(D) The Company's Business and Business Plan

The Opportunity

By investing in Fire Dough Kitchen, you will be supporting a quick-serve restaurant that serves "over the top" fire-grilled pizza, gourmet flatbread sandwiches, and creative desserts located in Sudbury, MA.

Location

Fire Dough Kitchen will be located at 730 Boston Post Road in Sudbury, MA. This area is becoming increasingly popular with Fire Dough Kitchen's target market of young professionals and families. While there is a successful local restaurant competition for this segment, there are no other restaurants in the area that provide quick-serve comfort food. Based on recent experience in this market, the development team feels there is a viable niche for a restaurant like Fire Dough Kitchen.

Offerings

- Flatbread sandwiches
- Fire-grilled pizza
- Desserts
- Cheap lunch and dinner options with a price range of \$10-\$13 including beverages

The Market

Fire Dough Kitchen will target Families, young professionals, and the blue-collar workers who travel past the restaurant every afternoon. The anticipated age range for the majority of our guests will be 25-40 years, with an emphasis on the people of the community. The customers we seek will be Families on the go, young professionals looking for a fun outing, and workers looking to get value and quality. We are targeting this market specifically because of the fun yet value-driven menu we have and because we will bring ease of access to the people of Sudbury, MA.

According to the most recent data, Sudbury, MA has a population of 20,000 where the median household income is \$170,000 and the average home price is \$900,000. The population is expected to grow 1.3% year over year while the median income will continue to grow at a rate of 5% year over year. Based on this information, we feel that there is currently a large enough target market to support a concept like Fire Dough Kitchen and that this market is likely to grow over the next 5 to 10 years based on information from Data US.

Marketing Plan

Pre-Opening:

To get Fire Dough Kitchens name and concept in front of the target market before opening, we

propose:

- While under renovation we will launch a social media campaign where we will encourage the community to follow the progress, revealing new clues every day to what the concept will be.
- Halfway through renovation, we will launch our website to showcase our menu and get people signed up for our mobile ordering platform.
- Once the website is launched we will blast social media with pictures of our food and offer a promotional free handheld to the first 100 people that sign up for our reward program.
- The week leading up to the opening we will market to the community through social and in-person that the first 50 people through the door will receive a swag bag filled with coupons and merchandise.
- The week before opening our menu will be sent out to all communities within a 3-mile radius with incentives to follow us on social and to join our loyalty program. After Opening. Once the restaurant is open, the marketing plan includes:

Post-opening:

- Social Media will continue to play a big part in the success of Fire Dough Kitchen. There will be a weekly presence from food bloggers with robust followings and we will blast out pictures and videos of our over the top creations.
- We will launch with a third-party delivery service to utilize their marketing reach and gain more of a following.
- Once open and settled in the community we will start to offer fundraising opportunities to community programs and charities to showcase our dedication to Sudbury.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	2.0 - 4.0% ²
Payment Deadline	2026-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 X 1.5 X
Sharing Start Date	The first day after disbursement that the Company has revenues greater than one (\$1) dollar
First Payment Date	Thirty (30) days after the last day of the calendar quarter ending not less than Sixty (60) days after the sharing start date.
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	.58%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 2.0% and a maximum rate of 4.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$30,000	2.0%
\$37,500	2.5%
\$45,000	3.0%
\$52,500	3.5%
\$60,000	4.0%

³ To reward early participation, the investors who contribute the first \$10,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$10,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited liability company interests are equity securities, with voting rights, whereas the revenue sharing notes being offered are debt securities with no voting rights.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Jason Carter	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.

(P) Indebtedness of the Company

The Company has no indebtedness outside of the debt the Company is expecting to raise through regulation crowdfunding on MainVest.

(Q) Other Offerings of Securities within the Last Three Years

The Company has not made any offerings with other third-party regulation crowdfunding companies in the past three years.

(R) Transactions Between the Company and “Insiders”

The Company has not entered into any business transactions, including stock Purchases, salaries, property rentals, consulting arrangements, guaranties, or other agreements with any individual identified in Section 227.201 (r)(1)-(4) of Regulation Crowdfunding during the 12 months preceding this Offering.

(S) The Company’s Financial Condition

No other outstanding debt or equity

The capital raised through Mainvest will make up the entirety of the Fire Dough Kitchen’s fundraising. However, Fire Dough Kitchen may require additional funds from alternate sources at a later date.

No operating history

Fire Dough Kitchen was established in January, 2020. Accordingly, there are limited financial statements and information for investors to review. When evaluating this investment opportunity, investors should consider factors outlined in the risk section as well.
