"THE SHOW THE WORLD NEEDS RIGHT NOW"

Ever have trouble deciding what to watch as a family on a Friday night? Ever want to stab yourself in the eyes if you have to watch *Frozen 2* one more time? Want to create something for your family and hopefully make money at the same time?

Then today you can invest in a new kind of TV show.

Parents in America spend about *30 billion* hours a year watching TV with their Kids. That's 3,000 years!

The problem is, most TV shows don't work for the whole family. Adult shows may be inappropriate for your kids. And kids shows were designed during the Cold War to drive adults slowly mad. (*Caillou* is banned by the Geneva Convention, but our enemies still use it.)

INTRODUCING FREELANCERS

Freelancers is a family-friendly sitcom for everyone. The show follows 5 best friends trying to make it as filmmakers, one terrible job at a time. It's fast and absurd like *30 Rock*, and happy and funny like *Parks & Rec*. (Check out the pilot above!)
