The Team

Corey Lynch, Owner and Operator

I have been brewing as a hobbyist for 10 years. From my very first batch, I knew opening a brewery was in my future. I have a wide range of experience, including Occupational Health and Safety, professional brewing, and developing recipes for customers at a local homebrew store. I have a proven track record of brewing everything from technical beers, including classic German lagers, to the hop forward NEIPAs the market can't seem to get enough of, and everything in between. I have received awards in technical competitions judged by trained tasters, competitions judged by area brewers, and showcases judged by craft beer enthusiasts. A selection of awards appear below...

- Homebrew showcase for MARE - 3rd place, Midsommer Gose
- South Shore Brewoff - Bronze medal, coffee porter
- Connecticut River Craft Beer Festival - Brew Master's Choice, Chai Tea Milk Stout
- Connecticut River Craft Beer Festival - Taster's Choice, Pumpkin Spiced Brown
- Blues and Brews - Gold medal, Oktoberfest
- Blues and Brews - Silver medal, Christmas/winter specialty spiced beer
- Boston Homebrew Competition - Silver medal, Christmas/winter specialty spiced beer
- National Homebrew Competition - Silver Certificate, Christmas/winter specialty spiced beer

I look forward to putting this skillset to use while launch Drawing Board Brewing Company in the coming months!

Our Story

Drawing Board Brewing Company is a family owned nano-brewery coming soon to Western Massachusetts. We have been brewing up award winning beers for 10 years, and we decided it was time to make the leap! We have successfully launched phase one of our company, which included a successful crowd-funding campaign that helped us fund the purchase of small equipment, allowed us to continue recipe development, and retain professionals to help with brand development.

- 2011 - first home brewed beer was a wild success!
- 2012 - Our first award (Gold Medal Oktoberfest)
- 2015-2021 - Incredible response whenever we present our beer in competition

How it Began

The seeds for Drawing Board Brewing Company began in my parent's basement in June of 2011. Our first brew was a re-creation of Dogfish Head's 60 minute IPA; a beer I know now was pretty lofty for a first time brewer to attempt. Without this knowledge, we proceeded - having no idea what to expect. We had very little knowledge, and even fewer resources. Though our equipment was lacking, the brew day, and fermentation were both as smooth as we could have hoped for. At my college graduation party, we cracked the first bottle; (tssst) that was the sound we had been waiting to hear. The beer poured a beautiful light gold, with a creamy white head, and small tight

bubbles going up the center of my Boston Beer Company glass - my favorite “all purpose” beer glass at the time. When I went in for the first sip, I was greeted with a fresh hop aroma I had never experienced before in my still young beer drinking life. While we didn’t start calling ourselves Drawing Board until much later (this is our second name in fact!), this is when the company was born. Here we are nearly a decade, later still chasing our dream.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	3.4 - 5.7% ²
Payment Deadline	2028-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.6 x 1.4 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.56%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 3.4% and a maximum rate of 5.7% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$30,000	3.4%
\$35,000	4.0%
\$40,000	4.5%
\$45,000	5.1%
\$50,000	5.7%

³ To reward early participation, the investors who contribute the first \$10,000.0 raised in the offering will receive a 1.6x cap. Investors who contribute after \$10,000.0 has been raised in the offering will receive a 1.4x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Corey Lynch	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.
