Notes to Financial Statements (Unaudited)

Note A - Organization and Nature of Activities

Wingspan Health, Inc (“the Company”) is a C-Corp formed under the laws of the State of Delaware. The Company provides healthcare data management services directly to patients via use of the Company’s website and/or mobile application and services.

The Company’s ability to continue as a going concern or to achieve management’s objectives may be dependent on the outcome of the offering or management’s other efforts to raise operating capital.

Note B - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and any cash equivalents include all cash balances, and highly liquid investments with maturities of three months or less when purchased. Cash reporting is based on EOY 2020 and may not reflect changes in 2021.

Capitalized Application Development Costs

The Company has chosen not to capitalize application development costs in order to simplify these reports. The Company has received indicators that there is the potential for significant market value for the developed technologies.

Long Term Debt

The Company has no long term debt instruments and has been financed through valuation capped SAFE notes.

Note C - Concentrations of Risk

Financial instruments that potentially subject the Company to credit risk consist of cash and cash equivalents. The Company places its cash and any cash equivalents with a limited number of high-quality financial institutions and do not exceed the amount of insurance provided on such deposits.

Note D - Data Security and Privacy Risk

The Company holds the rights to private user data and takes normal industry measures to secure and maintain the integrity of this data.
