“Like the Norse Vikings  
before us and in our  
family lineage ...

...Debellion Brewing wants to leave its mark  
on the world with our beers. Discovering new  
styles and flavors of beer that people truly  
enjoy is what we strive to accomplish.”

# Why Debellion Brewing Co?

- No local brewery in the city of Richmond Hill or anywhere within a 30-minute drive
- Owners with proven experience
- The community of loyal customers is desperately waiting for our launch
- Prime location with several hotels, motels and gas stations in the immediate vicinity.

# Market Opportunity

- The growth of craft beer brewing in the last decade across America has been explosive, with the number of breweries in the US tripling, from just over 2,000 back in 2012 to a point where there are now close to 8,000 today. Beer consumers are shifting from national labels to local favorites.
- The outlook for this industry appears to be strong, especially in Georgia and the Southeastern U.S. because analysis by IBISWorld shows that the Southeastern states account for about one-quarter of the U.S. population, but only 15 percent of the craft brewers are located within this region.
