

# Annual Report

## Cover Page

Name of issuer:

Petri Bio Inc.

Legal status of issuer:

Form: Corporation  
Jurisdiction of Incorporation/Organization: DE  
Date of organization: 8/28/2020

Physical address of issuer:

370 Amapola Ave  
suite 100  
Torrance CA 90501

Website of issuer:

<https://petribio.com/>

Name of intermediary through which the offering will be conducted:

Wefunder Portal LLC

CIK number of intermediary:

0001670254

SEC file number of intermediary:

007-00033

CRD number, if applicable, of intermediary:

283503

Current number of employees:

2

	Most recent fiscal year-end:	Prior fiscal year-end:
Total Assets:	\$87,860.00	\$0.00
Cash & Cash Equivalents:	\$87,860.00	\$0.00
Accounts Receivable:	\$0.00	\$0.00
Short-term Debt:	\$2,532.00	\$0.00
Long-term Debt:	\$134,087.00	\$0.00
Revenues/Sales:	\$0.00	\$0.00
Cost of Goods Sold:	\$0.00	\$0.00
Taxes Paid:	\$0.00	\$0.00
Net Income:	(\$49,259.00)	\$0.00

Select the jurisdictions in which the issuer intends to offer the securities:

AL, AK, AZ, AR, CA, CO, CT, DE, DC, FL, GA, HI, ID, IL, IN, IA, KS, KY, LA, ME, MD, MA, MI, MN, MS, MO, MT, NE, NV, NH, NJ, NM, NY, NC, ND, OH, OK, OR, PA, RI, SC, SD, TN, TX, UT, VT, VA, WA, WV, WI, WY, B5, GU, PR, VI, 1V

## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

### THE COMPANY

1. Name of issuer:

Petri Bio Inc.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

### DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Shu Li	CEO	Petri Bio	2019
Joseph Schlemmer	CSO	Petri Bio	2019

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

#### OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Shu Li	CEO	2019
Joseph Schinaman	CSO	2019

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

*INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.*

#### PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Shu Li	2500000.0 common	50.0
Joseph Schinaman	2500000.0 common	50.0

*INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.*

*To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

#### BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

*INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.*

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

#### RISK FACTORS

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

##### Dilution

The company will continue its research and development activities for its initial product and begin its production operations which require capital. There is no certainty that the initial financing will be sufficient to establish that the initial product line is viable, in which case additional development financing will be required. We would for sure optimize resources in order to be capital efficient. However, it's critical that we invest in Rapid innovation and adoption of frontier technology to stay competitive; which will likely require significant funds in the future. Thus additional fundraising may result in your investment in the company being diluted (meaning your overall ownership percentage of the company may decline) due to the terms of future investment rounds

##### Government Regulation

Our products, therapeutics and food supplements, are most likely to be subject to government regulation (FDA, etc). While we anticipate our products will be in compliance with all applicable governmental regulations, there still may be risks that such laws and regulations may change with respect to present or future operations. Such compliance may be time consuming and costly, which would require more investments and increase the time needed for products to get to the market.

##### Timeline and return

Laboratory tests are technically complex and require sophisticated design, qualified equipment and highly trained personnel to operate. Despite our best efforts of mitigation, human or technical challenges could occur. Thus biotech product developments usually have relatively longer R&D cycles. Our business may not generate revenue for a long time, and your investment return is long-term.

##### Competition

The drug development and probiotics markets are highly competitive. Many of our competitors have been in business longer, have substantially greater financial and technical resources and may be better established in their markets. We can provide no assurance that our potential competitors will not provide products comparable or superior to those provided by us. Increased competition may

result in price reductions, reduced gross margins and loss of market share.

#### IP

Intellectual property plays an important role in the success of biotech companies by providing and protecting the rights to operate the business. As mentioned above, some competitors also have adequate resources to develop the IP portfolio in the meantime. Although we have run a "freedom to operate" scan, there's no guarantee that our technology is absolutely free from being subjected to licensing fees in the future.

#### Potential future pivot

In order to respond to market changes, the Company's management may from time to time make changes to the business of the Company. There are certain risks associated with such changes. As a strategic response to changes in the competitive environment, the Company may from time to time make certain pricing, service or marketing decisions or business combinations that could have a material adverse effect on the Company's business, results of operations and financial condition.

Temporary Rule 201(z)(2) provides temporary relief from certain financial information requirements by allowing issuers to omit the financial statements required by Rule 201(t) in the initial Form C filed with the Commission. This offering has commenced in reliance of Temporary Rule 201(z)(2) and, as a result, the following must be disclosed: (i) the financial information that has been omitted is not otherwise available and will be provided by an amendment to the offering materials; (ii) the investor should review the complete set of offering materials, including previously omitted financial information, prior to making an investment decision; and (iii) no investment commitments will be accepted until after such financial information has been provided

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

## Ownership and Capital Structure

### DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
common	5000000	5000000	Yes <input type="checkbox"/>

#### Class of Security

#### Securities Reserved for Issuance upon Exercise or Conversion

Warrants: \_\_\_\_\_

Options: \_\_\_\_\_

24. Describe the material terms of any indebtedness of the issuer:

None.

*INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.*

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
5/2020	Other	SAFE	\$50,000	General operations

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

- any director or officer of the issuer;
  - any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
  - if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
  - or (4) any immediate family member of any of the foregoing persons.
- ☐ Yes  
☒ No

*INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.*

*Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation*

described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

## FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes  
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

Petri Bio creates therapies and health care products inspired by the compounds found in nature. We engineer microbes with novel functions to enable human health.

In five years, we hope to develop a pipeline of prototypes with the potential to boost health or even treat diseases. We hope to have diversified our portfolio and address different health issues. In order to protect the technology and enable potential early revenue through licensing, we also hope to establish a strong patent portfolio.

Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future, if any.

#### Milestones

Petri Bio Inc. was incorporated in the State of Delaware in August 2020. (Petri Bio was formed as a Delaware LLC in November 2019 and then converted to a C-corp)

Since then, we have:

- Analyzed data collected by animal and microbial genome projects to predict potential functional compounds;
- Identified early pipeline of candidates that can potentially address billion dollar markets;
- Filed provisional patent for the prototype and existing technology.

#### Historical Results of Operations

Our company was organized in August 2020 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2020, the Company had revenues of \$0. Our gross margin was 0%.
- *Assets.* As of December 31, 2020, the Company had total assets of \$87860, including \$87860 in cash.
- *Net Income.* The Company has had a net income (loss) of -\$49259 for 2020.
- *Liabilities.* The Company's liabilities totaled \$136619 for 2020.

#### Liquidity & Capital Resources

To date, the company has been financed with \$134087 in SAFEs. This offering enables us to work on the proof of concepts and provides us runway. Although applying to government non-diluted funding opportunities, considering the competitive nature, there's no guarantee we would be selected. Thus we don't have any other sources of capital in the immediate future.

Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this previous offering will be sufficient to enable us to implement our strategy, especially considering that less than the maximum amount of securities in this offering is sold. The Company intends to raise additional capital in the future from investors in order to perform operations over the lifetime of the company. Although capital may be available for early-stage companies, there is no guarantee that the company will receive any investments from investors.

#### Runway & Short/Mid Term Expenses

Petri Bio Inc. cash in hand is \$87860, as of December 2020. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$4104/month.

We are making progress on developing the technology, working on IP filing and product developments. Since the date the financials cover (end of 2020), we will likely start paying services from patent attorneys and consultants.

Petri Bio is still at the R&D stage and we are a few years away from launching our products. Thus as a pre-revenue company, in the next 3-6 months our revenues would still be \$0. Our expenses would still remain similar in the near future.

We are applying for SBIR grants and expect non-diluted government grant funding opportunities in the near future.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Shu Li, certify that:

- (1) the financial statements of Petri Bio Inc. included in this Form are true and complete in all material respects ; and
- (2) the tax return information of Petri Bio Inc. included in this Form reflects accurately the information reported on the tax return for Petri Bio Inc. filed for the most recently completed fiscal year.

*Shu Li*  
CEO

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Company is using the services of XX as part of its offering. XX is comprised of XX Investments, LLC, XX Team LLC, and the Lead Investors who provide services on behalf of XX Team LLC. The services of XX are available to companies that offer securities through Wefunder Portal LLC and to investors who invest in such companies through Wefunder Portal, but XX is not affiliated with Wefunder Portal or its affiliates.

XX Investments is the Company's transfer agent and also acts as custodian, paying agent, and proxy agent on behalf of all investors that enter into the Custodial and Voting Agreement with XX Investments through the Wefunder Portal website ("Investors"). XX Investments holds legal title to the securities the Company issues through Wefunder Portal (which are uncertificated) on behalf of Investors. Investors, in turn, hold the beneficial interests in the Company's securities. XX Investments keeps track of each Investor's beneficial ownership interest and makes any distributions to the Investors (or other parties, as directed by the Investors).

In addition to the above services, at the direction of XX Team, XX Investments votes the securities and take any other actions in connection with such voting on behalf of the Investors. XX Investments acts at the direction of XX Team, because XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. XX Investments will not charge Investors for its services. XX Investments does charge the Company \$1,000/year for services; however, those fees may be paid by Wefunder Inc. on behalf of the Company.

As noted, XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. Pursuant to the power of attorney, XX Team will make voting decisions and then direct XX Investments to vote and take any other actions in connection with the voting on Investors' behalf. XX Team will act, with respect to the Company, through our Lead Investor, who is a representative of XX Team. As compensation for its voting services, each Investor authorizes XX Investments to distribute to XX Team 10% of any distributions the investor would otherwise receive from the Company. XX Team will share its compensation with our Lead Investor. XX Team, through our Lead Investor, may also provide consulting services to the Company and may be compensated for these services by the Company; although, fees owed by the Company may be paid by Wefunder Inc. XX Team will share its consulting compensation with our Lead Investor.

The Lead Investor is an experienced investor that we choose to act in the role of Lead Investor, both on behalf of the Company and on behalf of Investors. As noted, the Lead Investor will be a representative of XX Team and will share in compensation that XX Team receives from the Company (or Wefunder Inc. on the Company behalf) or from Investors. The Lead Investor will be chosen by the Company and approved by Wefunder Inc., and the identity of the Lead Investor must be disclosed to Investors before Investors make a final investment decision to purchase the Company's securities. Investors will receive disclosure regarding all fees that may be received by the Lead Investor. In addition to the fees described above, the Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a special purpose vehicle ("SPV") for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that SPV (and as a supervised person of Wefunder Advisors) and may be compensated through that role. Although the Lead Investor may act in multiple roles and be compensated from multiple parties, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of the Company's securities. As a result, the Lead Investor's interests should always be aligned with those of the Investors.

Investors that wish to purchase the Company's securities through Wefunder Portal must agree to (1) hire XX Investments to serve as custodian, paying agent, and proxy agent with respect to the Company's securities; (2) give a power of attorney to XX Team to make all voting decisions with respect to the Company's securities; and (3) direct XX Investments to share 10% of the Investor's

distribution from the Company with XX Team. The Company may waive these requirements for certain investors with whom the Company has a pre-existing relationship.

The XX arrangement described above is intended to benefit the Company by allowing the Company to reflect one investor of its capitalization table (XX Investments) and by simplifying the voting process with respect to the Company's securities by having one entity (XX Team), through one person (the Lead Investor), make all voting decisions and having one entity (XX Investments) carry out XX Team's voting instruments and any take any related actions. The XX arrangement also is intended to benefit investors by providing the services of an experienced Lead Investor (acting on behalf of XX Team) who is expected to make value-maximizing decisions regarding investors' securities. XX Team (acting through the Lead Investor) may further benefit both the Company and investors by providing consulting services to the Company that are intended to maximize both the value of the Company's business and also the value of its securities.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*  
*(a) a description of the material content of such information;*  
*(b) a description of the format in which such disclosure is presented; and*  
*(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://petribio.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.
