(D) The Company's Business and Business Plan

The Opportunity

By investing in Cartel Brewing Company, you will be supporting an emerging nano-brewery concept located in Lancaster, PA. We will focus on craft beer that is brewed in smaller batches to sustain a higher level of quality and freshness, while exploring brewing styles that push the boundaries of traditional categories, ingredients and flavor infusion. We have \$75k in capital to get started, and with additional capital, we will renovate our brewery and purchase a larger brewing system.

Our Brewing & Blending Philosophy

In addition to offering a diverse variety of high quality beer styles and in house creations that hold their own on the tap list, we intend to create a unique and tailored craft beer experience through blending.

One thing that craft brewing has highlighted is the overwhelming amount of options that are available to the average consumer, allowing for nearly anyone to find something they enjoy. We plan to explore the endless possibilities when you merge craft beer with a degree of made-to-order personalization.

Let's say at any given time we offered several single hop IPAs where everything about the recipe is identical, except the hop that is used. You would have 3 beer offerings that are great on their own, but could be blended at the taps to create entirely different flavors or 'blends' through the unique hop characteristics within each beer.

Do you enjoy fruited sours, like a Gose or Berliner Weisse? What if our base recipe was refreshing on its own, but we also had several rotating fresh fruit infusion options on tap that could allow for the freshest flavor infused experience on-demand?

How about a rich and roasty Stout or Porter? As is, in its purest form, or would you like to add a shot of espresso? Vanilla? Coconut? All three? You get the idea.

The age old ideas of black and tans, half and halves, and other variations of blending two beers to create a new experience is far from new. We just want to take it a bit further.

We want to arrive at a place where we offer a balance of in house crafted beers of all styles and flavor infusions as well as the ability for customers to create their own, allowing for nearly anyone to find satisfaction in our beers.

Offerings

- All of the dark beers (Stouts, Porters, Browns, Belgians, Barleywines, etc)
- Standard, Dry Hopped and Fruited Kettle Sours
- Yes, we will have IPA
- Lighter Ales (Cream Ale, Hefe, Blonde, Wheat, etc.)
- House blends and poured to order blends
- Barrel aged beers
- Miscellaneous merchandise

- 'Lite fare' cafe menu
- Pop up food events (think Lobster Rolls or 'Hopster' Rolls)

Target Market

Our target market will consist primarily of craft beer enthusiasts of all experience levels in Lancaster, as well as the central and eastern regions of Pennsylvania. We will focus on designing our recipes and releases to attract the more experienced beer enthusiasts while not excluding the constantly emerging populous of consumers who are new to the concept and culture of craft beer. No pretentious snobbery allowed. Eventually, we plan to expand into more of a destination brewery, attracting visitors from outside our immediate region as promotion of our libations reach the ears, palates and social media feeds of consumers all over the northeast and beyond.

We may also sell limited quantities of beer to select local bars or bottle shops that we have built relationships with in order to generate more awareness and availability of our beer. Our license allows for PA produced wine, liquor, beer, mead and cider to be purchased wholesale and sold retail. That, along with the ability to have several locations under one license will allow for additional profit centers and future market expansion opportunities.

Location

We signed the lease for a great property in a high traffic location in the stadium district on the northern side of Downtown Lancaster on March 1, 2020. This area is being highly developed with additional retail, hospitality and luxury condos/apartments. The brewery will be within walking distance of many residents, businesses, Franklin & Marshall College and the Lancaster Barnstormers Baseball stadium. The township approved our zoning designation request and will be issuing our building permits for the renovations we need to perform. We received our approval letters from the city for water and sewer capacities, are in process for the electrical service upgrade and have begun filing for our Federal and State brewery licenses. The community response has been very positive so far and we are excited to get to work.

About Adam

Adam's resume outlines a successful Sales & Marketing career for the last decade. He has also been studying the craft beer industry for over 12 years. Throughout that time, he has observed the rise of craft beer popularity and production throughout the United States as well as predicted market trends that have taken place and are projected to take place in the coming years.

In early 2008, Adam brewed his first batch of beer (A Belgian Dark Strong Ale with Plums and Honey) with a friend, and quickly became hooked on the hobby. For a number of years, he developed recipes that often fell far outside the guidelines of classic beer styles, merging styles, flavors and ingredients that may have never been thought of before (At least not at the time). One of the more bizarre being what he called a 'Belgian Barleywine style Ale brewed with a heavy dose of fresh house made duck sauce and Sriracha from a local artisan Egg Roll cafe. Adam has built a local and national following through sharing his beers with enthusiasts all over the country.

In 2015, he was encouraged to enter one of his recent creations, a bold and rich imperial stout, infused with over 40 ounces of fresh pulled espresso shots from Passenger Coffee, into the Lititz

Craft Beer Fest Homebrew Competition. This would be the very first competition Adam entered, and lead to a top 10 showdown and a first place victory by public vote.

Since then, he has won medals in professionally judged events, entered the Lititz competition a second time in 2017 to take second place overall, and received hundreds of objective reviews and feedback via Untappd, professional brewers, experienced beer enthusiasts, beer judges and a YouTube beer critic.

Adam's understanding of sales, marketing and business combined with a keen sensitivity to craft beer market trends positions him to meet the current and emerging needs of a growing and evolving market.

About The Team

Our team is very strategic and brings a diversity of experience and partnership opportunities. Cullen Farrell and Kyle Ober both founded what is now a successful local cold pressed juice company that is starting to expand into the hemp infused craft soda market. Their beverage industry experience from this angle will enhance our efforts as well as allow for expertise and access to multiple fruit processing methods, fruit curation and freshness for our fruited beers. Xiang (Sam) Guo and his wife Cindy own and operate a local restaurant offering a fast casual Asian fusion experience. Sam has also been exploring home brewing and diverse flavor exploration in beer for several years. His restaurant and business experience along with a passion for craft beer adds tremendous value to our team.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	4.0 - 8.6% ²
Payment Deadline	2026-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.5 x 1.25 x
Sharing Start Date	The first day after disbursement that the Company has revenues greater than one (\$1) dollar
First Payment Date	Thirty (30) days after the last day of the calendar quarter ending not less than Sixty (60) days after the sharing start date.
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.43%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 4.0% and a maximum rate of 8.6% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$50,000	4.0%
\$64,250	5.2%
\$78,500	6.3%
\$92,750	7.4%
\$107,000	8.6%

³ To reward early participation, the investors who contribute the first \$30,000.0 raised in the offering will receive a 1.5x cap. Investors who contribute after \$30,000.0 has been raised in the offering will receive a 1.25x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited liability company interests are equity securities, with voting rights, whereas the revenue sharing notes being offered are debt securities with no voting rights.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Adam Chamberland	55%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.
