Amendment No. 5 to Form S-1

The Offering

Expression of Interest, page 22

1. We note that up to eight anchor investors have expressed interest to purchase units, founder shares and private placement warrants. Please provide the maximum aggregate ownership, on an as-converted basis, that an individual anchor investor will hold after the completion of the offering.
2. We note your disclosure that if the anchor investors purchase units and vote them in favor of a business combination, a "smaller portion" of affirmative votes from other public stockholders would be required to approve a business combination. Please revise your discussion under the above heading and similar disclosures in the prospectus to disclose

Please also include risk factor disclosure that the anchor investors' interest in founder shares and private warrants held by the sponsor may provide an incentive to vote in favor of any business combination.
