## §227.201(d) – The Company's Business and Business Plan

### About Equity Platforms, Inc.

Equity Platforms, Inc. (DBA EquityCoin) is a Public Benefit Corporation focused on building community wealth through real estate assets and the blockchain, is offering stock to all investors over the age of 18.

Equity Platforms will use the funds to purchase a property at <sup>1</sup>637 Hegeman Avenue in Brooklyn, NY and to develop EquityShare, a proprietary blockchain-enabled technology that streamlines the company tokenization process for property operators.

Equity Platforms, Inc. was established as a Delaware Public Benefit corporation which allows for the unlimited segregation of stock. Each unit of stock will be represented by a single share of Equity Platforms valued at \$100.00.<sup>2</sup>

Equity Platforms was created to make real estate ownership and rental income more accessible for those who have been historically marginalized by providing an opportunity for investors to collectively invest in real estate.

Currently GWO, LLC (jointly owned by Vernon Jones and Beatriz Durant) owns 60% of Equity Platforms, Inc., Vernon Jones owns 38.16% and 21 additional investors own the final 1.84%. Their investments were made through a friends and family offering launched in February 2021.

Upon completion of this capital raise, the goal for the company is to continue acquiring income-producing affordable housing in the East New York section of Brooklyn, with plans to expand to North Miami, South Los Angeles, and various communities in Pennsylvania. Equity Platforms, Inc. plans to provide shareholders with quarterly dividend payouts from the portfolio's rental income, along with a share in profit from the licensing of any of Equity Platforms, Inc.'s technology. Real estate acquisition targets are subject to change, although all properties will have components of affordable housing.

Working hand in hand with local housing authorities, the lion share of rental income is expected to derive from government-backed subsidized tenancy, with the majority of rent guaranteed. All prospective acquisitions will be vetted through an institutional underwriting process performed by Equity Platforms, Inc.'s acquisition team and must have a positive impact on the prospective community. We plan to lease rental units to low Income renters with an AMI of 80% or less.

With the proceeds from the seed funding round, we plan to develop a seven-unit project at 421 Montauk Avenue in Brooklyn New York.

#### **2024: Development Begins on the proposed 65-unit affordable housing property**

Equity Platforms intends to complete the real estate assemblage required to begin development on a 65-unit affordable housing complex, which encompasses 637 Hegeman Avenue, 639 Hegeman Avenue, 645 Hegeman Avenue, and 705 Bradford Street, all located in Brooklyn NY 11207.

#### **2025: \$10M Portfolio Value**

Through strategic value-add acquisitions and steady growth of Equity Platforms, Inc., the total market cap of the company is expected to exceed \$10,000,000.

#### **The Property.**

Equity Platforms, Inc. is targeting 637 Hegeman Avenue, in Brooklyn, New York, as its first real estate acquisition. Located in the heart of East New York Brooklyn, the property underwent a full gut renovation in 2018, which included roofing, electrical upgrades, a new boiler system, and plumbing. The building includes two residential units and two commercial spaces which are currently occupied. The total square footage for the property is 3,600 with 5,040 square feet of additional available air rights for potential future development.

The first-floor residential unit is a one bedroom and is tenanted by a family who has a full rental voucher from CityFEPS, and the second-floor residential unit is a three-bedroom occupied by a family with a Section 8 voucher. The first retail space is rented by a beauty salon, and the second is tenanted by a software development company.

Once 637 Hegeman Avenue is acquired, in 2022, Equity Platforms, Inc.'s goal is to purchase the adjacent property located at 639 Hegeman Avenue, Brooklyn NY 11207, which has the exact size and dimensions as 637 Hegeman Avenue. The owner of the 639 Hegeman Avenue property has signed a Letter of Intent to sell the property to Vernon Jones, the CEO of Equity Platforms, Inc., along with another vacant parcel of buildable land located at 421 Montauk Street, also in the East New York section of Brooklyn.

In 2023, Equity Platforms, Inc. intends on acquiring two other adjacent properties to 637 and 639 Hegeman, which are 705 Bradford Street, and 645 Hegeman Avenue. It is confirmed that both property owners have expressed interest in selling. As an assemblage of four properties, there is an ability to develop 65 residential units along with ground-floor retail space. Equity Platforms, Inc. plans on beginning development of the mixed-use project in 2024.

## About the Market

As of the first quarter of 2021, the median home sale price in East New York was \$530K, up 26% year-over-year. A total of 39 properties were traded, representing a 3800% year-over-year increase. The median price per square foot in the first quarter was \$392, a -1% YoY change. The median home sale price in Brooklyn was \$805K.

East New York, a primarily residential neighborhood, has a population of just over 91,000 and rising. Located in the eastern part of Brooklyn, it's surrounded by Cypress Hills Cemetery, Jamaica Bay, Queens, and the railway tracks of the Bay Ridge Branch. Made up of primarily apartments and single-family buildings, it's a unique neighborhood that many say is one of the few in Brooklyn that's maintained its classic New York City vibe. Considered by some to be the next up and coming neighborhood, development is happening everywhere in this district.<sup>5 6</sup>

You can find a little of everything in East New York including apartments built above corner bodegas, apartments in converted Victorian homes, three-story apartment buildings, and semi-detached homes. In recent years, a fair number of condos and coops have been built on this patch of land that covers just one square mile. There are a few historic spots within East New York, including the East Brooklyn Industrial Park, a 44-block park that was created back in the 1980s, as well as East New York Farms, founded in 1998, where various community organizations grow plants for food and to beautify the neighborhood. In 2013, the African Burial Ground Square was dubbed a national historic spot.

Excellent transportation is one of the selling points of East New York. There's a station on the Long Island Railroad Atlantic Branch, and the 2, 3, 4, and 5 trains stop at several spots in the neighborhood, as does the L train. Other subway lines in the neighborhood include the A, C, J, and Z lines. Add to that the dozen or so local and express buses, and it's easy to see just how many options there really are.

East New York is overseen by the New York City Department of Education and has higher than average dropout rates compared to other areas of the city. Several high schools have been shut down in recent years, with new schools being organized to better meet the needs of students.

New York Community Hospital is located on Kings Highway in Midwood and Mount Sinai Brooklyn, in nearby Marine Park, is also a short distance away. Residents can pick from their choice of a wide range of private practices and alternative medical professionals in this neighborhood.

The East New York neighborhood is patrolled by the 75th Precinct of the New York Police Department. It has an average yearly crime rate of 19.34 crimes per 1,000 residents. Compared to other neighborhoods in Brooklyn, this crime rate is higher than most, but it's still lower than most neighborhoods in Manhattan and the Bronx.

Today's East New York Community is made up of classic spots that locals have long loved, like Grant Caffé near the Liberty Avenue A train stop, Fusion East, Tavares Restaurant, Carro Café, and the Lindenwood Diner, with its mix of Latin and Caribbean foods. City Line Pizza and Pasta is another popular spot, and locals get their Nigerian food cravings quenched by visiting Festac Grill & Lounge.

The Gateway Mall is also a popular destination and economic development driver for the East New York Community. The original mall (Gateway Center South), which opened in 2002, consists of a 640,000-square-foot (59,000 m<sup>2</sup>) complex, with a large parking lot and three separate structures to the south along Gateway Drive. It is anchored by several major stores, including Target, The Home Depot, Best Buy, and BJ's Wholesale Club. The newer northern complex (Gateway Center North), which opened in 2014, is similarly sized at 605,000 square feet (56,200 m<sup>2</sup>), with a second parking lot, four small adjacent buildings for small outlets, a fifth structure for an Applebee's, and a sixth for a bank. Tenants of this section, which opened in stages in late 2014, include JCPenney, T.J.Maxx, ShopRite, and Aldi.

The two-part complex was envisioned as a suburban-style strip mall.[3] The southern complex was designed by GreenbergFarrow Architects. The northern complex was designed by GreenbergFarrow as well as the Perkins Eastman firm. Both main structures are designed in Georgian architectural style, with brick outer facades and green trim. GreenbergFarrow also designed Related's Gateway Center at Bronx Terminal Market.

Other shopping opportunities can be found at City Line retail district, where there's a stretch of clothing and shoe shops, or at Aquaduck Flea Market, where vendors sell vintage goods and tasty foods on Tuesdays, Fridays, Saturdays, and Sundays. ARTs East New York is a unique venue where artists and vendors can create and then show their work.

There are several parks and playgrounds in East New York, including Linden Park with basketball courts, soccer fields, a running track, and tennis courts, as well as Breukelen Ballfields Park with its five baseball diamonds, dog runs, and handball playgrounds. There are also three branches of the Brooklyn Public Library in East New York.

A brand-new park was developed in the last few years called Shirley Chisholm Park, featuring 407 acres, the park is the largest state park in New York City. In addition, it is the third-largest park in Brooklyn, behind Marine Park and Prospect Park.

The initial phase cost \$20 million and includes 10 miles (16 km) of bike paths and hiking trails, waterfront access points, and a pier at the head of Pennsylvania Avenue on the western peninsula. Shirley Chisholm State Park also includes a "bike library" operated by Bike New York, which allows park users to borrow refurbished bikes for free, and a mural of Chisholm created by Brooklyn artist Danielle Mastrion. The second phase of the park opened a few months later with an entrance on Fountain Avenue, as well as additional educational programming.

## **Required Statements**

Investors may cancel an investment commitment until 48 hours prior to the Offering Deadline.

Seed at the Table will notify Investors when and if the Target Offering Amount has been raised.

If the Company reaches the Target Offering Amount before the Offering Deadline, it may close the offering early if it provides notice about the new Offering Deadline at least five business days before such new Offering Deadline, absent a material change that would require an extension of the offering and reconfirmation of the investment commitment.

If an Investor does not cancel an investment commitment before the 48-hour period before the Offering Deadline, the funds will be released to the Company upon closing of the offering and the Investor will receive securities in exchange for his or her investment.

## **§227.201(k) – Material Changes**

### **Required Statement**

If an Investor does not reconfirm his or her investment commitment after a material change is made to the offering, the Investor's investment commitment will be cancelled, and the committed funds will be returned.

### **Explanation for Investors**

A “material change” means a change that an average, careful Investor would want to know about before making an investment decision. A material change could be good or bad. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

## **§227.201(l) – Price of the Securities**

The Company is offering “securities” in the form of stock, which we refer to as “Investor Shares.” The price is \$100.00 per Investor Share.

We arrived at the price of Investor Shares as follows:

- We estimated how much money we need to complete the project.

---

<sup>10</sup> seedatthetable.com

- We estimated the value of the project when it's completed.
- We estimated what we believe is a fair return to Investors.
- Based on those estimates, we established the manner for sharing profits in our Bylaws.

## **§227.201(m) – Terms of the Securities**

### **Overview**

The Company is offering “securities” in the form of stock, which we refer to as “Investor Shares.” When you purchase an Investor Share, you will become an owner of the Company, which is a Delaware public benefit corporation. Your ownership will be governed by the By-Laws of the Public Benefit Corporation dated January 01, 2021 and any amendments to the By-Laws (whether adopted now or in the future), which are together referred to as the “By-Laws”. A copy of the Company By-laws is attached as *Exhibit E: Company By-laws*.

### **Your Right to Distributions**

If the Company is profitable, it will make distributions to its owners from time to time.

Subject to applicable law and the provisions of Delaware State and the Certificate of Incorporation, dividends may be declared by the Board of Directors at any meeting and may be paid in cash. Any such declaration shall be at the discretion of the Board of Directors. A director shall be fully protected in relying in good faith upon the books of account of the Corporation or statements prepared by any of its officers as to the value and amount of the assets, liabilities or net profits of the Corporation or any other facts pertinent to the existence and amount of surplus or other funds from which dividends might properly be declared. At the time of execution of this agreement, the Equity Platforms, Inc. Board of Directors has agreed to pay out \$4 per share in dividends to all stockholders on an annual basis paid out in quarterly increments starting on June 15th, 2023. This dividend is not guaranteed and is subject to change according to the discretion of the Board of Directors.

### **Obligation to Contribute Capital**

Once you pay for your Investor Shares, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

### **No Voting Rights**

Although you will be an owner of the Company, you will generally not have the right to vote or otherwise participate in the management of the Company. Instead, the Manager will control all aspects of the Company's business. For all practical purposes you will be a passive Investor.

### **No Right to Transfer**

Investor Shares will be illiquid (meaning you might not be able to sell them) for four reasons:

- The Shareholder Agreement prohibits the sale or other transfer of Investor Shares without the Manager's consent.

- If you want to sell your Investor Shares the Manager will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Investor Shares, as there would be for a publicly traded stock.
- For a period of one year, you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" Investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

As a result, you should plan to hold your Investor Shares until the Company is dissolved.

### **Modification of Terms of Investor Shares**

The terms of the Investor Shares may not be modified or amended.

### **Other Classes of Securities**

As of now, the Company has only one class of security: Common Shares.

Common shares represent a claim on profits (dividends).

### **Dilution of Rights**

Under the Shareholder Agreement, the Manager has the right to create additional classes of securities, including classes of securities with rights that are superior to those of the Investor Shares.

### **The Person Who Controls the Company**

Mr. Vernon Jones owns both 38.16% of the Company and 50% of GWO LLC, which has a 60% interest in the Company. Therefore, Mr. Jones effectively controls the Company.

### **How the Manager's Exercise of Rights Could Affect You**

- The Manager has full control over the Company and the actions of the Manager could affect you in a number of different ways, including these:
- The Manager decides whether and when to sell the project, which affects when (if ever) you will get your money back. If the Manager sells the project "too soon," you could miss out on the opportunity for greater appreciation. If the Manager sells the project "too late," you could miss out on a favorable market.
- The Manager decides when to make distributions, and how much. You might want the Manager to distribute more money, but the Manager might decide to keep the money in reserve or invest it into the project.
- The Manager could decide to hire himself or his relatives to perform services for the Company and establish rates of compensation higher than fair market value.
- The Manager could decide to refinance the project. A refinancing could raise money to distribute, but it could also add risk to the project.
- The Manager decides on renting the project, including the terms of any lease.
- The Manager decides how much of its own time to invest in the project.
- The Manager could decide to raise more money from other Investors and could decide to give those Investors a better deal.

### **How the Securities are Being Valued**

The price of the Investor Shares was determined by the Manager based on the Manager's opinion about the value of the project.

### **Risks Associated with Ownership**

Owning a minority interest in a Company comes with risks, including these:

- The risk that the person running the Company will do a bad job.
- The risk that the person running the Company will die, become ill, or just quit, leaving the Company in limbo.
- The risk that your interests and the interests of the person running the Company aren't really aligned.
- The risk that you'll be "stuck" in the Company forever.
- The risks that the actions taken by the person running the Company – including those listed above under "How the Manager's Exercise of Rights Could Affect You" – won't be to your liking or in your interest.

### **§227.201(n) – The Funding Portal**

## **§227.201(u) – Disqualification Events**

### **Explanation for Investors**

A Company is not allowed to raise money using Regulation Crowdfunding if certain designated people associated with the Company (including its directors or executive officers) committed certain prohibited acts (mainly concerned with violations of the securities laws) on or after May 16, 2016. (You can read more about those rules in the Educational Materials). This item requires a Company to disclose whether any of those designated people committed any of those prohibited acts before May 16, 2016.

A Company called North Capital ran background checks on the principals of the Company (i.e., those covered by this rule). You can see the North Capital reports attached as *Exhibit F: Background Checks*.

For the Company, the answer is No, none of the designated people committed any of the prohibited acts, ever.

## **§227.201(v) – Updates on the Progress of the Offering**

As described above under *§227.201(g) – Target Offering Amount and Offering Deadline*, the ‘target amount’ for this offering is \$100,000. You can track our progress in raising money under the Reg CF Offering on the Offering page.

## **227.201(w) – Annual Reports for the Company**

We will file a report with the Securities and Exchange Commission annually and post the report on our website at <https://equityplatforms.com/>, no later than 120 days after the end of each fiscal year.

It’s possible that at some point, the Company won’t be required to file anymore annual reports. We will notify you if that happens.

## **§227.201(x) – Our Compliance with Reporting Obligations**

### **Explanation for Investors**

This item requires a Company to disclose whether it has ever failed to file the reports required by Regulation Crowdfunding.

The Company has never raised money using Regulation Crowdfunding before, and therefore has never been required to file any reports.

## **§227.201(y) – Other Important Information Prospective Investors Should Know About**

There is no additional information to share.

## **§227.201(z) – Testing the Waters Materials**

### **Explanation for Investors**

This item requires a Company to provide certain materials it has used to solicit indications of interest in its offering (i.e., to “test the waters”) before the offering became effective.

The Company did not “test the waters.”
