Volunteer Experience

Software Developer

WeGo Foundation

Jan 2018 – Present · 1 yr 11 mos

Children

The WeGo Foundation uses telepresence technology to provide opportunities for enrichment, enjoyment, and communication for children who are generally isolated in hospitals.

I joined WeGo as a volunteer software developer in early 2018. So far, I have built a very basic web app that the foundation can use to help acquire grants. I will be working to improve and expand the application over time.

For more information or to check out the current version of the site, visit www.wegoproject.org.

Volunteer

Special Olympics

-Volunteered with the Special Olympics all four years at Gova Academy.

Volunteer

Cor Unum Meal Center

Volunteered with a group of students at Gova Academy to help prepare and serve food to hungry families in Lawrence, MA.
