Amendment No. 1 to Registration Statement on Form S-1 filed June 1, 2022

<u>Management's Discussion and Analysis of Financial Condition and Results of Operations</u>
<u>Liquidity and Capital Resources, page 78</u>

- 1. We note your response to comment 3 that warrant holders are unlikely to exercise their warrants. Describe the impact on your liquidity and update the discussion regarding your ability to fund your operations on a prospective basis with your current cash on hand.
- 2. We note your response to comment 7 and the agreement that certain investors have the right to sell back warrants to you at a fixed price for a given period. Please revise to discuss the risks that the agreement may pose to other holders if you are required to buy back the warrants as described therein. For example, discuss how such forced purchases

would impact the cash you have available for other purposes and to execute your business plan.

3. We note your response to comment 8 that you expect to need to raise additional funds in order to proceed with your business plan. Discuss the effect of this offering and the unlikelihood that you will receive significant proceeds from exercises of the warrants on your ability to raise additional capital.

Please contact Patrick Fullem at (202) 551-8337 or Erin Purnell at (202) 551-3454 with any questions.
