Exhibit 99.3 Audited Consolidated Financial Statements

Note 3. Significant Accounting Policies

Revenue Recognition, page 9

1. You disclose that revenue is recognized for software subscriptions and subscription licenses ratably over the contract term. Please tell us and revise your disclosures to clarify the nature of the subscription license. If the license provides for the right to use the company's intellectual property, tell us how that was considered in determining the software subscription and the subscription license are one performance obligation that is recognized over time. Refer to IFRS 15 paragraphs 27-29 and B61.

Also, tell us the meaning of "gross basis". In this regard, explain how fees paid to other parties in the payment processing transaction are recorded. Lastly, revise your disclosures accordingly to better explain your policy and provide us with a draft in your response.
