This Section and other provisions of this Agreement relating to the maintenance of Capital Accounts are intended to comply with Treasury Regulations Section 1.704-1(b), and shall be interpreted and applied in a manner consistent with such Treasury Regulations. If the Board determines that it is prudent to modify the manner in which the Capital Accounts, or any charges or credits thereto (including charges or credits relating to liabilities which are secured by contributions or distributed property or which are assumed by the Company or by Members), are computed in order to comply with such Treasury Regulations, the Board may make such modification, but only if it is not likely to have a material effect on the amounts to be distributed to any Member pursuant to Section 5.1 or pursuant to Section 14.3 upon the dissolution of the Company. The Board also shall (i) make any adjustments that may be necessary or appropriate to maintain equality between the Capital Accounts of the Members and the amount of capital reflected on the Company's balance sheet, as computed for book purposes, in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv)(q), and (ii) make any appropriate modifications in the event unanticipated events might otherwise cause this Agreement not to comply with Treasury Regulations Section 1.704-1(b).

(b) *Terminating Capital Proceeds.* After the payment of all costs and expenses associated with the Terminating Capital Transaction, Terminating Capital Proceeds shall be applied and paid in accordance with the following priority:

(1) to pay any debts or liabilities of the Company other than debts and liabilities (i) incurred in connection with the Terminating Capital Transaction that produces the Terminating Capital Proceeds, and (ii) owed to Members, and then to pay the costs and expenses of winding up and terminating the Company, if applicable

(2) the Terminating Capital Proceeds shall next be applied to establish any reserves which the Board determines to be reasonably necessary to provide for the costs and expenses of winding up and terminating the Company and for any contingent or unforeseen liabilities or obligations of the Company; but at the expiration of such period of time as the Board determines to be advisable, the balance of the reserves remaining after the payment of such contingencies shall be distributed in the manner hereinafter provided in this Section 5.1(b).

(3) Thereafter, Terminating Capital Proceeds shall be applied and distributed among the Members in the following order of priority:

- a. first, to pay any debts or liabilities of the Company to Members;
- b. then, to any Member who provided a Member Loan to pay for the interest due on such Member Loan;
- c. then, to any Member who provided a Member Loan to pay for the principal due on such Member Loan;
- d. next, to the Members, pro rata, in proportion to the balance of their respective Capital Accounts until the Unreturned Capital is reduced to zero;
- e. thereafter, among the Members, pro rata, in proportion to their respective Percentage Interests.

Section 5.2 *Determination of Profits and Losses.* For purposes of this Agreement, the profit (“Profit”) or loss (“Loss”) of the Company for each Fiscal Year shall be the net income or net loss of the Company for such Fiscal Year as determined for Federal income tax purposes, but computed with the following adjustments:

- (a) without regard to any adjustment to basis pursuant to Section 743 of the Code (except as provided in Section 5.2(g));
- (b) by including the net gain (after expenses) or net loss (after expenses) realized or incurred by the Company in a Terminating Capital Transaction;
- (c) by taking into account items of deduction attributable to any property of the Company;
- (d) by including as an item of gross income any tax-exempt income received by the Company;
- (e) by treating as a deductible expense any expenditure of the Company described in Section 705(a)(2)(B) of the Code;
- (f) by excluding any item of income, gain, loss or deduction which is required to be specially allocated to a Member who contributes property other than cash to the Company as a Capital Contribution pursuant to Section 704(c) of the Code and the Treasury Regulations thereunder;
- (g) to the extent an adjustment to the Adjusted Basis of any asset of the Company pursuant to Sections 734(b) or 743(b) of the Code is required by Treasury Regulations Section 1.704-1(b)(2)(iv)(m)(4) to be taken into account in determining Capital Accounts as a result of a distribution other than in complete liquidation of a Member’s Membership Interest, the amount of such adjustment shall be treated as an item of gain (if the adjustment increases the

Adjusted Basis of the asset) or loss (if the adjustment decreases the Adjusted Basis of the asset) from the disposition of the asset and shall be taken into account for purposes of computing Profit or Loss; and

- (h) after making the special allocations (if any) required by Section 5.10.

Section 5.3 *Allocation of Profits.* The Profit of the Company for each Fiscal Year in which the Company has a Profit shall be allocated among, and credited to the Capital Accounts of, the Members in accordance with the following order of priority:

(a) first, among those Members, if any, whose negative Capital Account balances exceed such Member's Share of Minimum Gain. If the amount of the Profit being allocated is less than the amount necessary to achieve this result, it shall be allocated in the reverse order of that specified for Losses in paragraph (a) of Section 5.4.

(b) second, to those Members, if any, having negative Capital Account balances in the amounts necessary to cause their Capital Account balances to equal zero.

(c) third, to those Members, if any, whose Capital Account balances are less than the amount of their Unreturned Capital in the amounts necessary to cause their Capital Account balances to be equal to their Unreturned Capital. If the amount of the Profit being allocated is less than the amount necessary to achieve this result, it shall first be allocated in such a manner as to cause such Members' Capital Account balances to be in proportion to their Unreturned Capital and the balance shall be allocated in proportion to their Unreturned Capital.

(d) thereafter, to the Members, pro rata, in proportion to their respective Percentage Interests.

Section 5.4. *Allocation of Losses.* The Loss of the Company for each Fiscal Year in which the Company has a Loss shall be allocated among, and charged to the Capital Accounts of, the Members in accordance with the following order of priority:

(a) first, to all Members to the extent that their positive Capital Account balances exceed their Unreturned Capital in the amounts necessary to cause their Capital Account balances to be equal to their Unreturned Capital; if the amount of Losses being allocated is less than the amount necessary to achieve this result, it shall first be allocated in such a manner as to cause the amounts by which Members' Capital Account balances exceed their Unreturned Capital to be in proportion to their Unreturned Capital and the balances shall be allocated in proportion to the Unreturned Capital.

(b) second, to all Members to the extent that they have positive Capital Account balances (after giving effect to the allocations required by Sections 5.4(a)) in the amounts necessary to cause their Capital Account balances to be zero; if the amount of the Loss being allocated is less than the amount necessary to achieve this result, it shall first be allocated in such a manner as to cause the positive balances of Members' Capital Account balances to be in

proportion to their Unreturned Capital and the balance shall be allocated in proportion to their Unreturned Capital.

(c) third, to those Members, if any, who have direct or indirect (e.g., a guarantee or an indemnification of another Member who is a guarantor) potential liability to a third-party creditor of the Company until the net cumulative Losses allocated to the Member under this Section 5.4(c) are equal to the amount of such potential liability. If the amount of the Loss being allocated is less than the amount necessary to achieve this, it shall be allocated in the inverse order of the repayment priorities of such liabilities. As to such liabilities of equal priority, the Loss shall be allocated in proportion to such liabilities. No allocation of Losses shall be made pursuant to this Section 5.4(c) with respect to a guarantee or contingent liability, to the extent that a disposition of property for consideration equal to the property's Carrying Value would eliminate the potential liability.

(d) thereafter, to the Members, pro rata, in proportion to their respective Percentage Interests.

Section 5.5 *Order of Application.* Whenever any provision of Section 5.3 or Section 5.4 depends upon the Capital Account of a Member, the Member's Capital Account shall be determined after the operation of all preceding provisions for the Fiscal Year. The allocations and distributions for each Fiscal Year pursuant to Section 5.1, Section 5.3 and Section 5.4 shall be reflected in the Members' Capital Accounts in the following order of priority:

- a. first, Distributions of Net Cash Flow pursuant to Section 5.1(a);
- b. next, allocations of Profits and Losses (other than Profits and Losses from Capital Transactions) pursuant to Section 5.3 and Section 5.4;
- c. next, Distributions of Terminating Capital Proceeds from Terminating Capital Transactions pursuant to Section 5.1(b);

Section 5.6 *Income Tax Elections.* In the event of a Transfer of all or part of a Membership Interest (or of the interest of a partner or a member in a partnership or a limited liability company which is a Member or is a partner or member in a Member) because of death or sale, the Company shall make the election described in Section 754 of the Code.

Section 5.7 *Income Tax Allocations.*

(a) For purposes of Sections 702 and 704 of the Code, or the corresponding sections of any future Federal internal revenue law, or any similar tax law of any state or other jurisdiction, the Company's profits, gains and losses for Federal income tax purposes, and each item of income, gain, loss or deduction entering into the computation thereof, shall be allocated among the Members in the same proportions as the corresponding "book" items are allocated pursuant to this Section, except as otherwise provided in Section 5.11.

SS MM DB IS

(b) If any portion of the Profit from a Terminating Capital Transaction allocated among the Members pursuant to Section 5.7(a) is characterized as ordinary income under the recapture provisions of the Code, each Member's distributive share of taxable gain from the sale of the property that gave rise to such Profit (to the extent possible) shall include a proportionate share of the recapture income equal to that Member's share of prior cumulative depreciation deductions with respect to the property that give rise to the recapture income.

(c) For income tax purposes only, the amount of any loans to the Company which are guaranteed by a Member, or an Affiliate of a Member, shall be included in the calculation of said Member's Capital Account for purposes of allocating losses. The inclusion of these amounts, if any, in the Capital Account of said Member shall in no way affect the distribution of cash to the Members as provided for in Section 5.1.

Section 5.8 *Transfers During Fiscal Year.* In the event of the Transfer of all or any part of a Membership Interest (in accordance with the provisions of this Agreement) at any time other than the end of a Fiscal Year, the share of Profit or Loss (in respect of the Membership Interest so Transferred) shall be allocated between the transferor and the transferee in the same ratio as the number of days in the Fiscal Year before and after such Transfer. This Section 5.8 shall not apply to Profit or Loss from Terminating Capital Transactions or to other extraordinary nonrecurring items. Profit and Loss from Terminating Capital Transactions shall be allocated on the basis of the Members' Percentage Interests on the date of closing of the sale and extraordinary or nonrecurring items of gain or loss shall be allocated on the basis of the Members' Percentage Interests on the date the gain is realized or the loss incurred, as the case may be.

Section 5.9 *Amortization and Allocation of Organization Expenses.* The Company shall elect to amortize over a period of sixty (60) calendar months (i) all Organization Expenses in accordance with the provisions of Section 709(b) of the Code, and (ii) all start-up expenses in accordance with the provisions of Section 195 of the Code.

Section 5.10 *Special Allocations to Comply with Section 704 Regulations.*

(a) ***General Rule.*** Notwithstanding the provisions of Section 5.3 and Section 5.4, if the allocation of a Loss to a Member for any Fiscal Year pursuant to Section 5.4 would cause or increase a negative balance in the Member's Adjusted Capital Account (as defined in subsection (f)) on the last day of the Fiscal Year which exceeds the sum of the Member's share of Minimum Gain on Nonrecourse Liability (as defined in subsection (g)) and the Member's share of Minimum Gain on Member Nonrecourse Debt (as defined in subsection (h)) as of the last day of the Fiscal Year, then the portion of the Loss that would have such effect shall instead be specially allocated among the Members who have positive balances in their Adjusted Capital Accounts on the last day of the Fiscal Year and the Members who have negative balances in their Adjusted Capital Accounts on the last day of the Fiscal Year which do not exceed the sum of their respective shares, on the last day of the Fiscal Year, of Minimum Gain on Nonrecourse Liability and Minimum Gain on Member Nonrecourse Debt. The Loss to be specially allocated pursuant to the preceding sentence shall be allocated among the Members referred to in the preceding sentence, pro rata, in proportion to their respective Loss Allocation Amounts (as defined in subsection (i)). For purposes of this Section, a Member's share of Minimum Gain on Nonrecourse Liability and

Minimum Gain on Member Nonrecourse Debt shall be determined pursuant to Treasury Regulations Sections 1.704-2(g)(1) and 1.704-2(i)(5) and a Member's share of excess nonrecourse liabilities (as described in Treasury Regulations Section 1.752-3(a)(3)) shall be based upon the Member's Percentage Interest.

(b) *Qualified Income Offset.* If, at the end of any Fiscal Year, any one or more of the Members has a negative balance in the Member's Adjusted Capital Account which exceeds the sum of the Member's share of Minimum Gain on Nonrecourse Liability and the Member's share of Minimum Gain on Member Nonrecourse Debt at the end of the Fiscal Year, then income and gain for the Fiscal Year (and, if necessary, subsequent Fiscal Years) shall be allocated as quickly as possible among all Members who have such negative balances in their Adjusted Capital Accounts, pro rata, in proportion to their respective Income Allocation Amounts (as defined in subsection (j)) to the extent necessary to reduce the negative balance of each Member's Adjusted Capital Account to an amount equal to the sum of the Member's share of Minimum Gain on Nonrecourse Liability and the Member's share of Minimum Gain on Member Nonrecourse Debt as of the end of the Fiscal Year; provided that an allocation pursuant to this Section 5.10(b) shall be made only if and to the extent that such Member would have such a negative balance in the Member's Adjusted Capital Account in excess of the sum of the Member's share of Minimum Gain on Nonrecourse Liability and the Member's share of Minimum Gain on Member Nonrecourse Debt after all other allocations provided for in this Article V have been tentatively made as if this Section 5.10(b) were not a part of this Agreement. The allocations referred to in this paragraph shall be interpreted and applied to satisfy the requirements of Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(3).

(c) *Minimum Gain Chargeback — Nonrecourse Liability.* If there is a net decrease in the Minimum Gain on Nonrecourse Liability (as defined in subsection (g)) during any Fiscal Year, the Members shall be allocated items of income and gain for the Fiscal Year, before any other allocation of Company items described in Code Section 704(b) is made for the Fiscal Year (and, if necessary subsequent Fiscal Years), in the amounts and in the proportions required by Treasury Regulations Sections 1.704-2(f) and 1.704-2(j)(2)(i). The allocations referred to in this paragraph shall be interpreted and applied to satisfy the requirements of Treasury Regulations Section 1.704-2(f).

(d) *Minimum Gain Chargeback — Member Nonrecourse Debt.* If there is a decrease in the Minimum Gain on Member Nonrecourse Debt during a Fiscal Year, then any Member who has a share of the Minimum Gain on Member Nonrecourse Debt at the beginning of the Fiscal Year shall be allocated items of income and gain for the Fiscal Year, before any other allocation of Company items described in Code Section 704(b) is made for the Fiscal Year (and, if necessary, subsequent Fiscal Years), in the amounts and in the proportions required by Treasury Regulations Sections 1.704-2(i)(4) and 1.704-2(j)(2)(ii). The allocations referred to in this paragraph shall be interpreted and applied to satisfy the requirements of Treasury Regulations Section 1.704-2(i)(4).

(e) *Member Nonrecourse Debt Deductions.* Member Nonrecourse Deductions with respect to Member Nonrecourse Debt shall be specially allocated among the Member or Members who bear the economic risk of loss with respect to such Member Nonrecourse Debt in

the amounts and in the proportions required by Treasury Regulations Section 1.704-2(i)(1). The allocations referred to in this subsection shall be interpreted and applied to satisfy the requirements of Treasury Regulations Section 1.704-2(i).

(f) *Adjusted Capital Account.* The term “Adjusted Capital Account” shall mean the amount of a Member’s Capital Account (determined before the special allocation to be made pursuant to this subsection, but after making all other adjustments to Capital Account for the Fiscal Year with respect to contributions, allocations and distributions), whether positive or negative, reduced by reasonably expected adjustments described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(4) and by reasonably expected allocations of loss and deduction described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(5) and reasonably expected distributions described in Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(6), and increased by the amount of the Member’s “risk of loss” (as defined in Treasury Regulations Section 1.752-2(b)) with respect to the recourse liabilities of the Company.

(g) *Minimum Gain on Nonrecourse Liability.* The term “Minimum Gain on Nonrecourse Liability” shall mean the aggregate amount of gain, if any, that would be realized by the Company if, in a taxable transaction, it disposed of all Company property encumbered by Mortgages securing Nonrecourse Liabilities of the Company (as defined in Treasury Regulations Section 1.704-2(b)(3)) in full satisfaction thereof (and for no other consideration). The Members intend that Minimum Gain on Nonrecourse Liability shall be determined in accordance with the provisions of Treasury Regulations Section 1.704-2(d)(1).

(h) *Minimum Gain on Member Nonrecourse Debt.* The term “Minimum Gain on Member Nonrecourse Debt” shall mean the aggregate amount of gain, if any, that would be realized by the Company if, in a taxable transaction, it disposed of all Company property encumbered by Mortgages securing Member Nonrecourse Debt of the Company (i.e., a nonrecourse debt for which one or more of the Members bears the economic risk of loss, and defined in Treasury Regulations Section 1.704-2(b)(4)), in full satisfaction thereof (and for no other consideration). The Members intend that Minimum Gain on Member Nonrecourse Debt shall be determined in accordance with the provisions of Regulations Section 1.704-2(i)(3).

(i) *Loss Allocation Amount.* The term “Loss Allocation Amount” shall mean (i) in the case of a Member who has a positive balance in his or her Adjusted Capital Account, an amount equal to the sum of (x) the positive balance in the Member’s Adjusted Capital Account, (y) the Member’s share of Minimum Gain on Nonrecourse Liability, and (z) the Member’s share of Minimum Gain on Member Nonrecourse Debt, or (ii) in the case of a Member who has a negative balance in his or her Adjusted Capital Account that does not exceed the sum of the Member’s share of Minimum Gain on Nonrecourse Liability and the Member’s share of Minimum Gain on Member Nonrecourse Debt, an amount equal to the excess of (x) the sum of the Member’s share of Minimum Gain on Nonrecourse Liability and the Member’s share of Minimum Gain on Member Nonrecourse Debt, over (y) the balance of the Member’s Adjusted Capital Account (treated as a positive number).

(j) *Income Allocation Amount.* The term “Income Allocation Amount” shall mean, in the case of a Member who has a negative balance in his or her Adjusted Capital Account

that exceeds the sum of the Member's share of Minimum Gain on Nonrecourse Liability and the Member's share of Minimum Gain on Member Nonrecourse Debt, an amount equal to such excess.

(k) *Gross Income Allocation.* Each Member who has a deficit Capital Account at the end of any Fiscal Year that is in excess of the sum of the Member's share of Minimum Gain on Nonrecourse Liability and the Member's share of Minimum Gain on Member Nonrecourse Debt shall be specially allocated items of Company income and gain in the amount of such excess as quickly as possible, provided that an allocation pursuant to this Section 5.10(k) shall be made only if and to the extent that such Member would have a deficit Capital Account in excess of such sum after all other allocations provided for in this Article V have been made as if Section 5.10(b) and this Section 5.10(k) were not a part of this Agreement.

(l) *Nonrecourse Deductions.* Nonrecourse Deductions for any Fiscal Year shall be specially allocated among the Members in accordance with their Percentage Interests.

(m) *Section 754 Adjustments.* In any case where an adjustment to the Adjusted Basis of any Company asset pursuant to Sections 734(b) or 743(b) of the Code is required (pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(m)(2) or Treasury Regulations 1.704-1(b)(2)(iv)(m)(4)) to be taken into account in determining Capital Accounts because of a distribution to a Member in complete liquidation of the Member's interest in the Company, the amount of such adjustment to Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases such basis), and such gain or loss shall be specially allocated among the Members in accordance with their interests in the Company in the event that (i) Treasury Regulations Section 1.704-1(b)(2)(iv)(m)(2) applies, or (ii) the Members to whom such distribution was made in the event that Treasury Regulations Section 1.704-1(b)(2)(iv)(m)(4) applies.

(n) *Purpose and Interpretation of Article V.* The allocations set forth in this Article V are intended to allocate Profits and Losses in a manner that has "economic effect equivalence" within the meaning of Treasury Regulations Section 1.704-1(b)(2)(ii)(i). Any ambiguities or inconsistencies in the provisions of this Article V relating to the allocations of Profits and Losses shall be resolved in the manner which will accomplish (or will most likely accomplish) the foregoing result.

(o) The amounts of the items of income, gain, loss or deduction of the Company to be specially allocated pursuant to this section shall be determined by applying rules analogous to those set forth in subsections (a) through (h) of Section 5.2, above.

Section 5.11 *Allocations Regarding Contributed Property.*

(a) Each item of taxable income, gain, loss or deduction attributable to any Contributed Property shall be allocated first to the Member who contributed such Contributed Property in the amount required to take into account such Member's share of the difference between the Carrying Value of the Contributed Property and its Adjusted Basis at the time of contribution. In making allocations pursuant to the preceding sentence, the Manager is authorized to apply any method or convention required or permitted by Section 704(c) of the Code and the

Treasury Regulations thereunder, but the Board shall select such method or convention as, in its opinion, will take such difference into account to the greatest extent possible through allocations to the Member who contributed such Contributed Property.

(b) Any portion of such items not allocated in accordance with subsection (a) shall be allocated in accordance with Section 5.3 or Section 5.4.

Section 5.12 *Tax Matters Partners; Partnership Representative.*

(a) For any taxable year beginning before January 1, 2018, the Chairman, or a Person designated by the Board, shall act as the “Tax Matters Partner” pursuant to Section 6231(a)(7) of the Code. The Tax Matters Partner will inform the Members of all administrative and judicial proceedings pertaining to the determination of the Company’s tax items and will provide the Members with copies of all notices received from the U.S. Internal Revenue Service regarding the commencement of an Company level audit or a proposed adjustment of any of the Company’s tax items. The Tax Matters Partner shall not extend the statute of limitations for assessment of tax deficiencies against the Members attributable to any adjustment of any tax item without the approval of the Members holding a majority of the outstanding Units. The Tax Matters Partner shall not bind any Member to a settlement agreement without obtaining the consent of such Members. The Company will reimburse the Tax Matters Partner for reasonable expenses properly incurred while acting within the scope of the Tax Matters Partner’s authority.

(b) For any taxable year beginning on or after January 1, 2018, the Chairman or a Person designated by the Board shall act as the “partnership representative” as that term is defined in Code Section 6223(a), as added by the Bipartisan Budget Act of 2015 (“Partnership Representative”), and each Member shall take all actions necessary to cause such Person to be so designated in accordance with any procedures prescribed therefor. The Partnership Representative shall inform each Member of all significant matters that may come to his, her or its attention in its capacity as Partnership Representative by giving notice thereof on or before the fifth day after becoming aware thereof and, within that time, shall forward to each Member copies of all significant written communications he, she or it may receive in that capacity. If an audit results in an imputed underpayment by the Company as determined under Code Section 6225, the Partnership Representative may make the election under Code Section 6226(a) within 45 days after the date of the notice of final partnership adjustment in the manner provided by the Internal Revenue Service. If such an election is made, the Company shall furnish to each Member for the year under audit a statement reflecting the Member’s share of the adjusted items as determined in the notice of final partnership adjustment, and each such Member shall take such adjustment into account as required under Code Section 6226(b) and shall be liable for any related interest, penalty, addition to tax, or additional amount. The Company shall reimburse the Partnership Representative for any expenses that the Partnership Representative incurs in connection with his obligations as the Partnership Representative

Section 5.13 *Election to Be Taxed as Partnership.* The Company shall be treated as a partnership for federal and state income tax purposes. The Board may elect for the Company to be treated as a corporation for federal or state income tax purposes.

ARTICLE VI RIGHTS AND DUTIES OF MEMBERS

Section 6.1 *Liability of Members.* No Member shall be obligated to make Capital Contributions to the Company except as provided in Article IV. No Member shall have any personal liability with respect to the liabilities or obligations of the Company. Each Member or his designated agent shall have access at reasonable times on business days at the Company's office to inspect the Company's books of account and all other information concerning the Company required by the Act to be made available to Members; and may make copies at such Member's expense. A Member must give the Company written notice of its desire to exercise rights under the preceding sentence at least five (5) business days in advance. If at any time a Member proposes to sell, assign, or otherwise dispose of all or any part of his interest in the Company to a bona-fide purchaser, such Member shall first make a written offer to sell such interest to the other Members, in proportion to the Members then current interest, at the same price, with the bona-fide purchaser placing 10% of such price in escrow. If such other Members decline or fail to elect to purchase such interest within thirty (30) days, and if the sale or assignment is consummated, pursuant to the applicable law, the purchaser or assignee shall have no right to participate in the management of the business and affairs of the Company unless admitted under Article X, below. The purchaser or assignee shall only be entitled to receive the share of the profits, losses, or other compensation by way of income and the return of contributions to which that Member would otherwise be entitled. If the purchaser is another Member, and the transaction is not expressly approved according to Article X, the voting rights of such new Units held by such Member shall be null until such transfer is expressly approved according to Article X. The rights of an assignee who received their interest by an act of law or judicial decree shall be similarly limited unless the assignee is similarly admitted under Article X.

ARTICLE X

Admission of New or Additional Member

Except as otherwise expressly provided in this Agreement, no additional member, or Transferee shall be admitted to the Company through a transfer of Units or issuance by the Company of new interest in the Company, without the prior majority consent of all the uninterested Members. Such Transferee must also agree in writing to be bound by the provisions of this

Agreement. Until such time, the only rights of a Transferee are the Economic Rights allocable to the Transferred Membership Interest.

ARTICLE XI

Manager Default and Remedies

Section 11.1 *Manager Default.* The occurrence of each of the following events shall be deemed a “Manager Default” under this Agreement:

If the Approved Sale is structured as (i) a merger or consolidation, each Member shall waive any dissenters’ rights, appraisal rights or similar rights in connection with such merger or consolidation or (ii) a sale of Units, each Member shall agree to sell all of its Units and/or rights to acquire Units on the terms and conditions approved by the Board. Each Member shall take all necessary or desirable actions in connection with the consummation of the Approved Sale as requested by the Company. Section 12.2. *Conditions of Approved Sale.* The obligations of the Members with respect to the Approved Sale of the Company are subject to the satisfaction of the following conditions: (i) upon the consummation of the Approved Sale, each Member holding Units shall receive the consideration as set forth in Section 12.3 below; and (ii) if any Members holding Units are given an option as to the form and amount of consideration to be received, each Member holding such Units shall be given the same option.

Section 12.3. *Consideration.* In the event of a sale or exchange by the Members holding all or substantially all of the Units (whether by sale, merger, recapitalization, reorganization, consolidation, combination or otherwise), each Member shall receive in exchange for the Units held by such Member the same portion of the aggregate consideration from such sale or exchange that such Member would have received if such aggregate consideration had been distributed by the Company in complete liquidation.
