Draft Registration Statement on Form S-1

Prospectus Summary

Overview, page 1

1. We note your disclosure here that you initiated two separate Phase 2 trials of ONA-XR in combination with Ibrance (palbociclib) and Femara (letrozole) in first line metastatic breast cancer and Faslodex (fulvestrant) in second or third line metastatic breast cancer in 2021 yet your disclosure on page 68 indicates that the trial in combination with Ibrance is a Phase 1b/2 trial. Please revise or advise and make this clear in your pipeline table. Please also briefly explain what a window of opportunity study is in this section.

Development Pipeline, page 2

2. Please revise the pipeline table to add a column for Phase 3. Also, it appears that the two Phase 0 trials for the last two indications for ONA-XR in breast cancer are studies in support of the other two ONA-XR trials in breast cancer based on your disclosure elsewhere in the prospectus. Please tell us why you believe that the Phase 0 trials should be reflected on separate lines of your pipeline table as opposed to only a narrative summary. Please also remove the Sigma1 antagonist program from the pipeline table given its stage of development.

Risk Factors, page 11

3. Given the length of your risk factor section, please revise to comply with Regulation S-K Item 105 by relocating risks that could generically apply to any registrant or offering to the end of the section under the caption "General Risk Factors."

Our Company's governing documents designate the Court of Chancery of the State of Delaware as the sole and exclusive forum, page 41

4. Please reconcile your disclosure in this risk factor that this exclusive forum provision does not apply to suits brought to enforce any liability or duty created by the Securities Act or the Exchange Act or other federal securities laws for which there is exclusive federal or concurrent federal and state jurisdiction with your disclosure on page 120 stating that your certificate of incorporation provides that, unless you consent in writing to the selection of an alternative forum, the federal district courts of the United States of America shall, to the fullest extent permitted by law, be the sole and exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act.

Business

Advanced, Recurrent Metastatic Breast Cancer, page 88

5. Please revise to clarify whether there were any serious adverse events experienced in the Phase 1 trial discussed in this section and, if so, discuss the events, including the number of patients who experienced them.

Our Collaboration and License Agreements, page 92

6. With respect to each of the three of agreements discussed in this section, please revise to disclose the duration of agreement, the royalty term, the termination provisions, and the following payment provisions:

 - Aggregate amounts paid or received to date under the agreement;
 - Aggregate future potential milestone payments to be paid or received;
 - Royalty rates or a royalty range;

9.
