(portions of § 227.201(m))

Those investors that participated in our offering via Netcapital have given their voting rights to a custodian, who will exercise the voting rights on behalf of all shareholders who purchased shares on the Netcapital crowdfunding portal.

The securities were issued with voting rights. However, so that the crowdfunding community has the opportunity to act together and cast a vote as a group when a voting matter arises, a custodian will cast your vote for investors pursuant to the custodian agreement that all investors entered into in connection with the purchase of common stock or units on Netcapital.

8. Describe how the exercise of rights held by the principal shareholders of the Company could affect the purchasers of the securities being offered. (portions of § 227.201(m))

There are no exercise rights held by the principal shareholders that would materially affect the current investors that participated in our Netcapital offering.

As the holder of a majority of the voting rights in the company, our majority shareholder may make decisions with which you disagree, or that negatively affect the value of your investment in the company, and you will have no recourse to change those decisions. Your interests may conflict with the interests of other investors, and there is no guarantee that the company will develop in a way that is advantageous to you. For example, the majority shareholder may decide to issue additional shares to new investors, sell convertible debt instruments with beneficial conversion features, or make decisions that affect the tax treatment of the company in ways that may be unfavorable to you. Based on the risks described above, you may lose all or part of your investment in the securities that you purchase, and you may never see positive returns.

9. Describe how the securities are being valued, and examples of methods for how such securities may be valued by the Company in the future, including during subsequent corporate actions. (portions of § 227.201(m))

10. Describe the risks to purchasers of the securities relating to minority ownership in the Company and the risks associated with corporate actions including additional issuances of securities, Company repurchases of securities, a sale of the Company or of assets of the issuer or transactions with related parties (portions of § 227.201(m))

As a minority owner of ecoText, investors do not have a definitive say in terms of business decisions.

Those investors who purchased common stock through Netcapital have a minority ownership in ecoText and will be subject to the same risks as any investor with a minority stake in the company. Principally, minority investors will not have sufficient voting rights required to influence company direction at their discretion.

Corporate actions such as issuance of additional securities or repurchase of securities could influence the share price of securities held by Netcapital investors to decrease or increase respectively. Fluctuations in company valuation could similarly occur and positively or adversely impact Netcapital investors. Similarly, a sale of the issuer or assets of the issuer would signal a distribution of funds in relation to the securities held by the individual and the liquidation preferences of said securities.

11. Describe the restrictions on transfer of the securities, as set forth in § 227.501. (portions of § 227.201(m))

The securities issued in a transaction exempt from registration pursuant to section 4(a)(6) of the Securities Act (15 U.S.C. 77d(a)(6)) and in accordance with section 4A of the Securities Act (15 U.S.C. 77d-1) and this part through Netcapital may not be transferred by any purchaser of such securities during the one-year period beginning when the securities were issued in a transaction exempt from registration pursuant to section 4(a)(6) of the Securities Act (15 U.S.C. 77d(a)(6)), unless such securities are transferred: to the issuer of the securities; to an accredited investor; as part of an offering registered with the Commission; or to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstances. For purposes of this paragraph, the term "accredited investor" shall mean any person who comes within any of the categories set forth in § 230.501(a) of this chapter, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person. For purposes of this paragraph, the term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and shall include adoptive relationships. For purposes of this paragraph, the term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

The term spousal equivalent means a cohabitant occupying a relationship generally equivalent to that of a spouse. For each transaction identified, disclose the name of the specified person and state his or her relationship to the Company, and the nature and, where practicable, the approximate amount of his or her interest in the transaction. The amount of such interest shall be computed without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, the approximate amount involved in the transaction shall be disclosed. A transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. In addition, companies should describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders.
