00:05

welcome to contempo ascetics your modern

00:08

Beauty experience awaits you

00:13

[Music]

00:37

[Music]

00:48

we can position as far as what you'd

00:51

like to see for yourselves it's always

00:54

this area for me

00:59

contempo aesthetics exists to redefine

01:02

old notions of beauty and celebrates

01:07

what's now possible with aesthetic

01:09

medicine we are a medical esthetics

01:14

practice that offers the modern Beauty

01:17

experience as you walk through our doors

01:22

or enter space that's here to fulfill

01:24

your beauty needs whether that be

01:28

smoother skin more rejuvenation fuller

01:33

lips and more contoured nose or cheeks

01:36

we can achieve that I'm a walking

01:40

advertisement I'm 51 years old and using

01:43

the product being consistent with your

01:46

skin care coming in to see dr. Rachel on

01:48

her team we're always re-educating

01:51
getting notifications and education
01:55
regarding what is out there in the
01:57
industry they keep you up to date so
01:59
your skincare is up to date and that is
02:02
what makes you feel like a modern Beauty
02:04
here at contempo cedex we stand for
02:06
beauty that is simple yet impactful
02:08
which is delivered through non-surgical
02:11
cosmetic procedures we soon for beauty
02:14
that is unique to every patient
02:19
we stand for beauty that is with a good
02:23
attitude we stand for beauty that is
02:26
natural but enhanced you at your best
02:28
self
02:29
[Music]
02:45
the contempo team is here to guide you
02:47
through your beauty aspirations hi my
02:51
name is barb as the back-office
02:52
supervisor I assist dr. Rachel during
02:54
treatments including pressing the
02:56
patients and doing aftercare with them
02:58
and I also go in and discuss treatment
03:00
plans with them and get them ready to
03:01
receive treatment my day-to-day here at

03:04
contempo is taking the patients in the
03:07
room creating them and see what they
03:11
would need and just assisting dr. Rachel
03:16
hello my name is Ashley
03:18
I am the esthetician and the skin care
03:20
specialist here at contempo esthetics I
03:22
also do Hydra facials and when I'm doing
03:25
Hydra facials
03:27
our patients on the products that we're
03:31
using in the Hydra facial and how we can
03:33
maintain our skin care it
03:40
I think because we serve such a varying
03:45
demographic as far as ages we have
03:48
patients who come just for facials and
03:50
are teenagers to our oldest patient
03:53
who's in her approaching her 90s that
03:57
beauty is something that could be
03:59
relative and different for everyone so I
04:01
think really listening to what each is
04:04
important to each patient is how you can
04:07
deliver the best results I trust dr.
04:11
Rachael with everything regarding my
04:14
skin care if it's augmenting my lips if
04:17
it's making sure my smile is correct or

04:21

recommending the best skin suitable

04:24

product she will put me in the right

04:26

direction she will tell me what is best

04:28

for me and she doesn't go overboard or

04:31

anything it's and you feel so good about

04:33

what you're doing we work with dr.

04:35

Rachael I was drawn to aesthetic

04:37

medicine because of the unique patient

04:40

doctor dynamics I also found it

04:44

innovative of all the new procedures

04:47

that could be offered non-surgically and

04:50

being a woman who enjoys beauty and

04:54

skincare I thought that I can find a way

04:57

to resonate with patients
