RISK FACTORS

The SEC requires the Company to identify risks that are specific to its business and financial condition. The Company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

Risks Related to the Company's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and is just beginning to implement its business plan. There can be no assurance that it will ever operate profitably. The likelihood of its success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by companies in their early stages of development. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause a Purchaser to lose all or a portion of his or her investment.

In particular, we are dependent on Key Personnel (as defined below in "DIRECTORS AND KEY PERSONNEL"). The Company may also in the future enter into employment agreements with additional persons to perform roles with respect to the Company as determined by the Company (any such person, and "Employee"). However, there can be no assurance that any of the Key Personnel or any Employee will continue to be employed by the Company for a particular period of time. The loss of any Key Personnel or any Employee could harm the Company's business, financial condition, cash flow and results of operations.

Although dependent on certain Key Personnel, the Company does not have any key man life insurance policies on any such people.

The Company is dependent on certain Key Personnel (as defined below in "DIRECTORS AND KEY PERSONNEL") in order to conduct its operations and execute its business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these Key Personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and its operations. We have no way to guarantee Key Personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on Key Personnel.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

Changes in government regulation could adversely impact our business.

The Company is subject to legislation and regulation at the federal and local levels and, in some instances, at the state level. The FCC and/or Congress may attempt to change the classification of or change the way that our online content platforms are regulated and/or change the framework under which Internet service providers are provided Safe Harbor for claims of copyright infringement, introduce changes to how digital advertising is regulated and consumer information is handled, changing rights and obligations of our competitors. We expect that court actions and regulatory proceedings will continue to refine our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients, or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

In order for the Company to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management personnel to develop additional expertise. We face intense competition for personnel. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us.

Changes in employment laws or regulation could harm our performance.

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid leaves of absence and mandated health benefits, mandated training for employees, increased tax reporting and tax payment requirements for employees who receive tips, a reduction in the number of states that allow tips to be credited toward minimum wage requirements, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

We are subject to income taxes as well as non-income based taxes, such as payroll, sales, use, value-added, net worth, property and goods and services taxes, in both the U.S. and various foreign jurisdictions.

Significant judgment is required in determining our provision for income taxes and other tax liabilities. In the ordinary course of our business, there are many transactions and calculations where the ultimate tax determination is uncertain. Although we believe that our tax estimates are reasonable: (i) there is no assurance that the final determination of tax audits or tax disputes will not be different from what is reflected in our income tax provisions, expense amounts for non-income based taxes and accruals and (ii) any material differences could have an adverse effect on our financial position and results of operations in the period or periods for which determination is made.

We have not prepared any audited financial statements.

Therefore, you have no audited financial information regarding the Company's capitalization or assets or liabilities on which to make your investment decision. If you feel the information provided is insufficient, you should not invest in the Company.

We need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our product and service offerings to include newer features, functionality or solutions, and keep pace with price-to-performance gains in the industry. Shortened product life cycles due to customer demands and competitive pressures impact the pace at which we must introduce and implement new technology. This requires a high level of innovation by both our software developers and the suppliers of the third-party software components included in our systems. In addition, bringing new solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate customer needs and technology trends. We must continue to respond to market demands, develop leading technologies and maintain leadership in analytic data solutions performance and scalability, or our business operations may be adversely affected.

We must also anticipate and respond to customer demands regarding the compatibility of our current and prior offerings. These demands could hinder the pace of introducing and implementing new technology.

The development and commercialization of our products is highly competitive.

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products.

The Company could be negatively impacted if found to have infringed on intellectual property rights.

Technology companies, including many of the Company's competitors, frequently enter into litigation based on allegations of patent infringement or other violations of intellectual property rights. In addition, patent holding companies seek to monetize patents they have purchased or otherwise obtained. As the Company grows, the intellectual property rights claims against it will likely increase. The Company intends to vigorously defend infringement actions in court and before the U.S. International Trade Commission. The plaintiffs in these actions frequently seek injunctions and substantial damages. Regardless of the scope or validity of such patents or other intellectual property rights, or the merits of any claims by potential or actual litigants, the Company may have to engage in protracted litigation. If the Company is found to infringe one or more patents or other intellectual property rights, regardless of whether it can develop non-infringing technology, it may be required to pay substantial damages or royalties to a third-party, or it may be subject to a temporary or permanent injunction prohibiting the Company from marketing or selling certain products. In certain cases, the Company may consider the desirability of entering into licensing agreements, although no assurance can be given that such licenses can be obtained on acceptable terms or that litigation will not occur. These licenses may also significantly increase the Company's operating expenses. Regardless of the merit of particular claims, litigation may be expensive, time-consuming, disruptive to the Company's operations and distracting to management. In recognition of these considerations, the Company may enter into arrangements to settle litigation. If one or more legal matters were resolved against the Company's consolidated financial statements for that reporting period could be materially adversely affected. Further, such an outcome could result in significant compensatory, punitive or trebled monetary damages, disgorgement of revenue or profits, remedial corporate measures or injunctive relief against the Company that could adversely affect its financial condition and results of operations.

We rely on agreements with third parties to provide certain services, goods, technology, and intellectual property rights necessary to enable us to implement some of our applications.

Our ability to implement and provide our applications and services to our clients depends, in part, on services, goods, technology, and intellectual property rights owned or controlled by third parties. These third parties may become unable to or refuse to continue to provide these services, goods, technology, or intellectual property rights on commercially reasonable terms consistent with our business practices, or otherwise discontinue a service important for us to continue to operate our applications. If we fail to replace these services, goods, technologies, or intellectual property rights in a timely manner or on commercially reasonable terms, our operating results and financial condition could be harmed. In addition, we exercise limited control over our third-party vendors, which increases our vulnerability to problems with technology and services those vendors provide. If the services, technology, or intellectual property of third parties were to fail to perform as expected, it could subject us to potential liability, adversely affect our renewal rates, and have an adverse effect on our financial condition and results of operations.

Indemnity provisions in various agreements potentially expose us to substantial liability for intellectual property infringement and other losses.

Our agreements with advertisers, advertising agencies, customers and other third parties may include indemnification provisions under which we agree to indemnify them for losses suffered or incurred as a result of claims of intellectual property infringement, damages caused by us to property or persons, or other liabilities relating to or arising from our products, services or other contractual obligations. The term of these indemnity provisions generally survives termination or expiration of the applicable agreement. Large indemnity payments would harm our business, financial condition and results of operations. In addition, any type of intellectual property lawsuit, whether initiated by us or a third party, would likely be time consuming and expensive to resolve and would divert management's time and attention.

Security breaches and other disruptions could compromise our information and expose us to liability, which would cause our business and reputation to suffer.

We collect and store sensitive data, including intellectual property, our proprietary business information and that of our customers, suppliers and business partners, and personally identifiable information of our customers and employees, in our data centers and on our networks. The secure processing, maintenance and transmission of this information is critical to our operations and business strategy. Despite our security measures, our information technology and infrastructure may be vulnerable to attacks by hackers or breached due to employee error, malfeasance or other disruptions. Any such breach could compromise our networks and the information stored there could be accessed, publicly disclosed, lost or stolen. Any such access, disclosure or other loss of information could result in legal claims or proceedings, liability under laws that protect the privacy of personal information, and regulatory penalties, disrupt our operations and the services we provide to customers, and damage our reputation, and cause a loss of confidence in our products and services, which could adversely affect our business/operating margins, revenues and competitive position.

The Company intends to use the proceeds from the Offering for unspecified working capital.

This means that the Company has ultimate discretion to use the proceeds as it sees fit and has chosen not to set forth any specific uses for you to evaluate. The net proceeds from this Offering will be used for the purposes, which our management deems to be in our best interests in order to address changed circumstances or opportunities. As a result of the foregoing, our success will be substantially dependent upon our discretion and judgment with respect to application and allocation of the net proceeds of this Offering. The Company may choose to use the proceeds in a manner that you do not agree with and you will have no recourse. A use of proceeds that does not further the Company's business and goals could harm the Company and its operations and ultimately cause an Investor to lose all or a portion of his or her investment.

Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and other resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

Our business, results of operations, and financial condition may be impacted by the recent coronavirus (COVID-19) outbreak.

The ongoing and evolving coronavirus (COVID-19) outbreak, which was designated as a pandemic by the World Health Organization on March 11, 2020, has caused substantial disruption in international and U.S. economies and markets. If repercussions of the outbreak are prolonged, they could have a materially significant adverse impact on our business. The Company's management cannot at this point estimate the impact of the outbreak on its business, and no provision for this outbreak is reflected in the accompanying financial statements.

Affiliates of the Company, including officers, directors and existing shareholders of the Company, may invest in this Offering and their funds will be counted toward the Company achieving the Minimum Amount.

There is no restriction on affiliates of the Company, including its officers, directors and existing shareholders, investing in the Offering. As a result, it is possible that if the Company has raised some funds, but not reached the Minimum Amount, affiliates can contribute the balance so that there will be a closing. The Minimum Amount is

typically intended to be a protection for investors and gives investors confidence that other investors, along with them, are sufficiently interested in the Offering and the Company and its prospects to make an investment of at least the Minimum Amount. By permitting affiliates to invest in the offering and make up any shortfall between what non-affiliate investors have invested and the Minimum Amount, this protection is largely eliminated. Investors should be aware that no funds other than their own and those of affiliates investing along with them may be invested in this Offering.

Risks Related to the Offering

Investors will be required to purchase beneficial interests in the Securities in this offering using custodial accounts managed by Prime Trust, which may reduce an Investor's ability to trade or otherwise liquidate their position without incurring a fee.

In order to better manage its cap table, the Company has elected to exclusively accept investment commitments in the offering through custodial accounts managed by the escrow agent, Prime Trust. Therefore, to make an investment commitment, a prospective Investor must make a custodial account, and maintain its good standing, with Prime Trust pursuant to a valid and binding custody account agreement and subscribe to the offering in a manner that appoints Prime Trust as their custodian and legal record holder of the Securities. While Investors will be able to receive a full refund if their consideration if they cancel their investment commitment, if the Investor wishes to transfer the Company common stock purchased in this offering out of the Prime Trust custodial account, they may incur a fee.

The Company's management may have broad discretion in how the Company uses the net proceeds of an offering. Unless the Company has agreed to a specific use of the proceeds from an offering, the Company's management will have considerable discretion over the use of proceeds from their offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investors commitment amount based on the Company's determination of an Investor's sophistication.

The Company may prevent Investors from committing more than a certain amount to this Offering based on the Company's belief of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation Crowdfunding rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering deadline. The Company has the right to end the Offering early.

The Company may extend the Offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. The Company may also end the Offering early; if the Offering reaches its target Offering amount after 21-calendarary days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

Like others in our industry, we continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of

software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

If the Company is found to have violated state and federal securities laws in a prior offering of securities, it may face penalties from state and federal regulators and prior investors may have a right to a return of their investment amounts.

If a court or regulatory body with the required jurisdiction ever accused or concluded that the Company may have violated state or federal securities laws, any such violation could result in the Company being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Company will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amount required or that proceeds from this Offering would not be used to pay such amounts. In addition, if the Company violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Company which, among other things, could result in the Company having to pay substantial fines and be prohibited from selling securities in the future.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

You should not rely on the fact that our Form C/A is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.

No governmental agency has reviewed or passed upon this Offering, the Company or any Securities of the Company. The Company also has relied on exemptions from securities registration requirements under applicable state securities laws. Investors in the Company, therefore, will not receive any of the benefits that such registration would otherwise provide. Prospective Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering on their own or in conjunction with their personal advisors.

Compliance with the criteria for securing exemptions under federal securities laws and the securities laws of the various states is extremely complex, especially in respect of those exemptions affording flexibility and the elimination of trading restrictions in respect of securities received in exempt transactions and subsequently disposed of without registration under the Securities Act or state securities laws.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions an intermediate close of the Offering can occur, which will allow the Company to draw down on half of the proceeds of the offering committed and captured during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors previously closed upon will not have the right to re-confirm their investment as it will be deemed completed.

Risks Related to the Securities

The Class CF Units (and the Investor's Beneficial Interest therein) will not be freely tradable until one year from the initial purchase date. Although the Class CF Units may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney. Additionally, investors will only have a beneficial interest in the securities, not legal ownership, which may make their resale more difficult.

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Class CF Units. Because the Class CF Units have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Class CF Units have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Class CF Units may also adversely affect the price that you might be able to obtain for the Class CF Units in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that it is purchasing the Securities for its own account, for investment purposes and not with a view to resale or distribution thereof. Additionally, investors will only have a beneficial interest in the

securities, not legal ownership, which may make their resale more difficult as it will require coordination with the Custodian.

In exchange for each individual Investor's commitment, Investors will receive a beneficial interest in the Omnibus Class CF Instrument, not our Class CF Units.

Upon acceptance of an individual Investor's subscription, such Investor will receive the right to an indirect economic interest in Class CF Units, to be represented by a pro rata beneficial interest in an Omnibus Class CF Instrument issued by the Company to the trustee and custodian designated therein, presently being Prime Trust, with Prime Trust, in its capacity as Trustee and Custodian as legal record owner of the Class CF Units. The beneficial interest in the Omnibus Class CF Instrument does not entitle Investors, excluding Prime Trust as the custodian, trustee and legal record holder, to any voting, information or inspection rights with respect to the Company, aside from any disclosure the Company is required to make under relevant securities regulations, nor are Investors entitled to exchange the beneficial interest for Class CF. Prime Trust as the custodian and trustee shall vote, execute consents, and otherwise make elections pursuant to the terms of the Omnibus Class CF Instrument, in each instance to the exclusion of each Investor. Investors should carefully review the Subscription Agreement for the Omnibus Class CF Instrument to understand the risks inherent in this investment vehicle.

Investors Purchasing the Securities will have limited rights.

Upon executing the Subscription Agreement for Beneficial Interest in Omnibus Class CF Instrument Representing Economic Interest in the Securities (the "**Subscription Agreement**"), the Investor, as a holder of a beneficial interest in Omnibus Class CF Instrument Representing Economic Interest in the Securities Beneficial Interest shall have no (i) voting, information or inspection, or dividend rights not explicitly provided by the Omnibus Class CF Instrument (or the Investor's Beneficial Interest therein), and such rights shall be limited exclusively to those provided for in the Omnibus Class CF Instrument, or (ii) right to be deemed the legal record owner of the Securities for any purpose, nor will anything in such subscription agreement be construed to confer on the Investor any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise, unless provided explicitly herein or in the Omnibus Class CF Instrument.

Each Investor must purchase the Securities in the Offering for Investor's own account for investment.

Each Investor must purchase its Beneficial Interest and the economic interest in the securities represented thereby for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and each Investor must represent it has no present intention of selling, granting any participation in, or otherwise distributing the same. Each Investor must acknowledge and agree that the Omnibus Class CF Instrument (and the Investor's Beneficial Interest therein) and the underlying securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of the Investor representations.

Investors will not have voting rights.

Investors will not have the right to vote upon matters of the Company. Investors will never be able to freely vote upon any manager or other matters of the Company. Where a statutory right to vote is provided by state law, the Custodian will vote the Class CF Units with the Class A Member.

Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C/A and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

The Company will determine the valuation of the Class CF Units.

Prior to a future equity financing, sale, or IPO of the Company, the Company will in good faith determine the value of the Company in consultation with its accountants, and such valuation will form the basis of the value of the Class CF Units. The Company, in consultation with its accountants, may determine a value of the Company that would differ from a third-party's determination of the value of the Company.

Investors have no right to exchange their Beneficial Interest in the Omnibus Class CF Instrument for Class CF Units in certificated form.

The Company reserves its sole discretion to exchange the Investor's Beneficial Interests in the Omnibus Class CF Instrument for Series Seed Preferred Stock in certificated form.

Investors will be unable to declare the Security in "default" and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any "default" provisions upon which the Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may the Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never undergo a liquidity event.

The Company may never receive a future equity financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If a liquidity event never occurs, the Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them.

In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

Investors purchasing the Securities in this Offering may be significantly diluted as a consequence of subsequent financings.

Company equity securities will be subject to dilution. Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time. Such dilution may reduce the purchaser's control and economic interests in the Company.

The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors, including the purchaser. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the purchaser's Company securities.

There is no present market for the Securities, and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on its investment or that it will not lose its entire investment. For this reason, each Investor should read this Form C/A and all Exhibits carefully and should consult with its own attorney and business advisor prior to making any investment decision.

Legal Matters

Any prospective Investor should consult with its own counsel and advisors in evaluating an investment in the Offering.

Additional Information

The summaries of, and references to, various documents in this Form C/A do not purport to be complete and in each instance reference should be made to the copy of such document which is either an appendix to this Form C/A or which will be made available to Investors and their professional advisors upon request.

Delayed Schedules K-1 and Tax Information

The Company shall provide the Class CF Members with tax information (including Schedules K-1) as soon as reasonably practicable after the close of each Fiscal Year, as well as any other tax-related information regarding the Fund reasonably requested by Class CF Member and at such Class CF Member's expense.

Schedules K-1 may not be available prior to April 15 and Class CF Members may need to obtain extensions for the filing of their own individual tax returns.

IN ADDITION TO THE FOREGOING, INVESTORS, INCLUDING INVESTORS WHO ARE NOT U.S. PERSONS, SHOULD ALSO CAREFULLY REVIEW THE TAX DISCLOSURES PROVIDED BELOW UNDER "TAX MATTERS."

Prior to making an investment decision regarding the Securities described herein, prospective Investors should carefully review and consider this entire Form C/A. The Company is prepared to furnish, upon request, a copy of the forms of any documents referenced in this Form C/A. The Company's representatives will be available to discuss with prospective Investors and their representatives and advisors, if any, any matter set forth in this Form C/A or any other matter relating to the Securities described in this Form C/A, so that prospective Investors and their representatives and advisors, if any, may have available to them all information, financial and otherwise, necessary to formulate a well-informed investment decision. Additional information and materials concerning the Company will be made available to prospective Investors and their representatives and advisors, if any, at a mutually convenient location upon reasonable request.

THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PROSPECTIVE INVESTOR CONSIDERING THE PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS FORM C/A AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

BUSINESS

Description of the Business

Canopy is a biomedical innovation company focused on developing high performance, sustainable products. Our first product will be the world's first transparent NIOSH-certified N95 respirator. It offers superior performance and comfort while costing less per day than a disposable N95. Every day, healthcare professionals and frontline workers have to deal with Personal Protective Equipment (PPE) that gets in the way of their comfort, their breathing, and their communication. Not to mention, disposable N95 respirators create over 100,000 tons of landfill waste annually and can cost hospitals well over \$1,000 per employee each year. We knew there had to be a better way, so we assembled a team of scientists, industrial designers, and healthcare professionals from leading innovation centers to engineer a respirator that truly takes care of the people who take care of us. Canopy is that next generation N95 respirator, but it's also so much more. It's a pledge we can each make to the well-being of the people and places we love. Future products include "filterless" filtration technology and virus-detecting filters.

Business Plan

The Company generates revenue through large B2B contracts, as well through online sales D2C.

The Company's Products and/or Services

Product / Service	Description	Current Market
Canopy respirator	Novel, patent pending reusable N95 respirator	U.S. healthcare facilities as well as foodservice, hospitality, transportation and defense. The 2021 US market for N95 respirators is estimated at over \$18B.
Canopy Shield	Novel, integrated face shield upgrade for Canopy respirator. Canopy Shield is currently in development, and	U.S. healthcare facilities as well as foodservice, hospitality, transportation and defense.

	expect to fulfill pre-orders starting in Q1 2021.	
Canopy filter subscription	Novel ultra-performance replacement filter program	U.S. healthcare facilities as well as foodservice, hospitality, transportation and defense.

Competition

We categorize our competition into incumbent and challenger brands, and specific competitive products into the disposable or reusable category. Incumbent brands include 3M, Honeywell and Moldex. They manufacture both disposable and reusable respirators for use in healthcare and other occupational settings. These offerings are plagued by both extreme global shortages and major user dissatisfaction, with disposable N95 respirators having an average net promoter score (NPS) of between -49 and -33. Challenger brands include Envomask (by Sleepnet), Castle Grade and Octo. To date, Envo has developed the strongest following among healthcare workers, as it is the only competitor to have obtained NIOSH “N95” approval. Envo has two critical flaws. First, it relies on daily replacement filters at \$2.50 each, for an annual cost of >\$500. Second, it features an unfiltered exhalation valve which has been condemned by the CDC and has begun to be banned by hospitals. We feel that all competitive devices possess similar flaws either related to high annual cost, poor seal, or after-thought level consideration given to critical components such as headstrap or filter.

Customer Base

We expect the healthcare market to represent our largest vertical, and we plan to establish an electronic data integration with GHX, the industry standard hospital procurement system. Additionally, we have industry-specific sales, marketing and distribution plans for other frontline industries including foodservice, hospitality, transportation and defense. Retail: Canopy is available for sale direct-to-consumers via onecanopy.com. Customers can purchase respirators and sign up for recurrent filter subscription service. We expect the clinician self-purchase market to represent our largest vertical.

Supply Chain

We obtain our materials from multiple sources, none of which we are dependent upon. We have spent much time researching our supply chain and are prepared for any shortages or forcible changes should any provider become unavailable.

Governmental/Regulatory Approval and Compliance

The Company is subject to and affected by laws and regulations of U.S. federal, state and local governmental authorities. These laws and regulations are subject to change.

Litigation

The Company is unaware of any threatened or actual litigation against it.

USE OF PROCEEDS

We will adjust roles and tasks based on the net proceeds of the Offering. We plan to use these proceeds as described below.

The proceeds remaining after meeting offering expenses will be used as follows:

Use of Proceeds (See Description Below)	% of Target Proceeds Raised	Amount if Target Raised	% of Maximum Proceeds Raised	Amount if Maximum Raised
Intermediary Fee	6%	\$1,500	6%	\$64,200
Inventory	94%	\$23,503.77	30%	\$321,000

Staffing	0%	0	30%	\$321,000
Total	100.00%	\$25,003.77	100.00%	\$1,069,995.30

The Use of Proceeds table is not inclusive of payments to financial and legal service providers and escrow related fees, all of which were incurred in preparation of the campaign and are due in advance of the closing of the campaign.

Intermediary Fee

This fee will be paid directly to the intermediary for assisting in conducting this Offering.

Inventory

These proceeds will be used for the production of inventory that can be used for sales, marketing, PR and order fulfillment. The amount of funds listed would fund the production and shipment of a sample Canopy respirator to every hospital in the United States.

Sales and marketing

These proceeds will be used for paid media (advertising) as well as additional staff to support our owned, earned and paid media. Example expenditures include \$55,000 / year for a SEO and Public Relations firm, \$100,000 / year for paid advertising on the Amazon platform, and \$120,000 per year for Access Strategy Partners.

Staffing

These proceeds will be used for the hiring of additional associates for sales and support roles. The primary objective of these staff are to pursue enterprise and SMB sales in the non-hospital sector. Up to four associates will be hired with approximate annual compensation of \$50,000.

The Company has discretion to alter the use of proceeds set forth above to adhere to the Company's business plan and liquidity requirements. For example, economic conditions may alter the Company's general marketing or general working capital requirements.

Operations

Grove Biomedical LLC (“the Company”) was incorporated on April 24, 2020 under the laws of the State of New York, and is headquartered at 282 Katonah Avenue #537, Katonah NY 10536, United States. Canopy is a biomedical innovation company focused on developing high performance, sustainable products. Our first product will be the world's first transparent NIOSH-certified N95 respirator. It offers superior performance and comfort while costing less per day than a disposable N95. Every day, healthcare professionals and frontline workers have to deal with Personal Protective Equipment (PPE) that gets in the way of their comfort, their breathing, and their communication. Not to mention, disposable N95 respirators create over 100,000 tons of landfill waste annually and can cost hospitals well over \$1,000 per employee each year. We knew there had to be a better way, so we assembled a team of scientists, industrial designers, and healthcare professionals from leading innovation centers to engineer a respirator that truly takes care of the people who take care of us. Canopy is that next generation N95 respirator, but it's also so much more. It's a pledge we can each make to the well-being of the people and places we love. Future products include “filterless” filtration technology and virus-detecting filters.

The Offering

The Company is offering up to \$1,069,995.30 of the Securities under this Offering for a total of the Maximum Offering Amount. The Company is attempting to raise a minimum amount of the Target Offering Amount in this Offering with oversubscriptions to be allocated at the Company's discretion. The Company must receive commitments from investors in an amount totaling the Target Offering Amount by the Offering Deadline in order to receive any funds. If the sum of the investment commitments does not equal or exceed the Target Offering Amount by the Offering Deadline, no Securities will be sold in the Offering, investment commitments will be cancelled and committed funds will be returned to potential investors without interest or deductions. The Company has the right to extend the Offering Deadline at its discretion. The price of the Securities does not necessarily bear any relationship to the Company's asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities.

The Company is offering the Securities to both U.S. persons and non-U.S. Persons, as defined under the income tax regulations promulgated under the Code, as such regulations may be amended hereafter from time to time (the "**Treasury Regulations**"). For purposes of this summary, an Investor is a "**U.S. Person**" if, for U.S. federal income tax purposes, that Investor is (i) an individual citizen or resident of the United States; (ii) a corporation created or organized in or under the laws of the United States or any state thereof or the District of Columbia; (iii) an estate the income of which is subject to U.S. federal income tax regardless of its source; or (iv) a trust if (a) a U.S. court can exercise primary supervision over the trust's administration and one or more U.S. persons are authorized to control all substantial decisions of the trust or (b) the trust has in effect a valid election under applicable Treasury Regulations to be treated as a U.S. Person. **Non-U.S. persons should carefully read the risks set forth below under "RISKS RELATING TO NON-U.S. PERSONS."**

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor's investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

Rule 304(b) of Regulation CF, the Company may conduct the first of multiple closings of the Offering early, *provided* (i) the new Offering Deadline must be twenty-one (21) days from the time the Offering opened and the Company and (ii) that all Investors will receive notice of the new offering deadline at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before the new offering deadline.

If the Company conducts an initial closing (the “**Initial Closing**”), the Company agrees to only withdraw half of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Company may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made on the date of such Subsequent Closing exceeds two times the amount committed on the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Attn: Joseph Rosenberg, CEO

Re: 2020 Financial Statement Review
Grove Biomedical LLC

We have reviewed the accompanying financial statements of Grove Biomedical LLC (the "Company"), which comprise the balance sheet as of December 31, 2020 and the related statements of income, equity, and cash flows for the period of April 24, 2020 (inception) through December 31, 2020, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially limited in scope compared to an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements of Grove Biomedical LLC for them to be in accordance with accounting principles generally accepted in the United States of America.

Going Concern

As discussed in the Notes and Additional Disclosures, certain conditions indicate the Company may be unable to continue as a going concern. The accompanying financial statements do not include any adjustments that might be necessary should the Company be unable to continue as a going concern. Our conclusion is not modified with respect to that matter.

Sincerely,

GROVE BIOMEDICAL LLC
NOTES TO FINANCIAL STATEMENTS
AS OF DECEMBER 31, 2020

NOTE 1 – NATURE OF OPERATIONS

Grove Biomedical LLC (which may be referred to as the “Company”, “we,” “us,” or “our”) was registered in New York on April 24, 2020. The Company provides reusable N95-style respirators. The Company’s headquarters are in Waccabuc, New York. The company began operations in 2020.

Since inception, the Company has relied on the issuance of notes to related parties (see Note 5), the issuance of convertible notes (see Note 6), and the issuance of membership units (see Note 8). The Company has a limited operating history. These matters raise substantial concern about the Company’s ability to continue as a going concern (see Note 10). During the next twelve months, the Company intends to fund its operations with funding from a crowdfunding campaign (see Note 11), the issuance of convertible notes (see Note 11), and funds from revenue producing activities, if and when such can be realized. If the Company cannot secure additional short-term capital, it may cease operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("US GAAP"). The accompanying unaudited financial statements do not include all the information and notes required by GAAP for complete financial statements. In the opinion of management, all adjustments considered necessary for the fair presentation of the unaudited financial statements for the years presented have been included.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Significant estimates inherent in the preparation of the accompanying financial statements include valuation of provision for refunds and chargebacks, equity transactions and contingencies.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investment with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists of funds held in the Company's checking account. As of December 31, 2020, the Company had \$126,035 of cash on hand.

Fixed Assets

Fixed assets are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are charged to expense. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the accounts and the resultant gain or loss is reflected in income.

Depreciation is provided using the straight-line method, based on useful lives of the assets which is 5 years for the molding tools.

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. Based on this assessment there was no impairment for December 31, 2020.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

Stock-Based Compensation

The Company accounts for its stock-based compensation awards in accordance with ASC 718, *Compensation-Stock Compensation* ("ASC 718"). ASC 718 requires all stock-based payments to employees and directors, including grants of restricted stock units and stock option awards, to be recognized as expense in the statements of operations based on their grant date fair values. Grants of restricted stock units and stock option awards to other service providers, referred to as non-employees, are measured based on the grant-date fair value of the award and expensed in the Company's statement of operations over the vesting period.

Income Taxes

The Company is a limited liability company. Accordingly, under the Internal Revenue Code, all taxable income or loss flows through to its members. Therefore, no provision for income tax has been recorded in the statements. Income from the Company is reported and taxed to members on their individual tax returns.

The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in a company's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

Revenue Recognition

Effective January 1, 2019, the Company adopted Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"). Revenue is recognized when performance obligations under the terms of the contracts with our customers are satisfied. Prior to the adoption of ASC 606, we recognized revenue when persuasive evidence of an arrangement existed, delivery of products had occurred, the sales price was fixed or determinable and collectability was reasonably assured. The Company generates revenues by selling reusable N-95-style respirators. The Company's payments are generally collected upfront. For the period ending December 31, 2020 the Company recognized \$254 in revenue.

Accounts Receivable

Accounts receivable due from customers are uncollateralized customer obligations due under normal trade terms requiring payment within 30 days from the invoice date. Accounts receivable are stated at the amount billed to the customer. Payments of accounts receivable are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoices. As of December 31, 2020, the company had no accounts receivable.

The Company estimates an allowance for doubtful accounts based upon an evaluation of the current status of receivables, historical experience, and other factors as necessary. It is reasonably possible that the Company's estimate of the allowance for doubtful accounts will change.

Advertising

The Company expenses advertising costs as they are incurred.

Recent Accounting Pronouncements

In February 2016, FASB issued Accounting Standards Update ("ASU") No. 2016-02, Leases, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2016-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2020, and interim periods within those fiscal years, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In August 2018, amendments to existing accounting guidance were issued through Accounting Standards Update 2018-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022, and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

NOTE 9 – COMMITMENTS AND CONTINGENCIES

Litigation

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company.

COVID-19

In January 2020, the World Health Organization has declared the outbreak of a novel coronavirus (COVID-19) as a "Public Health Emergency of International Concern," which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and

adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Company, its performance, and its financial results.

NOTE 10 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company began operation in 2020. The Company's ability to continue is dependent upon management's plan to raise additional funds and achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

Taking care of the people who take care of us

Canopy was created in response to a mass shortage of N95 respirators at the onset of COVID-19. Relying on the expertise of healthcare professionals, we designed Canopy so that anyone on the front lines can do their job without the fear of putting themselves or their loved ones at risk.

For those of us who don't work on the front lines, we too have seen the benefits of having a comfortable and reusable mask to protect ourselves, and the people we love, from fast-spreading illness, wildfire smoke, and poor air quality.

The team at Canopy **worked with healthcare professionals** to create a respirator that **solves for all the pain points** of current N95 respirators.

According to recent news reports, **Canopy's closest competitor**, Envo Mask, introduced their device in Q4 2019 and is selling 1600-2000 units per day. At MSRP, that represents a **\$46MM - \$58MM annual run rate**. Canopy's design solves for all of the Envo Mask shortcomings. And ClearMask, a transparent disposable non-N95 surgical mask, is on track to hit \$40MM of sales in 2020.

Why others invested

[See all \(115\)](#)

Canopy is a transparent respirator solving N95 flaws. It saves hospital over 50% on PPE. Led by Google, Johns Hopkins & Boston Scientific alumni, this investment comes with a \$1B / yr enterprise pipeline.

I think the business idea and problem-solving capability of the product are valuable. This investment is also a hedge in the portfolio against the possibility of the pandemic being much longer than we hoped.

I work in healthcare. Whether or not, this product is a revolutionary product that would be successful. It is so needed.

What is the regulatory path for Canopy?

What is the regulatory path for Canopy?

Canopy is regulated by NIOSH (the National Institute of Occupational Safety and Health)--a CDC division--subject to a memorandum of understanding with the FDA. We anticipate NIOSH certification in Q1 2021. The Canopy team has worked in close collaboration with a 12-year FDA veteran to ensure compliance with applicable regulations.

When will Canopy be available for distribution/fulfillment of orders?

When will Canopy be available for distribution/fulfillment of orders?

Our Canopy respirators will be available for shipping in the first quarter of 2021.

What happens to the market for Canopy when widespread access to a COVID vaccine becomes available?

What happens to the market for Canopy when widespread access to a COVID vaccine becomes available?

We at Canopy are hopeful for a fast, effective and safe COVID vaccine rollout. That said, it will take months or potentially years for widespread distribution and herd immunity. We do not anticipate a major drop off in respirator demand for quite some time. We also anticipate large purchases from customers looking to stockpile a solution

How will you utilize funds?

How will you utilize funds?

To date we have funded the company privately with founder capital and do not need dilutive capital to bring a federally certified product to market. We are raising a modest round to build up inventory, roll out an aggressive sampling and advertising program, have the liquidity to quickly fulfill large orders and invest in larger production capacity if necessary, while continuing our new product development.

This Omnibus Class CF Instrument constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity. To the knowledge of the Company, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Company; or (iii) any material indenture or contract to which the Company is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Company.

(c) The performance and consummation of the transactions contemplated by this Omnibus Class CF Instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Company; (ii) result in the acceleration of any material indenture or contract to which the Company is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Company or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Company, its business or operations.

(d) No consents or approvals are required in connection with the performance of this Class CF Instrument, other than: (i) the Company’s corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of the issuable Membership Interests pursuant to Section 1.

4. Prime Trust Representations

(a) Prime Trust has full legal capacity, power and authority to execute and deliver this Omnibus Class CF Instrument and to perform its obligations hereunder. This Omnibus Class CF Instrument constitutes a legal, valid and binding obligation of Prime Trust, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

5. Transfer Restrictions

(a) During the Lock-up Period, neither Prime Trust nor any Holder shall, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any Class CF Units or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Membership Interests (whether such Membership Interests or any such securities are then owned or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery Membership Interests or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any Membership Interests to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any Membership Interests to any trust for the direct or indirect benefit of the applicable party or the immediate family of such party, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to Prime Trust and the Holders only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all Members of the Company individually owning more than 5% of the outstanding Membership Interests or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Membership Interests. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Prime Trust and each Holder shall execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the registrable securities of the Company held by Prime Trust and the Holders (and the Company securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. A legend reading substantially as follows will be placed on all certificates representing all of the registrable securities of the Company held by Prime Trust and the Holders (and the securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE COMPANY'S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE COMPANY AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE COMPANY'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) No portion of this Omnibus Class CF Instrument (or any Beneficial Interest) or the underlying securities may be disposed of unless and until the transferee has agreed in writing for the benefit of the Company to make representations and warranties substantially similar to those made by the Subscribers and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The applicable transferor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such securities under the Securities Act.

(e) No disposition of this instrument (or any Beneficial Interest) or any underlying securities may be made to any of the Company's competitors, as determined by the Company in good faith.

(f) The Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Omnibus Class CF Instrument (or any Beneficial Interest) and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws or otherwise:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

6. Dividends, Distributions, Voting Rights

(a) Whenever Prime Trust shall receive any cash dividend or other cash distribution on the Class CF Units, Prime Trust shall distribute to the Holders such amounts of such sum as are, as nearly as practicable, in proportion to each Holder's Beneficial Interest; provided, however, that in case the Company or Prime Trust shall be required to and shall withhold from any cash dividend or other cash distribution in respect of the Class CF Membership Interests represented by the Beneficial Interest held by any Holder an amount on account of taxes, the amount made available for distribution or distributed in respect of Class CF Membership Interests subject to such withholding shall be reduced accordingly. Prime Trust shall distribute or make available for distribution, as the case may be, only such amount, however, as can be distributed without attributing to any Holder of Beneficial Interests a fraction of one cent, and any balance not so

distributable shall be held by Prime Trust (without liability for interest thereon) and shall be added to and be treated as part of the next sum received by Prime Trust for distribution to Holders of Beneficial Interests then outstanding.

(b) Whenever Prime Trust shall receive any distribution other than cash on the Class CF Units, Prime Trust shall distribute to the Holders of Beneficial Interests such amounts of the securities or property received by it as are, as nearly as practicable, in proportion to the respective Beneficial Interests held by such Holder, in any manner that Prime Trust and the Company may deem equitable and practicable for accomplishing such distribution. If, in the opinion of Prime Trust after consultation with the Company, such distribution cannot be made proportionately among all Holders, or if for any other reason (including any requirement that the Company or Prime Trust withhold an amount on account of taxes), Prime Trust deems, after consultation with the Company, such distribution not to be feasible, Prime Trust may, with the approval of the Company, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including the sale (at public or private sale) of the securities or property thus received or any part thereof, at such place or places and upon such terms as it may deem proper. The net proceeds of any such sale shall be distributed or made available for distribution, as the case may be, by Prime Trust to the Holders of Beneficial Interests as provided by Section 6(a) in the case of a distribution received in cash. The Company shall not make any distribution of such securities or property to the Holders of Beneficial Interests unless the Company shall have provided to Prime Trust an opinion of counsel stating that such securities or property have been registered under the Securities Act or do not need to be registered.

(c) Upon any change in par or stated value, split-up, combination or any other reclassification of the Class CF Units, or upon any recapitalization, reorganization, merger, amalgamation or consolidation affecting the Company or to which it is a party or sale of all or substantially all of the Company's assets, Prime Trust shall, upon the instructions of the Company: (i) make such adjustments in the Class CF Units as may be required by, or as is consistent with, the provisions of the articles of incorporation of the Company to fully reflect the effects of such split-up, combination or other reclassification of the Class CF Units, or of such recapitalization, reorganization, merger, consolidation or sale and (ii) treat any shares or other securities or property (including cash) that shall be received by Prime Trust in exchange for or upon conversion of or in respect of the Class CF Units as new securities held under this Agreement, and Beneficial Interests then outstanding shall thenceforth represent the proportionate interests of Holders thereof or the new securities so received in exchange for or upon conversion of or in respect of such Class CF Units. The Company shall cause effective provision to be made in the charter of the resulting or surviving corporation (if other than the Company) for protection of such rights as may be applicable upon exchange of the Class CF Units for securities or property or cash of the surviving corporation in connection with the transactions set forth above. The Company shall cause any such surviving corporation (if other than the Company) expressly to assume the obligations of the Company hereunder.

(d) Upon receipt of notice of any meeting, or other form of consent in lieu of meeting, at which the holders of the Class CF Units are entitled to vote, Prime Trust shall, as soon as reasonably practicable thereafter, mail or provide electronically to the Holders of Beneficial Interests a notice, which shall be provided by the Company and which shall contain such information as is contained in such notice of meeting or other form of consent in lieu of a meeting. Holder acknowledges that notwithstanding its receipt of such materials, all voting rights with respect to the Class CF Units shall be exercised by Prime Trust, and that Prime Trust intends to exercise such voting rights by voting the securities held by it in accordance with the vote of the majority of the Class A Membership Interests held by persons other than Prime Trust that are voted on any matter, and Prime Trust will not exercise any discretion in voting any of the Class CF Membership Interests represented by the Beneficial Interests.

7. Miscellaneous

(a) Except as otherwise agreed by the Company in its sole discretion, Holders will not be entitled to exchange their Beneficial Interests in this Omnibus Class CF Instrument for Class CF Units in certificated form.

(b) Prime Trust agrees to take any and all actions determined in good faith by the Company's managers or board of directors (if applicable) to be advisable to reorganize this Omnibus Class CF Instrument and any Class CF Units issued pursuant to the terms of this Omnibus Class CF Instrument into a special purpose vehicle or other entity designed to aggregate the interests of the Holders.

(c) Any provision of this Omnibus Class CF Instrument may be amended, waived or modified only upon the written consent of the Company and the majority of the Holders (calculated based on the Beneficial Interests of the Holders).

(d) Any notice required or permitted by this Omnibus Class CF Instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(e) Prime Trust through this Omnibus Class CF instrument shall be considered legal record holder of the Class CF Common Units.

(f) Neither this Omnibus Class CF Instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this Omnibus Class CF Instrument and/or the rights contained herein may be assigned without the Company's consent by Prime Trust to any other entity who directly or indirectly, controls, is controlled by or is under common control with Prime Trust, including, without limitation, any general partner, managing member, officer or director of Prime Trust; and *provided, further*, that the Company may assign this Omnibus Class CF Instrument in whole, without the consent of Prime Trust, in connection with a reincorporation to change the Company's domicile.

(g) In the event any one or more of the terms or provisions of this Omnibus Class CF Instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this Omnibus Class CF Instrument operate or would prospectively operate to invalidate this Omnibus Class CF Instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this Omnibus Class CF Instrument and the remaining terms and provisions of this Omnibus Class CF Instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(h) All securities issued under this Omnibus Class CF Instrument may be issued in whole or fractional parts.

(i) All rights and obligations hereunder will be governed by the laws of the State of New York, without regard to the conflicts of law provisions of such jurisdiction.

(j) Any dispute, controversy or claim arising out of, relating to or in connection with this Omnibus Class CF Instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator

shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be in Westchester County, New York. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(k) Each Holder has, and at all times under this Omnibus Class CF Instrument will maintain, a custody account in good standing with Prime Trust pursuant to a valid and binding custody account agreement. To the extent any of the provisions of such custody account agreement shall conflict with the terms of this Omnibus Class CF Instrument, the terms of this Omnibus Class CF Instrument will control.

Prime Trust New Account Agreement

____ (“Account Holder”, “Customer”, “you”, “your”) hereby requests and directs that Prime Trust, LLC (“Prime Trust”, “Custodian”, “we”, “our”, “us”), a Nevada chartered trust company, establish a Prime Asset Custody Account (“Account”) for and in the name of Account Holder, and to hold as custodian all assets deposited to, or collected with respect to such Account, upon the following terms and conditions:

1. APPOINTMENT OF CUSTODIAN:

Account Holder hereby appoints Prime Trust to be custodian of and to hold or process as directed all securities, currency, cryptocurrency, and other assets of Account Holder (hereinafter referred to as “Custodial Property”) that are delivered to Custodian by Account Holder or Account Holder’s Agent(s) (as defined below) to the Account in accordance with the terms of this Agreement.

2. SELF-DIRECTED INVESTMENTS:

- a. This Account is a self-directed Account that is managed by Account Holder and/or Account Holder’s Agents. Prime Trust will act solely as custodian of the Custodial Property and will not exercise any investment or tax planning discretion regarding your Account, as this is solely your responsibility and/or the responsibility of advisors, brokers and others you designate and appoint as your agent for your Account (“Agents”), if any. Prime Trust undertakes to perform only such duties as are expressly set forth herein, all of which are ministerial in nature.
 - b. As a self-directed Account, you acknowledge and agree that:
 - i. The value of your Account will be solely dependent upon the performance of any asset(s) chosen by you and/or your Agents.
 - ii. Prime Trust shall have no duty or responsibility to review or perform due diligence on any investments or other Custodial Property and will make absolutely no recommendation of investments, nor to supervise any such investments. You will perform your own due diligence on all investments and take sole responsibility for all decisions made for your Account.
 - iii. Prime Trust does not provide any valuation or appraisals of Custodial Property, nor does it hire or seek valuations or appraisals on any Custodial Property, provided, however, it may, at its option and with no obligation or liability, to the extent available for any particular asset, include recent price quotes or value estimates from various third-party sources, including but not limited to SEC-registered exchanges and alternative trading systems, digital asset exchanges, and real estate websites on your statement for any such Custodial Property. Prime Trust will not be expected or obligated to attempt to verify the validity, accuracy or reliability of any such third-party valuation, valuation estimates or prices and you agree that Prime Trust shall in no way be held liable for any such valuation estimates or price quotations. Prime Trust shall simply act in a passive, pass-through capacity in providing such information (if any) on your Account statements and that such valuation estimates or price quotations are neither verified, substantiated nor to be relied upon in any way, for any purpose, including, without limitation, tax reporting purposes. You agree to engage a professional, independent advisor for any valuation opinion(s) you want on any Custodial Property.
 - c. Account Holder will not direct or permit its Agents to direct the purchase, sale or transfer of any Custodial Property which is not permissible under the laws of Account Holder’s place of residence or illegal under US federal, state or local law. Account Holder hereby warrants that neither you nor your Agents will enter into a transaction or series of transactions, or cause a transaction to be entered into, which is prohibited under Section 4975 of the Internal Revenue Code. Pursuant to the directions of the Account Holder or Agent(s), Prime Trust shall process the investment and reinvestment of Custodial

Property as directed by Account Holder or its Agents only so long as, in the sole judgment of Prime Trust, such requested investments will not impose an unreasonable administrative burden on Prime Trust (which such determination by Prime Trust shall not be construed in any respect as a judgment concerning the prudence or advisability of such investment). Custodian may rely upon any notice, instruction, request or other instrument believed by it to have been delivered from the Account Holder or its Agents, not only as to its due execution, validity and effectiveness, but also as to the truth and accuracy of any information contained therein.

- d. Buy and sell orders may, at Custodians discretion, be accepted verbally, including via telephone, or electronically, including email and internet-enabled devices and systems, provided, however, that Custodian may, but is not required to, require Account Holder or its Agents to promptly provide email, text or other confirmation to verify such instructions and any such instructions will not be deemed as received until verified in accordance with the Custodians then-in-effect policies and procedures. Account Holder acknowledges that any request to waive or change any policies or procedures for asset disbursements is done so at Account Holders risk. Prime Trust may decline to accept verbal asset transfer or trade instructions in its sole discretion and require written instructions, or instructions triggered from Account Holder or its Agents using tools while logged onto your account (either directly at www.primetrust.com or on any website or application that integrates into Prime Trust systems via API's ("Application Programming Interfaces"), which may or may not bear the Prime Trust brand. Account Holder bears complete and absolute responsibility for all buy, sell, transfer, and disbursement instructions for this Account and will immediately notify Prime Trust of any unauthorized transactions.
- e. Account Holder acknowledges and agrees that the custody of digital assets is generally subject to a high degree of risk, including without limitation, the risk of loss due to the blockchain or smart contract defects as well as forks and other events outside of the Custodian's control. Such Custodial Property is not insured by the Federal Deposit Insurance Corporation or by any Prime Trust insurance policies and so you are advised to directly obtain, at your sole cost and expense, any separate insurance policies you desire for such Custodial Property. Account Holder agrees that transfer requests, as well as sale and purchase orders, for digital assets may be delayed due to security protocols, time-zone differences, communication technology delays or fails, and/or enhanced internal compliance reviews. Accordingly, Prime Trust shall not be liable for any losses or damages, including without limitation direct, indirect, consequential, special, exemplary or otherwise, resulting from delays in processing such transactions.
- f. All instructions for the purchase and sale of securities and/or digital assets shall be executed through one or more broker-dealers or exchanges selected by either you or your Agents, or by Prime Trust, as an accommodation (and not in any capacity as a broker-dealer) and Prime Trust is hereby authorized to debit your account for any fees associated with such transaction(s) and remit those to the executing party.

3. SCHEDULE OF FEES:

The Custodian shall receive reasonable compensation in accordance with its usual Schedule of Fees then in effect at the time of service. The fees and charges initially connected with this Account may include:

- Account Fees: As detailed on Prime Trust's current fee schedule, which may change from time to time and is published on www.primetrust.com. Changes to the fee schedule shall not affect any charges for prior periods and will only be effective as of the date the changes were published.
- Statement Fee: \$0.00 – there are no fees for electronically delivered and available statements

Prime Trust is hereby authorized, at its option, in its sole discretion, to electronically debit the Account for payment of fees and expenses, including charging any linked credit or debit card, pulling funds from any linked bank account, or liquidating any of the Custodial Property without prior notice or liability. Unpaid fees are subject to interest at a rate of 1.50% per month on the outstanding balance and may be applied as a first lien on any Custodial Property. Prime Trust reserves the right to make changes to its fees for custodial services in its sole and absolute discretion.

The Capital Account of each Member shall be debited by (1) the amount of cash distributions to such Member and the agreed fair market value of property distributed to such Member (net of liabilities assumed by such Member and liabilities to which such distributed property is subject) and (2) such Member's share of the Company's Net Losses (or items thereof) and Loss from a Capital Transaction.

4.7 Compensatory Issuance of Profits Interest Class B Units.

(a) Pursuant to, and upon the terms and conditions set forth in this Agreement and any applicable Grant Agreement, the Company is authorized to issue, from time to time, Class B Units, all of which are intended to qualify as "profits interests," as such term is used by Rev. Proc. 93-27, 1993-2 C.B. 343 and Rev. Proc. 2001-43, 2001-2 C.B. 191, as equity compensation for services provided to, or to be provided to, the Company by the Company's employees, managers, consultants, independent contractors, and/or advisors. To that end, the Company and each Member agree that it is the intention of the Members that allocations and distributions to each holder of a Class B Unit be limited to the extent necessary so that such Class B Units so qualify, and this Agreement shall be interpreted consistently therewith. In accordance with Rev. Proc. 2001-43, the Company shall treat a Member holding a profits interest as the owner of such profits interest from the date it is granted, and shall file its IRS Form 1065, and issue appropriate Schedule K-1s to such Member, allocating to such Member its distributive share of all items of income, gain, loss, deduction and credit associated with such profits interest. Each Member holding a profits interest agrees to take into account such distributive share in computing its U.S. federal income tax liability for the entire period during which it holds such profits interest. The Company shall

not claim a deduction (as wages, compensation or otherwise) for the fair market value of any profits interests issued to a Member. The provisions of this Section 4.7(a) shall apply regardless of whether or not a Member holding a profits interest files an election pursuant to Section 83(b) of the Code.

(b) Without limiting the generality of the foregoing and notwithstanding Sections 6.1 and 6.2, a Class B Unit shall not be allocated any Net Profit arising prior to the date of issuance of such Class B Unit (whether such Net Profit is actually recognized or results from a revaluation of assets prior to the issuance of such Class B Unit pursuant to Treasury Regulation Sections 1.704-1(b)(2)(iv)(f) or (q)) and shall not receive any distributions relating to such Net Profit. In addition, notwithstanding Sections 6.1 and 6.2, a Class B Unit shall be allocated Gain from a Capital Transaction only to the extent such Gain is attributable to the excess, if any, of the Fair Market Value of Company Property at the time such Gain is realized over the Fair Market Value of Company Property as of the date of issuance of that Class B Unit (the “Appreciation”). A holder of a Class B Unit shall share in the Company’s Gain from a Capital Transaction to the extent of his, her or its proportionate share of the Appreciation, based on his, her or its Percentage Interest in accordance with Section 6.1. Any allocations and distributions of Net Profit and Gain from a Capital Transaction that would otherwise be made to a Member but for the preceding provisions of this Section 4.7(b) shall be made to the holders of any previously issued Membership Units in proportion to their Percentage Interests as provided in Article VI; provided, however, that all allocations to a Member whose interest is a “profits interest” shall be limited as provided in this Section 4.7(b) with regard to any Net Profit and Gain from a Capital Transaction attributable to a period prior to such other Member’s receipt of its interest. The Manager may in its reasonable judgment adjust the allocations under Section 6.1 and the distributions under Section 6.3 to reflect the intent of and limitations set forth in this Section 4.7(b).

(c) In connection with the issuance of each Class B Unit pursuant to this Section 4.7, the Manager shall amend Schedule A hereto and/or the books and records of the Company to provide for such Class B Unit and the then applicable Fair Market Value of Company Property.

4.8 Rights and Restrictions Regarding Class B Units.

(a) Upon any Capital Transaction, any unvested Class B Units allocable to any Member who then remains in the continuous employ of the Company through consummation of such event shall vest in full upon such consummation.

(b) Upon termination of a Class B Member’s employment (or service engagement) with the Company, the Company shall have the option to purchase (after giving effect to all forfeitures and cancellations thereof) all or a portion of the Class B Units (that have not been forfeited or canceled) of such Class B Member that have vested (and his or her Permitted Transferees) pursuant to the terms of Section 7.5 (to the extent consistent with any applicable Grant Agreement) and any unvested Class B Units allocable to any such Member shall be forfeited in their entirety and cancelled; provided, however, such option to purchase may be waived by the Manager in its sole discretion on behalf of the Company as to any individual Class B Member.

4.9 Liability. No Member shall be liable under a judgment, decree or order of a court, or in any other manner for a debt, obligation or liability of the Company. Additionally, no Member

shall be required to lend any funds to the Company or to pay any contributions, assessments or payments to the Company except the Initial Contributions.

ARTICLE VI. ALLOCATIONS AND DISTRIBUTIONS

6.1 Allocations of Profits and Losses and Gain or Loss from a Capital Transaction.

(a) Except as otherwise provided in this Agreement and subject to Section 4.7, at the end of each fiscal year, and after adjusting for all Capital Contributions and distributions made during a fiscal year, Net Profits and Net Losses and any Gain or Loss from a Capital Transaction (and, if necessary, individual items of gross profit or loss) shall be allocated to the Capital Accounts of the Members (including the Manager) in a manner such that, after such allocations have been made, the balance of each Member's Capital Account shall, to the extent possible, be equal to an amount that would be distributed to such Member if (a) the Company were to sell the assets of the Company for their Values, (b) all Company liabilities were satisfied (limited with respect to each nonrecourse liability to the Values of the assets securing such liability), (c) and the Company were to distribute the proceeds of sale pursuant to Section 8.2, minus the sum of (1) such Member's share of Company Minimum Gain or Member Nonrecourse Debt Minimum Gain, and (2) the amount, if any, that such Member is obligated (or deemed obligated) to contribute, in its capacity as a Member, to the Company; computed immediately prior to the hypothetical sale of assets. The Manager may, in its sole and absolute discretion, make such other assumptions (whether or not consistent with the above assumptions) as it deems necessary or appropriate in order to effectuate the intended economic sharing arrangement of the Members as reflected in Section 8.2.

(b) Special Allocations.

(i) Minimum Gain Chargeback. Except as otherwise provided in Treasury Regulation Section 1.704-2(f), notwithstanding any other provision of this Article VI, if there is a net decrease in Company Minimum Gain during any fiscal year, each Member and transferee shall be specially allocated Net Profits (or, if necessary, items of income and gain) for such fiscal year (and, if necessary, subsequent fiscal years) in an amount equal to such Member's and transferee's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulation Section 1.704-2(g). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member and transferee pursuant thereto. The Net Profits (or items of income or gain) to be so allocated shall be determined in accordance with Treasury Regulation Sections 1.704-2(f)(6) and 1.704-2(j)(2). This Section 6.1(b)(i) is intended to comply with the minimum gain chargeback requirement in Treasury Regulation Section 1.704-2(f) and shall be interpreted consistently therewith.

(ii) Member Minimum Gain Chargeback. Except as otherwise provided in Treasury Regulation Section 1.704-2(i)(4), notwithstanding any other provision of this Article VI, if there is a net decrease in Member Nonrecourse Debt Minimum Gain attributable to a Member Nonrecourse Debt during any fiscal year, each Member and transferee who has a share of the Member Nonrecourse Debt Minimum Gain attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulation Section 1.704-2(i)(5), shall be specially allocated Net Profits (or, if necessary, items of income and gain) for such fiscal year (and, if necessary, subsequent fiscal years) in an amount equal to such Member's and transferee's share of the net decrease in Member Nonrecourse Debt Minimum Gain attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulation Section 1.704-2(i)(4). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant thereto. The Net Profit (or items of income or gain) to be so allocated shall be determined in accordance with Treasury Regulation Section 1.704-2(i)(4) and 1.704-2(j)(2). This Section 6.1(b)(ii) is intended to comply with the minimum gain chargeback requirement in Treasury Regulation Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

(iii) Qualified Income Offset. In the event that in any fiscal year a Member and/or transferee unexpectedly receives any adjustments, allocations or distributions described in Treasury Regulation Sections 1.704-1(b)(2)(ii)(d)(4), 1.704-1(b)(2)(ii)(d)(5) or 1.704-1(b)(2)(ii)(d)(6) so as to cause or create an Adjusted Capital Account Deficit, Net Profits (or, if necessary, items of income and gain) shall be specially allocated to the Member and/or transferee in such fiscal year (and subsequent fiscal years, if necessary) in an amount and manner sufficient to eliminate, to the extent required by the Treasury Regulations, such Adjusted Capital Account Deficit of the Member as quickly as reasonably possible.

(iv) Gross Income Allocation. In the event that any Member and/or transferee has a deficit balance in its Capital Account at the end of any fiscal year of the Company which is in excess of the sum of (i) the amount that such Member and/or transferee is obligated to restore pursuant to any provision of this Agreement and (ii) the amount that such Member and/or transferee is deemed to be obligated to restore pursuant to the penultimate sentences of Treasury Regulation Sections 1.704-2(g)(1) and 1.704-2(i)(5), such Member and/or transferee shall be specially allocated Net Profits (or items of income and gain) in the amount of such excess as quickly as possible.

(v) Nonrecourse Deductions. Nonrecourse Deductions for any fiscal year shall be specially allocated among the Members and/or transferees, pro rata in proportion to their Percentage Interests.

(vi) Member Nonrecourse Deductions. Any Member Nonrecourse Deductions for any fiscal year shall be specially allocated to the Member who bears the economic risk of loss with respect to the Member Nonrecourse Debt to which such

Member Nonrecourse Deductions are attributable in accordance with Treasury Regulation Section 1.704-2(i)(1).

(vii) Regulatory Allocations. The allocations set forth in Sections 6.1(b)(i)-6.1(b)(vi) hereof (the “Regulatory Allocations”) are intended to comply with certain requirements of the Treasury Regulations. It is the intent of the Members that, to the extent possible, all Regulatory Allocations shall be offset either with other Regulatory Allocations or with special allocations of other items of Company income, gain, loss, or deduction pursuant to this Section 6.1(b). Therefore, notwithstanding any other provision of this Agreement (other than the Regulatory Allocations), the Manager shall make such offsetting special allocations of Company income, gain, loss or deduction in whatever manner it determines appropriate so that, after such offsetting allocations are made, each Member’s and/or transferee’s Capital Account balance is, to the extent possible, equal to the Capital Account balance such Member would have had if the Regulatory Allocations were not part of the Agreement and all Company items were allocated pursuant to Section 6.1(a) hereof.

(c) Allocation of Income and Loss for Income Tax Purposes.

(i) The income, deductions, gains, losses, and credits of the Company shall be allocated for federal, state, and local income tax purposes by the Manager among the Persons who were Members during the relevant taxable year. For the purpose of determining the income, loss, or any other items allocable to any period during the relevant taxable year of the Company, such items shall be determined by the Manager using any method permitted by Code Section 706 and the Treasury Regulations thereunder. The Manager shall make all allocations taking into account the Members’ Capital Accounts on the first day of the taxable year, additional Capital Contributions made during the year, and distributive shares of Net Profits, Net Losses, any Gain or Loss from a Capital Transaction and special allocations for such year, any entry of new Members, any distributions by the Company and the difference between income for tax purposes and profitability for Company purposes, so as to have the tax allocations follow the allocations made for “book purposes” under this Article as closely as reasonably possible; provided, that no such allocation by the Manager shall discriminate unfairly against any Member.

(ii) Further, in accordance with Code Section 704(c) and the Treasury Regulations thereunder, income, gain, loss, and deduction with respect to any property contributed to the Company shall, solely for tax purposes, be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and the fair market value of such property credited to the Capital Account of the contributing Member. In the event that the fair market value of Company Property varies from the Company’s adjusted tax basis at the time of admission of a new Member, withdrawal of a Member, or any additional Capital Contributions, subsequent tax allocations of income, gain, loss and deduction with respect to such asset shall take

account of any variation between the adjusted basis of such asset for federal income tax purposes and such fair market value in the same manner as under Code Section 704(c) and the Treasury Regulations thereunder. The Manager may make such modifications to this Agreement as may be required to comply with Section 704(c) and the Treasury Regulations thereunder. Any elections or other decisions relating to such allocations shall be made by the Manager in any manner that reasonably reflects the purposes and intention of this Agreement. Allocations pursuant to this section are solely for purposes of federal, state, and local taxes and shall not affect, or in any way be taken into account in computing, any Member's Capital Account or share of Net Profits, Net Losses, Gain or Loss from a Capital Transaction, distributions, or other items pursuant to any provision of this Agreement.

6.2 Code Section 83 Safe Harbor Election.

(a) By executing this Agreement, each Member authorizes and directs the Company to elect to have the "Safe Harbor" described in the proposed Revenue Procedure set forth in IRS Notice 2005-43 (the "Notice") apply to any Class B Unit in the Company transferred to a service provider by the Company on or after the effective date of such Revenue Procedure in connection with services provided to the Company. For purposes of making such Safe Harbor election, the Manager shall designate itself as the Member "who has responsibility for federal income tax reporting" by the Company and, accordingly, execution of such Safe Harbor election by such Manager shall constitute execution of a "Safe Harbor Election" in accordance with the Notice. On or after the effective date of such Revenue Procedure, the Company and each Member hereby agrees to comply with all requirements of the Safe Harbor described in the Notice, including, without limitation, the requirement that each Member shall prepare and file all federal income tax returns reporting the income tax effects of each such Class B Unit issued by the Company in a manner consistent with the requirements of the Notice.

(b) The Company and any Member may pursue any and all rights and remedies it may have to enforce the obligations of the Company and the Members (as applicable) under this Section 6.2, including, without limitation, seeking specific performance and/or immediate injunctive or other equitable relief from any court of competent jurisdiction (without the necessity of showing actual money damages, or posting any bond or other security) in order to enforce or prevent any violation of the provisions of this Section 6.2. A Member's obligations to comply with the requirements of this Section 6.2 shall survive such Member's ceasing to be a Member of the Company or the termination, dissolution, liquidation, and winding up of the Company, and, for purposes of this Section 6.2, the Company shall be treated as continuing in existence.

(c) Each Member authorizes the Manager to amend this Section 6.2(c) to the extent necessary to achieve substantially the same tax treatment with respect to any interest in the Company transferred to a service provider by the Company in connection with services provided to the Company as set forth in Section 4 of the Notice (e.g., to reflect changes from the rules set forth in the Notice in subsequent IRS guidance), provided that such amendment is not materially adverse to any Member (as compared with the after-tax consequences that would result if the provisions of the Notice applied to all interests in the Company transferred to a service provider by the Company in connection with services provided to the Company).

6.3 Distributions.

(a) Subject to Section 4.7, Net Cash Flow, excluding any Net Proceeds, of the Company shall be distributed to the Members in the following order of priority at such times and in such amounts as the Manager shall determine:

- (i) to creditors of the Company, including Members who are creditors, to the extent permitted by law, in satisfaction of the liabilities of the Company (whether by payment or the making of reasonable provision for payment thereof);
- (ii) to the Class A Members, in proportion to their Unrecovered Capital Contributions, if any, until the Unrecovered Capital Contributions of the Class A Members have been reduced to zero; and
- (iii) the balance, if any, to the Members in accordance with their respective Percentage Interests.

(b) Subject to Section 4.7, Net Proceeds of the Company shall be distributed to the Members in the following order of priority at such times and in such amounts as the Manager shall determine:

- (i) to creditors of the Company, including Members who are creditors, to the extent permitted by law, in satisfaction of the liabilities of the Company (whether by payment or the making of reasonable provision for payment thereof);
- (ii) to the Class A Members, in proportion to its Unrecovered Capital Contributions, if any, until the Unrecovered Capital Contributions of the Class A Members have been reduced to zero; and
- (iii) the balance, if any, to the Members in accordance with their respective Percentage Interests.

6.4 Tax Distributions. Notwithstanding the order of priority of distributions set forth in Section 6.3, the Manager shall, for each taxable year, cause the Company to distribute to each of the Members in an amount equal to the excess, if any, of (A) the product of (x) the cumulative amount of taxable income that has been allocated to such Member for U.S. federal income tax purposes for all prior taxable years, reduced by the cumulative amount of all taxable losses (if any) that have been allocated to such Member for U.S. federal income tax purposes for all prior taxable years and (y) the Assumed Tax Rate, over (B) all previous distributions to such Member pursuant to Section 6.3 and this Section 6.4; provided, however, that no such distribution shall be made to the extent that the Manager determines, in its sole discretion, that funds are not reasonably available for such distribution by virtue of applicable law, contractual obligation or current or future needs of the Company. Such distribution to each Member shall be made no later than the first day of the fourth month following the end of the taxable year of the Company with respect to

which such distribution is made. Distributions made pursuant to this Section 6.4 shall be applied against amounts otherwise distributable to the Members pursuant to Section 6.3.

6.5 Limitation Upon Distributions. No distribution shall be declared and paid if, after the distribution is made the sum of the Company's total assets would be less than the sum of its total liabilities.

6.6 Withholding. The Company is hereby authorized to, and shall, comply with any and all withholding obligations to which it is subject. In the event the Company is required to deduct and withhold, pursuant to the Code or any other federal, state or local law, rule or regulation which is currently in effect or which may be promulgated hereafter, any amount from an actual distribution to a Member, the amount so deducted and withheld from such distribution shall, for all purposes of this Agreement, be treated as a distribution to such Member of the same type as the distribution giving rise to the obligation. In the event such law requires the Company to pay or withhold any amount on behalf of a Member (including any federal, state or local taxes) measured by a Member's distributive share of the Company's Net Profit, gain or any other Company item, other than any amount required to be deducted and withheld from actual distributions to a Member, then the payment or withholding of any such amount shall be considered a loan (a "Tax Loan") by the Company to such Member (the "Borrowing Member"). The Borrowing Member shall repay any such Tax Loan within thirty (30) days after the Company delivers a written demand therefor, together with interest at an annual rate equal to two percent (2%) per annum in excess of the rate announced from time to time in the Wall Street Journal as the "prime rate" from the date such loan was made until the date of the repayment thereof. In addition to any other rights of the Company to enforce its entitlement to receive payment of the Tax Loan, plus any accrued interest thereon, the Company may deduct from any distribution to be made to a Borrowing Member an amount not greater than the outstanding balance of any Tax Loan, plus any accrued interest thereon, as a payment in total or partial satisfaction thereof.

ARTICLE VII. TRANSFER OF INTEREST

7.1 Compliance with Securities Laws. No Membership Units have been registered under the Securities Act of 1933, as amended (the "Securities Act"), or under any applicable state securities laws. A Member may not Transfer all or any part of such Member's Membership Units, except upon compliance with the applicable federal and state securities laws and otherwise subject to the other provisions of this Agreement. The Company shall have no obligation to register any Membership Units under the Securities Act or under any applicable state securities laws, or to make any exemption therefrom available to any Member.

7.2 Restrictions on Transferability.

(a) Except as expressly permitted by the terms and provisions of this Article VII, no Member may Transfer all or any part of such Member's Membership Units without the consent of the Manager, which consent may be given or withheld in the sole discretion of the Manager, and any attempt to do so shall be null and void. Further, unless otherwise provided herein, any Transfer shall not give the transferee the right to be admitted as a Substitute Member.

No Transfer of any Membership Units shall relieve the transferring Member of any liability to the Company or the other Member that arose prior to the Transfer.

(b) A Member may Transfer the Membership Units of such Member without the consent of the Manager (i) to a Permitted Transferee or (ii) to a transferee following full compliance with the provisions of Sections 7.3, 7.4 or 7.5 hereof.

(c) Each Transfer permitted by this Article VII shall not become effective unless and until the transferee executes and delivers to the Company a counterpart to this Agreement, agreeing to be treated in the same manner as the transferring Member. Upon such Transfer and such execution and delivery, the transferee shall be admitted as a Substitute Member.

7.3 Drag Along Rights

(a) A Majority-in-Interest of the Class A Members (the “Dragging Members”) may require all other Members (the “Drag-Along Members” or “Drag-Along Member”, as the case may be) to transfer their Membership Units in a transaction which constitutes a bona fide sale and assignment (a “Drag-Along Sale”) of all of the Membership Units of the Company to any third party that is not a Permitted Transferee.

(b) To exercise such right, the Dragging Members shall send (or shall cause the Manager to send) a written notice (the “Drag-Along Notice”) to each Drag-Along Member, setting forth the consideration to be paid by the third party purchaser and the other terms and conditions of such transaction. Each Drag-Along Member shall be required to consummate the Drag-Along Sale for the amount of consideration and under the terms and conditions set forth in the Drag-Along Notice, as adjusted for pre-existing differences in the rights and privileges among the classes of Membership Units. At the consummation of the purchase of such Membership Units by the third party purchaser, the Drag-Along Members shall deliver to the Manager duly executed instruments of transfer for their Membership Units. If one or more of the Drag-Along Members fails to deliver such instrument of transfer to the Manager, the Manager shall cause the books and records of the Company to show that such Membership Units are bound by the provisions of this Section 7.3 and that such Membership Units shall be transferred only to the third party purchaser. In the event one or more of the Drag-Along Members fails to deliver the duly executed instruments of transfer to the Manager as required herein, then the Manager may execute any documents as shall be required for the purpose of transferring any Membership Units on the books and records of the Company, including but not limited to, an instrument of transfer as required by this Section 7.3 and the Manager is hereby deemed appointed an attorney-in-fact of each such Drag-Along Member for the purpose of effectuating the requirements of this Section 7.3.

(c) Promptly, but in no event later than five (5) days after the consummation of the sale of the Membership Units of the Dragging Members and the Drag-Along Members pursuant to this Section 7.3, the Manager shall remit to the Drag-Along Members the applicable sales price for their Membership Units sold pursuant hereto (net of all costs and expenses incurred in connection with the sale).

7.4 Right of First Refusal.

(a) Except in connection with a proposed transfer under Section 7.3 or 7.5 hereof, in the event that any Member (a "Selling Member") receives a bona fide offer (an "Offer") from any Person, including another Member, to acquire all or any portion of the Selling Member's Membership Units (the "Offered Units"), which Offer the Selling Member is willing to accept, the Selling Member may not sell, transfer, exchange or assign the Offered Units without first giving the Class A Members a right of first refusal to acquire the Offered Units in accordance with the provisions of this Section 7.4. Each Class A Member may assign its right of first refusal for all or any portion of the Offered Units to any third party (the "Designee"). Upon receipt of an Offer, the Selling Member shall deliver a copy of the Offer (which Offer must set forth the consideration to be paid by the third party purchaser and the other terms and conditions of such transaction) to each Class A Member and/or its Designee.

(b) Within thirty (30) days following receipt of the Offer, each Class A Member shall have the right to purchase its pro rata share of the Offered Units and, in the case of the Designee, such portion of the Offered Units purchaseable by the assigning Class A Member, on the same terms and conditions as set forth in the Offer by delivering written acceptance to the Selling Member. Upon exercise of the right to purchase by a Designee who is not a Member, such Designee shall, at the time of purchase, execute and deliver to the Company a joinder agreement, substantially in the form of Exhibit A or Exhibit B, as applicable, attached hereto.

(c) In the event any Class A Member and/or its Designee does not exercise its right to acquire their pro rata share of the Offered Units, then those Class A Members that exercised their right shall have the second right to acquire their pro rata share of any remaining Offered Units. This process shall continue expeditiously so long as any Class A Member desires to purchase any remaining Offered Units until all Offered Units are acquired or until the Class A Members elect not to purchase any further Offered Units. In the event that any Offered Units remain (i.e. not acquired by a Class A Member) after the operation of the foregoing process, the Selling Member shall be free to sell the remaining Offered Units to the third party purchaser set forth in the Offer upon the terms and conditions set forth in the Offer within the time period set forth in the Offer. In the event the transaction is not completed within thirty (30) days and on the same terms and conditions as set forth in the Offer, each Class A Member shall again have a right of first refusal to acquire or assign such Membership Units in accordance with the provisions of this Section 7.4.

(d) Notwithstanding the foregoing, the obligations of a Selling Member in this Section 7.4 shall not apply to any Offer or sale by a Class A Member.

7.5 Repurchase Rights.

(a) Upon (i) the death of any Member or Control Person of a Member or (ii) the termination of employment or consultancy with the Company or with the Manager of any Class B Member (each such event, a "Repurchase Event"), the Company, in addition to any other rights it may have under the original grant agreement or instrument, shall have the right, but not the obligation, to purchase all or any portion of the Class B Units held by such Class B Member, his estate or any trustee, receiver, conservator or other Permitted Transferee of such Member's Class B Units, as applicable, in each case, as has not executed a joinder agreement, substantially in the

form attached as Exhibit A to this Agreement, and been duly admitted as a Member by the Manager (any of the foregoing Persons being referred to herein as an “Offering Member”); provided, however, that the foregoing purchase right may be waived by the Manager in its sole discretion on behalf of the Company as to any individual Class B Member. If the Company determines to exercise the foregoing purchase right, it shall provide written notice to the Offering Member of the Company’s election to purchase such Interest, which notice may be delivered at any time within ninety (90) days following the applicable Repurchase Event. If the Company determines to purchase such Class B Units in accordance with this Section 7.5(a), then the Offering Member shall be obligated to sell such Interest in accordance with Section 7.5(b) below.

(b) Closing.

(i) Closing Date. The closing (the “Closing”) of the purchase of any Class B Units purchased pursuant to Section 7.5(a) hereof shall take place not later than thirty (30) days after the Company’s election to purchase such Class B Units and shall be held at the principal office of the Company unless otherwise mutually agreed.

(ii) Purchase Price. The purchase price (the “Purchase Price”) for any Class B Units purchased pursuant to Section 7.5(a) shall be the fair market value of such Class B Units as of the date of the applicable Repurchase Event, as determined by the Manager in good faith. The determination by such firm shall be final and binding on all parties. The Company shall bear the costs of any such valuation. If the Company and the applicable Offering Member are unable to agree on an independent appraiser, upon the request of either the Company or the applicable Offering Member, the Company and such Offering Member may each select an appraiser having not less than ten (10) years of relevant experience and thereafter the two selected appraisers shall jointly select an independent appraiser meeting the criteria set forth in this Section 7.5(b)(ii) to make such determination.

(iii) Payment of Purchase Price. In full redemption of the Class B Units to be purchased pursuant to Section 7.5(a), the Company shall pay the Purchase Price, at the Company’s election either (i) 100% at the Closing by certified or bank cashier’s check in cash or (ii) as follows:(x) at least twenty percent (20%) of the Purchase Price by certified or bank cashier’s check at the Closing and (y) the balance of the Purchase Price by the issuance of a promissory note to the applicable Offering Member in an amount equal to the remainder of the Purchase Price, which note shall have a term of three (3) years, bear interest at the rate per annum equal to 1% plus the “Prime Rate” as reported on the date of the Closing in The Wall Street Journal and be payable in equal quarterly installments. The Company’s obligation to make the quarterly installments shall be evidenced by a promissory note prepared by the Company’s counsel, which shall be in form and substance reasonably satisfactory to the parties.

(iv) No Rights as Member. The Offering Member shall have no rights or obligations as a Member of the Company from and after the Closing, other than with respect to payment for the purchased Units. Further, the Capital Account with

respect to the Units of the Offering Member shall not be allocated Net Profits or Net Losses following a Repurchase Event until such Units is transferred to a Member duly admitted by the Manager.

(v) Other Documents. Each Offering Member agrees to execute such documents as may be reasonably requested by the Company (or its counsel) in order to carry out the intent of the provisions of this Section 7.5.

ARTICLE VIII. DISSOLUTION AND TERMINATION

8.1 Dissolution. The Company shall be dissolved upon the occurrence of any of the following events:

- (a) the determination of the a Majority-in-Interest of the Class A Members;
- (b) the entry of a decree of judicial dissolution under the Act; or
- (c) upon the sale of all or substantially all of the assets of the Company.

Notwithstanding anything contained herein to the contrary, the bankruptcy, death, dissolution, expulsion, incapacity or withdrawal of a Member shall not result in the dissolution of the Company.

8.2 Distribution of Assets Upon Dissolution. In settling accounts after dissolution, the liabilities of the Company shall be entitled to payment in the following order:

- (a) first, to the payment of the expenses of liquidation;
- (b) then, to the setting up of any reserves which the Manager deems necessary or desirable for any contingent or unforeseen liabilities or obligations of the Company; and
- (c) thereafter, to the Members in accordance with Section 6.3(b).

8.3 Winding Up. Except as provided by law, upon dissolution, each Member shall look solely to the assets of the Company for the return of its Capital Contribution.
