

00:00

[Music]

00:00

the pandemic has resulted in thousands

00:03

of coffee shops closing permanently

00:06

on top of the pandemic labor costs are

00:08

rising

00:09

and profit margins are shrinking

00:12

i started roboso to save my coffee shop

00:15

and now i want to help small businesses

00:17

by making

00:18

automation easy and affordable

00:21

robo esso is a fully automated barista

00:24

making espresso drinks just as fast and

00:27

delicious as a human barista

00:30

we use equipment that's right off the

00:32

shelf allowing us to build out locations

00:34

faster and hundreds of thousands of

00:37

dollars

00:38

less expensive than other automated

00:40

barista solutions

00:43

roboso university will be training our

00:45

partners how to maintain

00:47

and service their robot coffee shops

00:50

along with troubleshooting support

00:52

and the custom drink ordering app

00:55

to become a robo-esso partner please

00:58

sign up to be on the wait list and we'll

01:00

be in touch with you to discuss the next

01:02

steps

01:03

thank you for watching
