GREENTIGER SECURITIES LLC
(A WHOLLY-OWNED SUBSIDIARY OF GREENTIGER AI, INC.)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. Organization and Nature of Business Activity

Greentiger Securities LLC (the “Company”) is a Limited Liability Company formed in the State of Delaware. The Company is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and is a member of the Financial Industry Regulatory Authority (“FINRA”). The Company is wholly-owned by Greentiger AI, Inc. (the “Parent”).

The Company received its FINRA approval for membership and began operating as a registered broker dealer with SEC and FINRA on February 17, 2021. The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that rule. The Company does not handle cash or securities on behalf of customers. The Company has not yet engaged a clearing firm or commenced business, but will introduce all business through its clearing broker/dealer in the future.

2. Summary of Significant Accounting Policies

A. Revenue Recognition

Commission income (and the recognition of related income and expenses) is recorded on a settlement date basis, generally the third business day following the transaction date. Any receivable for such transactions is evaluated by management for collectability. There is no material difference from the trade date basis, as required by accounting principles generally accepted in the United States of America (“U.S. GAAP”).

The Company adopted FASB ASC 606, Revenue from Contracts with Customers. The revenue recognition guidance requires that an entity recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. The guidance requires an entity to follow a five-step model to (a) identify the contract(s) with a customer, (b) identify the performance obligations in the contract, (c) determine the transaction price, (d) allocate obligations in the contract, and (e) recognize revenue when (or as) the entity satisfies a performance obligation. In determining the transaction price, an entity may include variable consideration only to the extent that it is probable that a significant reversal in the amount of cumulative revenue recognized would not occur when the uncertainty associated with the variable consideration is resolved. The revenue recognition guidance does not apply to revenue associated with financial instruments, interest income and expense, leasing and insurance contracts.

NOTES TO THE FINANCIAL STATEMENTS

B. Cash and Cash Equivalents

The Company considers its investments in financial instruments with original maturities of less than 90 days when issued to be cash equivalents. The Company maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts. The Company believes it is not exposed to any significant credit risk related to cash.

C. Use of Estimates

The Company maintains its books and records on the accrual basis in accordance with U.S. GAAP which requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

D. Basis of Presentation

The financial statements have been prepared in accordance with U.S GAAP.

3. Income Taxes

No provision for federal and state income taxes has been made since the Company is not a taxable entity. As a single member limited liability company, the member is individually liable for the taxes on the Company's income or loss.

FASB provides guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statements. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax benefit or expense and liability in the current year. For the period of February 17, 2021 to December 31, 2021 management has determined that there are no material uncertain income tax positions.

4. Related-Party Transactions

In February 2021 the Company and the Parent entered into an expense sharing agreement under which the Parent allocates rent and technology expenses to the Company. The Parent allocated \$24,296 in rent and technology expenses under the agreement for the period of February 17, 2021 to December 31, 2021. During 2021

GREENTIGER SECURITIES LLC
(A WHOLLY-OWNED SUBSIDIARY OF GREENTIGER AI, INC.)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

repayment of allocated expenses had been offset as capital contributions by the Parent totaling \$55,333 and are reflected in the statement of changes in member's equity.

5. Financial Instruments with Off-Balance-Sheet Credit Risk

The Company's transactions will be introduced to a clearing broker/dealer, and the Company's customer securities activities are transacted a cash basis. The Company may be exposed to off-balance sheet risk of loss on transactions during the period from the trade date to the settlement date, which is generally three business days. If the customer fails to satisfy its contractual obligations to the Clearing Broker, the Company may have to purchase or sell financial instruments at prevailing market prices in order to fulfill the customer's obligations. At December 31, 2021, there were no such transactions requiring settlement.

6. Net Capital Requirement

The Company is subject to the SEC's Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1 and also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2021, the Company had net capital of \$95,742 which was \$90,742 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was .052 to 1.

7. Reserve Requirement Computation and Possession and Control Requirements

The Company is registered with FINRA as a broker dealer exempt from SEC Rule 15c3-3 under Section (k)(2)(ii). Therefore, the Company is not required to compute Reserve Requirements nor is subject to the Possession or Control Requirements under SEC Rule 15c3-3.

8. Fair Value Measurement

The Company records its investments, as applicable, at fair value. The accounting standard for fair value which provides a framework for measuring fair value clarifies the definition of fair value and expands disclosures regarding fair value measurements. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants at the reporting date. The accounting standard establishes a three-tier hierarchy, which prioritizes the inputs used in the valuation methodologies in measuring fair value:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

GREENTIGER SECURITIES LLC
(A WHOLLY-OWNED SUBSIDIARY OF GREENTIGER AI, INC.)
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2021

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

All of the Company's financial assets and liabilities are carried at market value or at amounts, which, because of their short-term nature, approximate current fair value.

9. Commitments and Contingencies

On a monthly basis, the Parent allocates the rent and technology expenses to the Company in accordance with the terms of the expense sharing agreement. See note 4.

The Company had no equipment rental commitments, no underwriting commitments, no contingent liabilities and had not been named as a defendant in any lawsuit at December 31, 2021 or during the year then ended.

10. Guarantees

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying value (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement, as well as indirect guarantees of the indebtedness of others.

The Company has issued no guarantees effective at December 31, 2021 or during the year then ended.

11. Subsequent Events

The Company has evaluated events and transactions subsequent to December 31, 2021 for items requiring recording or disclosure in the financial statements. The

evaluation was performed through the date the financial statements were available to be issued. No events have been identified which require disclosure.
