DecisionView

7 years 1 month

President and CEO

January 2011 - April 2012 (1 year 4 months)

Responsible for leading the strategic growth of the company and delivering value to its customers. Involved in corporate strategy, product strategy, business development, customer and partner relations while managing day to day operations of the business.

President and COO

April 2005 - February 2011 (5 years 11 months)

Responsible for day-to-day operations of the company, managing all functional areas of the business and implementing the strategic goals and objectives of the company.

Various venture-backed companies

Management Consultant

2004 - April 2005 (1 year)

As an independent consultant, provided strategic planning, product assessment and planning services to emerging companies and venture capital firms. Successfully mentored and hired key personnel and provided interim leadership for those fast-paced companies.

DigitalThink / Convergys

VP Development

1999 - 2004 (5 years)

Led development and delivery of all custom e-learning solutions. Created a distributed development organization with teams in San Francisco, 3 sites in

India (Bangalore, Hyderabad and Kolkata, resulting from 2 acquisitions, LBI and TCT, the year prior), and Cincinnati, OH (from the acquisition of Horn Interactive in April 2003). Also led development and delivery of the technical architecture upon which all customer solutions were delivered. Implemented engineering, project, release management and HR disciplines.

Arbor Software (Hyperion Solutions)

VP Product Development

1997 - 1999 (2 years)

Built an entirely new organization to develop and deliver Arbor Software Tools and Applications components. Transitioned the company from a single product to multiple product mentality. In one year, delivered 2 versions each of Essbase Web Gateway, Essbase Objects, Essbase Adjustments and Beta of a new product, Arbor Integration Server. Acquired AppSource in Orlando, FL and managed that team to deliver 5 new versions of WIRED for OLAP as well as integrated functionality with Arbor Essbase. After merging the organization and product strategies with Hyperion Software applications, led the Budgeting and Planning Applications Product Development in Foster City, CA.

Sybase Inc

Senior Manager

1990 - 1997 (7 years)

Directed all development efforts for a major portion of the SQL Server Development team, SQL Server Store. Responsible for managing the implementation and delivery of Row-Level Locking in the SQL Server, from inception to Alpha delivery. Continuously improved the engineering process at Sybase (for ISO 9001 certification). Created procedures, work instructions and metrics to facilitate this.

Tolerant Systems (Veritas)
