## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan.*

***Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.***

## **RISK FACTORS**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

The amount of capital the Company has raised in its most recently closed Offering may not be enough to sustain the Company’s current business plan.

We rely on other companies to provide components and services for our products. We depend on suppliers and subcontractors to meet our contractual obligations to our customers and conduct our operations.

We rely on various intellectual property rights, including licenses in order to operate our business.

The Company relies on certain intellectual property rights to operate its business. The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage.

The Company's founder, Ceata E. Lash, owns the patents the company relies on. That may pose a risk to investors should the relationship between Ceata and the Company ever change.

If our intellectual property rights are not adequately protected, we may be unable to keep other companies from competing directly with us, which could result in a decrease in our market share.

The products we sell are advanced, and we need to rapidly and successfully develop and introduce new products in a competitive, demanding, and rapidly changing environment.

We will be dependent on manufacturing processes that require a significant degree of technical expertise.

Many of the manufacturing processes required to produce our products depend upon a significant degree of technical expertise.

The Company's business is subject to complex and evolving U.S. and foreign laws and regulations. Many of these laws and regulations are subject to change and uncertain interpretation and could result in claims, changes to the Company's business practices, increased cost of operations or otherwise harm the Company's business.

Operational risks, such as misconduct and errors of our employees or entities with which we do business, are difficult to detect and deter and could cause us reputational and financial harm

We rely on trade secrets, patented and unpatented proprietary know-how and continuing technological innovation, which we seek to protect with confidentiality agreements with employees, consultants and others with whom we discuss our business.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets and will be critical to our success as we enter new markets.

Our business and financial performance may be adversely affected by future increases in raw materials and other operating costs.

Our primary raw material is plastic. The cost of plastic may, at times, fluctuate greatly because of factors such as shortages or surpluses created by market or industry conditions.

#### Litigation Settlement

In 2022, the Company settled an outstanding legal claim that resulted in a payment of \$75,000.

From time to time, the Company may become subject to threatened and/or asserted claims arising in the ordinary course of business. As of

December 31, 2022, management is not aware of any matters, either individually or in the aggregate, that are reasonably likely to have a material adverse effect on the Company's financial condition, results of operations or liquidity.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## **Liquidity & Capital Resources**

To-date, the company has been financed with \$2,380,380 in debt and \$179,000 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 6 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of

we plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

### **Runway & Short/Mid Term Expenses**

PuffCuff LLC cash in hand is \$22,271, as of October 2025. Over the last three months, revenues have averaged \$28,580/month, cost of goods sold has averaged \$9,984/month, and operational expenses have averaged \$20,350/month, for an average burn rate of \$1,754 per month. Our intent is to be profitable in 12 months.

Since the date our financials cover 2025 has been a year of rebuilding and repositioning for sustainable growth. Despite minimal advertising spend, PuffCuff generated \$457K in revenue in 2024 and is on pace to meet or exceed that this year—proof of our brand's resilience, loyal customer base, and strong product-market fit.

Early this year, we experienced manufacturing delays that caused stockouts after viral social moments, temporarily limiting our ability to meet demand. To prevent this in the future, we are transitioning to a larger, more nimble U.S.-based manufacturing facility that can maintain competitive pricing, deliver faster, and produce our new PuffCuff GRIPS line.

To preserve resources, we cut all non-critical spending, reduced operating costs, and moved back to a home office. We also entered a Chapter 11 Subchapter V reorganization, which allows us to restructure debt while maintaining full operational control. This process does not affect our partnerships with Sally Beauty, CVS, or H-E-B, and our Amazon, Shopify, and TikTok Shop channels remain strong.

Our revenue over the next 3–6 months is expected to be \$180,000. Our expenses in the same time frame are expected to be \$120,000.

We are not yet profitable. \$250,000 in funding is needed for PuffCuff to reach a point of profitability. We believe this funding level will be reached by Q4 of 2026.

Besides funds raised through Wefunder, other sources of capital we have consist of sales with retail partners (CVS, Sally Beauty, and HEB), sales through the PuffCuff web portal, Amazon.com, Target.com, and Faire.com. PuffCuff is working with a few business consulting firms that are helping to find equity investors. Looking ahead to 2026 Our 2026 focus is clear—growth, quality, and profitability: ● Rebuild inventory reliability and expand capacity with our new U.S. manufacturer. ● Enhance

product quality through the new, stronger material for PuffCuff and Kuffit.● Reignite growth via influencer-driven storytelling, organic UGC, and targeted retail expansion into Dollar General (Kuffit) and Ulta Beauty (PuffCuff).● Reinvest in DTC with improved site experience before restarting paid advertising.● Achieve key metrics: a 3 % conversion rate, 30 % returning-customer rate, and \$50AOV.● Reduce COGS by 4 % through smarter sourcing, tooling, and production efficiencies. Our mission remains unwavering: to champion self-acceptance and self-love through painless, damage-free styling tools that celebrate every curl, coil, and kink. PuffCuff is emerging stronger, leaner, and ready to scale into a multi-million-dollar global brand redefining inclusive beauty for the next generation.

All projections in the above narrative are forward-looking and not guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Ceata E. Lash, certify that:

(1) the financial statements of PuffCuff included in this Form are true and complete in all material respects ; and

(2) the financial information of PuffCuff included in this Form reflects accurately the information reported on the tax return for PuffCuff filed for the most recently completed fiscal year.

*Ceata E. Lash*  
CEO

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge

from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

**Tax Filings.** In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://thepuffcuff.com//invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);

2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
