Draft Registration Statement on Form F-1

Summary

Overview, page 1

1. Please clarify the significance of the Fortune 500 companies in the technology, financial services, retail, household product and retail industries that you reference in the prospectus summary. For example, explain whether these companies are among your customers that have generated more than \$100,000 in ARR as of December 31, 2020.

Risk Factors

A reduction or decline in participation..., page 19

2. You state that you collect anonymized user data by accessing Google Analytics or other

direct measurement metrics provided by website and app owners. To the extent material, please revise this risk factor to include a discussion of Google's plans next year to stop using or investing in tracking technologies that uniquely identify web users as they move from site to site across the internet.

We rely upon third-party providers..., page 27

3. Please disclose the material terms of your agreement with Amazon Web Services, including the term and any termination provisions

Our financial results may fluctuate..., page 33

4. Please disclose the average length of your sales cycle with your enterprise customers as compared to your small-to-medium sized businesses and briefly describe the uncertainties associated with sales to your enterprise customers.

We have a credit facility..., page 36

5. Please clarify whether the credit agreement is secured by substantially all of your assets.

Our amended and restated articles of association..., page 59

6. We note that your forum selection provision identifies federal courts as the exclusive forum for claims brought pursuant to the Securities Act. Please revise your prospectus to state that there is uncertainty as to whether a court would enforce such a provision.

Provisions of Israeli law..., page 60

7. Please briefly describe each of the provisions in your amended and restated articles of association that require the approval of greater than a majority of the total voting power to amend.

Capitalization, page 69

8. Please review this table for accuracy and revise as appropriate. For example, in the "actual" column, you disclose total shareholders' equity of \$145 million as of December 31, 2020 rather than total shareholders' deficit of the same amount.

Management's Discussion and Analysis of Financial Condition and Results of Operations Overview, page 74

9. You disclose on page 76 that you provide free access to basic services through your website and a popular browser extension. Please revise to clarify if you own the browser extension or it is the property of a third-party. If you have partnered with a third party to receive data via the browser extension, please tell us the name of the third party, supplementally describe how this partnership works (including the material contract terms) and quantify the extent to which the 20 million users of these free offerings

accessed those services via the browser extension.

COVID-19, page 76

10. To the extent material, please revise to provide more specific disclosure of the impact of COVID-19 on your revenues and results of operations. Include a quantitative discussion of the expenses that you said were at "historical levels beginning in the third quarter of 2020."

Key Factors affecting our performance, page 77

11. You state that the aggregate net dollar-based retention rate for all of your customers has been greater than 100% for the last seven quarters, and for customers generating over \$100,000 in ARR your aggregate NRR has been greater than 110% over the same time period. Please specify the net dollar-based retention rate for each quarter and discuss any material trends over that period.

Revenue, page 82

12. Please revise your discussion of revenue to quantify the increase in customers in the United States and Europe during the periods discussed. Please also revise to quantify, if possible, the impact of any changes in subscription rates charged to customers. Please refer to Item 303(a)(3)(iii) of Regulation S-K.

Credit Facilities, page 88

13. We note that your credit facility with Silicon Valley Bank includes minimum liquidity requirements both before and after consummation of your initial public offering. Please revise to clarify how liquidity is defined for purposes of these financial covenants. Please similarly revise your disclosures on page F-21.

Business

Data Collection, page 105

14. So that we may better understand your business, please tell us more about your data acquisition process and revise your disclosures accordingly. For example, for each of the four data sources described on page 105, please tell us the extent to which you have contractual arrangements with these entities to share their data with you and describe the material terms of those arrangements. If you acquire a significant portion of your data from small number of suppliers, please revise to quantify and disclose those supplier concentrations.

Principal Shareholders, page 133

15. Please disclose the natural person or persons who exercise the voting and/or dispositive powers with respect to the securities owned by Anglo-Peacock Nominees Limited and NNV Holdings B.V.
