Jeff, Head Distiller and Operations Director

After his global adventures in the military, Jeff landed in San Antonio, Texas, where his passion for brewing pivoted to the art and science of distilling. He enjoyed his time at Rebecca Creek Distillery making small-batch whiskey and vodka before he felt the need to explore another of his favorite spirits, rum.

Jeff is extremely excited to be joining the JK Williams team and bring his highly respected background in distilling to Peoria. At JK Williams, he plans on continuing the Company's rich history in the production of small-batch bourbon and rye whiskey and promises to bring his flair for producing fine rum products as well.

Our Vision

Andy's vision is to create an upscale yet approachable experience in the Riverfront district that feels like it's been here forever. The distillery will ultimately add to the already energetic and cool vibe, re-establishing Peoria's rightful place in U.S. whiskey-making history and elevating the JK Williams brand to national relevance.

- Uncomproming quality craftsmanship handed down through four generations of JK Williams.
- Revived and handcrafted by award winning Master Distiller, Jeff Murphy.
- Critically acclaimed whiskeys from the Central Illinois region.

Our Story

JK Williams, a young whiskey-making pioneer at the age of sixteen, developed his craft working various distilleries for two decades in the "Whiskey Capital of the World" on the riverbanks of Peoria, IL.

The Midwestern Region was rich with high-quality grains and a plentiful water source from the Illinois River which are key ingredients for high-quality whiskey making.

Just like J.K. in his day, the current Williams generation are raising families in Central Illinois while creating our own craft whiskey. The great-great-grandsons of bootleg whiskey-making master J.K. Williams were thrilled to have access to J.K.'s recipe and the chance to start a long-overdue revival of craft whiskey-making.

In 2013, Jesse and Jon Williams felt a certain opportunity to bring craft whiskey-and bourbon-making back to the Peoria area. They desired to bring back the spirit of adventure that fueled the era of bootlegging during Prohibition. They wanted to make their great-great-grandfather proud of their craftsmanship and innovative spirits for which J.K. Williams was known around these parts.

In April 2019, Andy Faris and his fiancé decided to acquire the business, including the naming rights, distilling equipment, and an existing inventory of spirits.

GOLD ZEPHYR IS AWARDED GOLD BY USA SPIRITS RATINGS!

Gold Zephyr Straight Bourbon Whiskey recently received a Gold Medal at the 2020 USA Spirits Ratings Competition.

- Spirits were awarded by an expert panel of judges who looked at a combined rating for

- quality, value, and packaging.
- This is the first competition the JK Williams Distillery has entered since the re-launch of our fine whiskies.
- We hope this only one of many to come.

Location

The Company is planning to relocate its retail operation to 6400 square feet of space in Peoria's Riverfront District. The building is currently empty and has been fully gutted by the previous owner. The unique building harkens back to Peoria's past as an industrial river city and is ideally located on the edge of the Illinois River. Built in the early 1900's, the building was a power substation so it is incredibly well-constructed with a handsome brick exterior and steel beams, thick concrete floors, and exposed brick interior (3200 square feet per floor).

- Build out the tasting room and retail space on the first floor
- Build out the second floor as rentable event space
- The building boasts 1,839 square feet of exterior decks that overlook the water with exceptional views
- Downtown Peoria is the business, government, health care and entertainment center of the city of Peoria and the five-county MSA.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.2 - 2.0% ²
Payment Deadline	2029-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.75 x 1.5 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.38%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.2% and a maximum rate of 2.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$150,000	1.2%
\$175,000	1.4%
\$200,000	1.6%
\$225,000	1.8%
\$250,000	2.0%

³ To reward early participation, the investors who contribute the first \$100,000.0 raised in the offering will receive a 1.75x cap. Investors who contribute after \$100,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Andrew Faris	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.

(P) Indebtedness of the Company

The Company has no indebtedness outside of the debt the Company is expecting to raise through regulation crowdfunding on MainVest.

(O) Other Offerings of Securities within the Last Three Years

The Company has a current offer pending of equity in the business, which began in September 2020, amounting to 33% of the Company (or \$1 million). This offering has not closed as of this date. Unless management elects to extend the offering, it will close in March, 2021. The current total committed is \$225,000 of the \$1 million offering. J.K. Williams will use proceeds from this sale of equities to purchase buildings, equipment, finance construction, and more.

(R) Transactions Between the Company and “Insiders”

The Company has an agreement with Head Distiller Jeff Murphy for a grant of 5% equity in the business. The form of this grant is still being reviewed and has not been finalized.

Andy Faris, the President of the Company, has loaned the business \$167,940 through October 31, 2020.

(S) The Company’s Financial Condition
