CloudLink ERP Solutions

Jul 2013 – Mar 2015 · 1 yr 9 mos

Mesa, Arizona

I am one of the original founders of this organization and acted as its CTO from its start in 2013 to March 2015. I left the organization because my vision for software development in the future changed course from the application that CloudLink was developing. The product they have created is a great, and focused on helping small and medium sized businesses. Che ...[see mor](#)

President / Founder

Kennedy Computer Consulting

Mar 2008 – Jun 2013 · 5 yrs 4 mos

As a founder of this company I acted as its leader, senior developer, and chief information architect. I built this company to become a leader in the software development industry, and rode through the economic challenges after the US economy collapsed in 2007/2008. From this organization I built the foundations of software that would lead to the creation o ...[see mor](#)

2011 · less than a year

I worked briefly for this organization as a software developer and IT professional during a lull in Kennedy Computer Consulting, and as our company was transitioning toward becoming a software manufacturer. I worked with a great team of people here and made some excellent contacts with people that I consider very skilled in their fields. ...[see mor](#)

Poverty Alleviation

I worked at the Dorcas facility in Fortuna, CA on a regular basis helping to stock the food bank, build food boxes, distribute food, and to help run the clothing outreach store. I worked with my family members to help provide meals for families, and collect donated foods from local grocery stores and other outlets.
