The price of the shares has been determined by the Company and does not necessarily bear any relationship to the assets, book value, or potential earnings of the Company or any other recognized criteria or value.

RISK FACTORS

The shares offered herein are highly speculative in nature, involve a high degree of risk and should be purchased only by persons who can afford to lose their entire investment. Accordingly, prospective investors should carefully consider, along with other matters referred to herein, the following risk factors in evaluating the Company and its business before purchasing the shares offered hereby.

Risk Factors

Our business is subject to numerous risks and uncertainties, including:

We face competition and could lose market share to future competitors ;

We may have difficulty raising a sufficient amount of capital necessary to build, develop, expand our service offering.

We are subject to a wide range of laws and regulations, many of which are evolving, and failure to comply with such laws and regulations could harm our business, financial condition and results of operations.

Illegal, improper or otherwise inappropriate activity of users, whether or not occurring while utilizing our platform, could expose us to liability and harm our business, brand, financial condition and results of operations;

We could be subject to claims, lawsuits, government investigations and other proceedings that may adversely affect our business, financial condition and results of operations;

Our future success depends on our ability to raise sufficient capital.

Our future success depends, in part, on our ability to attract and retain both new talent and experienced personnel, including our senior management and other key personnel. In addition, we could be adversely affected if we fail to adequately plan for the succession of members of our senior management team.

Regulatory, Legal and Accounting Risks

A cybersecurity attack could adversely affect our business, financial condition and reputation.

We rely on information technology and third-party vendors to support our business activities. Cybersecurity breaches of any of the systems we rely on may result from circumvention of security systems, denial-of-service attacks or other cyber-attacks, hacking, "phishing" attacks, computer viruses, ransomware, malware, employee or insider error, malfeasance, social engineering, physical breaches or other actions. Any material breaches of cybersecurity, or media reports of the same, even if untrue, could cause us to experience reputational harm, loss of clients and revenue, loss of proprietary

data, regulatory actions and scrutiny, sanctions or other statutory penalties, litigation, liability for failure to safeguard clients' information or financial losses. Such losses may not be insured against or not fully covered through insurance we maintain.

We intend to invest in technology security initiatives, policies and resources and employee training. The cost and operational consequences of implementing, maintaining and enhancing further system protections measures could increase significantly as cybersecurity threats increase. As these threats evolve, cybersecurity incidents will be more difficult to detect, defend against and remediate. Any of the foregoing may have a material adverse effect on our business, financial condition and reputation.

Improper disclosure of confidential, personal or proprietary information could result in regulatory scrutiny, legal liability or reputational harm, and could have an adverse effect on our business or operations.

We maintain confidential, personal and proprietary information relating to our company, our employees and our clients. This information includes personally identifiable information, protected health information, financial information and intellectual property. If our information systems or infrastructure or those of our third-party vendors experience a significant disruption or breach, such information could be compromised. A party that obtains this information may use it to steal funds, for ransom, to facilitate a fraud, or for other illicit purposes. Such a disruption or breach could also result in unauthorized access to our proprietary information, intellectual property and business secrets.

We maintain policies, procedures and technical safeguards designed to protect the security and privacy of confidential, personal and proprietary information. Nonetheless, we cannot eliminate the risk of human error or malfeasance. It is possible that our security controls and employee training may not be effective. This could harm our reputation, create legal exposure, or subject us to legal liability.

Significant costs are involved with maintaining system safeguards for our technology infrastructure. If we are unable to effectively maintain and upgrade our system safeguards, including in connection with the integration of acquisitions, we may incur unexpected costs and certain of our systems may become more vulnerable to unauthorized access.

With respect to our commercial arrangements with third party vendors, we have processes designed to require third party IT outsourcing, offsite storage and other vendors to agree to maintain certain standards with respect to the storage, protection and transfer of confidential, personal and proprietary information. However, we remain at risk of a data breach due to the intentional or unintentional non-compliance by a vendor's employee or agent, the breakdown of a vendor's data protection processes, or a cyber-attack on a vendor's information systems.

Changes in data privacy and protection laws and regulations, or any failure to comply with such laws and regulations, could adversely affect our business and financial results.

We are subject to a variety of continuously evolving and developing laws and regulations globally regarding privacy, data protection, and data security, including those related to the collection, storage, handling, use, disclosure, transfer, and security of personal data. Significant uncertainty exists as privacy and data protection laws may be interpreted and applied differently from country to country and may create inconsistent or conflicting requirements. These laws apply to transfers of information among our affiliates, as well as to transactions we enter with third party vendors.

In addition, enforcement actions and investigations by regulatory authorities related to data security incidents and privacy violations continue to increase. The enactment of more restrictive laws, rules, regulations, or future enforcement actions or investigations could impact us through increased costs or restrictions on our business, and noncompliance could result in regulatory penalties and significant legal liability.

Risks Related to Our LLC Units

The shares will not be freely tradable until one year from the initial purchase date. Although the shares may be tradable under federal securities law, state securities regulations may apply, and each purchaser should consult with his or her attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for our LLC Units. Because the shares have not been registered under the 1933 Act or under the securities laws of any state or non-United States jurisdiction, they have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the 1933 Act or other securities laws will be effected. Limitations on the transfer of the shares may also adversely affect the price that you might be able to obtain for them in a private sale. Purchasers should be aware of the long-term nature of their investment in the Company. Each purchaser in this offering will be required to represent that it is purchasing the shares for its own account, for investment purposes and not with a view to resale or distribution thereof.

There is currently no public trading market for our LLC Units which means that you may be required to hold your Units in our Company for an indefinite period.

Our LLC Units are not quoted on either the OTC Bulletin Board or OTC Markets, and is not listed on any exchange. Until the security is quoted on an electronic quotation service or listed on an exchange, it is unlikely that any public market for the LLC Units will be established. It is unlikely that our Company would qualify for listing on a stock exchange in the immediate future. Application for quotation on an electronic quotation service requires finding a market maker willing to make the application. The application process entails review by FINRA, the self-regulated industry processor of these applications, and may take several months. The application process cannot commence until the registration of which this prospectus is a part is declared effective by the Securities and Exchange Commission. We have not identified any broker-dealers who may be willing to make application on our behalf.

Restricted Securities

The shares purchased in this offering are restricted securities as defined in Rule 501 under Regulation D promulgated by the Securities and exchange commission and additional restrictions could apply as stipulated in Section 9 of the Amended Operating Agreement included and made part of this document. Under the 4(a)(6) Offering Exemption for the first 365 day holding period the shares can only be resold:

- To the Company;
- To an accredited investor; or
- To a member of the family of the purchaser or the equivalent.

Exempt Offerings

The Company has not conducted any exempt offerings within the past three years.

DESCRIPTION OF SECURITIES

LLC Units

We are currently authorized to issue up to 1,070,000 LLC Units. All LLC Units are equal to each other with respect to voting, and dividend rights, and, are equal to each other with respect to liquidation rights.

We refer you to Section 3 of the LLC Operating Agreement included as part of this document for a more complete description of the rights, restrictions and liabilities of Member holders of our securities.

Transfer Agent

If our capital raise exceeds our target we plan to engage an SEC-registered securities transfer agent, to act as transfer agent for our common stock.

FINANCIAL CONDITION

Financial Condition

The Company is currently reliant on its existing Unit Holder for financial support and is dependent on its efforts to raise capital from outside sources including its Offering contemplated under the 4(a)(6) Offering Exemption in order to continue as a Going Concern.

USE OF PROCEEDS

We expect that the proceeds of this offering would be \$250,000 if the target offering amount is reached and an additional \$820,000 in oversubscriptions if the maximum amount is raised. The table below provides a breakdown of our intended use of proceeds, assuming a target raise of at least \$250,000 and the maximum offering of \$1,070,000:

1. Purchase 10 lots for building Nightly rental units.

There is no assurance that the net proceeds from this offering will be sufficient to continue development of our business indefinitely; therefore, we may need to raise additional financing, which may not be available if and when needed or may not be available on terms acceptable to us, if at all. Additional financing may result in dilution to existing stockholders. Failure to secure needed additional financing, if and when needed, may have a material adverse effect on our business, financial condition and results of operations. We have committed to pay a 6.5% fee to Jumpstart securities on actual capital raised.

CROWDSOURCE FUNDED INVESTMENT PROCESS

Making an Investment in the Company

How does investing work?

When you complete your investment on Crowdsourced, your money will be transferred to an escrow account where an independent escrow agent will watch over your investment until it is accepted by the Company. Once the Company accepts your investment, and certain regulatory procedures are completed, your money will be transferred from the escrow account to the Company in exchange for your investment securities. At that point, you will be an investor in the Company.

Crowdsourced Regulation CF rules regarding the investment process:

- Investors may cancel an investment commitment until 48 hours prior to the deadline identified in the issuer's offering materials;
- The intermediary will notify investors when the target offering amount has been met;
- If an issuer reaches a target offering amount and the closing amount prior to the deadline identified in its offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline;
- If there is a material change and an investor does not reconfirm his or her investment commitment, the investor's investment commitment will be cancelled and the committed funds will be returned;
- If an issuer does not reach both the target offering amount and the closing offering amount prior to the deadline identified in its offering materials, no shares will be sold in the offering, investment commitments will be cancelled and committed funds will be returned; and
- If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive shares in exchange for his or her investment.

What will I need to complete my investment?

To make an investment you will need the following information readily available:

1. Personal information such as your current address and phone number;
2. Employment and employer information;
3. Net worth and income information;
4. Social Security Number or government-issued identification; and
5. ABA bank routing number and checking account number

How much can I invest?

An investor is limited in the amount that he or she may invest in a Regulation Crowdfunding Offering during any 12-month period:

- If either the annual income or the net worth of the investor is less than \$107,000, the investor is limited to the greater of \$2,140 or 5% of the lesser of his or her annual income or net worth.
- If the annual income and net worth of the investor are both greater than \$107,000, the investor is limited to 10% of the lesser of his or her annual income or net worth, to a maximum of \$107,000. Separately, the Company has set a minimum investment amount.

How can I (or the Company) cancel my investment?

For offerings made under Regulation Crowdfunding, you may cancel your investment at any time up to 48 hours before a closing occurs or an earlier date set by the Company. You will be sent a reminder notification approximately five days before the closing or set date giving you an opportunity to cancel your investment if you had not already done so. Once a closing occurs, and if you have not cancelled your investment, you will receive an email notifying you that your shares have been issued.

After My Investment**What is my ongoing relationship with the Company?**

You are an investor and shareholder in the Company. Companies that have raised money via Regulation Crowdfunding must file information with the SEC and post it on their website on an annual basis. Receiving regular Company updates is important to keep investors educated and informed about the progress of the Company and their investments. This annual report includes information similar to the Company's initial Form C filing and key information that a company will want to share with its investors to foster a dynamic and healthy relationship.

In certain circumstances the Company may terminate its ongoing reporting requirements if:

1. The Company becomes a fully-reporting registrant with the SEC;
2. The Company has filed at least one annual report, but has no more than 300 shareholders of record;
3. The Company has filed at least three annual reports, and has no more than \$10 million in assets;
4. The Company or another party repurchases or purchases all the shares sold in reliance on Section 4(a)(6) of the 1933 Act; or
5. The Company ceases to do business.

How do I keep track of this investment?

You can return to Pacific Global Capital at any time to view your portfolio of investment and obtain a summary statement. In addition to monthly account statements, you may also receive periodic updates from the Company about its business.

Can I get rid of my shares after buying them?

Shares purchased through a Regulation Crowdfunding offering are not freely transferable for one year after the date of purchase, except in the case where they are transferred:

1. To the Company that sold the Shares;

2. To an accredited investor;
3. As part of an offering registered with the SEC; or
4. To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser, or in connection with the death or divorce of the purchaser.
5. **<NOTE>** The Company has imposed additional restrictions on Unit Holders which are disclosed in Section 9 of its Modified Operating Agreement.

Regardless, after the one-year holding period has expired, you should not plan on being able to readily transfer and/or sell your shares. Currently, there is no market or liquidity for these Units and it may be some, if ever, time before the Company lists these shares on an exchange or other secondary market. Until then you should plan to hold your investment for a significant period of time before a "liquidation event" occurs. A "liquidation event" is when the Company either lists its securities on an exchange, is acquired, or goes bankrupt.
