Experience

Total Containment Inc.

Chairman of the Board

March 2022 - Present (1 year 8 months)

Edmonton, Alberta, Canada

Total Containment manufactures and installs a patented leak containment system for Pipelines under the brand Envirolock (tm). The Envirolock system represents the best available technology for prevention of oil and gas pipeline leaks from impacting the environment, for reducing water losses from municipal water infrastructure, and for extending the life of pipeline and water infrastructure. The system can also be used to capture and contain fugitive emissions, providing a complete solution for one of our most pressing climate change issues.

RAD AI
