Will the projections that Aurora considered when evaluating and recommending the Business Combination be realized?, page 16

2. Please revise here and on pages 83 and 97 to explain what you mean by "the internal perception of a portion of management and team members of Better."

Questions and Answers for Shareholders of Aurora, page 27

3. You disclose that following the closing of Aurora's initial public offering, an amount equal to \$255,000,000 (\$10.00 per unit) of the net proceeds from Aurora's initial public offering and the sale of the private placement warrants was placed in the trust account. The Aurora Acquisition Corp unaudited balance sheet at September 30, 2021 discloses \$278,015,286 of cash held in trust account, which appears to be comprised of gross proceeds from the initial public offering of \$220,000,000, \$23,002,870 from the proceeds of Underwriters over-allotment, \$35,000,000 of proceeds from Novator Private Placements units and interest earned of \$12,417. Summary of the Proxy Statement/Prospectus, page 38

4. You disclose that on March 8, 2021, Aurora consummated its initial public offering of its units, with each unit consisting of one Aurora Class A ordinary share and one-quarter of one Aurora public warrant, which included the full exercise by the underwriters of the over-allotment option. We also note that you disclose that the underwriters of the initial public offering partially exercised their over-allotment option. Please reconcile these statements and revise the related disclosures throughout your registration statement.

Background of the Business Combination, page 201

5. We note that on March 8, 2021, Aurora completed its initial public offering, and you state on page 203 that "[o]n March 12, 2021, following an introduction, the Better Founder and CEO held an introductory call with members of Aurora's management team." 7. We note your disclosure here that "[your] integrated process has fewer additional steps and less verification and information required compared to if [your] customers were to start from scratch on [your] marketplace participants' sites."
