(D) BUSINESS DESCRIPTION AND PLAN

Business Overview

TheClub is a live streaming, mobile app that lets DJs get discovered, booked, and paid all in the same app. TheClub App was a product born out of necessity. Due to the pandemic, many DJs could not get gigs due to the closing of most nightlife venues. With TheClub App, DJs can set livestream events that anyone can virtually watch and enjoy. Viewers have the ability to watch, comment, applaud, and tip REAL MONEY, all on the app.

Not just can DJs live-stream from their own homes in times of a pandemic or public closures, but they can easily live-stream their IN-PERSON performances when at a real, live club. This means that their exposure goes beyond just the actual club attendees, but to everyone on the TheClub App, and they can easily be tipped using TheClub App from both club attendees or TheClub live-stream viewers.

With established relationships already made with Shady Records, Mo Thugs, Doggy Style Records, Nas, and Mannie Fresh for virtual events in 2021 and TheClub App Version 1.0 already in the app stores, we believe we are well positioned to capture the majority market share in livestream parties.

TheClub App is owned and operated by Sharp Shooters Global LLC.

Business Model

TheClub App follows a very simple business model.

1. Free User Access

TheClub App is free to all users; however, streamers reserve the right to charge an entry fee for their live-stream event.

2. 20% Transaction Fees

TheClub App does charge a 20% fee on all transactions that occur from tips and entry fees. For example, if an event makes \$1,000 in entry fees and \$500 in tips, then TheClub App will have made \$300 in revenue.

Market

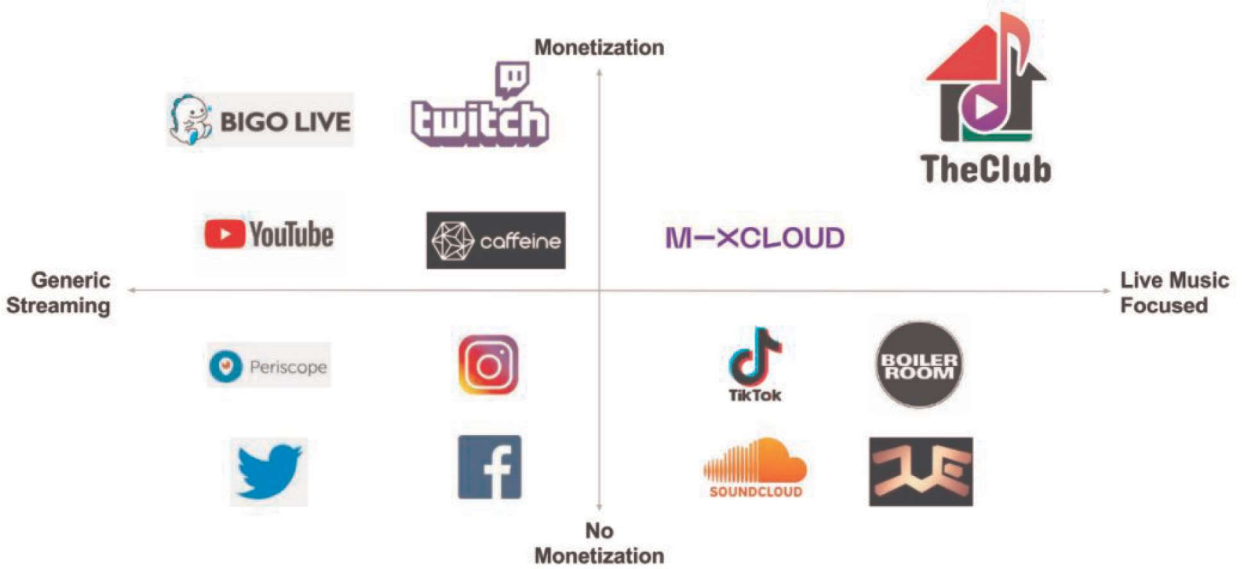

There are over 700,000 DJs globally whose income has been impacted greatly because of COVID-19's closure of most clubs, venues, and parties. At the same time there are millions of consumers that miss the nightlife and are seeking unique ways to experience nightlife entertainment. In 2021, the United States alone is expected to have 245 MILLION digital video viewers.

COVID-19 has made live streaming an essential aspect of everyday life across the globe. Projected to grow from a \$70B industry today to an \$184B industry by 2027, we believe that TheClub is strategically positioned to capture significant market share over the next 1-3 years using our innovative revenue sharing model to reward content creators.

Competitors

Mixcloud is our only direct competitor. They are desktop first-platform with a mobile app and use a pay-to-stream business model. Mixcloud content includes talk and music radio shows; DJ sets and podcasts.

Instagram, Facebook, and Twitch are indirect competitors, but is currently our industry's biggest substitutes. These platforms are generic platforms and do not prohibit DJs to stream on their platform.

Opportunity

The economy is increasingly shifting towards digital and this is only being accelerated by COVID-19. COVID-19 has caused a majority of clubs and parties to be closed world wide. Over 700,000 DJs and music entertainers are left out of work and need a better way to supplement their income.

Achievements

- Launched Beta in Google Play & App Store on September 27, 2020 to November 22, 2020.
- Beta received over 1,500 Registered DJs, about \$1,000 in In-App revenue, and over 500 events streamed.
- Secured partnerships with notable players in the music industry such as Shady Records/Eminem, Bone Thugs-N-Harmony, and Mannie Fresh.
- Accepted into the Impact Ventures accelerator program.

Note From Owners

Meet Darrel Frater, the founder of TheClub app

Why Create a DJ Live-Streaming Platform?

The COVID-19 pandemic has completely disrupted the entertainment industry and throughout the summer many things occurred that allowed me to recognize a huge opportunity in the market. It all started in May when a few organizations and myself helped coordinate a virtual prom on Instagram Live. We booked DJ Jazzy Jeff as the DJ for the event and got thousands of students to attend along with numerous celebrities and influencers. It was a huge success! So much that even Jack Dorsey, CEO of Twitter, made a \$45,000 donation to the event of which we gave to the students for COVID relief. It was then that I began to see the rise of various live-stream DJ events including DJ D-Nice's Club Quarantine and the VerzuzTV Battles. With the closure of clubs, venues, and parties due to the pandemic, it was clear that there is a booming demand for virtual parties and that there is an untapped supply of thousands of DJs who are looking for new ways to monetize their talents. It was then that I set out to create TheClub and pursue a mission to create the perfect virtual party experience.

What Makes TheClub Unique?

TheClub is not your typical live streaming platform. We are enabling DJs and party goers to connect in meaningful ways through participating in amazing virtual parties. We're implementing the functionality for DJs to stream their sets free of charge without the need to worry about issues with music licensing. With our strategic partnerships, we take care of tracking, reporting, and paying out royalties and allow the DJs to focus on what's truly important, the music.

Before TheClub there weren't any spaces online that DJs could claim as their own. We make it easy for DJs to get discovered, booked, and paid all right within our app.

Did the idea of building a global-tech company intimidate you?

Starting anything new, especially a tech-based business, is challenging. For most that may be intimidating, but for me it's what gets me energized! Growing up, I learned first-hand from helping my father in his business that it takes blood, sweat, and sometimes tears to build something from the ground up. It was through my father's mentorship that I knew that entrepreneurship was the career path for me. I went to The College of New Jersey and received my Bachelors in Business Management, and am now less than a year away from receiving my MBA in Strategy, Innovation, and Leadership from the same institution. My first real experience building an organization on my own was in college when I started a Non-Profit called the "Urban Students Bridge to Success". It was a youth mentorship program that coordinated college mentors to equip urban youth with the tools and resources they needed to succeed in high school and beyond. Through my years working with the program we were able to mentor over 150 high school students, many of which went off to attend prestigious universities such as Princeton University, the University of Pennsylvania, and The College of New Jersey. To me, entrepreneurship is synonymous with problem solving and I believe that through entrepreneurship we can fix many of the complex problems that exist in this world.

Why Do You Think TheClub App Will Succeed?

Live streaming is a \$70 Billion industry and is expected to be a \$184 Billion industry by 2027. TheClub is strategically positioned to capture significant market share over the next 5 years because of our innovative approach to live streaming. The app is useful both during this time of the pandemic and social distancing as well as a perfect tool for DJs that are performing in-person at clubs and venues. This allows for their exposure to go far beyond just the 4 walls of a venue, but essentially anyone globally who has access to TheClub app. Unlimited revenue opportunities are now unlocked as now DJs can easily earn revenue from streaming on TheClub App to global audiences. With relationships established with top players in hip hop ranging from Shady Records to Bone Thugs-N-Harmony to N.W.A., TheClub is well positioned to dominate the entertainment industry as we enter the new year.

Industry-Specific Risks

The DJ business in all forms can be risky due to the nature of using existing music to mix into different versions of itself. As such, acquiring music licenses or paying royalties must be built into the platform so as not to have copyright liability.

Additionally, being a payment-tech solution, there are financial compliance risks involved due to the back-end accounting and the large number of transactions that will take place. TheClub will ensure that proper accounting and technology is supporting all transactions.

Please refer to Appendix B to learn more about the risks to consider when investing in this offering.

The financial forecasts included are created using reasonable assumptions based on stable economic and market conditions among other factors. Even with stable economic and market conditions, the business cannot predict what will in fact happen in the future including default or bankruptcy.

RISK OF CHANGES IN ECONOMIC CONDITIONS. Factors not controlled by the business like pandemics, environmental disasters, economic recessions, changes in regulations, changes in interest rates, changes in credit markets, changes in capital market conditions, declining employment, changes in real estate values, changes in tax policy, changes in political conditions, and wars, among other factors are unpredictable and could negatively affect the can impact the business's ability grow and operate.

RISK OF UNSECURE INVESTMENTS. The term notes being offered are not secured by any of the business's assets. The term note is not collateralized, it does not have a personal guarantee, and it is not insured by the FDIC or any other entity.

RISK OF A SUBORDINATED LOAN. The term note may be subordinated or is of lower priority to be repaid compared to all other debts of the company that come from banks, commercial lenders, equipment financing institutions, and/or other business lenders.

RISK OF TAX CONSEQUENCES. Your investment returns will be taxed and may bring your overall income or net worth over a particular tax bracket. Please discuss the potential tax consequences of your investments with a tax consultant.

RISK OF FUTURE FUNDING. The company may require additional funds in the future to expand or continue operations. If the company is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations altogether.

RISK OF LIABILITY OR LEGAL RECOURSE. The business may act negligently in their day to day operations that could injure a customer or an employee in which legal recourse may be necessary. Due to the cost of lawsuits and legal resources, an event such as this could cause

the company to cease operations or file for bankruptcy.

RISK OF OFFERING LIMITED SERVICES. The company offers limited services that attract a particular type of consumer which makes the business vulnerable to consumer preference or trends.

RISK OF LACK OF ACCOUNTING CONTROLS. Small businesses, in general, may not have the resources or expertise to implement strict accounting controls. This can expose a small business to liability and miscalculation of financial growth.

RISK OF BEING REGULATED. Businesses that are regulated by a federal and/or state organization are required to be compliant within federal or state standards in order to operate. Should the business fail compliance, it is possible for their license to be suspended or revoked causing sales to be negatively impacted.

RISK OF COMPETITION. The business operates in a very competitive market that can make it hard for them to have the traction they need to survive as a business. They compete with many other businesses, both large and small, on the basis of quality, price, location, and customer experience, all of which could negatively impact financial performance. Competition in a saturated market is a key reason many businesses in this space fail.

RISK OF MANAGEMENT RELIANCE. As a term note holder without voting power, you will not be able to participate in the company's decisions that will determine the future of the company. You will be fully reliant on the executive management team and board of directors to make the proper judgement calls to make this business a success. Furthermore, if the founders or other key personnel of the company were to leave, or become unable to work, the company may be negatively impacted.

RISK OF NOT SELLING YOUR INVESTMENT. You cannot sell your term notes for 12 months after you acquire them. Even after that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. Even if you are permitted to sell, you will likely have difficulty finding a buyer because there will be no established market.

RISK OF NO REGISTRATION UNDER SECURITIES LAWS. The investment will not be registered with the SEC or the securities regulator of any State. Thus, neither the company nor the investment will be subject to the same degree of regulation and scrutiny as if they were registered.

RISK OF INCOMPLETE OFFERING INFORMATION. Title III does not require us to provide you with all the information that would be required in some other kinds of securities offerings, such as a public offering of shares that generally provide investors with quarterly and

annual financial statements that have been audited by an independent accounting firm.

RISK OF LACK OF ONGOING INFORMATION. The company will be required to provide some information to investors for at least 12 months following the offering. However, this information is far more limited than the information that would be required of a publicly-reporting company; and the company is permitted to stop providing information in certain circumstances.

RISK OF UNINSURED LOSSES. The company may not be insured to protect against all risks to the business. Additionally, there are some kinds of risks that are very difficult or impossible to insure against. The company could incur an uninsured loss that could damage the business.

RISK OF CHANGES TO LAWS. Changes in laws or regulations, including but not limited to zoning laws, environmental laws, tax laws, consumer protection laws, securities laws, antitrust laws, and health care laws, could negatively affect the company's financial performance or ability to continue to operate. Specifically, any additional regulation on the industry could negatively impact the business. This applies at federal and local levels.

RISK OF FUTURE INVESTORS HAVING SUPERIOR RIGHTS. If the company needs more capital in the future and takes on additional debt or other sources of financing, the new investors might have rights superior to yours. For example, they might be investors to collateralized debt giving them the right to be paid before you are, to receive larger distributions, to have a greater voice in management, or otherwise.

RISK OF HAVING A LIMITED UPSIDE. Debt securities include a maximum amount you can receive. You cannot receive more than that even if the company is significantly more successful than your initial expectations.

RISK OF LIMITED DEFAULT RIGHTS. In the event of a default, you will not be able to enforce your rights individually. Instead, a representative will be appointed according to the procedures set forth in the Investor Agreement. It's possible that you may not agree with the representative chosen or their methods.

RISK OF COVID-19 IMPACT. The ongoing COVID-19 pandemic may impact the company's ability to generate revenue and/or continue operations. If operations are ceased due to COVID-19 controls, the company can not guarantee that it will resume operations in the future.

RISK OF A TWO-SIDED MARKET. Managing a two-sided market may require more operational effort and cost due to the expectation fulfill both sides of the market with marketing and business development. There is a chance that one or both sides of the market may not be fulfilled and the business is negatively impacted or fails.

RISK OF REAL ESTATE. Company is still in the process of securing or extending a lease, which will be necessary to conduct operations. To the extent they are unable to find and secure a location that is adequate, investors may lose some or all of their investment. This risk especially applies to brick and mortar businesses.

RISK OF HAVING A LIMITED OPERATING HISTORY. The company is relatively young and has limited operating history as opposed to an established entity. Having a limited operating history may make it difficult to predict the accuracy of the financial forecast given.

RISK OF NOT BEING EQUITY. The business is offering debt securities (term notes), not equity. Your investment return is capped at the interest rate or target return you agree too in the offering as opposed to investing in equity securities where your investment return would continue to grow based on the overall valuation growth of the company.

RISK OF COPYRIGHT INFRINGEMENT. The DJ business in all forms can be risky due to the nature of using existing music to mix into different versions of itself. As such, acquiring music licenses or paying royalties must be built into the platform so as not to have copyright liability.

 - v. The Purchaser understands that, unless the Purchaser notifies the Company in writing to the contrary at or before a Closing Date, each of the Purchaser's representations and warranties contained in this Investment Agreement will be deemed to have been reaffirmed and confirmed as of the respective Closing Date, taking into account all information received by the Purchaser.
 - vi. The Purchaser acknowledges that the Company has the right in its sole and absolute discretion to abandon this Offering at any time prior to the completion of the Offering. This Investment Agreement shall thereafter have no force or effect and the Company shall return any previously paid subscription price of the Securities, without interest thereon, to the Purchaser.
 - vii. The Purchaser understands that no federal or state agency has passed upon the merits or risks of an investment in the Note or made any finding or determination concerning the fairness or advisability of this investment.
- c) No Guaranty.

The Purchaser confirms that the Company has not (A) given any guarantee or representation as to the potential success, return, effect or benefit (either legal, regulatory, tax, financial, accounting or otherwise) of an investment in the Note or (B) made any representation to the Purchaser regarding the legality of an investment in the Note under applicable legal investment or similar laws or regulations. In deciding to purchase the Note, the Purchaser is not relying on the advice or recommendations of the Company and the Purchaser has made its own independent decision that the investment in the Note is suitable and appropriate for the Purchaser.

d) Status of Purchaser.

- i. The Purchaser has such knowledge, skill and experience in business, financial and investment matters that the Purchaser is capable of evaluating the merits and risks of an investment in the Note. With the assistance of the Purchaser's own professional advisors, to the extent that the Purchaser has deemed appropriate, the Purchaser has made its own legal, tax, accounting and financial evaluation of the merits and risks of an investment in the Note and the consequences of this Investment Agreement. The Purchaser has considered the suitability of the Note as an investment in light of its own circumstances and financial condition and the Purchaser is able to bear the risks associated with an investment in the Note and its authority to invest in the Note.
- ii. If Purchaser is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), Purchaser hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for the Note or any use of this Investment Agreement, including (i) the legal requirements within its jurisdiction for the purchase of the Note, (ii) any foreign exchange restrictions applicable to such purchase, (iii) any governmental or other consents that may need to be obtained, and (iv) the income tax and other tax

consequences, if any, that may be relevant to the purchase, holding, redemption, sale, or transfer of the Note. Purchaser's subscription and payment for and continued beneficial ownership of the Note will not violate any applicable securities or other laws of the Purchaser's jurisdiction.

e) Restrictions on Transfer or Sale of Securities.

- i. The Purchaser is acquiring the Note solely for the Purchaser's own beneficial account, for investment purposes, and not with a view to, or for resale in connection with, any distribution of the Note. The Purchaser understands that the Note has not been registered under the Securities Act or any State Securities Laws by reason of specific exemptions under the provisions thereof which depend in part upon the investment intent of the Purchaser and of the other representations made by the Purchaser in this Investment Agreement. The Purchaser understands that the Company is relying upon the representations and agreements contained in this Investment Agreement (and any supplemental information) for the purpose of determining whether this transaction meets the requirements for such exemptions.
- ii. The Purchaser understands that the Note is restricted from transfer for a period of time under applicable federal securities laws and that the Securities Act and the rules of the U.S. Securities and Exchange Commission (the "**Commission**") provide in substance that the Purchaser may dispose of the Note only pursuant to an effective registration statement under the Securities Act, an exemption therefrom or as further described in Rule 501 of Regulation CF, after which certain state restrictions may apply. The Purchaser understands that the Company has no obligation or intention to register the Note, or to take action so as to permit sales pursuant to the Securities Act. Even when the Note becomes freely transferable, a secondary market in the Note may not develop. Consequently, the Purchaser understands that the Purchaser must bear the economic risks of the investment in the Note for an indefinite period of time.
- iii. The Purchaser agrees: that the Purchaser will not sell, assign, pledge, give, transfer or otherwise dispose of the Note or any interest therein, or make any offer or attempt to do any of the foregoing, except pursuant to Rule 501 of Regulation CF.

7. CONDITIONS TO OBLIGATIONS OF THE PURCHASER AND THE COMPANY. The obligations of the Purchaser to purchase and pay for the Note specified on the signature page hereto and of the Company to sell the Note are subject to the satisfaction at or prior to the Closing Date of the following conditions precedent:

- a) Representations and Warranties. The representations and warranties of the Company contained in Section 5 hereof and of the Purchaser contained in Section 6 hereof shall be true and correct as of the Closing in all respects with the same effect as though such representations and warranties had been made as of the Closing.

12. **WAIVER OF JURY TRIAL.** THE Purchaser IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY WITH RESPECT TO ANY LEGAL PROCEEDING ARISING OUT OF THE TRANSACTIONS CONTEMPLATED BY THIS Investment Agreement.

13. **SUBMISSION TO JURISDICTION.** With respect to any suit, action or proceeding relating to any offers, purchases or sales of the Note by the Purchaser ("***Proceedings***"), the Purchaser irrevocably submits to the jurisdiction of the federal or state courts located in Orlando, Florida which submission shall be exclusive unless none of such courts has lawful jurisdiction over such Proceedings.

The Company will contact the Purchaser by email at the email address below. Either party may change their email address by notifying the other (by email). Any notice will be considered to have been received on the day it was sent by email, unless the recipient can demonstrate that a problem occurred with delivery. The Purchaser should designate the company's email address as a "safe sender" so the company's emails do not get trapped in the spam filter.

19. **BINDING EFFECT.** The provisions of this Investment Agreement shall be binding upon and accrue to the benefit of the parties hereto and their respective heirs, legal representatives, successors and assigns.

20. **SURVIVAL.** All representations, warranties and covenants contained in this Investment Agreement shall survive (i) the acceptance of the subscription by the Company, (ii) changes in the transactions, documents and instruments described in the Form C which are not material, or which are to the benefit of the Purchaser and (iii) the death or disability of the Purchaser.

21. **NOTIFICATION OF CHANGES.** The Purchaser hereby covenants and agrees to notify the Company upon the occurrence of any event prior to the closing of the purchase of the Note pursuant to this Investment Agreement, which would cause any representation, warranty, or covenant of the Purchaser contained in this Investment Agreement to be false or incorrect.

22. **SEVERABILITY.** If any term or provision of this Investment Agreement is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this Investment Agreement or invalidate or render unenforceable such term or provision in any other jurisdiction.

1. Definitions. Capitalized terms that are not otherwise defined in this Term Note have the meanings given to them in the Company's Investment Agreement or in the Form C and its attachments.

2. Payment Date; Optional Prepayments.

2.1 Payment Dates. The aggregate unpaid principal amount of the Loan, all accrued and unpaid interest, and all other amounts payable under this Note shall be due and payable on the Maturity Date, unless otherwise provided in Section 6.

2.2 Early Repayment. No prepaid amount may be reborrowed. The Borrower may repay the loan in full any time prior to the maturity date and has two (2) options when it comes to early repayment:

(1) If the business decides to prepay the loan in full prior to the half-life of the loan, then the business must pay the total unpaid principal and any unpaid accrued interest due up to the half-life of the loan.

Example: If the loan is \$100 and the terms is 4 years at a total target return of 40% and the business wants to repay the full loan after only 3 months into the life of the loan, then the business must pay off the principal of \$100 and the unpaid accrued interest of \$20 (2-years of accrued interest). The total loan due is updated from \$140 to \$120.

(2) If the business decides to repay the loan in full after the half-life of the loan, then the business must pay the total unpaid principal and any unpaid accrued interest due up to the month requesting early repayment.

Example: If the loan is \$100 and the terms are 4 years at a total target return of 40% and the business wants to repay the full loan on the 30th month payment is due, then the business must pay off the principal of \$100 and the unpaid accrued interest of 30 months (\$25). The total loan due is updated from \$140 to \$125.

3. Interest.

3.1 Interest Rate. Except as otherwise provided herein, the outstanding principal amount of the Loan made hereunder shall bear interest at the Interest Rate agreed upon in the Term Note starting 30 days before the First Payment Date, until the Loan is paid in full, whether at maturity, upon acceleration, by early repayment, or otherwise.

3.2 Interest Payment Dates. Interest shall be payable monthly in arrears to the Noteholder on each Interest Payment Date.

3.3 Computation of Interest. All computations of interest shall be made on the basis of 365 or 366 days, as the case may be and the actual number of days elapsed. Interest shall accrue on the Loan on the day on which such Loan is made and shall not accrue on the Loan for the day on which it is paid.

3.4 Interest Rate Limitation. If at any time and for any reason whatsoever, the interest rate payable on the Loan shall exceed the maximum rate of interest permitted to be charged by the Noteholder to the Borrower under applicable Law, such interest rate shall be reduced automatically to the maximum rate of interest permitted to be charged under applicable Law.

4. Payment Mechanics.

4.1 Manner of Payments. All payments of interest and principal shall be made in lawful money of the United States of America no later than 12:00 PM on the date on which such payment is due (with a grace period of 24 to 48 hours) by ACH/wire transfer of immediately available funds to the Noteholder's bank account specified in the Miventure App.

4.2 Application of Payments. All payments made hereunder shall be applied first to the payment of any fees or charges outstanding hereunder, second to accrued interest, and third to the payment of the principal amount outstanding under the Note.

4.3 Business Day Convention. Whenever any payment to be made hereunder shall be due on a day that is not a Business Day (ie. weekends, holidays, national holidays), such payment shall be made on the next succeeding Business Day and such extension will be taken into account in calculating the amount of interest payable under this Note.

4.4 Rescission of Payments. If at any time any payment made by the Borrower under this Note is rescinded or must otherwise be restored or returned upon the insolvency, bankruptcy, or reorganization of the Borrower or otherwise, the Borrower's obligation to make such payment shall be reinstated as though such payment had not been made.

5. Event of Default. The occurrence and continuance of any of the following shall constitute an Event of Default hereunder.

5.1 Failure to Pay. The Borrower fails to pay (a) any principal amount of the Loan when due or (b) interest or any other amount when due and such failure continues for 30 calendar days after written notice to the Borrower.

5.2 Cross-Defaults. The Borrower fails to pay when due any of its Debt (other than Debt arising under this Note), or any interest or premium thereon, when due (whether by scheduled maturity, acceleration, demand, or otherwise) and such failure continues after the applicable grace period, if any, specified in the agreement or instrument relating to such Debt.

5.3 Bankruptcy.

(a) the Borrower commences any case, proceeding, or other action (i) under any existing or future law relating to bankruptcy, insolvency, reorganization, or other relief of debtors, seeking to have an order for relief entered with respect to it, or seeking to adjudicate it as bankrupt or insolvent, or seeking reorganization, arrangement, adjustment, winding-up, liquidation, dissolution, composition, or other relief with respect to it or its debts or (ii) seeking appointment of a receiver, trustee, custodian, conservator, or other similar official for it or for all or any substantial part of its assets, or the Borrower makes a general assignment for the benefit of its creditors;

(b) there is commenced against the Borrower any case, proceeding, or other action of a nature referred to in Section 5.3(a) above which (i) results in the entry of an order for relief or any such adjudication or appointment or (ii) remains undismissed, undischarged, or unbonded for a period of 30 days;

(c) there is commenced against the Borrower any case, proceeding, or other action seeking issuance of a warrant of attachment, execution, or similar process against all or any substantial part of its assets which results in the entry of an order for any such relief which has not been vacated, discharged, or stayed or bonded pending appeal within 30 days from the entry thereof;

(d) the Borrower takes any action in furtherance of, or indicating its consent to, approval of, or acquiescence in, any of the acts set forth in Section 5.3(a), Section 5.3(b), or Section 5.3(c); or

(e) the Borrower is generally not, or shall be unable to, or admits in writing its inability to, pay its debts as they become due.

6. Remedies. Upon the occurrence of any Event of Default and at any time thereafter during the continuance of such Event of Default, the Noteholder or Miventure Solutions LLC as proxy to this agreement, at its option, by written notice to the Borrower declare the entire principal amount of this Note, together with all accrued interest thereon and all other amounts payable hereunder, immediately due and payable.

7. Miscellaneous.

7.1 No Guarantees of Payment. Nothing contained in this Note or any other agreement or instrument shall be deemed or construed to constitute a guaranty or undertaking by any shareholder, officer or director of the Borrower or any third person of any of the obligations of the Borrower under this Note.

7.2 Choice of Law; Venue and Jurisdiction. This Note shall be governed and controlled as to validity, enforcement, interpretation, construction, effect and in all other respects, including, but not limited to, the legality of the interest charged hereunder, by the statutes, laws and decisions of the Florida. The exclusive venue and/or jurisdiction for any proceeding that may be brought in connection with this Note shall be any federal and state court located in Orange County, Florida and each of the Parties hereto irrevocably consents to such venue and/or jurisdiction.

7.3 Amendments and Waivers. No term of this Note may be waived, modified, or amended except by an instrument in writing signed by both of the Parties hereto. Any waiver of the terms hereof shall be effective only in the specific instance and for the specific purpose given.

7.4 Electronic Execution. The words "execution," "signed," "signature," and words of similar import in the Note shall be deemed to include electronic or digital signatures or the keeping of records in electronic form, each of which shall be of the same effect, validity, and enforceability as manually executed signatures or a paper-based recordkeeping system, as the case may be, to the extent and as provided for under applicable law, including the Electronic Signatures in Global and National Commerce Act of 2000 (15 U.S.C. §§ 7001-7006), the Electronic Signatures and Records Act of 1999 (N.Y. State Tech. §§ 301-309), or any other similar state laws based on the Uniform Electronic Transactions Act.

7.5 Severability. If any term or provision of this Note is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability shall not affect any other term or provision of this Note or invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the Parties hereto

shall negotiate in good faith to modify this Note so as to effect the original intent of the Parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible.
