caused by a third party,

any transactions entered into based on the service, any loss of, unauthorized access to or alteration of a user's transmissions or data or for the cost of procurement of substitute goods and services, including but not limited to damages for loss of profits, use, data or other intangibles, even if we had been advised of the possibility of such damages.

1.18 Agreement Changes. We may in our discretion change these ACH Transfer Terms at any time without notice to you. If any change is found to be invalid, void, or for any reason unenforceable, that change is severable and does not affect the validity and enforceability of any other changes or the remainder of these ACH Transfer Terms. We reserve the right to subcontract any of our rights or obligations under these ACH Transfer Terms.

YOUR CONTINUED USE OF YOUR BANK ACCOUNT AS A METHOD OF MAKING ANY TRANSFER TO OR RECEIVING ANY TRANSFER FROM BITGO (INCLUDING ANY RECURRING TRANSFER) AFTER WE CHANGE THESE ACH TRANSFER TERMS OR ANY OF THE OTHER TERMS INCORPORATED IN THESE ACH TRANSFER TERMS CONSTITUTES YOUR ACCEPTANCE OF THESE CHANGES.

1.19 Communications. If you have registered for this service and wish to withdraw your consent, you must cancel any pending transfer requests and contact our Trust Operations Department at TrustOperations@bitgo.com.

In the event of suspension, you may request reinstatement of the service by contacting our [name] Department at TrustOperations@bitgo.com. We reserve the right, in our sole discretion, to grant or deny reinstatement of the service.

The Beneficial Owner hereby appoints the Nominee to act as nominee for the Beneficial Owner, to serve in such capacity until the appointment and authority conferred shall be revoked, for the limited purpose of causing to be held, and holding, in the name of the Nominee alone, title to the Property beneficially owned by the Beneficial Owner and acquired by the Nominee for the benefit of Beneficial Owner or otherwise conveyed to the Nominee pursuant to this Nominee Agreement in accordance with the directions of the Beneficial Owner, with power and authority limited to registering and holding the Property in the Nominee name, and otherwise acting with respect to the Property in accordance with the instructions of the Beneficial Owner, as provided in this Nominee Agreement or as may be given by the Beneficial Owner from time to time. In the context of investments made on or after the date hereof, the Beneficial Owner hereby directs the Nominee to acquire, on behalf of the Beneficial Owner, any Security that the Beneficial Owner subscribes for directly from the issuer thereof in the name of

the Nominee. The Beneficial Owner acknowledges and agrees that it shall pay the aggregate subscription amount due in respect of any such Security at the time and in the manner contemplated in the related subscription agreement, and that the Nominee will have no obligation to make any payments on behalf of the Beneficial Owner in respect of its acquisition of any Security. The Beneficial Owner acknowledges and agrees that the issuer of a Security may have the right to reject the Beneficial Owner's subscription for any given Security, and that the Nominee will have no liability for the failure of any Security to be issued pursuant to any subscription entered into by the Beneficial Owner, and the Beneficial Owner waives, to the fullest extent permitted by law, any claims of any kind it may have against the Nominee for executing any documents on behalf of, or for the benefit of the Beneficial Owner pursuant to this Agreement and agrees that the Nominee will have no liability (whether direct or indirect) to the Beneficial Owner in respect of any claim or to any person asserting a claim on behalf of or in right of the Beneficial Owner.

2. Acceptance. 3. Revocation. The Beneficial Owner may, at any time, in their absolute discretion, terminate this Nominee Agreement in whole or in part; provided, however, that no such termination will be effective with respect to any Property the transfer of which is restricted by contract, law, edict or otherwise ("Restricted Property") unless consented to by the issuer thereof (including by blanket consent). To be effective, any such termination shall be in writing, signed by the Beneficial Owner and delivered to the Nominee in accordance with the provisions of Paragraph 13 hereof with instructions for the return of the Property to the Beneficial Owner or their designee without consideration.

First Video (NYSE INTERVIEW)

Judy (NYSE)

Joining me today on NYSE flow talk is Lior Shafir. He is the co-founder and CEO at Smart Soda Holdings. And I also have Julia Solooki. She is the co-founder and president at Smart Soda Holdings. Julia Leor, it's wonderful to have you here on floor talk today. Thanks for joining me.

Julia Solooki

Hi, Judy, thank you for having us

Judy (NYSE)

So Julia, tell me, what is smart soda, and how are you disrupting the domestic fountain and ready to drink beverage industry?

Julia Solooki

Smart soda is a sustainable wellness beverage platform, revolutionizing the beverage industry, servicing both consumer and commercial market segments. Smart soda. Smart sodas, beverages are crafted with alkaline water at the base, with vitamins and also paired with functional shots for added immunity, for added energy, creating a really customizable beverage of choice. Normally, you have to choose between health and taste.

Lior Shafir

The beauty about smart soda, both of them are living together. We are using the best ingredients. It tastes amazing, and it doesn't cost more than the other alternatives or unhealthy options. Smart soda is we have an entire beverage category, three different business units, between B2B, ready to drink and brittle and convenience stores. The main product is the JuLi, which is an all in one beverage platform that you can dispense more than 30 different products from craft soda, diet soda, flavored sparkling waters, cold brew, coffee, tea, sport drinks, lemonade, and you can add on the main functional shots. So you can add a shot of immunity, energy, relaxation, prebiotic, probiotics and electrolytes, and customize your own drink.

Judy (NYSE)

Okay, so you definitely have all of the beverages covered there. So now, Lior, you recently launched your EB-5 program. So, talk to me about the program and what motivated the strategy.

Lior Shafir

So EB-5, it's a federally approved program that resident Bush turned it into a law in the early 90s. 15% of all new jobs in America are made based on this program.

And every foreign investor, wherever it is, that will invest \$800,000 in a qualified program and will create 10 new jobs through the program is entitled to get green card and path for citizenship. We launched a \$140 million dollar EB-5 program, which are 175 investors.

Judy (NYSE)

And how will this benefit your investors and your growth?

Lior Shafir

So we are the first EB-5 program in history to go public, to turn and to pay back to our investors with publicly traded equity, for new EB-5 investors, they will be able to get access to their money within three years, the highest interest in the market, both with interest and smart soda equity. So in terms of ROI, that will be the, we believe, the most profitable EB-5 program out there for current Smart soda investors, we are going to inject \$140 million into the business, which will allow us to lease and rent a lot of equipment. We can use it for labor. We are planning to hire 250 employees. We are building a real estate project which will be a co-packing facility for our Beg-in-a-box, capsules and ready to drink cans, which will increase our profit. But the bottom line, we are going to grow the business. We believe it will be a multi-billion dollar business in the next couple of years.

Judy (NYSE)

And finally, Julia tell me, as immigrants representing the EB five program, what does it mean to you to be a part of this program, and what impact does it have on the US economy?

Julia Solooki

So I will start, of course, it's a tremendous impact. I'm an immigrant myself. I came to the United States in 1991 as a little girl with my parents, who were after the American dream, and I believe that everyone is entitled for that opportunity. And of course, what better way to connect it all with impacting the economy, creating jobs, being able to it's kind of a double edged, you know, positive way. So it's, it's, it's tremendous.

Lior Shafir

Yeah, I moved in when I was 35 years old. So it's never too late. It's never too late, maybe to start again in a new place. And you know, we are so excited about it, because, again, we are here today in this beautiful place. We are selling to Fortune 500 companies. We are doing what I believe will impact a lot of Americans, their lives, sustainability, wellness, and we were nowhere before. So there is a limitless opportunity. And we have a lot of immigrants, employees. We have an amazing team. We are going to hire more people. And I think that everyone is entitled for this opportunity.

Judy (NYSE)

Wow. Well, wonderful to talk with you both. Lior Julia, thank you for joining me on floor. Talk today.

Lior Shafir

Thank you so much.

Julia Solooki

Thank you so much
