Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

#### RISK FACTORS

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

The allergy relief marketplace has highly competitive players. Many big pharmaceutical companies provide remedies for symptom relief. A startup, with a revolutionary solution but limited resources, may find it is a challenge too great to overcome.

AllerPops takes a completely novel approach to help people get allergy relief by correct the cause of allergy. It will take time for society to accept the ultimate solution. An extensive education campaign is needed but may take more capital than the company can afford.

A clinical trial to confirm what the company has observed among five thousand customers is important for our market expansion in the next stage. However, this third party experiment, though being carefully planned, may fail due to many unforeseeable reasons.

FDA approval of AllerPops as an allergy remedy will help the marketing and branding of AllerPops greatly. The process may take a longer time than expected. FDA may require the company to provide more data from a bigger study.

The AllerPops manufacturer in China has been producing excellent products according to the company's request. Due to the instability of the trading relationship between US-China, the current supply chain may not fulfill the need in the future and the company may not find a replacement on time.

COVID-19 can materially impact our business.

It is unclear how long the COVID-19 pandemic will last and to what degree it could hurt our ability to generate revenues.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.*

Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

#### Historical Results of Operations

For the period ended December 31, 2021, The company had revenues of \$58,156 compared to the year ended December 31, 2020, when the Company had revenues of \$40,802.

Our gross margin was 71.81% in fiscal year 2021, compared to 76.14% in 2020. As of December 31, 2021, the Company had total assets of \$181,458, including \$26,616 in cash.

As of December 31, 2020, the Company had \$149,353 in total assets, including \$12,856 in cash.

The Company has had net losses of \$353,340 and net losses of \$144,837 for the fiscal years ended December 31, 2021, and December 31, 2020, respectively.

The Company's liabilities totaled \$311,322 for the fiscal year ended December 31, 2021 and \$208,054 for the fiscal year ended December 31, 2020.

#### Related Party Transaction

Refer to Question 26 of this Form C for disclosure of all related party transactions.

#### Liquidity & Capital Resources

To-date, the company has been financed with \$753,799 in debt and 320,665 in equity.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 11 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital within a month. Except as otherwise described in this Form C, we may have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is impossible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

#### Runway & Short/Mid Term Expenses

AllerPops Corp cash in hand is \$65,000 as of December 2022. Over the last three months, revenues have averaged \$1,253/month, the cost of goods sold has averaged \$86/month, and operational expenses have averaged \$37,065/month, for an average burn rate of \$35,898 per month. We intend to be profitable in 12 months.

In 2022 we took on about \$500K in debt. We also conducted and paid for a one-time clinical trial costing about \$260K. Our revenue has remained relatively flat from 2021 to 2022 due to a lack of marketing efforts.

In 2021-2022 AllerPops achieved the milestone promised, completing the clinical trial.

The study was initiated in early April, with full enrollment reached by September. The company worked with dicentra, a world-renowned Contract Research Organization (CRO) based in Toronto, Canada, to complete this trial.

This phase II trial, the first clinical trial sponsored by AllerPops Corp., established that AllerPops relieved the symptoms of airborne allergies. Described as a randomized, double-blind, controlled, single-center, 21-day study, it attempted to determine the safety and effectiveness of AllerPops in relieving nasal allergy symptoms, such as sneezing or airway blockage. The trial concluded that AllerPops significantly improved nasal symptoms, with relief lasting at least a week after treatment halted. Moreover, the study found that AllerPops was safe to consume, with no changes in vital signs after two weeks and only minimal side effects, if any.

In addition, we also developed three new products, two for human oral hygiene that will enhance and sustain relief from AllerPops and one for a dog with allergies. We expect our revenue to grow to \$200K over the next six months, and our cumulative expenses for the next six months are forecast to be \$400K.

AllerPops is not currently profitable. We need to raise a minimum of \$1M to deploy on a national marketing strategy, increase our inventory production and invest in key hires. We anticipate reaching profitability over the course of the 12-15 months.

We will raise additional funds through the same preferred stock Seed round outside of Wefunder. We are also exploring additional non-dilutive and debt funding sources to manage short-term cash burn throughout the course of the campaign.

Forward-looking projections cannot be guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Cliff Han, certify that:

- (1) the financial statements of AllerPops Corp included in this Form are true and complete in all material respects ; and
- (2) the financial information of AllerPops Corp included in this Form reflects accurately the information reported on the tax return for AllerPops Corp filed for the most recently completed fiscal year.

*Cliff Han*  
CEO

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Company is using the services of XX as part of its offering. XX is comprised of XX Investments, LLC, XX Team LLC, and the Lead Investors who provide services on behalf of XX Team LLC. The services of XX are available to companies that offer securities through Wefunder Portal LLC and to investors who invest in such companies through Wefunder Portal, but XX is not affiliated with Wefunder Portal or its affiliates.

XX Investments is the Company's transfer agent and also acts as custodian, paying agent, and proxy agent on behalf of all investors that enter into the Custodial and Voting Agreement with XX Investments through the Wefunder Portal website ("Investors"). XX Investments holds legal title to the securities the Company issues through Wefunder Portal (which are uncertificated) on behalf of Investors. Investors, in turn, hold the beneficial interests in the Company's securities. XX Investments keeps track of each Investor's beneficial ownership interest and makes any distributions to the Investors (or other parties, as directed by the Investors).

In addition to the above services, at the direction of XX Team, XX Investments votes the securities and take any other actions in connection with such voting on behalf of the Investors. XX Investments acts at the direction of XX Team, because XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. XX Investments will not charge Investors for its services. XX Investments does charge the Company \$1,000/year for services; however, those fees may be paid by Wefunder Inc. on behalf of the Company.

As noted, XX Team holds a power of attorney from each Investor that has entered into the Investor Agreement to make voting decisions on behalf of that Investor. Pursuant to the power of attorney, XX Team will make voting decisions and then direct XX Investments to vote and take any other actions in connection with the voting on Investors' behalf. XX Team will act, with respect to the Company, through our Lead Investor, who is a representative of XX Team. As compensation for its voting services, each Investor authorizes XX Investments to distribute to XX Team 10% of any distributions the Investor would otherwise receive from the Company. XX Team will share its compensation with our Lead Investor. XX Team, through our Lead Investor, may also provide consulting services to the Company and may be compensated for these services by the Company; although, fees owed by the Company may be paid by Wefunder Inc. XX Team will share its consulting compensation with our Lead Investor.

The Lead Investor is an experienced investor that we choose to act in the role of Lead Investor, both on behalf of the Company and on behalf of Investors. As noted, the Lead Investor will be a representative of XX Team and will share in compensation that XX Team receives from the Company (or Wefunder Inc. on the Company behalf) or from Investors. The Lead Investor will be chosen by the Company and approved by Wefunder Inc., and the identity of the Lead Investor must be disclosed to Investors before Investors make a final investment decision to purchase the Company's securities. Investors will receive disclosure regarding all fees that may be received by the Lead Investor. In addition to the fees described above, the Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a special purpose vehicle ("SPV") for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that SPV (and as a supervised person of Wefunder Advisors) and may be compensated through that role. Although the Lead Investor may act in multiple roles and be compensated from multiple parties, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of the Company's

securities. As a result, the Lead Investor's interests should always be aligned with those of the investors.

Investors that wish to purchase the Company's securities through Wefunder Portal must agree to (1) hire XX Investments to serve as custodian, paying agent, and proxy agent with respect to the Company's securities; (2) give a power of attorney to XX Team to make all voting decisions with respect to the Company's securities; and (3) direct XX Investments to share 10% of the Investor's distribution from the Company with XX Team. The Company may waive these requirements for certain investors with whom the Company has a pre-existing relationship.

The XX arrangement described above is intended to benefit the Company by allowing the Company to reflect one investor of its capitalization table (XX Investments) and by simplifying the voting process with respect to the Company's securities by having one entity (XX Team), through one person (the Lead Investor), make all voting decisions and having one entity (XX Investments) carry out XX Team's voting instruments and any take any related actions. The XX arrangement also is intended to benefit Investors by providing the services of an experienced Lead Investor (acting on behalf of XX Team) who is expected to make value-maximizing decisions regarding Investors' securities. XX Team (acting through the Lead Investor) may further benefit both the Company and Investors by providing consulting services to the Company that are intended to maximize both the value of the Company's business and also the value of its securities.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*

- (a) a description of the material contents of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:
