Currently supporting an early-stage founding team and business that makes an innovative beverage for the Food Service/Hospitality industry - a line of complete fresh mixers for making craft cocktails and mocktails... just add spirit(s), ice, garnish and serve! Easier, faster, more efficient than batching your own mixers on premise... and great tasting too. Eliminates purchasing, preparation and clean up hassles. All-natural, clean label, low calorie. Very versatile - one flavor can make many different drinks. Improves consistency batch-to-batch and mixologist-to-mixologist.

Scott and I worked together on numerous projects in our time at Pepsi International. He is bright, creative, energetic, personable, and he gets it done. I would work with Scott again at any time with great pleasure and recommend him without reservation.
