Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

In the era of Covid-19, reliance on remote work can be a problem when dealing with coordinated efforts, slowing production times from expected releases.

The entertainment industry is riskier than most, due to the reliance on trends. This may cause a show development to have an unexpected return.

Profitability of the brand relies heavily on the postal service, which is in a questionable state due to recent hostile legislation. This could cause problems with COGS and product pipelines.

Licensing content for distribution can be problematic as a small press entity due to the popularity of dream distribution deals like Marvel and Disney. We are trying

to alleviate this risk by having a strong development queue to offset any licensing issues.

We rely heavily on social media marketing and changes in social media policies can adversely effect our operations and day to day sales.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

The most popular independent black content developers in the nation!

Personally, I decided to tell these stories because I was sick and tired of agenda-driven media coverage of the black experience. The industry is extremely risk-averse when it comes to our content so we needed a bold new experience to break through these clear barriers. Thankfully, we did it.

We create African American content for an under-served community. Our focus is comics, manga, and animations, with an emphasis on history prior to slavery. Every person deserves a legacy they can be proud of.

We want to successfully launch our animated properties, and expand into school distribution. If this is achieved, we hope to have a monthly income of \$200,000 prior to the films dropping.

Milestones

Black Sands Entertainment Inc. was incorporated in the State of Delaware in November 2016.

Since then, we have:

- Over thousands of Investors and hundreds of thousands of social media followers.
- \$3 million in lifetime sales
- 200,000 units sold
- Thousands of 5 star reviews online
- Parents and Educators approved

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2022, the Company had revenues of \$807,509 compared to the year ended December 31, 2021, when the Company had revenues of \$1,050,818. Our gross margin was 72.25% in fiscal year 2022, compared to 71.53% in 2021.
- *Assets.* As of December 31, 2022, the Company had total assets of \$895,792, including \$827,052 in cash. As of December 31, 2021, the Company had \$1,201,939 in total assets, including \$788,210 in cash.
- *Net Loss.* The Company has had net losses of \$539,742 and net losses of \$310,557 for the fiscal years ended December 31, 2022 and December 31, 2021, respectively.
- *Liabilities.* The Company's liabilities totaled \$42,957 for the fiscal year ended December 31, 2022 and \$73,169 for the fiscal year ended December 31, 2021.

Liquidity & Capital Resources

To-date, the company has been financed with \$1,012,999 in equity. Black Sands Publishing Inc., a wholly-owned subsidiary of Black Sands Entertainment Inc., has been financed with an additional \$999,317 in equity.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Black Sands Entertainment Inc. cash in hand is \$895,000 as of April 2023. Our

Black Sands Entertainment Inc. cash in hand is \$600,000, as of April 2023. Over the last three months, revenues have averaged \$64,000/month, cost of goods sold has averaged \$6,000/month, and operational expenses have averaged \$20,000/month, for an average net margin of \$38,000 per month.

We have no material changes or trends as of the dates the financials cover. We expect to have more wholesale accounts, but this is normal operations. Our revenue went down from 2021 to 2022 mostly due to negotiating with investors on Shark Tank and deprioritizing Facebook advertising.

We expect our revenue to exceed \$500,000 in the next 6 months and our expenses to be \$300,000.

We are currently profitable. We have very good margins for our products and are extremely popular with a target audience that has expendable income.

We have only raised capital through Wefunder. In times of development, we may use campaigns on Kickstarter, but those campaigns are more preorders, than capital.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.
